
COPAL RESTAURANT

December 10, 2014

Copal Inc.
4747 Pioneers Blvd.
Lincoln Ne, 68506

To whom it may concern:

Please let this letter communicate that Copal Inc. formally requests that the previously requested outdoor patio area be removed from the liquor license application that is currently pending city approval. Copal, Inc. understands the importance of complying with city codes that require an enclosure be placed around an outdoor area when alcohol consumption is desired, and at this time, Copal has decided to not pursue the sell of alcohol outside of the main restaurant (indoors). If in the future, Copal decides to pursue the sale of alcohol outdoors in an enclosed patio area, the company will be sure to pursue all legal and necessary permits and paperwork in correspondence with city compliance codes.

Thank you.
