

# CROSS HAYMARKET SING

A transitional space between Historic Haymarket  
and the West Haymarket Development

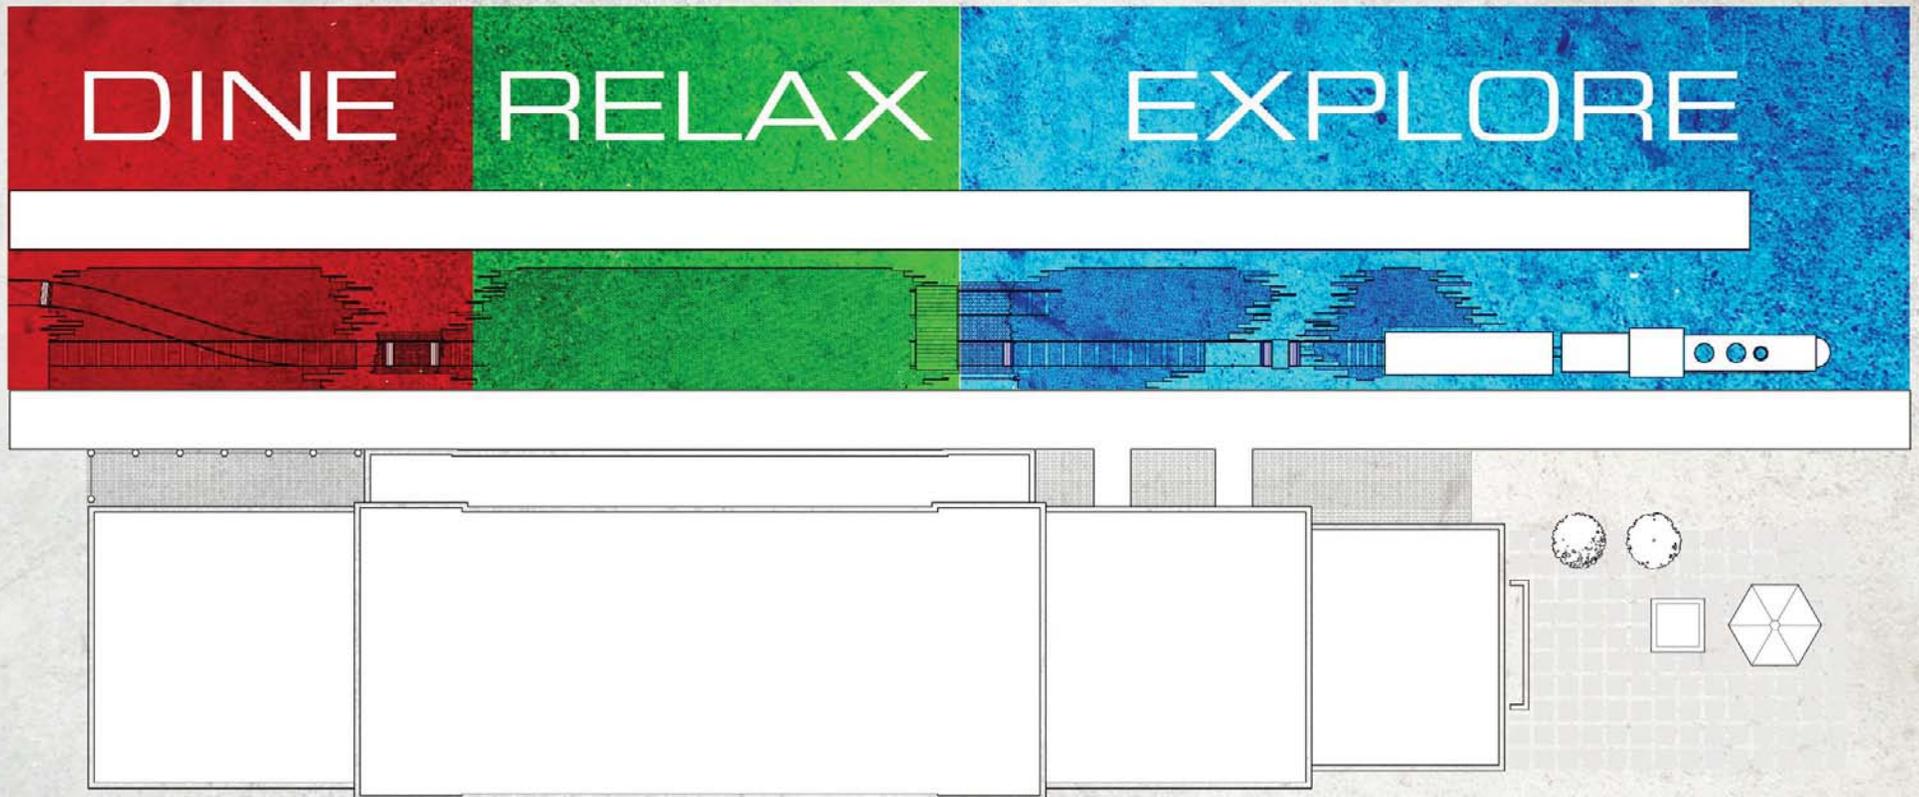

THE  
ARTER  
GROUP

# PAST MEETS PRESENT

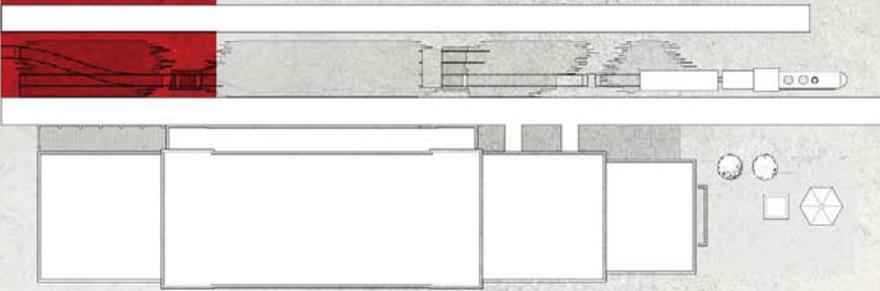

TRAINS • IMMIGRATION • VALUES

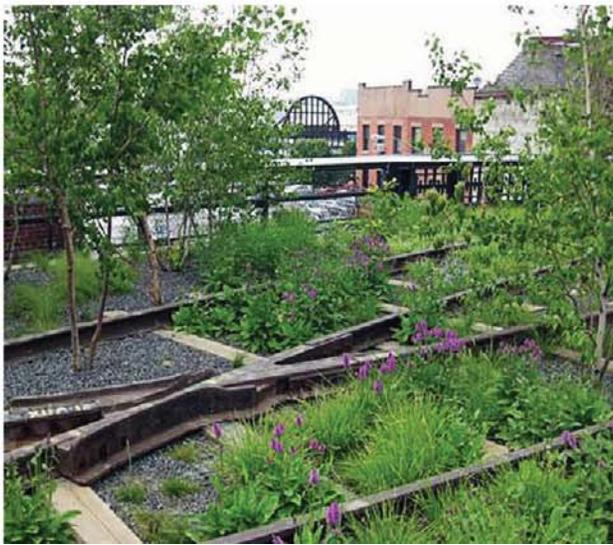

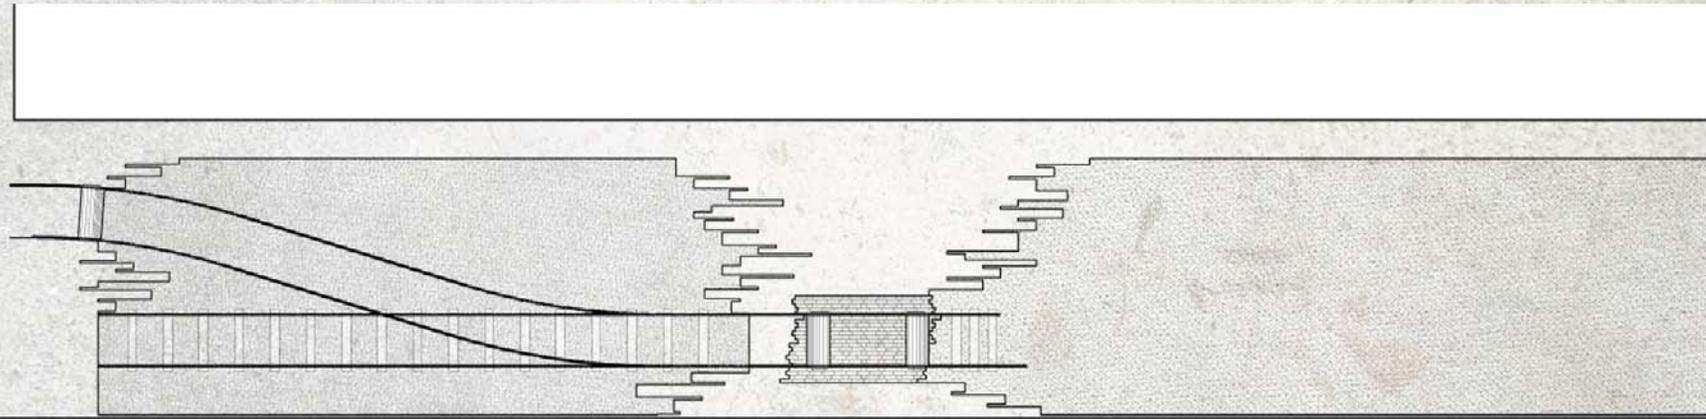

### West Haymarket | Integrated Development Plan

- Show respect for the history by using materials that provide a transition between new and old.
- Connect people to the history by focusing on historic artifacts and introducing new elements that reinforce.
- Re-use existing site features such as railroad tracks and platform canopies into the new design

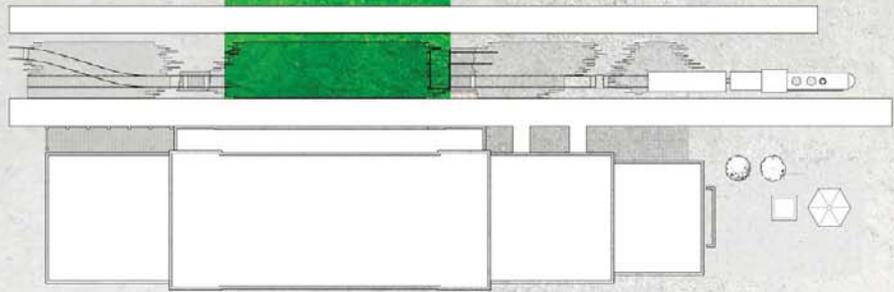

# DINE

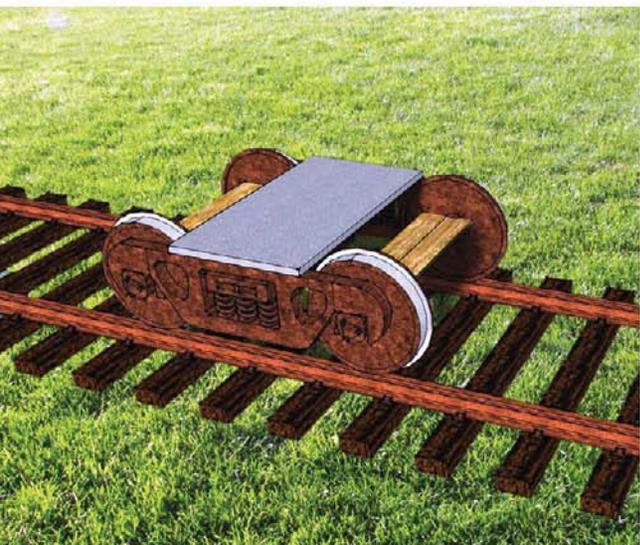

“Incorporate existing site features, such as railroad tracks and platform canopies, into the design of the new development” West Haymarket | Integrated Development Plan

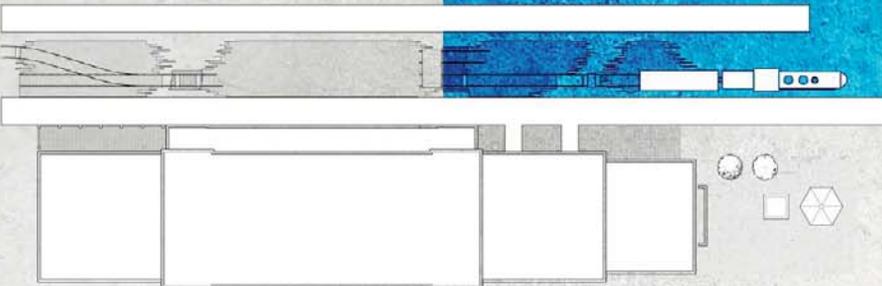

RELAX

“Create places which mix both dynamic and relaxing activities within public spaces”  
West Haymarket I Integrated Development Plan

# EXPLORE

“Introduce new physical elements (such as public art) that reinforce the historical themes identified in the interpretive plan.” West Haymarket | Integrated Development Plan
