Dear Chief Ford,

Mere words cannot begin to adequately express my regard for the valiant efforts of the Lincoln Fire and Rescue team members as they worked the house fire at .. Street last week. My 91 year old mother and I live in the home adjacent to the driveway of the home that was destroyed. Because of the excellent defensive skills of the fire fighters, our home sustained no smoke nor fire damage which seems miraculous especially after viewing the television news video of the fire.

Please convey my sincere appreciation to each of the Lincoln Fire and Rescue team members for their heroic efforts.

Sincerely,

Beverly .. Street
