The City of Lincoln is considering upgrades to the Stormwater Drainage Criteria. A 2 foot rise would be devastating to development.

Whitehead Oil Company and ABC has been in the area of 84<sup>th</sup> and Hwy 6 for a very long time. WOC's case well over 55 years. In that time we have never had a devastating impact that we have not been prepared to deal with. ABC would say very much the same thing.

Putting us at odds with other communities that do not have to develop under this criteria would have a devastating affect on our ability to develop in this area.

I would encourage you to adopt the Stormwater Coalition's amendments.

Mark Whitehead
