Contains the following:

1. Letters
2. Sign-in Sheets

Meeting Reminder

May 2, 2013

RE: Lower Platte South Natural Resources District (NRD) Multi-jurisdictional Hazard Mitigation Plan (HMP) Update

Dear Hazard Mitigation Planning Participant:

The NRD has secured grant funding from the Federal Emergency Management Agency (FEMA) and is in the process of updating the district-wide HMP with assistance from JEO Consulting Group, Inc of Lincoln, NE. Federal legislation requires HMPs be updated every five years. **You are receiving this letter because your jurisdiction is eligible and encouraged to participate in this planning effort, which has multiple benefits for your community.**

A hazard mitigation plan identifies the vulnerability of a jurisdiction to various natural hazards (flood, drought, earthquake, wildfire, winter storm, etc.) and assesses the potential losses associated with each hazard. In addition, the plan identifies mitigation alternatives to decrease the threat from identified hazards and establishes a prioritized list of these mitigation projects. Hazard mitigation plans are a requirement of the Disaster Mitigation Act of 2000, administered by FEMA, and once a community is part of a plan, they become eligible to apply for FEMA hazard mitigation grants. These grants can be used for up to a 75% cost share for a wide variety of projects listed in the plan. Other funding opportunities will also be explored.

As a FEMA requirement, to be included as part of the plan, at least one ‘designated representative’ from your jurisdiction must be present at one of the upcoming public meetings. The ‘Hazard Identification’ Meetings will be held:

May 16, 2013 at 5:30 PM at the LPSNRD Office – 3125 Portia St, Lincoln; and

May 30, 2013 at 7:00 PM at Weeping Water City Hall - 101 West Eldora Avenue, Weeping Water

We highly encourage you to participate in this project. Following the Hazard Identification Meeting on May 16, please visit the project participation website: www.hazardtalk.com to continue your community’s role in the plan update. For further information or to review the current Hazard Mitigation Plan, please visit; www.lpsnrd.org/HazardPlan.pdf

If your jurisdiction (city, village, county, school district, etc.) is interested in participating in this effort, please designate a representative for your jurisdiction and contact me at 402.476.2729 or pzillig@lpsnrd.org.

Sincerely,

Paul Zillig
NRD Assistant General Manager

CC: Jeff Ray, JEO Consulting Group, Inc.

November 4, 2013

RE: LPSNRD Multi-Jurisdiction Hazard Mitigation Plan
Mitigation Alternative Public Meetings 2-Week Notice Letter

Dear Hazard Mitigation Planning Participant:

The LPSNRD is continuing the development of the multi-jurisdictional Hazard Mitigation Plan with the 'Mitigation Strategies' public meetings. ***Your jurisdiction's attendance is required in order to continue participation in this planning effort!*** The intent of these meetings is to gather and review vital information from individual plan participants including:

- 1) Review of Mitigation Alternatives Identified in the 2008 HMP
- 2) Review of 'first draft' of the LPSNRD Plan
- 3) Identify, Evaluate, and Prioritize mitigation projects and strategies
- 4) Identify and Obtain missing sources of information and data
- 5) Finalize review of 'critical facilities' for your community
- 6) Identify highly vulnerable places and populations
- 7) Discuss the upcoming Capabilities Assessment Survey

Continued participation in the planning effort makes your jurisdiction eligible for pre-hazard mitigation project cost-share. Potential project examples include: drainage improvements, improved storm water infrastructure, safe rooms, back-up power generation, emergency warning/notification equipment and a number of other possible mitigation activities. Prior to this letter you received a summary of FEMA's Publication: *Mitigation Ideas: A Resource for Reducing Risk to Natural Hazard*; this publication has valuable information that could prove useful at the following meetings. If you need or would like another copy of this document please contact Jeff Henson with JEO at jhenson@jeo.com.

Please be advised that in order to continue being included as part of the plan, at least one 'designated representative' from your jurisdiction must be present at one of the following public meetings:

- **November 19, 2013 at 7:00 pm: LPSNRD Office – 3125 Portia St., Lincoln; and**
- **November 21, 2013 at 7:00 pm: Weeping Water City Hall – 101 West Eldora Ave., Weeping Water**

We look forward to seeing you at the upcoming meetings, if you have questions or to RSVP for a meeting please contact me at 402.476.2729 or pzillig@lpsnrd.org.

Sincerely,

Paul Zillig
NRD Assistant General Manager

CC: Jeff Ray, JEO Consulting Group, Inc.
