Angelou Report
Pat Haverty of the Lincoln Partnership for Economic Development (LPED) provided an update on action steps and recommendations suggested in the report authored by Angelou Economics, the firm hired to develop strategic recommendations to make Lincoln a globally competitive city and to capitalize on the city’s recent tremendous momentum. Three task forces were formed to recommend action steps. The task forces were: Entrepreneurial Ecosystem, Infrastructure, and Workforce. Several members of the Board served on these task forces.

In the area of Workforce, LPED has hired Shawna Silvius to address the workforce challenges in the community and is working on the following ideas: create a Lincoln Companies Sharing Campaign; encourage sponsorship of international employees; and increase marketing efforts to include a “Recruit your friends & family to Lincoln” campaign. The SelectLincoln.org website contains all of the information gathered.

Pat shared also the Lincoln Partnership for Economic Development’s quarterly report showing statistics and projects in progress in the 4th quarter of 2015.

**Workforce System Topics**

**Greater Lincoln Workforce Development Board Monitoring Policy & Plan**
Joanne Pickrel, Rod Armstrong and Cherisa Price-Wells reported for the Accountability Team regarding a monitoring report by the USDOL Region V Office on September 2, 2015 that the Greater Lincoln Board’s monitoring and oversight do not include a fiscal component, as required in the regulations, and the programmatic component only covers eligibility determination. This information was stated as a compliance finding as: No fiscal and limited programmatic oversight and monitoring of the youth program. The required action is that the State must ensure the scope of the Greater Lincoln Board’s oversight and monitoring efforts covers both the programmatic and fiscal accountability.

Since receipt of the report, the following steps have been taken: technical assistance requested and received from the Nebraska Department of Labor, the USDOL Region V staff and membership of the Great Lakes Employment and Training Association (GLETA); appointment by the Board Chairperson of an Accountability Team of three board members with a majority representing business, to collaborate with the Workforce Administrator to manage the oversight and monitoring activities; and drafting of a Monitoring Policy and Plan to comply with federal and state requirements.

The Policy, Plan, and Youth Procedures were included in the meeting materials along with the WIOA Common Measures-Provisional Performance for PY 2015 Quarter 2.

The Accountability Team met on March 28th, 2016 to review the documents and recommended approval of the Greater Lincoln Workforce Development Board Monitoring Policy and Plan for submission to the Nebraska Department of Labor by the April 1, 2016 deadline. The Youth program and fiscal monitoring activities will be conducted for Program Year 2015 prior to June 30, 2016. Procedures for the Adult & Dislocated Worker and the One Stop System Operator will be developed and all areas will be monitored for PY 2016 by the end of third quarter, March 31, 2017.

Joanne Pickrel made a committee motion to approve this policy and plan; Rod Armstrong seconded the motion and the motion passed by roll call vote, 17-0.
