

# West Highland and West Fletcher Street Improvements

## CONSTRUCTION OVERVIEW

The Lincoln on the Move quarter-cent sales tax street improvement project will improve approximately 1.2 miles of West Highland Boulevard and West Fletcher Avenue. Other funding sources will conduct public utility adjustments, and inlet top, curb repairs/replacements and ADA curb ramp construction. The project will also include reconstruction of West Fletcher Avenue at the curve. Go to [lincoln.ne.gov/LincolnOnTheMoveAtWork](http://lincoln.ne.gov/LincolnOnTheMoveAtWork) to learn about the mill and overlay process.

## ACCESS DURING CONSTRUCTION

Construction along West Highland Boulevard and West Fletcher Avenue will be completed in phased segments. Each segment will require a full closure to traffic and then open back up once complete to minimize traffic inconveniences. The traveling public is encouraged to find alternative routes and to use the WAZE app for assistance.
