CSW Permit Number Lookup

Construction Storm Water Projects and Records:
The following links provide options to search for Construction Storm Water Projects in Nebraska. Two links are available:

**DEQ CSW NOI Permit Number** can be used to find the Construction Storm Water Permit Number, Project Name, County, Project Start and End Dates, and the Permit Status. The search can be limited by entering a County and/or Date Range. The Dates field searches the date the NOI document was received by the agency, rather than project dates.

**DEQ CSW NOI Public Access** can be used to retrieve and view documents for a specific Construction Storm Water Project. Enter the Permit Number (i.e.: CSW-201600001) and press Search.
