2 reESTABLISH Sense of Place in Commercial Centers

Objective A

- Establish design standards to encourage commercial and mixed use developments that are attractive, pedestrian-oriented, and enhance nearby neighborhoods

Strategy 1

- Designate specific areas where design standards will apply.

Strategy 2

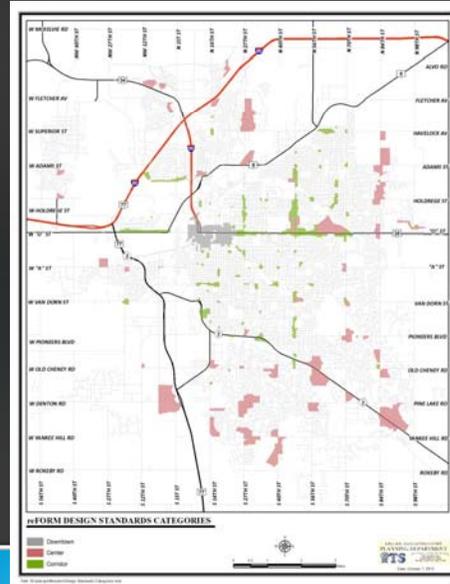

- Establish standards that make commercial and mixed use development more walkable

Strategy 3

- Create building design standards that make development more aesthetically pleasing.

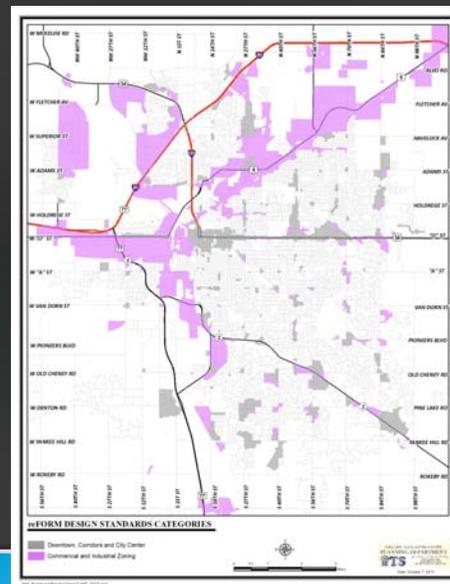

2 reESTABLISH Sense of Place in Commercial Centers

- Strategy 1. Designate specific areas where design standards will apply.
 - Centers: B-2, B-5, and H-4
 - Corridors: B-3 and H-2

2 reESTABLISH Sense of Place in Commercial Centers

- Strategy 1. Designate specific areas where design standards will apply.
 - No design standards: R-T, O-2, O-3, H-3, I-1, I-2, and I-3
 - Rezoned districts: B-1 and H-1

Discussion on Zoning Strategy

reFORM

- New Proposal:

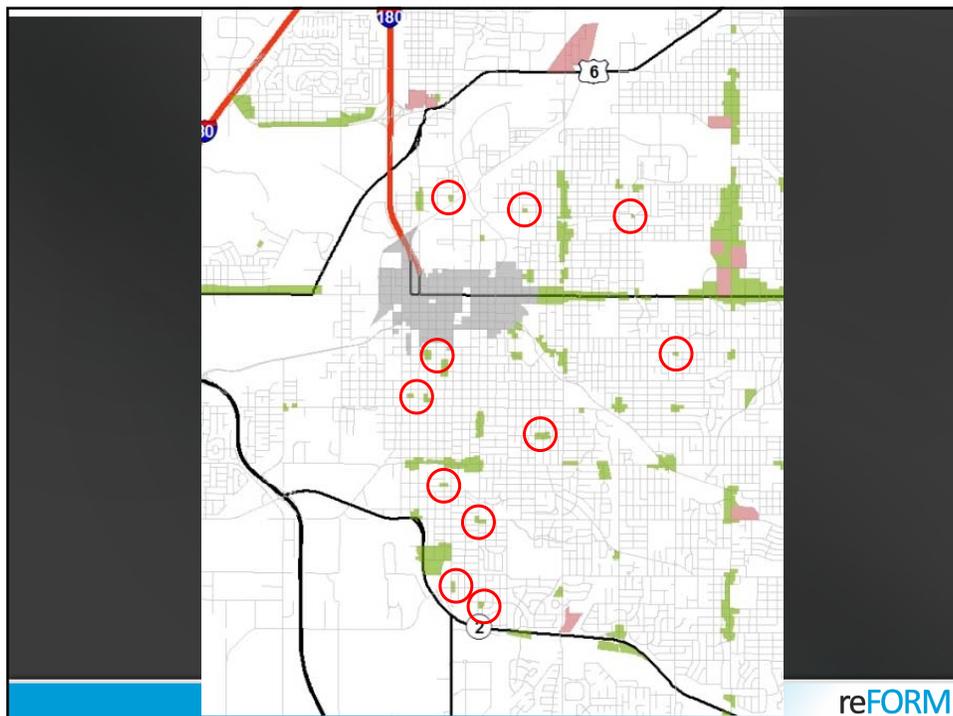

- B-1 “Neighborhood Retail District”

- reFORM proposes to rezone all existing B-1 to other districts (mainly to B-3)
- This proposal is for a new zoning district named B-1; much different than current B-1 or B-3
- Lighter uses allowed; would exclude auto-related uses
- Transitional zoning between commercial and residential
- Typically surrounded by residential neighborhoods
- Typically on local streets rather than arterials

11th and B

reFORM

- B-1 Neighborhood Retail District
 - 35' height limit (same as R-1 to R-6)
 - Would apply Corridor Design Standards
 - Would apply same sign regulations as R-T

Discussion on B-1 Proposal

reFORM

- Zoning changes feedback sheet

Proposed Concept	Yes	Not Sure	No	Additional Comments
Consolidating the existing B-1 district into different zoning districts subject to design standards is appropriate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Consolidating H-1 into H-3 makes sense and will not be subject to design standards.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Rezoning some H-3 to H-2 where adjacent to neighborhoods is appropriate and would be subject to design standards.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Rezoning Abbott Sports Complex from H-2 to H-3 so that it would not be subject to design standards is appropriate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Rezoning some H-4 areas that are isolated from neighborhoods to H-3 and not subject to design standards is appropriate.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
In general, the proposed zoning changes make sense if design standards are in place.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
The new proposed B-1 district is a good idea worth exploring further.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
More uses should be allowed in the new proposed B-1 district.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Automotive uses such as sales, repair and car washes should be allowed in the new proposed B-1.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
Drive-throughs should be allowed in the new proposed B-1.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
The new proposed B-1 should not be limited to 35'; it should be 50' like other commercial districts.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
The new proposed B-1 would provide an appropriate buffer or transition from commercial to residential districts.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<hr/> <hr/>
