**Northeast District 1 Town Hall Meetings** take place monthly on third Thursdays. Hosted by City Councilman James Michael Bowers, these meetings are open to all. Town halls are an opportunity to discuss upcoming projects and citizen concerns. Featured guest speakers from the community and government present on a wide range of subjects impacting Lincoln.

**Topic: Lincoln's 2026-28 Biennial Budget**

**Guest: Jon Carlson, Mayor's Office**

Join us for a Town Hall discussion on the City of Lincoln's proposed 2026–2028 Biennial Budget. This is your opportunity to learn how public funds are allocated, understand key priorities and investments, and share your perspectives on the services and programs that matter most to our community. Jon Carlson of the Mayor's Office will provide an overview of the budget process, highlight major initiatives, and answer questions from residents. Your input helps shape Lincoln's future. We encourage all community members to attend, engage in the conversation, and be part of the budgeting process.
