Memorandum

Date: May 23, 2023
To: City Clerk
From: Teresa McKinstry, Planning Dept.
Re: Administrative Approvals
cc: Shelli Reid, Planning Dept.

This is a list of City administrative approvals by the Planning Director from May 16, 2023 through May 22, 2023:

Administrative Amendment 23021 to Use Permit 80B, University of Nebraska Technology Park, was approved by the Planning Director on May 12, 2023, to reduce the front yard setback along West Highlands Blvd. from 50' to 30' and convert 131,500 square feet of commercial floor area to 200 multi-family dwelling units for Lot 1, block 2 and Lot 1, Block 5, on property generally located at NW. 1st Street and West Highlands Blvd.

Administrative Amendment 23027 to Preliminary Plat 08001, Northbank Junction 1st Addition, was approved by the Planning Director on May 16, 2023, to revise the street name of Valentine Road to Ranae Road, revise the roadway profile of Ranae Road, add an additional lot on Block 3, add center sign easements, remove the roundabout on Salt Bank Road, and include a slight curve in Salt Bank Road, on property generally located at N. 56th Street and Arbor Road.

Administrative Amendment 23029 to Special Permit 1106, St. Monica's Home, was approved by the Planning Director on May 16, 2023, to reduce the area of the special permit by removing 2130 N. 64th Street and 6400 Colby Street, on property generally located at N. 64th Street and Colby Road.

Employees of Nebraska's SoS Office-

You really should put your boss in a closet and lock the door. He's making fools of you all. Seriously? He doesn't understand that 56% is a majority?? And he's in charge of numbers??

<https://metro.newschannelnebraska.com/story/48931906/gop-infighting-jeopardizes-voter-id>

We don't know what the real percentage was, because there was no transparency or verifiability, but 56% is certainly a majority in any sane/honest person's mind.

And the number is much higher now. The vast majority of Americans now think transparency/verifiability/fraud deniers like Evnen are criminals.

Anyone with half a brain can see that trust in "government" is at an ALL-TIME LOW....as it should be, when "government" refuses to be transparent and accountable to the People.

The Evnen train is on the wrong track. The sign says, "Bridge out ahead." He's taking you all over a cliff.

An army of Patriots is connecting the dots of corruption.

Evnen isn't serving the People. He's serving ES&S, and ES&S has serious problems.

Just trying to help.

God is on our side. Divers weights and measures are an abomination to Him. Surely divers weights and measures are in play when transparency is denied.

Best,

Robert

The image shows a network diagram with three nodes: **clintonfoundation.org**, **essvote.com**, and **23zd0.today**. Each node is represented by a blue globe icon. A red rectangular box highlights the connections between **clintonfoundation.org** and **essvote.com**, with four arrows labeled "Shares email" pointing from each top node to each bottom node. The **23zd0.today** node is positioned below the red box. A watermark "NOT FOR COMMERCIAL USE" is visible at the bottom of the diagram area.

The right sidebar displays a "Details View" for the **23zd0.today** node. The details include:

To Whom It May Concern-

The bad guys at **TotalVote** have total access to all our county election data before election "results" are reported by our counties on election night at: <https://totalvote.nebraska.gov> . Nevermind that we don't subscribe to all the following services:

TotalVote® Election Software

TotalVote® is a centralized voter registration and election management system that securely captures and manages voter, candidate and all election information. It is the only software system that encompasses the entire election process into one system. Rather than transferring data from system to system and dealing with compatibility issues, election officials are able to log into one system and work on any aspect of the election process.

<https://bpro.com/>

Founded in 1985, BPro Inc. is a premier software services company with a successful track record of providing on-premise and cloud-based election solutions to states and localities across the country. Our TotalVote software supports all methods of online and offline voter registration and list maintenance, election management, campaign finance, election night reporting and the myriad of interfaces necessary to conduct accurate, efficient elections in the modern, mobile information environment. TotalVote technologies have been deployed in hundreds of statewide and local elections since 2008. Despite our vast experience with elections of all sizes, TotalVote remains flexible to the needs of each individual jurisdiction's laws, statutes, workflows and best practices.

Also, Evnen is on THIS LIST (which helps explain things): <https://www.usglc.org/in-your-state/nebraska/> . **The U.S. Global Leadership Coalition is a main way that organizations like the World Economic Forum, Council on Foreign Relations and others flex their muscle in Nebraska. You don't get on this list by accident.**

This is the national board: [Advisory Council – USGLC](#) . **It is jammed full of globalists.**

To really appreciate this list, you need to watch [this video](#). In many ways, the USGLC serves as a type of SES or Senior Executive Service, but at the state level. For an understanding of the SES, see this video: [America, Inc. - YouTube](#)
