A large, semi-transparent watermark of the Lincoln Police Department badge is centered in the background. The badge is shield-shaped with a yellow border and contains the text 'POLICE DEPARTMENT' at the top, 'LINCOLN' on the left, and 'NEBRASKA' on the right. In the center of the badge is a depiction of the Nebraska State Capitol building.

ATTEMPT SUICIDE (JUMPING)	61	1.7%

Percent is categorized by two types: The **Male/Female in bold** indicates percentage against the total amount. The other percentages indicates the percentage of method being measured against only the gender type. For example, in the suicide (all ages) table, males completed suicide via the method of “Firearms” as measured only against Males.

- Males completed suicide via a “firearm” 49% while females completed suicide via “overdose” 42.2%.
