

Application to Historic Preservation Fund

The Historic Preservation Office of the Nebr. State Historical Society has invited the state's Certified Local Governments to make supplemental applications to the Historic Preservation Fund for the grant year to begin June 1, 2010. The deadline for the supplemental applications is May 20 but Commission comments will be accepted after the deadline.

As with Lincoln's main application, funding would be on a 60/40 basis. We are carefully considering requesting additional funds and will bring a supplemental (or amended) application to the Commission for advice and endorsement if we submit one.
