## Closure Assessment Report

**A CLOSURE ASSESSMENT REPORT must be submitted in accordance with Title 159.**

The only exception is for "orphan" tanks when someone other than the tank owner or operator is initiating the closure. A tank is "orphan" if the tank(s) were taken out of service prior to July 17, 1986 and the property owner never used the tank(s).

**Are you claiming the tank(s) are "orphan"?** Yes  No

In some situations pursuant to Title 159, the State Fire Marshal may waive the Environmental Sampling requirements.

**Are you requesting a waiver of Environmental Sampling?** Yes  No

**If no**, what other contractors / laboratories will be involved? \_\_\_\_\_

**If yes**, indicate why you are requesting a waiver. (E.g. Ongoing investigation by the Nebraska Department of Environmental Quality)\_\_\_\_\_.

### Disposal

1. Will the tanks be emptied and cleaned by removing all liquids and accumulated sludge? Yes No
2. Will all liquids and sludges be recycled/disposed of in accordance with state and local regulations? Yes No
3. Where will the liquids and sludges be disposed? (Give physical address)  
\_\_\_\_\_  
Where will the contaminated soil be disposed? (Give physical address)  
\_\_\_\_\_
4. If tanks and/or piping are removed, where will they be disposed? (Give physical address of final destination)  
\_\_\_\_\_  
\_\_\_\_\_
5. If tanks are closed in place, indicate the type of inert material to be used: \_\_\_\_\_

**Application Submitted By:**

Print Name: \_\_\_\_\_

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

All Underground Storage Tank Systems shall be closed in accordance with Title 159, State Fire Marshal Underground Storage Tank Rules and Regulations. Failure to answer all pertinent questions may cause us to return your application for completion and may delay issuance of the permit.
