

# Stettinger Outlot Drainage Improvement Project

## Open House Meeting

Hosted by the City of Lincoln  
and The Flatwater Group, Inc.

Thursday, July 14

5:30 – 6:30 pm

## Cripple Creek Park

Under the Shelter

6601 Beaver Creek Lane

This is a drainage improvement project for the tributary to the Beal Slough located within the Stettinger Outlot. The Outlot is located east of 40<sup>th</sup> Street, behind the residences on the South side of Faulkner Drive and Browning Street, and North of S 41<sup>st</sup> Street Court, Lincoln, Nebraska. The project includes stabilizing the steep eroding banks along the main channel, constructing a mower and vehicle channel crossing, and improving overland drainage of street runoff from S 41<sup>st</sup> Street Court.

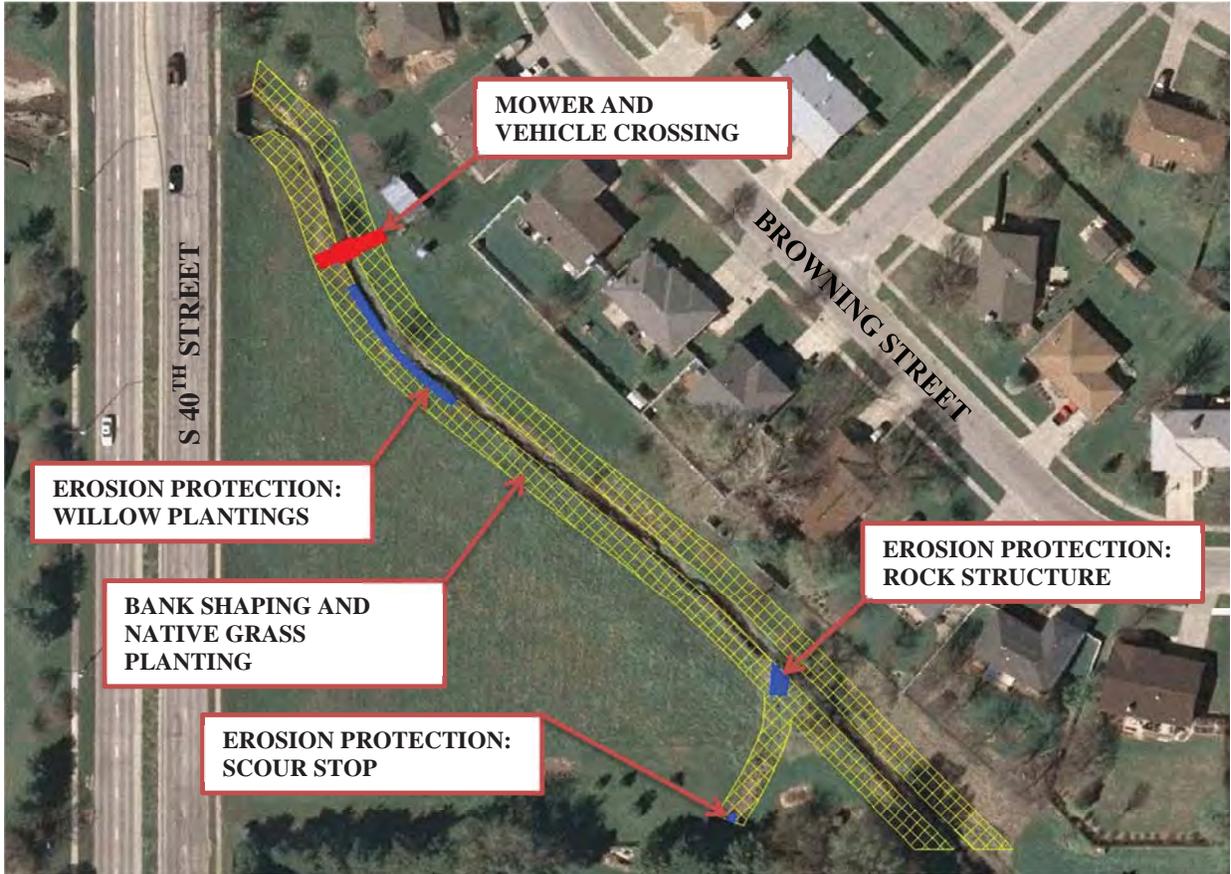

The Open House Meeting will include informal discussion with City of Lincoln Staff and the project consultants. Design concepts will be presented on posters of the project site.

Sponsored by the Watershed Management Division of the  
City Public Works and Utilities Department.
