

# MEDICAL & INFECTIOUS WASTE DISPOSAL COMPANIES

www.lincoln.ne.gov  
402-441-8002

For Lincoln and Lancaster County Businesses

April 2015

All generators in Lincoln & Lancaster County that generate medical waste (i.e. sharps) are required to have a special waste permit and an infectious waste hauler to manage this waste stream.

## Questions to ask recycler's

- ♦ What kind of medical/infectious waste do you accept?
- ♦ Do your services include pick up of medical/infectious waste from dental offices? If not, can medical/infectious waste be shipped to you?
- ♦ Do you provide packaging for storage, pick up or shipping of medical/infectious waste?
- ♦ If packaging is not provided, how should the waste be packaged?
- ♦ What types of waste can be packaged together?
- ♦ Does the company use the proper forms required by the EPA and state agencies?

There are 3 local medical/infectious waste haulers and other locations that make runs to Lincoln or have mail-in options for orders of medical/infectious waste.

| Company Name  | Contact                                   | Information                                 |
