The P's of Crime Analysis

People

ID, analyze, top offenders, victims, networks/groups

Places

ID, analyze and respond to hot spots

Patterns

ID, analyze and respond to active patterns/series, daily searching, rapid ID

Problems

ID, analyze and respond to long term/chronic problems, monthly, periodic problem analysis, external trends

Forecasting

Developing tools and analytical processes, actionable, prior behavior, prior seasons/years/months

Preventive

Monitoring historical events to include people/places/patterns/ problems to enable corrective actions

Reacting to Crime/Preventing Future Crime → **Preventive**
