MULTI-MODAL TRANSPORTATION CENTER PUBLIC OPEN HOUSE

We want to hear from you! After reviewing the meeting materials, let us know what your thoughts are by answering the questions below.

	5
1.	How satisfied are you with the overall design concept and potential layout of the MMTC?
2.	What amenities do you think are essential for a bus station to have? (e.g., seating, restrooms, charging stations, information kiosks)
3.	What would make you feel safe and secure while using the MMTC and its amenities?
4.	What accessibility features are critical for people with disabilities or mobility challenges?
5.	What additional features would you suggest adding to enhance the overall experience at the MMTC?
6.	How often would you use e-scooters, bike rentals, bike racks, and nearby trails if they were available or accessible at this location?
7.	Do you have any other comments or suggestions regarding the bus station and its amenities?

ls there anything else you would like us to know?
