

June 17, 2015

**70th Street; Van Dorn Street – Eastborough Lane  
Arterial Street Rehabilitation  
State Project No. LCLC-5247(13) Control No. 13243  
City Project No. 540028**

The City of Lincoln proposes to rehabilitate 70th Street from Van Dorn Street to Eastborough Lane beginning on June 22, 2015, weather permitting. The project involves concrete pavement repair, construction of new sidewalk curb ramps to meet current ADA standards, and the replacement of the pedestrian crossing signal in front of Morley Elementary School.

Constructors Inc. will be the contractor. They will perform the work under lane closures with access available to all local businesses and residents. Those businesses which have multiple driveways will always have at least one driveway available while rehab work is performed. The Contractor and the City will coordinate with local businesses and residents to maintain access throughout the duration of the project.

Work will be completed along 70th Street in front of Morley Elementary School and East High School this summer in order to coordinate with the Lincoln Public Schools summer holiday, and will then occur at other locations south of O Street into November 2015. A winter suspension will be in effect from November 2015 until March 2016 whereupon work will resume. Substantial completion of work within the roadway will occur in August 2016, with seeding of disturbed areas occurring by October 2016. Repairs within the intersection of 70th & A Street will be completed under a partial road closure. 70th Street will remain open with lane closures however A Street will be closed to traffic at 70th Street. The Contractor will have 3 days to complete the work and reopen the 70th & A Street intersection. This closure will take place in the summer of 2016. The reconstruction of the pedestrian crossing signal at Morley Elementary School will take place in 2016. Work on 70th Street north of O Street will also take place in 2016.

Information on the 70th Street Roadway Rehabilitation Project is available on the City's website at [www.lincoln.ne.gov](http://www.lincoln.ne.gov) (keyword: 70th). If you have questions or comments, please contact one of the following people:
