Additional Information:  Glossary of Abbreviations

This agenda will be kept continually current and will be available for public inspection within the Lincoln-Lancaster County Health Department during normal working hours. A copy of the Open Meetings Law is posted at the meeting site.

The City of Lincoln complies with Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973 guidelines. Ensuring the public’s access to and participating in public meetings is a priority for the City of Lincoln. In the event you are in need of a reasonable accommodation in order to attend or participate in a public meeting conducted by the City of Lincoln please contact Angel Edwards at the Lincoln-Lancaster County Health Department at 402-441-8093 as soon as possible before the scheduled meeting date in order to make your request.
TO: Board of Health Members, Media and Interested Parties

FROM: James Michael Bowers, President

SUBJECT: Meeting Notice and Tentative Agenda

DATE: September 28, 2021

5:00 PM, Tuesday, October 12, 2021
Training Center
3131 O Street
Lincoln, NE 68510

The tentative agenda is as follows:

I. CALL TO ORDER – Bowers
   A. Roll Call

II. APPROVAL OF AGENDA – Bowers

III. APPROVAL OF MINUTES – Bowers
    A. Regular Meeting – September 14, 2021

IV. DEPARTMENT REPORTS
    A. Health Director Update – Lopez

V. CURRENT BUSINESS – Information Items
   A. COVID-19 Update - Lopez
   B. Non-COVID Viruses – Timmons
   C. Community Baby Shower – Liu
D. Community Health Assessment – Kakarlapudi & Hendrickson

*Community Conversation Process

E. Board of Health Role in Reaccreditation – Lopez

F. Executive Session - Pending Litigation and Legal Counsel - Tast

VI. PUBLIC SESSION

Those wishing to speak on items relating to other Board of Health business not on the agenda may speak during the public session portion of the agenda. Each speaker is limited to five (5) minutes. Time limits maybe extended or reasonably decreased at the discretion of the Board President. The public session period will be limited to one (1) hour.

VII. FUTURE BUSINESS

A. Request for Information/Topics for Future Agenda

VIII. ANNOUNCEMENTS

Next Regular Meeting – November 9, 2021 - 5:00 PM

IX. ADJOURNMENT

This agenda will be kept continually current and will be available for public inspection within the Lincoln-Lancaster County Health Department during normal working hours. A copy of the Open Meetings Law is posted at the meeting site.

The City of Lincoln complies with Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973 guidelines. Ensuring the public’s access to and participating in public meetings is a priority for the City of Lincoln. In the event you are in need of a reasonable accommodation in order to attend or participate in a public meeting conducted by the City of Lincoln please contact Angel Edwards at the Lincoln-Lancaster County Health Department at 402-441-8093 as soon as possible before the scheduled meeting date in order to make your request.
LINCOLN-LANCASTER COUNTY HEALTH DEPARTMENT

Board of Health
September 14, 2021

I. ROLL CALL

The meeting of the Board of Health was called to order at 5:01 PM by James Michael Bowers at the Lincoln-Lancaster County Health Department. Members Present: James Michael Bowers, Dustin Loy, Stacie Bleicher, Tom Randa, Sean Flowerday, Jay Jarvis, Adelle Burk (ex-officio), Candace Berens (ex-officio) and Rick Tast (ex-officio).

Members Absent: Katie Garcia, Jacqueline Miller and Jasmine Kingsley.

Staff Present: Pat Lopez, Angel Edwards, Charlotte Burke, David Humm, Jesse Davy, Raju Kakarlapudi and Steve Beal.

Prior to the approval of the Agenda, new Board of Health member, Jay Jarvis, was introduced by Mr. Bowers. Mr. Jarvis is associated with Telesis, Inc. and is one of the founders of Lazlo’s and Fireworks restaurants. He has served on the LLCHD Food Advisory Committee since 2016 and is also a member of the Nebraska Restaurant Association and has served as its president.

II. APPROVAL OF AGENDA

Mr. Bowers asked if there were any corrections to the Agenda. No corrections were requested.

Motion: Moved by Dr. Loy to approve the agenda as printed. Second by Dr. Bleicher. Motion carried by a 6-0 roll call vote.

III. APPROVAL OF MINUTES

Mr. Bowers asked if there were any corrections to the Minutes. No corrections were requested.

Motion: Moved by Mr. Randa that the September 14, 2021 Minutes be approved as printed. Second by Dr. Loy. Motion carried by a 6-0 roll call vote.

IV. PUBLIC SESSION

No one came forward.
V. \textbf{DEPARTMENT REPORTS}

A. **Health Director Update**

Steve Beal, Animal Control Manager, reported eight rabies positive bats since the first of the year, so making sure pets are up to date on their rabies vaccination is extremely important. August had a total of 170 bat calls to Animal Control. As the cooler weather begins, bat season will start to wind down. Mr. Beal told an animal story with a happy ending. Animal Control and LTU rescued a kitten that was stuck inside the base of a light pole and brought to the Capitol Humane Society and placed for adoption.

The WIC program continues to prioritize community outreach both to potential participants as well as to the medical community to ensure that the benefits of the program and how to enroll in the program are well known. An example of community outreach is WIC’s participation in a community “Baby Shower” sponsored by United Health Care and held at the Auld Pavilion.

VI. \textbf{CURRENT BUSINESS} (Information Item)

A. **Overdose Prevention**

David Humm, Manager of the Division of Health Promotion and Outreach, gave a summary of the alert provided to the community by the overdose prevention committee.

- LLCHD issued a Health Alert on August 19 warning people illicit drugs laced with fentanyl have been causing drug poisoning deaths.
- LPD had reports that it had responded to 50 overdoses within the past 30 days. LPD investigated multiple overdoses related to fentanyl mixed with cocaine in July and at least 26 overdoses in past 3 weeks. Four people had died.
- The public was urged to know the signs of an opioid overdose and friends, family and loved ones of people struggling with addiction were urged to have naloxone, a rescue medication also known as Narcan, on hand.
- The public awareness was critical and a collaborative effort with LPD, LFR and community partners.
- The last fentanyl laced cocaine overdose was the same day as the Health Alert.

Since then, no fentanyl related overdoses or deaths have occurred.

B. **Community Health Assessment**

Raju Kakarlapudi, Epidemiology Supervisor, handed out a print-out with the questions from the “Lincoln Community Health Survey”. The five questions asked to the community involved:
• Major health issues
• Top 10 health worries
• Major health concerns in the City and County
• Major self-initiative to keep oneself healthy
• Top 10 suggestions to make your neighborhood a healthier place

The answers to these questions were mapped out to assist the Health Department in assessing health inequities in all parts of the county.

C. COVID-19 Update

Director Lopez stated that 770 COVID-19 cases were reported in the week ending September 11, 2021 which is a 24% drop from the previous week. The current DHM will expire on September 30, 2021. Hospital capacity is at its maximum and ICU’s are full. The announcement from the CDC on eligibility for booster shots is expected soon.

D. PHAB Annual Report Accreditation

Jesse Davy, Public Health Accreditation Coordinator, provided a summary of the priorities of the recently submitted Annual Report on LLCHD’s accreditation efforts.

Purpose of Annual Report
• Quality/Performance Improvement – Primary Focus
• Innovation in Public Health (opposite side of QI coin) - Increasing Focus
• Preparation for Reaccreditation – Improved Focus Since 2019
• Equity in Population Health – Emerging Primary Focus

This is the fourth and last Annual Report for the Public Health Accreditation Board (PHAB) before LLCHD seeks PHAB Reaccreditation in 2022. Mr. Davy explained that the Board will hold a very important role in the Reaccreditation process.

E. American Rescue Plan Funding

Director Lopez, Sean Flowerday and James Michael Bowers explained the American Rescue Plan which is an investment in local infrastructure including water, sewer, and broadband services. The City and County plan to draft a proposal that would include additional funding for boosters.

VII. FUTURE BUSINESS

A. List any future topics
VIII. ANNOUNCEMENTS

Next Meeting – November 9, 2021 at 5:00 PM.

IX. ADJOURNMENT

Motion: Moved by Mr. Flowerday that the meeting adjourn. Second by Dr. Loy. Motion carried by a 6-0 roll call vote. The meeting was adjourned at 6:20 PM.

- There were 22 working days in July. The July caseload was 3,871 (+55 from Aug 2020 and +8 from Jul 2021).
- No-show rates increased compared to the previous month (+0.42%).
- Our breastfeeding peer counseling program (BFPC) continues to grow. 176 total clients have participated in the program since its inception.

DENTAL HEALTH

Dental Clinic Services:

- Total number of clients served (unduplicated count): 516
- Total number of patient encounters (duplicated client count): 718
- Total number of patient visits (duplicated provider appointments/visits): 1034
- Total number of Racial/Ethnic and White non-English speaking patients: 443 (86%)
- Total number of children served: 424 (79%)
- Total number of clients enrolled in Medicaid: 443 (86%)
- Total number of all clients with language barriers: 301 (58%)

(Albanian, Arabic, Burmese, Chinese, Farsi, French, Karen, Kurdish, Russian, Spanish, Ukranian, Vietnamese, Other)
There was a decrease of 6 provider visits when compared to July 2021 and an increase of 123 provider visits when compared to July 2020. The failed appointment rate remained the same of 11% in August when compared to July. The dental team continues to focus on QI strategies for reducing failed appointments.

Community Outreach Services Total: 268

Events attended by WIC and dental staff promoting program services:

Educare Back to School Family Event: 90
Health Families American Event at Antelope Park: 140
Cross the Line Church (Sponsored by the Malone Center promoting Black Breast Feeding Month): 38

ENVIRONMENTAL PUBLIC HEALTH

**EPH Monthly Report – October 2021**

**Program Area:** Waste Management - Hazardous Materials Emergency Response

**Goals:** Protect human health and the environment by: reducing exposures to hazardous materials; assuring proper management and disposal of special wastes; preventing hazardous waste from being illegally disposed of in the Bluff Road Landfill; preventing illness and disease caused by improper waste management; and preventing damage to the environment.

**Indicator:** Respond to all LFR and Rural FD, Emergency Management and Law Enforcement (LPD, Sheriff, and State Patrol) requests for assistance with hazardous materials spills and releases within 30 minutes. **FY21:** Staff estimate - 100%.

**Funding/Source:** Grants in Aid, Waste Hauler Occupation Tax

**Comparison:**

<table>

<tbody>
<tr>
<td>HazMat Responses</td>
<td>141</td>
<td>126</td>
<td>94</td>
<td>107</td>
<td>113</td>
<td>113</td>
</tr>
</tbody>
</table>

All LLCHD HazMat Emergency Responses
Total hazardous materials responses remained the same as FY20, while the number of responses to illicit discharges to stormwater systems increased FY21. The increase in HazMat responses in FY20 was primarily a reflection of an increase of unfounded allegations. Of the 113 responses in FY21, 65 were illicit discharges that had the potential to impact water and 50 had actual water impact. Health maintains contracts with private contractors for the City and County for both hazardous materials clean up and disposal.
**Description:** Environmental Public Health Division’s Hazardous Materials Emergency Response Team (HazMat Team) is on call 24/7 and responds immediately to all requests from 911, Lincoln Fire and Rescue, rural fire departments, and law enforcement agencies for assistance with hazardous materials spills and releases. These staff are highly trained (HazMat Tech Level and beyond) in responding to chemical, biological, and radiological hazards. Health’s HazMat Team:
- assesses public health and environmental risk related to chemical releases,
- prevents further human exposures and environmental contamination,
- takes samples of air, water, soil, or suspect chemicals and
- ensures that environmental cleanup is completed safely and the environment is returned to a safe condition.

In a typical year, approximately 75% of emergency responses are for hazardous materials spills or releases, such as illegal dumping, intentional or unintentional illicit discharge that could impact water, airborne releases, pesticide spills, medical/biohazard waste. Approximately 25% of responses are for gasoline, diesel fuel or oil spills, mostly from vehicle/truck accidents.

**FY 2021 Highlights and HazMat Emergency Response examples:**

**LLCHD HazMat Team Responds to Suspicious Articles**
LLCHD HazMat Team responded to three suspicious article incidents during FY 2021. LLCHD is contacted by a number of agencies throughout the County, including LFR, LPD, LSO, and NSP to assist in identifying unknown materials. Instances range from illegal drug labs and explosives manufacture to white powder/suspicious material received in the mail. LLCHD HazMat Team was dispatched to Bryan West Medical to assist in the identification and management of a suspicious canister that had been shipped to the hospital. Working with LPD and Bryan staff, LLCHD safely transported the canister to await further identification.
LLCHD and HazMat Team Support Local Mutual Aid Association

LLCHD is a member of the local mutual aid association, whereby staff routinely interact with and assist rural fire departments within the County. In this instance, LLCHD was called upon by Waverly Volunteer Fire Department to assist in an approximate five-gallon leak of concentrated hydrochloric acid at the Waverly public swimming pool. Quick response and guidance by staff aided in the neutralization of the acid until further remediation efforts could be made. This response is just one example of the many responses and technical assistance LLCHD provides to not only our local volunteer fire departments, but other agencies as a whole, solidifying our relationships and continuing to build trust.

LLCHD HazMat Team Responds to Permitted Food Establishment Incidents

LLCHD HazMat Team responds to permitted food establishment incidents after hours to ensure appropriate measures are taken before opening back up for customers. Incidents typically take the form of kitchen fires and structural damage due to vehicle impact. The Food Safety Team does follow up with the establishments. This particular response occurred when a vehicle collided with the restaurant, penetrating the establishment and causing extensive damage. This restaurant was required to remain closed due to structural issues as well as potential food impact due to loss of power in the kitchen.

LLCHD HazMat Trains with EPA and Area Partners in Waterway Boom Deployment

LLCHD HazMat Team responded to numerous instances whereby waterways are impacted. This year, LLCHD invited Region 7 Environmental Protection Agency field staff to take part in a multi-day training exercise. This training exercise focused on boom deployment and remediation of contaminated waterways. Other than Lincoln Fire and Rescue, staff from Duncan Aviation, Lincoln Electric System, neighboring Nebraska City Fire Departments, and members of the Nebraska National Guard were in attendance. This training culminated in LLCHD staff also taking part in Operation Fuel Leak Exercise Plan hosted by Lincoln-Lancaster County Emergency Management and Lincoln Airport Authority.
LLCHD HazMat Responders Aid Various Departments Throughout the City
LLCHD HazMat Team staff respond to a request for assistance from Lincoln Transportation and Utilities Department, Wastewater Division. Our highly skilled and knowledgeable staff do not hesitate to aid other departments and agencies within the County and State. A power failure of sanitary sewer pump lift station near N 33rd and Salt Creek Circle allowed backup of wastewater which overflowed into adjacent storm drain inlet, entering a nearby creek. Coordination of cleanup and disinfection as well as public notice were initiated.

Partnerships & Efficiencies: The Health Department HazMat Emergency Response Team works in partnership with Lincoln Fire and Rescue, rural fire departments, law enforcement agencies and other first responders to prepare for, train for, and respond to both unintentional and intentional HazMat incidents. LLCHD is a member of Lancaster County Mutual Aid. Staff are on call 24/7 to provide immediate response to protect the public’s health. Coordinating hazardous materials emergency responses with fire and law enforcement agencies allows each agency to fulfill specific roles within the Incident Command System, reduces risks to responders, public health and the environment, and allows first responders to return to service as quickly as possible. Health’s role in environmental cleanup and follow through increases the capacity for fire and law enforcement to fulfill their primary roles in safety and security and assure that costs for environmental clean-up are kept to a minimum.
CHRONIC DISEASE PREVENTION

Health Promotion & Outreach
Monthly Report – September 2021

Chronic Disease Prevention

Opioid Prevention Coalition:

The Opioid Overdose Prevention coalition Lincoln.ne.gov/OD site garnered a total of 2,542 new users since launching on June 15, 2021, a full three-quarters (1,919) of those new users visited the site between August 1 and August 31, and 657 people clicked on the Health Alert issued August 19.

The original media messaging campaign about non-opioid options placed between August 1 and August 31, resulted in 168,427 impressions and excellent click through rates.

The coalition’s Media Planning committee has joined Region V to host an opioid survivor focus group in October.

Tobacco:

- 10 quit kits were provided to Madonna Proactive for heart patients.
- A community resource fair hosted by Girl Scouts of Nebraska, City Impact, and Civic Nebraska.
- 38 School Community Intervention and Prevention (SCIP) staff received vaping prevention education. The presentation was recorded and shared with SCIP staff across the state.

LSRA and NCIAA Education and Assistance:

Celebrating Tobacco-free Business Champions has been one way that LLCHD/TFLC have engaged the community to promote tobacco-free businesses as a social norm. Last year, LLCHD/TFLC facilitated the first city-wide Great American Smokeout event with 16 businesses with over 8,000 employees participating throughout the City and three additional businesses outside Lancaster County. This year we hope to bring 50 businesses and organizations together to support a tobacco-free lifestyle in our community. Visit tobaccofreelancastercounty.org for more information and to get signed up.

Dr. Phil Essay with Innovation Spine and Pain in Lincoln volunteered to help spread with messaging to the community about seeking non-opioid pain management options.

Staff presented a Tobacco-free Business Champion Award to UBT this month.
Injury Prevention

- Staff coordinated two car seat check events at LFR station #10 on August 28 and September 14. A total of 21 car seats were checked and 8 seats were provided to families in need.

- A car seat check event was held on August 24 at North Pointe Community Church in conjunction with the Child Passenger Safety Technician renewal class. A total of 7 seats were checked, and 5 seats were provided to families in need. A total of 7 technicians got their certification renewed and checked seats at this event.

- A car seat check event with the Asian Cultural Community Center was held on August 28 at the Lincoln-Lancaster County Health Department. This event was in conjunction with the Child Passenger Safety Technician class that had 15 students. A total of 27 seats were checked, and 19 seats were provided to families in need.

- A car seat check event with Educare Lincoln was held on September 21 at Educare Lincoln. A total of 19 seats were checked, and 7 seats were provided to families in need.

Employee Wellness

HeartAware events at Lincoln Water System, Bluff Road Landfill and Woods Park Place had a total of 34 employees participate in the screenings, making year-to-date totals of 93 County and 198 City employees that have met with the Bryan Health nurses on site.
Let’s celebrate you and baby

Hello!

When you’re preparing for a new baby, there’s a lot to do, and so much to learn. But we want to remind you that there’s a lot of fun to be had, too.

Join us for a baby shower where you’ll get to do a little bit of both.

- Learn important health information for you and your baby from health experts.
- Get more information on available community resources and support.
- Free health care resource materials.
- Healthy snacks and refreshments will be provided.

Date:
Friday,
October 1, 2021

Time:
12:00p.m. - 2:00p.m.

Place:
Auld Pavilion
1650 Memorial Drive
Lincoln, NE  68508

We hope to celebrate with you soon
For more information, call Lincoln-Lancaster County Health Department WIC 402-441-6261
¡Hola!
Cuando se prepara para recibir a un nuevo bebé, hay mucho por hacer y tanto que aprender. Pero queremos recordarle que también habrá mucha diversión.
Únase a nosotros para participar de una celebración por nacimiento (baby shower) donde podrá hacer ambas actividades.

- Obtenga información importante de expertos en salud para usted y su bebé.
- Obtenga más información sobre los recursos y el apoyo de la comunidad disponibles.
- Materiales gratuitos sobre recursos de atención de la salud
- Se proporcionarán refrigerios y refrigerios saludables.

**Fecha:**
Viernes, 1 de octubre de 2021

**Hora:**
12:00p.m. - 2:00p.m.

**Lugar:**
Pabellón Auld
1650 Memorial Drive
Lincoln, NE  68508

---

**Esperamos poder celebrar pronto con usted**
