

Aging Partners Foot Clinics

For those age 60 and over

Aging Partners nurses will examine feet and trim nails, as well as address common problems like bunions, corns, callouses, dry skin, heel pain and ingrown toenails.

Education on proper foot care for a variety of foot concerns will be provided, including diabetes-related foot problems. Referrals to other health care professionals will be made when appropriate.

Clinics will be held at the Bennet, Firth, Hickman Senior Centers and the Waverly VFW Post.

There is a \$15 suggested contribution and appointments are required by calling 402-416-7693.
