10 Essential Public Health Services Wheel
The Essential Public Health Services are as follows:

- Monitor health status to identify community health problems.
- Diagnose and investigate health problems and health hazards in the community.
- Inform, educate, and empower people about health issues.
- Mobilize community partnerships to identify and solve health problems.
- Develop policies and plans that support individual and community health efforts.
- Enforce laws and regulations that protect health and ensure safety.
- Link people to needed personal health services and assure the provision of health care when otherwise unavailable.
- Assure a competent public health and personal health care workforce.
- Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
- Research for new insights and innovative solutions to health problems.
Community Themes and Strengths Assessment

The Community Themes and Strengths Assessment is intended to answer the questions such as:

- What is important in our community?
- How is the quality of life perceived in our community?
- What assets do we have that can be used to improve community health?
Forces of Change Assessment

The Forces of Change Assessment is intended to answer questions such as:

- What is occurring or might occur that affects the health of our community or the local public health system?
- What specific threats or opportunities are generated by these occurrences?
Vitals Data

- LLCHD has a dashboard application with Birth and Death data from 2005 to 2013

YRBS (Youth Risk Behavior Survey)

- The LLCHD has been collecting data about risk behaviors among youth every other year for the past two decades. The YRBS dashboard has data from 2001 to 2015
The CDC made changes to the adult behavioral risk survey (Behavioral Risk Factor Surveillance System or BRFSS) in 2011 so we now have three years of BRFSS data on the LLCHD dashboard:

Discussion About Our Vision Statement

- The Vision should be about where we see our community 3 to 5 years from now.
- It should be short and memorable.
