**Item 3: Sign at Engine House Café, 6028 Havelock Avenue**

Kim McKee has requested that the Commission review and approve a wall sign for the west side of the café. I have not yet seen the design but from description it sounds like a simple and clear graphic. I've asked for a representation to send you and I will forward it by email if I receive it.

I apologize for scheduling a second December meeting with a thin agenda but I was confident the Commission did not want me to tell a property owner on December 4<sup>th</sup> that their proposal could not be reviewed until January 21<sup>st</sup>. (On December 7<sup>th</sup>, that would have been my message.)
