#### NEW ISSUE –FULL BOOK ENTRY NOT BANK QUALIFIED

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under existing law and assuming continued compliance with certain requirements of the Internal Revenue Code of 1986, as amended (the "Code"), (1) the interest on the Bonds is excludable from gross income for federal income tax purposes, and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, (2) the interest on the Bonds is exempt from income taxation by the State of Nebraska and (3) the Bonds have not been designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code. See "TAX MATTERS" in this Official Statement.

## OFFICIAL STATEMENT \$4,345,000 THE CITY OF LINCOLN, NEBRASKA GENERAL OBLIGATION STORMWATER DRAINAGE AND FLOOD MANAGEMENT SYSTEM REFUNDING BONDS SERIES 2017

#### **Dated: date of delivery**

The Bonds are issuable in fully registered form and, when initially issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("**DTC**"), New York, New York, which will act as securities depository for the Bonds. Purchases of the Bonds will be originally made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof, through brokers and dealers who are, or who act through, DTC participants. Beneficial owners of the Bonds will not receive physical delivery of bond certificates so long as DTC or a successor securities depository acts as the securities depository with respect to the Bonds. So long as DTC or its nominee is the registered owner of the Bonds, payments of the principal or redemption price of and interest on the Bonds will be made directly to DTC. Interest is payable on June 1 and December 1 of each year, beginning December 1, 2017. Disbursement of such payments to DTC participants is the responsibility of the DTC participants. BOKF, National Association, Lincoln, Nebraska, is bond registrar and paying agent for the Bonds (the "**Registrar**"). For terms relating to principal and interest payments made to DTC or its nominee or in the event that the use of book-entry form is discontinued, see "**THE BONDS - Book-Entry System**."

The Bonds are being issued to provide a portion of the funds necessary to provide for (a) the refunding and payment of \$5,075,000 outstanding principal amount of the City's General Obligation Stormwater Drainage and Flood Management System Bonds, Series 2007, dated June 27, 2007 (the **"Refunded Bonds"**) on October 26, 2017 (the **"Redemption Date"**), and (b) the payment of certain costs of issuing the Bonds. See **"THE REFUNDING"** and **"ESTIMATED SOURCES AND USES OF FUNDS"** herein.

The full faith and credit of the City is pledged to the prompt payment of the principal or redemption price of and interest on the Bonds. The Bonds are payable from ad valorem taxes, unlimited as to rate and amount, levied by the City against all taxable property in the City. See "SECURITY" and "NEBRASKA LAWS RELATED TO BUDGETS AND TAXATION."

This cover page contains certain information for quick reference only. It is not a summary of this issue. Investors must read the entire Official Statement to obtain information essential to the making of an informed investment decision.

The Bonds are not subject to redemption at the option of the City prior to maturity thereof.

#### MATURITY SCHEDULE

Maturity	Principal	Interest			CUSIP	Maturity	Principal	Interest			CUSIP
(June 1)	Amount	<b>Rate</b>	Yield	Price	<u>(534239)</u>	(June 1)	Amount	Rate	<b>Yield</b>	<b>Price</b>	<u>(534239)</u>
2018	\$240,000	2.000%	0.750%	100.815%	DQ8	2023	\$455,000	5.000%	1.370%	119.687%	DV7
2019	390,000	3.000	0.860	103.509	DR6	2024	470,000	5.000	1.540	121.805	DW5
2020	405,000	4.000	1.000	107.841	DS4	2025	495,000	5.000	1.700	123.592	DX3
2021	410,000	5.000	1.090	113.973	DT2	2026	515,000	4.000	1.830	117.295	DY1

### **REGARDING USE OF THIS OFFICIAL STATEMENT**

No dealer, broker, sales representative or other person has been authorized by the City or the Underwriter to give any information or to make any representations with respect to the Bonds other than those contained in this Official Statement, and, if given or made, such other information or representations must not be relied upon as having been authorized by any of the foregoing. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. The information set forth herein has been furnished by the City and other sources which are believed to be reliable, but such information is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Underwriter. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVERALLOT OR EFFECT TRANSACTIONS THAT STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

THE BONDS HAVE NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER ANY STATE SECURITIES OR "BLUE SKY" LAWS. THE BONDS ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE SECURITIES AND EXCHANGE **COMMISSION.** THE **SECURITIES** DESCRIBED HEREIN HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE SECURITIES COMMISSION OR **REGULATORY AUTHORITY. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE** NOT CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL **OFFENSE.** 

## FORWARD-LOOKING STATEMENTS

This Official Statement contains "forward-looking statements" within the meaning of federal securities laws. These forward-looking statements include statements about the City's future expectations, plans and strategies, and other statements that are not historical in nature. These forward-looking statements are based on the current expectations of the City. When used in this Official Statement, the words "project," "plan," "expect," "estimate," "budget," "intend," "anticipate," "should," "will," and similar expressions are intended to identify forward-looking statements. Forward-looking statements involve future risks and uncertainties that could cause actual results and experience to differ materially from the anticipated results or other expectations or assumptions expressed in forward-looking statements. The City undertakes no obligation to update any forward-looking statements contained in this Official Statement to reflect future events or developments.

### **OFFICIAL STATEMENT**

### \$4,345,000

## THE CITY OF LINCOLN, NEBRASKA GENERAL OBLIGATION STORMWATER DRAINAGE AND FLOOD MANAGEMENT SYSTEM REFUNDING BONDS SERIES 2017

### INTRODUCTION

This Official Statement, including the preceding pages and appendices hereto, is furnished by The City of Lincoln, Nebraska (the "**City**"), a home rule city of the primary class and political subdivision of the State of Nebraska (the "**State**"), to provide information about the City and its \$4,345,000 General Obligation Stormwater Drainage and Flood Management System Refunding Bonds, Series 2017 (the "**Bonds**"). BOKF, National Association, Lincoln, Nebraska is bond registrar and paying agent for the Bonds (the "**Registrar**").

Descriptions of and references to the Bonds, the Bond Ordinance (defined herein), related transaction documents and other matters do not purport to be comprehensive or definitive and are qualified in their entirety by reference to the complete texts thereof. Copies of such documents are available for inspection at the office of Ameritas Investment Corp., Lincoln, Nebraska, as municipal advisor to the City with respect to the Bonds.

### AUTHORITY

The City is issuing the Bonds under the authority of Sections 15-244 and 18-506, Reissue Revised Statutes of Nebraska, as amended, Article IX, Sections 39 to 43, inclusive, of the Home Rule Charter of the City, and an Ordinance passed by the Council on August 28, 2017 and approved by the Mayor (the **"Bond Ordinance"**) authorizing the issuance of general obligation bonds of the City in an amount not to exceed \$5,325,000 and paying costs of issuance. The Bonds are being issued for the purpose of providing for the payment and redemption of \$5,075,000 outstanding principal amount of the City's General Obligation Stormwater Drainage and Flood Management System Bonds, Series 2007, dated June 27, 2007 (the **"Refunded Bonds"**) on October 26, 2017 (the **"Redemption Date"**), which issue was approved by a majority of the qualified electors in the City voting on the proposition at an election held on May 1, 2007.

### SECURITY

The full faith and credit of the City has been pledged to the payment of the principal or redemption price of and interest on the Bonds. The City has the power and is obligated to levy ad valorem taxes without limitation as to rate or amount upon all property subject to taxation by the City sufficient to pay the principal or redemption price of and interest on the Bonds, which taxes shall be in excess of and in addition to all other taxes now or hereafter authorized to be levied by the City. See "NEBRASKA LAWS RELATED TO BUDGETS AND TAXATION."

Among other factors affecting an investment in the Bonds, potential investors should be aware that the United States Bankruptcy Code enables debtors (including municipalities such as the City) that are insolvent to obtain relief through a petition and plan that may result in the modification or delay of payments to creditors, including registered owners of the Bonds. In the event the City becomes insolvent, the registered owners of the Bonds would be treated as general creditors of the City along with all other unsecured claimants. The extent to which the exception from limitations upon overall tax rates provided for in existing legislation might entitle registered owners of the Bonds to be treated as a separate class or otherwise given priority over other unsecured claimants is a matter that would be subject to future determinations of state and federal courts interpreting and applying both state law and the provisions of the United States Bankruptcy Code. Procedures under the United States Bankruptcy Code or other insolvency laws could result in delays in payment and modifications of payment rights.

The State of Nebraska has authorized its political subdivisions to seek relief under the United States Bankruptcy Code; provided, however, recent limitations have been imposed by the State. In 2017, the Nebraska Legislature (the "Legislature") passed and the Governor approved Legislative Bill 72 ("LB 72"), which prohibits a city or village in the State from filing for bankruptcy if its defined benefit retirement plan, if any, is below certain funding levels at the time of the filing of the bankruptcy petition as follows:

Period of Petition Filing	Funded Ratio of Actuarial Value of Assets
January 1, 2020 to January 1, 2023	Less than 51.65%
January 1, 2023 to January 1, 2026	Less than 54.41%
January 1, 2026 to January 1, 2029	Less than 58.21%
January 1, 2029 to January 1, 2032	Less than 63.41%
January 1, 2032 to January 1, 2035	Less than 70.71%
January 1, 2035 to January 1, 2038	Less than 80.61%
After January 1, 2038	Less than 90.00%

The City's funded ratio for its only defined benefit retirement plan, the Police and Fire Pension Plan, based on the actuarial value of assets as of August 31, 2016, and as discussed more fully in Footnote 13 to the City's audited financial statements attached hereto, was 78.74%. The City expects that its funded ratio will increase over time, and does not believe that the limitation imposed by LB 72 would prohibit the City from filing for bankruptcy.

### NEBRASKA LAWS RELATED TO BUDGETS AND TAXATION

The Legislature has enacted legislation intended to reduce the level of expenditures and property taxes by political subdivisions in the State. Sections 13-518 to 13-522, inclusive, Reissue Revised Statutes of Nebraska, as amended, and related sections (collectively, the **"Budget Limitations"**), limit the increase of certain restricted funds that may be budgeted by governmental units such as the City. Such restricted funds include property taxes, sales taxes and other funding sources comprising approximately 75% of funding sources used to fund the City's tax supported budget, but exclude restricted funds pledged to retire bonded indebtedness. The Budget Limitations currently provide for a base limitation of 2.5% upon increases plus the percentage increase in the property tax provided by new construction, improvements to existing property, annexations and new personal property added to the property tax base. The base limitation is subject to review by the Legislature from year to year and may be exceeded by an additional 1% upon an affirmative vote of at least 75% of the governing body. The Budget Limitations are enforced through the office of the Auditor of Public Accounts of the State and State aid may be withheld from governmental units that fail to comply. The Budget Limitations do not apply to the revenues of proprietary funds except to the extent such revenues are used for general fund purposes.

For the 2013-2014 fiscal year, the City was permitted to increase its appropriation of restricted funds under the Budget Limitations by 2.5%. Unused restricted fund authority from prior years can be carried over into future fiscal years to use in addition to the annual increases allowed. As of August 31, 2016, the City had accumulated \$7,163,429 of unused restricted funds authority which would be available for future fiscal years.

The Legislature has also enacted Section 77-3442, Reissue Revised Statutes of Nebraska, as amended, and related sections (collectively, the "Levy Limitations"), to provide overall limitations on the property tax levies of political subdivisions, including the City. The Levy Limitations expressly exclude any property taxes levied for bonded indebtedness. The maximum levy for the City is presently set at  $45\phi$  per \$100 of taxable valuation with an additional  $5\phi$  per \$100 of taxable valuation available to provide for the City's share of revenue required under any agreement executed by the City with another governmental unit pursuant to the Interlocal Cooperation Act or the Joint Public Agency Act. The City's current levy (excluding its bond levy) is \$.29964 per \$100 of taxable valuation on all the taxable property within the City.

Ad valorem taxes levied to pay debt service on the Bonds are not subject to either the Budget Limitations or the Levy Limitations. The City is authorized to levy ad valorem taxes without limitation as to rate or amount upon all of the taxable property in the City sufficient to pay the principal or redemption price of and interest on the Bonds, which taxes may be in excess of and in addition to all other taxes now or hereafter authorized to be levied by the City. The authority of the City to levy such taxes with respect to the Bonds is not subject to any charter, statutory or constitutional limitations.

Future legislation, decisions of the Nebraska Supreme Court, or initiative petitions proposed and passed by qualified voters in the State may alter the Budget Limitations and the Levy Limitations, or may otherwise modify the sources of and limitations on the revenues used by governmental units in the State to finance their activities.

## THE REFUNDING

On the date of issuance of the Bonds, a portion of the net proceeds thereof, together with certain other funds held by City with respect to the Refunded Bonds, will be deposited with the Paying Agent for the Refunded Bonds and applied to redeem the Refunded Bonds on the Redemption Date. After the issuance of the Bonds and the deposit of the proceeds thereof and other moneys with the Paying Agent for the Refunded Bonds, the Refunded Bonds will be payable from the deposit thereof held for such purpose, and the Refunded Bonds will no longer be deemed outstanding.

## ESTIMATED SOURCES AND USES OF FUNDS

## SOURCES OF FUNDS:

Principal Amount of the Bonds Plus: Aggregate Original Issue Premium Series 2007 Bond Fund	\$4,345,000.00 671,381.55 221,250.00				
TOTAL SOURCES:	<u>\$5,237,631.55</u>				
USES OF FUNDS:					
Refunding of Refunded Bonds Costs of Issuance (including Underwriters' Discount)	\$5,173,177.08 <u>64,454.47</u>				
TOTAL USES:	<u>\$5,237,631.55</u>				

[The remainder of this page intentionally left blank]

## THE BONDS

## General

The Bonds will be initially issued in fully registered, book-entry form, in denominations of \$5,000 or any integral multiple thereof, will have a date of original issue (the **"Date of Original Issue"**) of the date of delivery thereof, will bear interest from the Date of Original Issue payable on June 1 and December 1 of each year, commencing December 1, 2017, will mature on June 1 in the years and in the principal amounts, and will bear interest at the rates (calculated on the basis of a 30-day month and a 360-day year) as set forth on the cover page of this Official Statement. Each installment of interest will be payable by check or draft mailed by the Registrar on the due date thereof (or on the next business day if such due date falls on a Saturday, Sunday or bank holiday applicable to the Registrar) to the registered owner of a Bond as shown on the bond registration records of the City maintained by the Registrar as of the Record Date (hereinafter defined). The principal of each Bond will be payable upon the surrender of such Bond to the Registrar. The **"Record Date"** for each installment of interest shall be the fifteenth day (whether a business day or not) next preceding such interest payment date.

## **Book-Entry System**

*General*. The Depository Trust Company ("**DTC**"), New York, New York, will act as securities depository for the Bonds. The ownership of one fully registered Bond for each maturity, as set forth on the cover page of this Official Statement, each in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., as the nominee for DTC. Ownership interests in the Bonds will be available to purchasers only through a book-entry system maintained by DTC (the "Book-Entry System"). A description of DTC, the Book-Entry System and definitions of initially capitalized terms used herein are found in "APPENDIX C - BOOK-ENTRY SYSTEM" to this Official Statement.

*Risk Factors*. Beneficial Owners of the Bonds may experience some delay in their receipt of distributions of the principal or redemption price of and interest on the Bonds because such distributions will be forwarded by the Registrar to DTC, credited by DTC to its Direct Participants, and then credited to the accounts of the Beneficial Owners either directly or indirectly through Indirect Participants.

Because transactions in the Bonds can only be effected through DTC, DTC Participants and certain banks, the ability of a Beneficial Owner to pledge Bonds to persons or entities that do not participate in the Book-Entry System, or otherwise to take actions in respect of such Bonds, may be limited due to the lack of physical certificates. Beneficial Owners will not be recognized by the Registrar as registered owners for purposes of the Bond Ordinance, and Beneficial Owners will be permitted to exercise the rights of registered owners only indirectly through DTC and DTC Participants.

## Interchangeability and Transfer

The Bonds, upon surrender thereof to the Registrar with a written instrument of transfer satisfactory to the Registrar duly executed by the registered owner or its duly authorized attorney, may, at the option of the registered owner thereof, be exchanged for an equal aggregate principal amount of Bonds in registered form of the same series, rate of interest, maturity and of any authorized denomination.

In all cases in which the privilege of exchanging or transferring the Bonds is exercised, the City shall execute and the Registrar shall deliver the Bonds in accordance with the Bond Ordinance. For every such transfer or exchange of Bonds, the Registrar shall require the payment by the registered owner requesting

such transfer or exchange of any tax or other governmental charges payable with respect thereto, and may charge a sum not exceeding the actual cost for each new Bond.

Neither the City nor the Registrar is required to make any such exchange or registration of transfer of Bonds during the period between a Record Date and the next succeeding interest payment date or, in the case of any proposed redemption of Bonds, after notice of the redemption of such Bonds or any portion thereof shall have been given pursuant to the Bond Ordinance.

The foregoing procedures do not apply to Beneficial Owners, whose transfer and exchange privileges will be governed by the procedures described under **"THE BONDS - Book-Entry System"** so long as the Bonds are held in book-entry format.

## No Optional Redemption

The Bonds are not subject to redemption at the option of the City prior to the maturity thereof.

## RATING

Standard & Poor's, a division of The McGraw-Hill Companies, has assigned the Bonds the rating of "AAA." Such rating reflects only the views of such organization, and an explanation of the significance of such rating may be obtained from Standard & Poor's Ratings Services, 55 Water Street, New York, New York, 10041, telephone (212) 438-2124.

Generally, a rating agency bases its rating on such information and materials and investigations, studies and assumptions furnished to and obtained and made by the rating agency. The debt rating is not a recommendation to purchase, sell or hold a security, inasmuch as it does not comment as to market price or suitability for a particular investor. There is no assurance that the above rating will remain for any given period of time or that it may not be lowered, suspended or withdrawn entirely by such rating service if it deems circumstances are appropriate. Any downward change in, suspension or withdrawal of the rating may have an adverse effect on the market price of the Bonds.

## TAX MATTERS

The following is a summary of the material federal and State of Nebraska income tax consequences of holding and disposing of the Bonds. This summary is based upon laws, regulations, rulings and judicial decisions now in effect, all of which are subject to change (possibly on a retroactive basis). This summary does not discuss all aspects of federal income taxation that may be relevant to investors in light of their personal investment circumstances or describe the tax consequences to certain types of owners subject to special treatment under the federal income tax laws (for example, dealers in securities or other persons who do not hold the Bonds as a capital asset, tax-exempt organizations, individual retirement accounts and other tax deferred accounts, and foreign taxpayers), and, except for the income tax laws of the State of Nebraska, does not discuss the consequences to an owner under any state, local or foreign tax laws. The summary does not deal with the tax treatment of persons who purchase the Bonds in the secondary market. Prospective investors are advised to consult their own tax advisors regarding federal, state, local and other tax considerations of holding and disposing of the Bonds.

## **Opinion of Bond Counsel**

In the opinion of Gilmore & Bell, P.C., Bond Counsel, under the law existing as of the issue date of the Bonds:

*Federal and Nebraska Tax Exemption.* The interest on the Bonds is excludable from gross income for federal income tax purposes and is exempt from income taxation by the State of Nebraska.

*Alternative Minimum Tax.* Interest on the Bonds is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations.

*Bank Qualification.* The Bonds have not been designated as "qualified tax-exempt obligations" for purposes of Section 265(b)(3) of the Code.

Bond counsel's opinions are provided as of the date of the original issue of the Bonds, subject to the condition that the City comply with all requirements of the Code that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The City has covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause the inclusion of interest on the Bonds in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. Bond Counsel is expressing no opinion regarding other federal, state or local tax consequences arising with respect to the Bonds but has reviewed the discussion under the heading **"TAX MATTERS."** 

## **Other Tax Consequences**

**Original Issue Premium.** If a Bond is issued at a price that exceeds the stated redemption price at maturity of the Bond, the excess of the purchase price over the stated redemption price at maturity constitutes "premium" on that Bond. Under Section 171 of the Code, the purchaser of that Bond must amortize the premium over the term of the Bond using constant yield principles, based on the purchaser's yield to maturity. As premium is amortized, the owner's basis in the Bond and the amount of tax-exempt interest received will be reduced by the amount of amortizable premium properly allocable to the owner. This will result in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes on sale or disposition of the Bond prior to its maturity. Even though the owner's basis is

reduced, no federal income tax deduction is allowed. Prospective investors should consult their own tax advisors concerning the calculation and accrual of bond premium.

Sale, Exchange or Retirement of Bonds. Upon the sale, exchange or retirement (including redemption) of a Bond, an owner of the Bond generally will recognize gain or loss in an amount equal to the difference between the amount of cash and the fair market value of any property received on the sale, exchange or retirement of the Bond (other than in respect of accrued and unpaid interest) and such owner's adjusted tax basis in the Bond. To the extent a Bond is held as a capital asset, such gain or loss will be capital gain or loss and will be long-term capital gain or loss if the Bond has been held for more than 12 months at the time of sale, exchange or retirement.

**Reporting Requirements.** In general, information reporting requirements will apply to certain payments of principal, interest and premium paid on the Bonds, and to the proceeds paid on the sale of the Bonds, other than certain exempt recipients (such as corporations and foreign entities). A backup withholding tax will apply to such payments if the owner fails to provide a taxpayer identification number or certification of foreign or other exempt status or fails to report in full dividend and interest income. The amount of any backup withholding from a payment to an owner will be allowed as a credit against the owner's federal income tax liability.

**Collateral Federal Income Tax Consequences.** Prospective purchasers of the Bonds should be aware that ownership of the Bonds may result in collateral federal income tax consequences to certain taxpayers, including, without limitation, financial institutions, property and casualty insurance companies, individual recipients of Social Security or Railroad Retirement benefits, certain S corporations with "excess net passive income," foreign corporations subject to the branch profits tax, life insurance companies, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry or have paid or incurred certain expenses allocable to the Bonds. Bond Counsel expresses no opinion regarding these tax consequences. Purchasers of Bonds should consult their tax advisors as to the applicability of these tax consequences and other federal income tax consequences of the purchase, ownership and disposition of the Bonds, including the possible application of state, local, foreign and other tax laws.

### **CONTINUING DISCLOSURE**

The City is executing the Continuing Disclosure Undertaking for the benefit of the owners and Beneficial Owners of the Bonds and in order to assist the underwriter in complying with Rule 15c2-12 of the Securities and Exchange Commission (the "**Rule**"). The City is the only "obligated person" within the meaning of the Rule with responsibility for continuing disclosure. The City believes it has complied in all material respects with its prior undertakings under the Rule in the past five years.

*Annual Reports*. Pursuant to the Continuing Disclosure Undertaking, the City shall, not later than **May 1** of each year, commencing May 1, 2018, provide to the Municipal Securities Rulemaking Board ("**MSRB**") the following financial information and operating data (the "**Annual Report**"):

(a) The audited financial statements of the City for the prior fiscal year, prepared in accordance with generally accepted accounting principles. If audited financial statements are not available by the time the Annual Report is required to be filed, the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the final Official Statement relating to the Bonds, and the audited financial statements shall be filed in the same manner as the Annual Report promptly after they become available.

(b) Updates as of the end of the fiscal year of the financial information and operating data relating to the City contained in **APPENDIX A** of this Official Statement in substantially the same format contained in this Official Statement.

*Material Event Notices*. Pursuant to the Continuing Disclosure Undertaking, not later than 10 business days after the occurrence of any of the following events, the City shall also give, or cause a dissemination agent to give, notice of the occurrence of any of the following events with respect to the Bonds ("Material Events"):

- (1) principal and interest payment delinquencies;
- (2) non-payment related defaults, if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions; the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (7) modifications to rights of bondowners, if material;
- (8) bond calls, if material, and tender offers;
- (9) defeasances;
- (10) release, substitution or sale of property securing repayment of the Bonds, if material;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the City;
- (13) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material.

If the City has not submitted the Annual Report to the MSRB by the date specified above, the City shall send a notice to the MSRB of the failure of the City to file the Annual Report on a timely basis, which notice shall be given by the City in accordance with the above procedures.

The City may, from time to time, appoint or engage a dissemination agent to assist it in carrying out its obligations under the Continuing Disclosure Undertaking, and may discharge any such dissemination agent, with or without appointing a successor dissemination agent. The dissemination agent shall not be responsible in any manner for the content of any notice or report prepared by the City pursuant to the Continuing Disclosure Undertaking.

Notwithstanding any other provision of the Continuing Disclosure Undertaking, the City and any dissemination agent may amend the Continuing Disclosure Undertaking (and such dissemination agent shall agree to any amendment so requested by the City) and any provision of the Continuing Disclosure Undertaking may be waived, provided Bond Counsel or other counsel experienced in federal securities law matters provides the City and any dissemination agent with its opinion that the undertaking of the City, as so amended or after giving effect to such waiver, is in compliance with the Rule and all current

amendments thereto and interpretations thereof that are applicable to the Continuing Disclosure Undertaking.

In the event of a failure of the City or any dissemination agent to comply with any provision of the Continuing Disclosure Undertaking, any owner or Beneficial Owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the City or any dissemination agent, as the case may be, to comply with its obligations under the Continuing Disclosure Undertaking. A default under the Continuing Disclosure Undertaking shall not be deemed an event of default under the Ordinance, and the sole remedy under the Continuing Disclosure Undertaking in the event of any failure of the City or any dissemination agent to comply with the Continuing Disclosure Undertaking shall be an action to compel performance.

*Electronic Municipal Market Access System (EMMA)*. All Annual Reports and notices of Material Events required to be filed by the City or the dissemination agent pursuant to the Continuing Disclosure Undertaking must be submitted to the MSRB through the MSRB's Electronic Municipal Market Access system ("EMMA"). EMMA is an internet-based, online portal for free investor access to municipal bond information, including offering documents, material event notices, real-time municipal securities trade prices and MSRB education resources, available at www.emma.msrb.org. Nothing contained on EMMA relating to the City or the Bonds is incorporated by reference in this Official Statement.

### LITIGATION

There is not now pending any litigation restraining or enjoining the issuance or delivery of the Bonds or questioning or affecting the validity of the Bonds or the proceedings and authority under which they are to be issued. Neither the creation, organization or existence of the City, nor the title of the members of the Council or other officers of the City to their respective offices is being contested or questioned.

There is no litigation pending that in any manner questions the right of the City to pass the Bond Ordinance pursuant to which the Bonds are being issued.

### LEGAL MATTERS

All legal matters incident to the authorization and issuance of the Bonds are subject to the approval of Gilmore & Bell, P.C., Omaha, Nebraska, Bond Counsel. Bond Counsel has participated in the preparation of this Official Statement, but the factual and financial information appearing herein has been supplied or reviewed by certain officials of the City and other sources as referred to herein, and Bond Counsel expresses no opinion as to the accuracy or sufficiency thereof except for the information under **"THE BONDS," "LEGAL MATTERS"** and **"TAX MATTERS."** 

## **INDEPENDENT AUDITORS**

The financial statements and schedules of the City for the year ended August 31, 2016, included in "APPENDIX B – FINANCIAL STATEMENTS," have been audited by BKD LLP, independent auditors, as stated in their report appearing herein. The City did not request BKD LLP to perform any updating procedures subsequent to the date of its audit report on the August 31, 2016 financial statements.

## MISCELLANEOUS

All estimates and assumptions herein have been made on the basis of the best information available and are believed to be reliable, but no representations whatsoever are made that such estimates or assumptions are current or will be realized. So far as any statements herein involve matters of opinion, whether or not expressly so stated, they are intended merely as such and not as representations of fact.

The information set forth in this Official Statement should not be construed as representing all of the conditions affecting the City or the Bonds.

This Official Statement is issued by the City.

## THE CITY OF LINCOLN, NEBRASKA

APPENDIX A

# THE CITY OF LINCOLN

#### THE CITY OF LINCOLN

#### <u>General</u>

Lincoln, the capital of Nebraska, is located in southeastern Nebraska near the center of population of the state. The City was originally incorporated in 1869. It is approximately midway between Chicago and Denver. It has an area of 94.90 square miles, and in its growth and development has annexed five other municipalities so that the City includes most of the urban area of Lancaster County. It enjoys a unique position in Nebraska as the center of the state governmental and educational activities.

#### **Population**

The 1980 population of the City was 171,932; the 1990 population was 191,972; the 2000 population was 225,588; and the 2010 population was 258,379, a 14.5 percent increase over the 2000 count. The 2010 count represents 90.5 percent of the population of Lancaster County, the county in which the City is located. The estimated 2016 population is 277,348.

#### City Government

The City, operating under a home rule charter, has a mayor-council form of government with an elected full-time chief executive, the Mayor, and an elected legislative body, the Council, composed of seven members. Three are elected at large and four by district on a nonpartisan basis for a term of four years. The administration of City government is performed under the direction of the Mayor by administrative departments.

City government has a broad range of responsibilities, including electric, water, and sanitary sewer systems, and an impressive park and playground system of over 6,814 acres maintained for public use, nine public swimming pools, and five public golf courses. The City has cooperated actively with the county government in several joint governmental buildings, and in other specific areas of responsibility, including health, planning, civil defense, data processing, tax collection, parks, and jail facilities. There are cooperative agreements with the United States government on parks and flood control, with the University of Nebraska on planning and property transfer, with the area Watershed District on flood control, and with the Lincoln School District on recreation.

#### **Transportation**

The Lincoln metropolitan area is served by Interstate 80, and U.S. Highways 2, 6, 34, and 77.

Lincoln is served by two commercial airports with daily shuttle service available between locations. The Lincoln Municipal Airport is located less than 10 minutes from downtown and has daily departures to Chicago, Denver, Minneapolis and Atlanta. Eppley Airfield, located in east Omaha, is 65 minutes from downtown Lincoln and offers service from numerous airlines. Together the two airports offer more than 100 arrivals and departures daily. The Lincoln Municipal Airport also offers General Aviation services. The General Aviation runway is 8,649 feet long, and the runway is lit dusk to dawn.

Railroad transportation facilities include those of Burlington Northern/Santa Fe and Union Pacific, both maintaining yards in Lincoln. AMTRAK provides daily passenger and package express services. Ground transportation is furnished by Greyhound/Black Hills Stage Lines, multiple taxi companies, Uber and local StarTran bus services.

The average commute in Lincoln is 18 minutes and nearly 18 percent of area commuters spend less than 10 minutes on the road.

#### **Government Center**

The State Capitol, an architectural achievement located in Lincoln, is considered one of the most impressive in all the 50 states. Other state governmental facilities in the City include the Nebraska Educational Telecommunications facility, the Nebraska Game and Parks Commission headquarters, the Lincoln Regional Center (state hospital), and the Nebraska Penal Complex.

Federal agencies in Lincoln include regional offices of the U.S. Department of Agriculture (Mid-West Regional Technical Service Center), the Immigration & Naturalization Service and the Veterans Administration, as well as the state offices of other federal agencies. There is also a U.S. Veterans Medical Facility.

Lancaster County offices are also located in Lincoln, the county seat.

#### **Education**

The University of Nebraska, with approximately 25,897 students, Nebraska Wesleyan University, with approximately 2,100 students, Union College, with approximately 893 students, Kaplan University, with approximately 548 students, Bryan LGH College of Health Sciences with approximately 700 students, and Southeast Community College, with 9,212 students and with a number of facilities for both full-time and part-time occupational training, are located in the City of Lincoln. The City's modern and progressive school system, with an enrollment of over 40,935 is served by 6 high schools, 11 middle schools, and 39 elementary schools. Lincoln is home to over 30 private and parochial schools. Lincoln's private school offerings range from pre-K to high school institutions. Affiliations include Roman Catholic, Lutheran, SDA, and nondenominational Christians.

<sup>2</sup>Lancaster County Assessor.

#### **Police and Fire Protection**

Lincoln has fourteen fire stations manned by 281 firefighters and three police stations with 321 police officers.

#### **<u>City Employee Information</u>**

For the 2016-2017 fiscal year, contracts have been signed with three of our unions. Unions include: the Lincoln Police Union (LPU) representing police officers; the International Association of Firefighters (IAF) representing firefighters, the Amalgamated Transit Union (ATU) representing transit workers, the Public Association of Government Employees (PAGE) representing labor, trades, and clerical personnel, the City Employees Association (CEA) representing supervisory, highly technical, and professional personnel, and the Lincoln M Class Employees Association (LMCEA) representing upper management, administration and professional personnel. The IAF, PAGE, and LMCEA contracts have not been negotiated and are operating under the terms of their prior year contracts. The LPU contract will expire at the end of August, 2019 and ATU and LCEA contracts will expire at the end of August, 2018.

Since the inception of labor contracts in 1970, the City of Lincoln has been able to handle its labor relations in such a manner as to avoid interruptions, although it has been necessary to use the facilities of the Nebraska Commission of Industrial Relations on issues involving the International Association of Firefighters, International Brotherhood of Police Officers, and the Public Association of Government Employees.

#### Authority to Levy Taxes

Article IX, Section 3 of the Home Rule Charter of the City provides that the City shall have power to levy a tax each year for general revenue purposes upon all property subject to taxation; provided that the maximum amount of taxes that can be levied by the City in any one year for general revenue purposes shall not exceed an amount known as the City tax limit. The City tax limit is a tax ceiling established by using the September 1, 1966 City dollar tax limit as an initial tax limit, and increasing that tax limit each year following 1966 by 7% so that in each fiscal year thereafter, the amount of the City tax limit shall be the amount of the city tax limit for the previous year, plus 7% thereof. In addition, the City also has the power to levy taxes each year sufficient to pay any judgment existing against the City and the interest on bonded debt and the principal on any bonded debt maturing during the fiscal year or within six months thereafter, as well as taxes authorized by state law. The City is also authorized to receive all taxes collected and distributed pursuant to state law and in lieu of tax payments imposed by law. The 2016 tax levy for the 2016-2017 fiscal year is \$145,337,630 below the legal limit, a tax rate per \$100 valuation of .33366. The assessed value upon which the 2016 levy is based is \$18,870,825,564. By charter, only 90% of the property tax levy may be appropriated.

For the 2016-2017 fiscal year the City is subject to a state imposed lid on the appropriation of "restricted funds", that are revenues received from property tax, sales tax, state aid, in-lieu of tax and highway allocation fees. Bonded indebtedness, capital improvements, and costs associated with inter local agreements are exempt from the lid. For 2016-2017 the City can also use authority equal to the greater of 2.5% or the amount of real growth in the tax base that was 2.24%. An additional 1% can be authorized by a 75% vote of the City Council but was not utilized for the 2016-2017 budget. The 2016-2017 budget is \$4,698,337 below the state imposed lid limit.

#### PROPERTY TAX LEVIED AND COLLECTED LAST TEN YEARS

The fiscal year of the City begins September 1 and ends August 31. Taxes are levied in October. First installments of real estate taxes are delinquent the following April 1, second installments delinquent August 1; personal property taxes are delinquent April 1 and August 1. Delinquent taxes bear 14 percent interest. The figures below include interest and penalties. The figures below do not include motor vehicle in lieu of ad valorem taxes.

Wal-Mart Real Estate Trust	Retail Management	39,070,700	0.21%
		\$ 659,376,157	3.56%

## CITY SALES TAX INFORMATION

The City had a one percent (1%) sales and use tax through June 30, 1985. Effective July 1, 1985 the sales and use tax was raised to one and one half percent (1.5%). These taxes are administered and collected for the City by the State of Nebraska. The State receives three percent (3%) for their service. The City has had a sales tax since 1969.

The City issues general obligation, special assessment, and revenue bonds to finance the acquisition and construction of major capital assets. Bonded indebtedness has also been entered into to advance refund several general obligation and revenue bonds. General obligation bonds are direct obligations and pledge the full faith and credit of the government. Special assessment bonds are repaid from amounts levied against affected property owners, but in the unlikely event collections are not sufficient to make debt payments, the responsibility rests with the City to meet that obligation. For revenue bonds the government pledges income derived from the acquired or constructed assets to pay the debt service.

Net position of \$2,963,014, \$3,822,761, \$3,739,518, and \$1,990,300 is currently available in the debt service funds to service the Tax Allocation Bonds, General Obligation Bonds, Tax Supported Bonds, and Special Assessment Bonds, respectively. Revenue Bonds are funded partially from reserve accounts set up for debt repayment and partially from proceeds of daily operations.

The City has entered into lease agreements for financing the acquisition of land, buildings, street lights, emergency ambulances and defibrillators, fire engines, golf equipment and computer equipment and software. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future

minimum lease payments as of the inception date. Assets acquired through capital leases are as follows:

	_	Governmental Activities	 Business-Type Activities
Land	\$	1,780,066	\$ 210,000

Less Accumulated Depreciation,			
(where applicable)	_	(14,751,762)	 (2,547,215)
Total	\$	47,948,746	\$ 2,522,577

Under the City's Home Rule Charter, there is no legal debt limit. The various bond indentures contain significant limitations and restrictions on annual debt service requirements, minimum amounts to be maintained in various bond reserve funds, and minimum revenue bond coverage.

The general obligation debt of all local governmental units which provide services within the City's boundaries and which debt must be borne by properties in the City (commonly called overlapping debt) as of August 31, 2016, is summarized below (unaudited):

Governmental Units	Debt Outstanding	Estimated Percentage Applicable	Direct And Overlapping Debt To The City
Direct:			
City \$	500,161,000	100.0 %	\$ 500,161,000
Overlapping:			
School District #1	400,872,535	99.5	398,868,000
Public Building Commission	38,500,000	85.4	32,879,000
Lancaster County Correctional Facility	46,680,000	85.4	39,865,000
Lancaster County Fairgrounds	9,300,000	85.4	7,942,000
	495,352,535		479,554,000
Total \$	995,513,535		\$ 979,715,000
School District #1 Public Building Commission Lancaster County Correctional Facility Lancaster County Fairgrounds	38,500,000 46,680,000 9,300,000 495,352,535	85.4 85.4	32,879,000 39,865,000 7,942,000 479,554,000

The City has no direct liability for the School District, Public Building Commission, Lancaster County Fairgrounds or Lancaster County Correctional Facility debt summarized above. This results in a per capita direct City debt of \$1,803.37; a per capita direct and overlapping debt of \$3,532.44; a ratio of direct City debt to 2016 actual valuation of 2.71 percent; and a ratio of direct and overlapping debt to 2016 actual valuation of 5.31 percent.

In addition to the governmental units listed above, the Airport Authority of the City of Lincoln, Nebraska (the "Airport Authority"), a body politic and corporate separate and distinct from the City of Lincoln, provides services within the City's boundaries and has overlapping general obligation indebtedness. As of June 30, 2016, the Airport Authority had outstanding \$55,480,000 in aggregate principal amount of its general obligation airport bonds. The bonds are secured by a pledge of all revenues and income derived by the Airport Authority directly or indirectly from the ownership, use and operations of the Airport. The Airport Authority is authorized to levy a property tax, at a rate not to exceed three and five-tenths cents (\$.035) on each \$100 of taxable valuation, on all the taxable property in the City. The Airport Authority has not levied a property tax since 1985 for any purpose, including airport operating expenses or debt service on its bonds.

### Debt Payment Record

The City of Lincoln has never defaulted on its obligation to pay principal or interest on its indebtedness.

### **Contingencies**

The City is a defendant in a number of lawsuits in its normal course of operations and management is of the opinion that ultimate settlement of such lawsuits will not have a materially adverse effect on the financial statements.

#### RATIO OF ANNUAL DEBT SERVICE EXPENDITURES FOR GENERAL BONDED DEBT TO TOTAL GENERAL EXPENDITURES LAST TEN FISCAL YEARS

MAYOR CHRIS BEUTLER 555 South 10th Street - Suite 301 Lincoln, NE 68508 402.441.7511 fax: 402.441.7120 lincoln.ne.gov

February 23, 2017

Dear Citizens and Public Officials:

It is my pleasure to submit the City of Lincoln's Comprehensive Annual Financial Report for the fiscal year ended August 31, 2016.

Ensuring both fiscal and operational accountability in our use of public resources is a priority for my Administration, and this report is essential to that effort. This report provides a complete and accurate picture of the City's financial status and fulfills our continuing disclosure responsibilities in accordance with governmental reporting standards.

Our ability to manage the City's fiscal affairs and provide a full disclosure of the City's fiscal condition is exhibited by the unqualified audit opinion that follows. I am proud to report that the 2015 report submitted to the Government Finance Officers Association was recognized with the prestigious Certificate of Achievement for Excellence in Financial Reporting for the 33rd consecutive year. This recognition is a credit to the City and a compliment to our dedicated Finance Department.

I would like to thank the Finance Department employees for their commitment in dealing with these complex accounting issues and to all City departments for their cooperation in the preparation of this document.

Sincerely,

Chris Beutler Mayor of Lincoln

## CITY OF **NEBRASKA**

555 S. 10th St Suite 103 Lincoln, NE 68508 402-441-7411 fax: 402-441-8325 lincoln.ne.gov

February 23, 2017

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Lincoln:

Both the City Charter and State law require an annual audit of the City's funds and accounts be made by a recognized independent and qualified accountant covering all financial transactions, affairs, and financial condition of the City, with the audit report published within six months after the close of the fiscal year. Pursuant to this requirement, the Comprehensive Annual Financial Report (CAFR) of the City of Lincoln, Nebraska for the fiscal year ended August 31, 2016, is hereby submitted.

Responsibility for both the accuracy of the data found in this report, and the completeness and fairness of the presentation, including all disclosures, rests with management. In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss, theft, or misuse, and to ensure the reliability of financial records for preparing financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal, state and local financial assistance, the City is also responsible for ensuring that an adequate internal control structure is in place to ensure and document compliance with applicable laws and regulations related to these programs. The federal government, under Title 2 U.S. Code of Federal Regulations Part 200, requires local governments that expend \$750,000 or more in federal funds in any fiscal year to have a financial and compliance audit performed. As part of the City's Single Audit, tests were made of the City's internal control structure over compliance and its compliance with applicable laws and regulations, including those related to major federal financial assistance programs. The Single Audit for the year ended August 31, 2016, disclosed no material internal control weaknesses. The independent auditor's reports are included in the Single Audit section found at the end of the CAFR.

To the best of management's knowledge and belief, the enclosed data are accurate in all material respects and reported in a manner designed to present fairly the financial position and financial activities of the City. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities as specified by all currently effective statements of the Governmental Accounting Standards Board have been included.

A firm of licensed certified public accountants has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City are free of material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the City's financial statements for the fiscal year ended August 31, 2016, are fairly presented in conformity with GAAP.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found in the Financial Section immediately following the report of the independent auditors.

#### **Profile of the City**

The City of Lincoln, capital city of Nebraska, was originally incorporated on April 7, 1869. Lincoln is located in the southeastern corner of the state, is midway between Chicago and Denver, and is currently one of the fastest growing metro areas in the Midwest. It occupies a land area of approximately 95 square miles, serves a population of approximately 277,000, and in its growth and development has annexed five other municipalities so that the City includes most of the urban area of Lancaster County. It enjoys a unique position in Nebraska as the center of the state's governmental and educational activities.

The City operates under a Home Rule Charter and has a Mayor-Council form of government with an elected full-time chief executive, the Mayor, and an elected legislative body, the Council, composed of seven members. Three Council members are elected at large and four by district on a nonpartisan basis for a term of four years. All legislative powers of the City are exclusively vested in the Council, as well as the power to adopt the budget, set the tax levy, and equalize taxes and assessments. The Mayor is responsible for the proper conduct of the affairs of the City, with the administration of City government performed under the direction of the Mayor through administrative departments.

The City of Lincoln provides a full range of services, including public safety (police and fire); the construction and maintenance of highways, streets, and other infrastructure; health; planning and zoning; golf courses, parks and recreation; urban development; mass transportation; ambulance transport; electric, water, and wastewater utilities; solid waste management; entertainment centers; parking facilities; and general administrative services.

The City Council exercises budgetary and/or rate setting authority over the City Library and Lincoln Electric System (LES), neither of which are legally separate from the City and are thus included as part of the primary government. The Lincoln Water System, Lincoln Wastewater System, Emergency Medical Services, Solid Waste Management, Parking Facilities and Lots, Golf Courses, Pinnacle Bank Arena, Broadband Enterprise, and Community Health Endowment are all part of administrative departments under the direction of the Mayor and are included as part of the primary government. The City is considered to be financially accountable for the West Haymarket Joint Public Agency, and has included the Agency as part of the primary government as a blended component unit. Separately audited financial statements are available for LES, Lincoln Water System, Lincoln Wastewater System, Emergency Medical Services, Solid Waste Management, Parking System, Community Health Permanent Endowment Trust, and West Haymarket Joint Public Agency.

The biennial budget serves as the basis for the City of Lincoln's financial planning and control. Following public hearings and not later than five days prior to the beginning of the biennium, the budget is legally adopted by resolution of the City Council. Appropriation controls are required at the department level, however, as a matter of policy and practice, appropriations generally are controlled at the next level of organization (division) or by fund within a department. The Mayor has the authority to transfer balances within a department as well as lower appropriations in any fund where actual revenues are less than appropriated in order to avoid incurring a budget deficit for the year. Appropriation transfers between departments may only be authorized by resolution of the City Council. The Council may not make any appropriations in tax supported funds in addition to those authorized in the biennial budget, except in the event of an emergency threatening serious loss of life, health, or property in the community.

#### **Economic Condition and Outlook**

Population growth is one of the best indicators of a community's economic well-being. As such, the Lincoln metropolitan area's population growth during the past several years reflects a community that is economically viable and is strongly positioned to meet future challenges.

The Lincoln metropolitan area population base (Lancaster County) continues to demonstrate a pattern of sustained growth. According to the U. S. Census figures, Lancaster County's rate of growth between 2000 and 2015 has been 22% or approximately 1.33% per year. The 2015 population of Lancaster County has been estimated to be in excess of 306,000 persons.

While such a growth rate may be modest by some standards, this healthy pace of expansion places Lincoln as one of the fastest growing communities in this region. Recent projections envision Lincoln to continue to grow at a rate of over 1% per year. As importantly, the City of Lincoln continues to absorb about 90% of all growth in Lancaster County.

Lincoln's unemployment rate at August 31, 2016, was 3.0%, well below the national average of 4.9%, with employment strongest in the categories of government, educational & health services, and retail trade. Lincoln's current number of construction permits is up 7.5% when compared to levels 5 years ago, with an increase in the value of construction permits of over \$155 million.

To more aggressively pursue economic opportunities, the City, Lancaster County, and LES have partnered to hire an economic development coordinator to facilitate job creation in the private sector. In addition, the Mayor's Technology Council completed its technology audit, which led to a new strategic plan for economic development.

Net sales and use tax revenue increased \$14,123,256 or 20% from the previous fiscal year, of which \$11,254,204 comes from a voter approved .25% tax increase, effective October 1, 2015, to fund replacement of the City's emergency 911 radio system and the construction and/or relocation of four fire stations.

#### **Long-Term Planning and Major Initiatives**

#### Urban Development

The City anticipates approximately \$28 million of public expenditures funded through various urban development projects and programs over the next three years. These projects are varied in type and size and are located in the Downtown and Haymarket areas, North 27<sup>th</sup> Street, the Antelope Valley project area, older commercial areas, and in low-moderate income neighborhoods throughout the City.

Public financing will be provided by a variety of sources, including Tax Increment Financing (TIF), Parking Revenues, CDBG, HOME grants, Advanced Land Acquisition funds, Special Assessments, and General Fund. Funding is often combined with developer, grant or other private sector funds.

The City's involvement will vary depending upon the project and could likely include property acquisition, relocation and demolition; housing rehabilitation and development; commercial development; and construction of public improvements including parking, sidewalks, infrastructure and streetscapes.

Ongoing and anticipated future projects include:

- Downtown Redevelopment Projects:
  - 1) West Haymarket, Block 2 project.
  - 2) West Haymarket, Block 4 project.
  - 3) West Haymarket, Block 5 project.
  - 4) Lumberworks Liner Building project.
  - 5) Schwarz Paper project.
  - 6) P Street East project.
  - 7) Pershing Redevelopment project.

- 8) Telesis/Dairy House Phase II.
- 9) South Haymarket streetscape.
- 10) 700 O Street project.
- 11) Historic Haymarket streetscape.
- 12) 1222 P Street.
- 13) 11<sup>th</sup> & P redevelopment project.
- 14) 9<sup>th</sup> and O Hotel project.
- New Downtown Parking Garage. Parking Services Division has completed a demand and occupancy study that will assist in determining the location of a new downtown parking facility. Site acquisition will be next.
- Antelope Valley Redevelopment Projects:
  - 1) Telegraph District redevelopment.
  - 2) Aspen housing.
  - 3) Antelope Square housing.
- University Place redevelopment:
  - 1) Former Green's Plumbing site.
  - 2)  $48^{\text{th}}$  & Leighton mixed use.
  - 3) 48<sup>th</sup> & Holdrege project.
- West O Street redevelopment will be on a project-by-project basis and the completion of the historic Detroit-Lincoln-Denver marker project.
- Havelock Redevelopment Project, SSH Architecture.
- NW Corridor redevelopment (West Cornhusker Highway).
- Innovation Campus redevelopment.
- 56<sup>th</sup> and Arbor Road redevelopment.
- North Cotner redevelopment.
- Housing rehabilitation programs for quality, affordable housing and home ownership:
  - 1) Continuation of First-time Homebuyer and Owner-Occupied Housing Rehabilitation Loan programs.
  - 2) Partner with NeighborWorks-Lincoln for their Home Ownership Zone in Antelope Valley.
  - 3) Partner with other non-profit and for-profit housing organizations for affordable housing projects in low-to-moderate income neighborhoods under the Mayor's Stronger Safer Neighborhoods Program.
- Real estate major acquisition, negotiation and relocation projects:
  - 1) For effective transportation:
  - ✓ Yankee Hill Roadway, 70<sup>th</sup> to 81<sup>st</sup> Street.
  - ✓ NW  $48^{\text{th}}$ , Adams to Vine.
  - ✓ Coddington and West Van Dorn intersection improvements.
  - ✓ Yankee Hill intersection,  $56^{\text{th}}$  to  $70^{\text{th}}$ .
  - ✓ Pine Lake Road,  $61^{st}$  to Hwy 2.
  - ✓ Rokeby Road, 40<sup>th</sup> to 56<sup>th</sup> and 70<sup>th</sup> to 84<sup>th</sup> Streets.
  - $\checkmark$  14<sup>th</sup> and Cornhusker Hwy safety project.
  - ✓ 33<sup>rd</sup> and Cornhusker Hwy RTSD project.
  - ✓ Yankee Hill, 81<sup>st</sup> to 91<sup>st</sup> Street.

- ✓  $14^{\text{th}}/\text{Old Cheney/Warlick intersection.}$
- ✓ South 84<sup>th</sup>, Hwy 2 to Rokeby Road.
- ✓ East Beltway preliminary acquisitions.
- ✓ South Beltway preliminary acquisitions.
- ✓ Arterial/residential rehabs, executive
- order, traffic signals.
- ✓  $66^{\text{th}}$  & Fremont safety project.
- ✓ West A Street, Folsom to SW  $40^{th}$  Street
- ✓ New LFR & LPD station acquistions.

- 2) For environmental quality:
- ✓ Park sites citywide.
- ✓ Stevens Creek sanitary sewer Phase III, IV & V.
- ✓ Yankee Hill water main, 56<sup>th</sup> to 84<sup>th</sup> Street.
- ✓  $98^{\text{th}}$  Street water main, Holdrege to Alvo.
- ✓ 56<sup>th</sup> & Morton storm water improvements.
- ✓  $84^{\text{th}}$  Yankee Hill-Rokeby water main.
- ✓ Miscellaneous storm water bond projects.

- ✓ Cardwell branch sanitary sewer.
- Miscellaneous sanitary sewer upgrade projects.
- Conservation easements and wetlands acquisitions.
- ✓ East O Street sewer and water projects.
- ✓ Stone Bridge bike trail.
- ✓ Dead Man's Run storm water bond project.
- $\checkmark$  27<sup>th</sup> & Theresa Street biogas project.

- 3) Relocation activities:
- $\checkmark$  1<sup>st</sup> and Cornhusker Hwy project.
- ✓ 14<sup>th</sup>/Old Cheney/Warlick intersection project.
- Workforce Innovation and Opportunity Act (WIOA) funds granted to the City for use in Lancaster and Saunders Counties provide employment, education, and support services needed by jobseekers and employers to strengthen the economy. WIOA is focused on providing work-based and on-the-job training while emphasizing occupations in-demand in the local and regional markets.

#### West Haymarket Project

The West Haymarket Redevelopment Project is a multi-faceted endeavor to revitalize underutilized property that lies on the western edge of Lincoln's downtown and Haymarket district. On May 11, 2010, the citizens of Lincoln voted to approve the issuance of arena bonds, which signaled approval for the project to proceed. The project involved the relocation and elimination of existing railroad tracks and completion of other site preparation activities, the construction of a 15,223 seat civic arena, a community ice center, private retail and office space, a new Amtrak Station, residential units, surface and decked parking, public gathering areas, street and utility improvements, landscaping, trails and walkways, pedestrian bridges, and environmental enhancements. The public portion of the project cost is estimated to be approximately \$375 million. The arena opened and became fully operational in September 2013.

The West Haymarket Joint Public Agency (WHJPA) is the governmental agency responsible for oversight of the project, for issuing bonds, collecting revenue, and making bond payments over the course of the Project. Participants in the agency are the City and the Board of Regents of the University of Nebraska.

Beginning January 1, 2011, an occupation tax was imposed on car rental, hotel, restaurant and bar charges within the City of Lincoln. This revenue has been pledged to repayment of any outstanding WHJPA bonds.

#### Antelope Valley Project

The City of Lincoln, Lower Platte South Natural Resource District and the University of Nebraska-Lincoln joined together through an interlocal agreement to form the Joint Antelope Valley Authority (JAVA). JAVA implemented the Antelope Valley project, which consists of storm water, transportation and community revitalization strategies.

The project has been successful in removing about 1,000 structures from the floodplain by creating an open waterway from Salt Creek Roadway to J Street. Traffic improvements include 12 new or replacement bridges, the elimination of railroad crossings, and 6.2 miles of new roadway, including the Big X elevated intersection near the Devaney Sports Center. In addition to the new Union Plaza Park and new trails, revitalization efforts include the Assurity headquarters, Turbine Flats, several housing developments, the Jayne Snyder Trails Center, Fleming Fields, University of Nebraska-Lincoln student housing complexes, and infrastructure improvements.

All projects and their associated final documentation have been successfully completed, allowing JAVA to be dissolved in July 2016. The cost of the entire Antelope Valley project was approximately \$246 million.

#### Wastewater System

The Lincoln Wastewater System is projecting a capital improvements program in the amount of approximately \$98,920,000 over the 6-year period of fiscal year 2016-17 through fiscal year 2021-22. Of that total, approximately \$26,050,000 will be financed by revenue bonds, approximately \$2,200,000 will be financed by impact fees, with the remaining \$70,670,000 to come from utility revenue fees. The majority of these dollars are needed for replacement and maintenance of existing infrastructure, new infrastructure to serve development in various basins throughout the City, and improvements to both the Theresa Street and Northeast treatment plants.

#### Water System

The Lincoln Water System is projecting a capital improvements program in the amount of approximately \$138,730,000 over the 6-year period of fiscal year 2016-17 through 2021-22. Of these dollars, approximately \$65,000,000 will be financed through revenue bonds, approximately \$4,300,000 will be financed through impact fees, approximately \$1,240,000 will be financed through community improvement financing, with the balance of \$68,190,000 coming from utility revenue fees. The major projects contributing to these total dollars include the installation of transmission lines, replacement mains, replacement and new wells, and additional storage reservoirs.

#### Streets and Highways

The 2017-2022 Streets and Highways capital improvements program and Transportation improvement program identify average annual expenditures of \$39 million for the next six years. Funding for these projects includes \$171 million in City revenues, \$31 million in federal aid, and \$32 million in other funds.

#### Infrastructure Impact Fees

The City's growth in both population and employment have created demands for new residential and nonresidential development, which in turn creates the need for additional public facilities, including water and wastewater systems, arterial streets, and neighborhood parks and trails. The City's laws, taxes, fees, utility charges, and other forms of revenue generated from new development do not provide sufficient funds to finance these new facilities.

In response to these funding needs the City of Lincoln passed an ordinance to provide for the imposition of impact fees to ensure that facilities are available to serve new growth and that new development bears its proportionate share of the cost of improvements to the City's facilities. Impact fees for all types of new construction are set and adopted by the City Council.

#### Pension Costs

The City currently contributes \$2 for every \$1 contributed by employees in the civilian retirement plans. In an effort to control this significant budget item, the City and the civilian unions, as well as non-union employees, have agreed to change these plans to a \$1.29 to \$1 match for new employees hired after a union specific effective date. Newly hired Department Directors and Mayoral Aides will receive a \$1 to \$1 match. The City is unable to legally change the match for current employees. The City anticipates saving 20 to 25 percent in retirement costs for each employee hired under this new arrangement.

#### **Property Tax Collections**

As of August 31, 2016, current tax collections by the County Treasurer were 97.81% of the tax levy, an increase of .05% from last year. Allocations of property tax levy by purpose are as follows:

City Tax Levy by Purpose	2015-2016	2014-2015	2013-2014
General Fund	.1957	.1859	.1889
Library	.0421	.0438	.0417
Social Security	.0144	.0163	.0155
Police and Fire Pension	.0352	.0374	.0378
Unemployment Compensation	.0003	.0000	.0000
General Obligation Debt	.0319	. <u>0362</u>	.0319
Total	<u>.3196</u>	<u>.3196</u>	<u>.3158</u>

#### **Parking Facilities**

The City of Lincoln operates the following parking garages:

<b>Facility</b>	Number of Stalls	
Center Park	1,057	November, 1978
Cornhusker Square	390	December, 1983
University Square	432	April, 1990
Que Place	810	October, 1994
Carriage Park	701	February, 1995
Market Place	385	August, 2000
Haymarket	408	August, 2002
Larson Building	647	July, 2012
Lumberworks	530	January, 2014

The City's parking garages have been built to promote downtown redevelopment efforts by working with the private sector in providing necessary parking to various businesses in the downtown area.

Revenue generated by the parking facilities and on-street parking meters, as well as undesignated street construction funds, are pledged for debt service of the 2011 Parking Revenue and Refunding Bonds and 2012 Parking Revenue and Refunding Bonds. Comparative data for the past two fiscal years are presented in the following table:

	<u>2015-2016</u>	<u>2014-2015</u>
Operating Revenues	\$10,635,283	10,370,095
Net Earnings Before Depreciation	6,121,495	5,841,915
Debt Service	2,483,115	2,483,115
Debt Service Coverage Ratio	2.47	2.35

#### Solid Waste Management

The City of Lincoln owns and operates a municipal solid waste landfill and a construction and demolition debris landfill that are subject to the U.S. Environmental Protection Agency rule *Solid Waste Disposal Facility Criteria*, which establishes closure and postclosure care requirements. As of August 31, 2016, the City estimates that it will incur costs approximating \$24 million to adhere to such requirements (see Note 18 of Notes to the Financial Statements).

#### Water and Wastewater System

The City's Wastewater Utility System showed an increase in operating revenues and an increase in operating income. Comparative data for the past two fiscal years is presented in the following table:

Wastewater System	2015-2016	2014-2015
Operating Revenues	\$27,896,580	27,029,419
Operating Income	5,516,373	5,504,788
Revenue Available For Debt Service	15,007,381	14,485,305
Debt Service	7,409,843	6,861,802
Debt Service Coverage Ratio	2.03	2.11

The City's Water Utility System showed a increase in operating revenues and a increase in operating income. Comparative data for the past two fiscal years is presented in the following table:

Water System	2015-2016	2014-2015
Operating Revenues	\$35,400,979	31,323,477
Operating Income	9,743,115	5,871,628
Revenue Available For Debt Service	21,016,315	17,526,817
Debt Service	6,468,726	6,406,562
Debt Service Coverage Ratio	3.25	2.74

#### Lincoln Electric System (LES)

The City owns and operates its own electric utility system that is managed by an administrative board. Actions of the board with regard to rates, budgets, and long-term financing are subject to final review and approval by the City Council. In accordance with Section 4.24.090 of the Lincoln Municipal Code, LES operates on a January 1 - December 31, fiscal year. Audited financial information as of and for LES' fiscal year ended December 31, 2015, is included in the City's August 31, 2016, financial statements.

#### **Certificate of Achievement**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lincoln, Nebraska, for its comprehensive annual financial report for the fiscal year ended August 31, 2015. This was the thirty-third consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

#### Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the department who assisted and contributed to its preparation. I would also like to thank the Mayor and members of the City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and progressive manner.

Respectfully submitted, Brandon Kauffman Finance Director

## FINANCIAL SECTION

#### Independent Auditor's Report

The Honorable Mayor and Members of the City Council City of Lincoln, Nebraska

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska (the City) as of and for the year ended August 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Lincoln Wastewater System and Lincoln Water System, which represent 35%, 58% and 17%, respectively, of the total assets, net position and revenues of the business-type activities. Those financial statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lincoln Wastewater System and Lincoln Water System, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska as of August 31, 2016, and the respective changes in financial position and cash flows, where applicable, and the respective budgetary comparison information for the general fund and street construction fund thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension and other post-employment benefit information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying information in the introductory section listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

BKD,LIP

Lincoln, Nebraska February 23, 2017

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the City of Lincoln, Nebraska (the City) offers readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended August 31, 2016. Please consider this discussion in conjunction with the additional information provided in the Letter of Transmittal (beginning on page vii) and the transactions, events and conditions reflected in the City's financial statements (beginning on page 16).

#### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at August 31, 2016, by \$1,915,033,190 (net position). Of this amount, \$300,557,243 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$85,004,021. Of this amount, \$45,431,679, or 53%, was an increase in governmental activities and \$39,572,342, or 47%, related to business-type activities. Please refer to the fund descriptions preceding the various combining statements (beginning on page 81) for information regarding constraints imposed on the City in spending available funds.
- As of August 31, 2016, the City's governmental funds reported combined ending fund balances of \$306,883,675, an increase of \$18,162,878 in comparison with the prior year. Of this total fund balance, 13%, or \$39,799,496 is available for spending at the City's discretion (unassigned fund balance).
- As of August 31, 2016, unrestricted fund balance (the total of committed, assigned, and unassigned fund balance) for the general fund was \$57,799,703, or 46% of total general fund expenditures. Following the implementation of GASB Statement No. 54, reference must be made to pages 83-85 of this report for an accurate comparison of the City's General funds based on the structure used for budgeting.
- The City's total bonded debt increased by \$31,035,460 (3%) during the current fiscal year. LES issued \$167,800,000 in construction and refunding bonds for a net present value savings of \$7,400,000.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and deferred outflows of resources, and the City's liabilities and deferred inflows of resources, with the net difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the year ended August 31, 2016. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general administrative services, public safety, streets and highways, health, planning and zoning, parks and recreation, libraries, aging services, job programs, urban development, mass transportation, engineering, self-insurance, and fleet management.

The business-type activities of the City include water, wastewater and electric utilities; ambulance transport; solid waste management; golf courses; entertainment centers; broadband facilities; and parking.

The government-wide financial statements can be found on pages 16-17 of this report.

#### FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

<u>Governmental funds</u> – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirty individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, the Street Construction fund, and the West Haymarket JPA fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts a biennial appropriated budget for its general fund and most other governmental funds. A budgetary comparison statement has been provided for the General and Street Construction major funds to demonstrate compliance with this budget. The West Haymarket JPA major fund is not required to adopt an annual budget so a budgetary comparison has not been provided.

The basic governmental fund financial statements can be found on pages 18-23 of this report.

<u>Proprietary funds</u> – The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its parking facilities and lots; golf courses; entertainment centers; solid waste management; ambulance services; broadband system, and wastewater, water, and electric systems. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its data processing, engineering, insurance, fleet management, municipal services center operations, telecommunications, and copy services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Wastewater and Electric Systems, all of which are considered to be major funds of the City. Data from the other enterprise funds are combined into a single, aggregated presentation. Internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for these funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 24-26 of this report.

<u>Fiduciary funds</u> – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the

resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 27-28 of this report.

#### NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 30-78 of this report.

#### OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its police and fire employees, and to provide other postemployment benefits. Required supplementary information can be found on pages 79-80 of this report.

The combining statements referred to earlier are presented immediately following the required supplementary information on pensions and OPEB. Combining and individual fund statements and schedules can be found beginning on page 81 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1,915,033,190 at August 31, 2016.

By far the largest portion of the City's net position (75%) reflects its investment in capital assets (e.g., land, buildings, improvements, utility plant, infrastructure, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### City Of Lincoln Condensed Statements of Net Position August 31, 2016 and 2015

	Governmental		Business-type			
	Acti	vities	Activ	vities	Total	
	2016	2015	2016	2015	2016	2015
Current and Other Assets	\$ 400,046,175	535,735,372	369,011,740	310,819,974	769,057,915	846,555,346

Net Position:						
Net Investment in Capital Assets	773,243,018	587,747,372	664,773,842	692,461,543	1,438,016,860	1,280,208,915
Restricted	159,387,584	165,389,543	17,071,503	14,820,181	176,459,087	180,209,724
Unrestricted	82,713,956	216,775,964	217,843,287	152,834,566	300,557,243	369,610,530
Total Net Position	\$ 1,015,344,558	969,912,879	899,688,632	860,116,290	1,915,033,190	1,830,029,169

An additional portion of the City's net position (9%) represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position (16%) may be used to meet the government's ongoing obligations to citizens and creditors.

At August 31, 2016, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

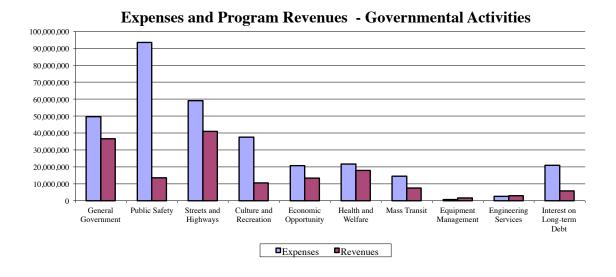

#### City Of Lincoln Condensed Statements of Activities For the Years Ended August 31, 2016 and 2015

#### **GOVERNMENTAL ACTIVITIES**

Governmental activities increased the City's net position by \$45,431,679, accounting for 53% of the total growth in the net position of the City of Lincoln. Key elements of this increase are as follows:

- Operating grants and contributions increased by approximately \$4.2 million (7%) during 2016. An approximate \$5 million increase can be attributed to the improved investment market and its impact on endowment fund earnings.
- Capital grants and contributions decreased by approximately \$6.3 million (24.5%) during 2016. This reduction is primarily due to active streets & highways projects in the prior year that received funding from the State of Nebraska, as well as prior year developer contributions to the City's fiber infrastructure.
- Property Tax receipts increased by approximately \$5.6 million (9.1%) in 2016 primarily due to an increase in the overall tax base, which included a revaluation of property conducted by the County Assessor's Office.
- Sales taxes increased by approximately \$14 million (20.3%) during 2016. This increase was primarily
  due to the ¼ cent City sales tax increase approved by Lincoln voters to support the replacement of the
  City's emergency 911 radio system, and construction of four fire stations, one of which will be a joint
  police/fire station.

**Revenues By Source - Governmental Activities** 

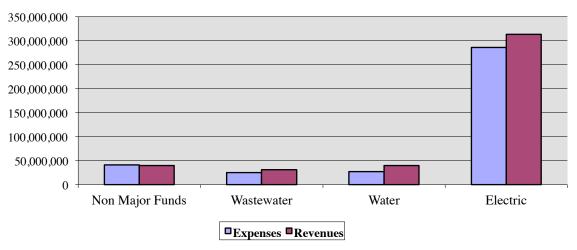

#### **BUSINESS-TYPE ACTIVITIES**

Business-type activities increased the City's net position by \$39,572,342, accounting for 47% of the total growth in the government's net position. Key elements of this increase are as follows:

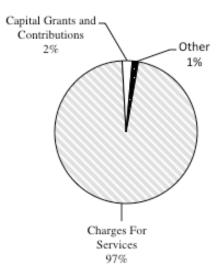

• Lincoln Electric System operating revenue in 2015 was down 4.5% from 2014. Retail revenue was lower primarily due to a weather-related decrease in energy sales. Wholesale revenue decreased 29.9% and purchased power and production expenses were down 10.7% due to lower market prices in the Southwest Power Pool Integrated Market (SPP IM), netting of certain SPP IM transactions which decreased both wholesale revenue and purchased power by the same amount, and other factors including lower energy sales, decreases in generation, and operation and maintenance expenses.

- Lincoln Wastewater System reported increased revenues due to a 3% increase implemented November 2015 and applied solely to the service charge. Total operating expenses increased primarily due to increased plant, pumping and treatment cost, including depreciation and maintenance.
- Lincoln Water System revenue increased during the year due to a 3% increase implemented November 2015 and applied solely to the service charge. Another factor was less precipitation in 2016 when compared to 2015.

#### Expenses And Program Revenues - Business-type Activities

#### Revenues By Source - Business-type Activities

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary spending at the end of the fiscal year.

As of August 31, 2016, the City's governmental funds reported combined ending fund balances of \$306,883,675, an increase of \$18,162,878 in comparison with the prior year. Of this total amount, 13% constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is not in spendable form (\$1,742,571), legally required to be maintained intact (\$37,160,000), restricted for particular purposes (\$132,015,449), committed for particular purposes (\$2,623,396), or assigned for particular purposes (\$93,542,763).

The General Fund is the chief operating fund of the City. At August 31, 2016, the unrestricted fund balance of the General Fund was \$57,799,703, while total fund balance reached \$65,703,098. As a measure of the General Fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total fund expenditures. Unrestricted fund balance represents 46% of total general fund expenditures, while total fund balance represents 52% of that same amount.

The fund balance of the City's General Fund increased by \$4,186,325 during 2016. The City appropriates General fund balance as a funding source for budget, with the allocation of balances spread over the two-year budget cycle.

The Street Construction Fund has a total fund balance of \$61,783,531, which is to be used in the construction and maintenance of streets and highways. The net decrease in fund balance during 2016 in the Street Construction Fund was \$(7,124,243), the result of several significant projects that have been conducted in the current year and the pre-funding of projects in the prior year that had delayed construction timelines.

The West Haymarket JPA Fund had a fund balance of \$28,923,150, which is to be used for funding improvements of the West Haymarket Redevelopment Project and debt service on the related debt. The current year change in fund balance is \$4,570,807. The fund balance is a result of the issuance of bonds in prior years, occupation tax and donation revenue, less the Agency's expenditures for construction, debt service and general operations.

#### PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Wastewater System, Water System, Electric System, and other enterprise funds amounted to \$23,108,926, \$34,288,144, \$170,845,000 and \$(10,398,783), respectively, at August 31, 2016 (December 31, 2015 for LES). Factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

#### **GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original budget and the final amended budget were relatively minor (decrease of \$395,977) and can be briefly summarized as follows:

Expenditure appropriations:

- \$(2,775,744) in miscellaneous changes in general government activities.
- \$570,931 in increases allocated to public safety.
- \$57,013 in increases to streets & highways.
- \$375,369 in increases allocated to parks and recreation.
- \$151,177 in increases allocated to fiber network improvements.
- \$1,225,277 in increases allocated for General Fund transfers to other City funds.

Variances between actual General Fund revenues and expenditures and the final amended budget include the following:

- \$3,357,438 positive variance in real estate and personal property tax. Actual property tax collections were 97.81% of the 2015 levy, while estimated tax revenue is based on 90% collections as provided by the City Charter.
- (\$1,493,389) negative variance in occupation taxes. Greater competition and both technological and generational changes in customer usage have led to decreased revenues.
- \$6,996,936 positive variance in miscellaneous general government expenditures. Significant savings
  were realized in several service line items that are reappropriated to cover future expenditures.
- \$2,797,839 positive variance in police expenditures. Remaining balances are reappropriated to the next year to assist with one-time expenditures that are not ongoing operating expenditures.
- (\$1,059,475) negative variance in street lighting function expenditures. This variance was the result of additions related to both normal construction as well as Antelope Valley Project construction.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### CAPITAL ASSETS

The City's investment in capital assets for its governmental and business-type activities as of August 31, 2016, amounts to \$2,815,104,426 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, streets, bridges, storm sewers, electric plant, and water and sewer plant. The total increase in the City's investment in capital assets for 2016 was 7.6% (17.0% increase for governmental activities and 1.0% increase for business-type activities).

Major capital asset events during 2016 included the following:

- The City capitalized its equity interest in the Joint Antelope Valley Authority Project. Land, the CHE building, parks and urban development improvements, and infrastructure were added at a total value of \$151,646,473.
- The City invested in its 911 emergency radio system at a cost of approximately \$4.5 million. The project is expected to be completed in October 2017 at an estimated total cost of \$12.2 million.
- The LES Mobile Meter Reading Project (MMR) is a program that will replace existing non-radio meters with mobile meter reading technology. Current capital expenditures for this project totaled \$6,244,000. The MMR project is expected to be completed with a total cost of \$9,599,000.
- LES is a 12.76% share owner in the Laramie River Station. LES' share of capital improvements for the plant in 2015 was \$6,072,000.
- Land was purchased for the future construction of the LES Operation Center (LOC). Capital expenditures in 2015 for this project totaled \$4,168,000. The LOC is expected to be completed in 2018 with an estimated total project cost of \$72,100,000.
- The Duct Installation Program (DIP), which started in 2012, is a 10-year project to install duct adjacent to distribution cable, allowing the cable to be replaced quickly when it reaches the end of its useful life. Capital expenditures in 2015 totaled \$2,948,000. The DIP project is expected to be completed in 2022 with an estimated project cost of \$29,412,000.
- Lincoln Wastewater System had select main replacements of approximately \$1.9 million.
- Lincoln Water System had approximately \$3 million of treatment plant modifications and \$2.7 million select main replacements.

Additional information on the City's capital assets can be found in Note 7 of the notes to the financial statements on pages 48-50 of this report.

#### LONG-TERM DEBT

At August 31, 2016, the City of Lincoln had total bonded debt outstanding of \$1,200,786,000. Of this amount, \$445,151,000 comprises debt backed by the full faith and credit of the City. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

#### City Of Lincoln Outstanding Bonded Debt August 31, 2016 and 2015

Under the City's Home Rule Charter, there is no legal debt limit.

Additional information on the City's long-term debt can be found in Note 9 of the notes to the financial statements on pages 52-58 of this report.

#### ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The 2016-2018 biennial budget prepared for the City of Lincoln included the following factors relative to the 2016-2017 fiscal year.

- Property tax revenue required to fund the 2016-2017 budget increased \$3,580,648 from the prior year. Total change in the tax base is 2.2%. Levy increases required for an additional stormwater bond issue, emerald ash borer infestation treatment, and police & fire pension contributions, added 1.372 cents per \$100 of assessed valuation for fiscal year 2016-2017.
- The adequacy of fees charged for City service cost recovery is examined each year and some fee increases are included in each budget. Without periodic increases in fees, amounts collected, or other revenue adjustments, inflationary and other cost increases would need to be covered by additional property tax revenue or the levels of service provided would need to be reduced. Revenue adjustments in 2017 include increased Parks and Recreation program fees, \$128,103; increased revenue from planning application fees, \$37,600; and increased various health department program fees, \$59,522.
- Utility rates are increased by an average of 5%, resulting in additional 2017 revenues of \$1,302,254 for Water and \$1,061,603 for Wastewater.
- An increase in Landfill gate fees and occupation tax fees are scheduled to begin January 2017, generating an additional \$619,183 in the 2017 fiscal year for the Solid Waste Management Fund.
- Increased on-street parking meter rates and parking garage hourly rates are expected to generate \$1,501,017 of additional revenues to benefit the parking system.
- 2017 projected sales tax collections reflect a 4.0% increase over 2016 expected collections.
- Staffing changes included in the 2016-2017 budget result in an increase for all funds of 21.57 full-time equivalents.
- The City pays employees every two weeks, or fourteen days. Every eleven or twelve years, depending on the number of leap years during that time, an additional pay period occurs during a fiscal year. This extra pay period falls in the 2017 fiscal year, significantly increasing its budget requirements. The cost of this extra pay period is approximately \$4.3 million for tax funds and \$6.4 million for all funds. The extra cost is funded by an additional one-time appropriation of fund balances in 2017. The costs in the operating budgets of non-tax funds are paid from the revenues of those funds.
- Health care premiums for the City's self-insured health plan for employees are projected to increase 4% in 2017.

#### **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City of Lincoln's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Lincoln, Finance Department, 555 South 10<sup>th</sup> Street, Lincoln, NE 68508. This report and other financial information are also available online at www.lincoln.ne.gov/city/finance/.

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	1,233,695,799
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	11,830,895
Internal service funds are used by management to charge the costs of certain services to individual funds. The assets	
and liabilities of the internal service funds are included in governmental activities in the statement of net position.	44,928,508
Long-term construction contracts and other liabilities require the use of unavailable financial resources and, therefore,	
are not reported in the funds.	(4,201,593)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not	
reported in the funds.	(577,792,726)
Net position of governmental activities	\$ 1,015,344,558

## CITY OF LINCOLN, NEBRASKA

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED AUGUST 31, 2016

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	\$ 18,162,878
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the	•
current period.	24,691,336
The net effect of various transactions involving capital contributions is to increase net position.	7,269,033
Revenues in the statement of activites that do not provide current financial resources are not reported as revenues in the funds: Change in revenues in fund statements previously recognized in the statement of activities.	3,411,536
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	3,945,305
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(3,577,900)
Changes in the net pension liability, deferred inflows and outflows related to the total pension liability, and the net OPEB obligation do not represent financial activity in the governmental funds.	(4,840,448)
Changes in the interest in the underlying net position of the joint venture do not represent financial activity in governmental funds.	(14,330,228)
Internal service funds are used by management to charge the costs of certain services to individual funds. The net income of the internal service funds is reported within governmental activities.	 10,700,167
Change in net position of governmental activities	\$ 45,431,679

# NOTES TO THE FINANCIAL STATEMENTS

#### (1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

## **REPORTING ENTITY**

The accompanying financial statements present the government of the City of Lincoln, Nebraska (City) and its blended component unit, the West Haymarket Joint Public Agency (WHJPA), established April 2, 2010, for which the City is considered to be financially accountable, as the City is ultimately responsible for the debt of the WHJPA if such revenues are insufficient to make the necessary debt service payments. Regarding related organizations, the City's Mayor appoints and the City Council approves all of the board appointments of the Housing Authority of the City of Lincoln. However, the City has no further accountability for this organization.

Blended component units, although legally separate entities, are, in substance, part of the government's operations. The participants in the WHJPA are the City and University of Nebraska (UNL), and the agency is governed by a board consisting of the Mayor, a member of the UNL Board of Regents, and a member of the City Council. The purpose of the agency is to make the most efficient use of the taxing authority and other powers of the participants to facilitate the redevelopment of the West Haymarket Redevelopment Area. The WHJPA almost exclusively benefits the City as its primary function is to finance and construct those City owned assets located in the redevelopment area. The WHJPA is reported as a major governmental fund in the City's financial statements. Complete separate financial statements for the WHJPA may be obtained at the City of Lincoln Finance Department, 555 South 10<sup>th</sup> Street, Suite 103, Lincoln, NE 68508, or online at www.lincoln.ne.gov/city/finance/account/jpa-audits.htm.

#### FISCAL YEAR-END

All funds of the City, with the exception of Lincoln Electric System (LES), are reported as of and for the year ended August 31, 2016. December 31st is the fiscal year-end of LES as established by the City Charter, and the last separate financial statements were as of and for the year ended December 31, 2015. The amounts included in the City's 2016 financial statements for LES are amounts as of and for the year ended December 31, 2015.

#### **GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component unit. Fiduciary activities, whose resources are not available to finance the City's programs, are excluded from the government-wide statements. The material effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Functional expenses may also include an element of indirect cost, designed to recover administrative (overhead) costs. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

# MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *total economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Agency funds, reporting only assets and liabilities, have no measurement focus but use the accrual basis of accounting.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including interest on long-term debt, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, sales taxes, highway user fees, interdepartmental charges, and intergovernmental revenues are all considered to be susceptible to accrual. Special assessments are recorded as revenues in the year the assessments become current. Annual installments not yet due are reflected as special assessment receivables and deferred revenues. Other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The <u>General Fund</u> finances the day-to-day operation of the basic governmental activities, such as legislative, judicial, administration, aging services, police and fire protection, emergency communications, legal services, planning, and parks and recreation. Primary resources of the fund include property, sales, and occupation taxes.

The <u>Street Construction Fund</u>, a special revenue fund, accounts for the resources accumulated, primarily highway allocation fees received from the State of Nebraska, and the payments made for the maintenance, construction, and improvement of the streets and highways in the City.

The <u>West Haymarket JPA Fund</u> accounts for the activities of the joint public agency, a blended component unit of the City, established to facilitate the redevelopment of the West Haymarket Area. Occupation taxes imposed on bar, restaurant, car rental, and hotel revenues, provides the resources to finance the activities of the JPA.

The City reports the following major enterprise funds:

The Lincoln Wastewater System Fund accounts for the activities of the City's wastewater utility.

The Lincoln Water System Fund accounts for the activities of the City's water distribution operations.

The <u>Lincoln Electric System Fund</u> accounts for the activities of the City's electric distribution operations.

Additionally, the City reports the following fund types:

<u>Internal Service Funds</u> account for data processing, engineering, risk management, fleet management, municipal services center operations, telecommunications, and copy services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The <u>Pension Trust Fund</u> accounts for the receipt, investment, and distribution of retirement contributions made for the benefit of police officers and firefighters.

The <u>Agency Funds</u> account for the collection of various taxes, fines, and fees due to other government entities; funds held in escrow for homeowners; good faith money due to contractors upon project completion; funds held for payroll taxes and other payroll related payables; funds held to pay outstanding warrants; funds to pay phone system charges; funds to pay matured bonds and coupons for which the City Treasurer is trustee; funds for the joint administrative entity known as JAVA, created to coordinate planning and implementation of the Antelope Valley Project; and reserve funds held for the Public Building Commission Bonds.

The effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes, return on equity, and charges between the business-type functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, fines and forfeitures, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for goods and services. Operating expenses include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

In 2011, the City Council approved an ordinance requiring LES to pay an annual dividend to the City for the City's ownership of LES, in an amount based on the total net position of LES as of the most recent audited year-end financial statements. The annual dividend shall be remitted to the City on a semiannual basis on the 20<sup>th</sup> day of February and August of each year, with each payment representing fifty percent of the annual dividend payment.

## ASSETS, LIABILITIES, AND NET POSITION OR FUND EQUITY

#### Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. These investments are not specifically identified with any one fund. Interest is allocated to the individual funds on the basis of average cash balances.

The City may invest in certificates of deposit, in time deposits, and in any securities in which the state investment officer is authorized to invest pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act and as provided in the authorized investment guidelines of the Nebraska Investment Council in effect on the date the investment is made.

Investments in the Pension Trust Fund are carried at either fair value or net asset value. Investments in other funds are carried at fair value, except for short-term investments, which are reported at amortized cost, which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value, based on relevant market information of similar financial instruments. Income from investments held by the individual funds is recorded in the respective funds as it is earned.

#### **Receivables and Payables**

Loans receivable in governmental funds consist of rehabilitation and redevelopment loans that are generally not expected or scheduled to be collected in the subsequent year.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurement focus. Recognition of governmental fund type revenues represented by noncurrent receivables generally is deferred until they become current receivables.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

#### Inventories and Prepaid Items

Materials, supplies, and fuel inventories are stated at cost, which is generally determined using the average cost method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Amounts of governmental fund inventories and vendor prepaid items are reported as nonspendable net position to indicate that they do not represent "available spendable resources".

#### Plant Operation Assets

LES' interest in jointly owned facilities Laramie River Station and Walter Scott Energy Center (see Note 23), is reported as plant operation assets on the statement of net position.

#### Costs Recoverable from Future Billings

Certain income and expense items of the Wastewater System, Water System, and LES, which would be recognized during the current period are deferred and not included in the determination of the change in net position until such costs are expected to be recovered through rates, in accordance with the regulated operations provisions of GASB Statement No. 62.

#### Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, drainage systems, street lights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalization value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	10 - 50
Improvements	5 - 40
Infrastructure	20 - 100
Equipment	2 - 20

The exceptions to this rule are library media, which is depreciated using a composite depreciation method, and LES, which depreciates it's utility plant on a straight-line basis using composite rates ranging between 2% and 20%, depending on the respective asset type.

#### Compensated Absences

City employees generally earn vacation days at a variable rate based on years of service. In the event of termination, an employee is reimbursed for accumulated vacation time up to a maximum allowed accumulation, which is in no case longer than 37 days.

Employees earn sick leave at the rate of one day per month with total accumulation unlimited. Upon retirement, an employee is reimbursed for a percentage of accumulated sick leave with percentages and maximums depending on the employees' bargaining unit contract. Upon resignation from City service an employee may also be compensated for a percentage of accumulated sick leave, again, based on the employees' bargaining union contract. In some cases payment may be placed in a medical spending account rather than reimbursing the employee directly. LES is covered by a separate personnel plan regarding vacation and sick leave with the liability for these benefits recorded in accrued liabilities.

Vacation leave and other compensated absences with similar characteristics are accrued as the benefits are earned if the leave is attributable to past service and it is probable that the City will compensate the employees for such benefits. Sick leave and other compensated absences with similar characteristics are accrued as the benefits are earned only to the extent it is probable that the City will compensate the employees for such benefits through cash payments conditioned on the employee's termination or retirement, and is recorded based on the termination method. Such accruals are based on current salary rates and include salary-related payments directly and incrementally associated with payments made for compensated absences on termination.

All vacation and sick leave is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. In the governmental funds, only compensated absences that have matured as of year-end, for example, as a result of employee resignations and retirements, are recorded as a fund liability.

#### Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. For current and advance refundings of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter. The unamortized balance of the refunding gain or loss is reported as deferred inflows or outflows of resources, as applicable, on the statement of net position.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as an other financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current expenditures.

## Fund Equity

Fund balances reflect assets plus deferred outflows of resources minus liabilities and deferred inflows of resources in the governmental fund statements. Fund balance is divided into five classifications; nonspendable, restricted, committed, assigned and unassigned. Fund balance is reported as nonspendable when not in spendable form or legally or contractually required to be maintained intact. Fund balance is reported as restricted when constraints placed on the use are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation. Fund balance is reported as committed when constraints are imposed by formal action (ordinance) of the City Council, the City's highest level of decision-making authority. Fund balance is reported as assigned when the intent of the City (resolutions approved by Council and executive orders approved by the Mayor) is to use the funds for a specific purpose. Unassigned fund balance is the residual amount and only the General Fund can report a positive unassigned balance.

The City has established a policy intended to address the primary consideration of meeting unanticipated short-term cash flow needs of the City and the long-term goal of managing General Fund balances in a manner that at all times preserves the City's ability to meet its cash flow needs. No less than twenty percent of the ensuing year's General Fund budget is to be set aside to meet excess cash flow needs. Currently \$30,805,851 of the General Fund's spendable and unrestricted fund balance meets the requirements of this policy.

#### Net Position Classification

Net position is assets plus deferred outflows of resources minus liabilities and deferred inflows of resources and is shown in the entity-wide, proprietary, and fiduciary fund financial statements. Net position is required to be classified into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

*Net investment in capital assets* – This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvements of those assets. Deferred outflows of net position. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets.

*Restricted* – This component of net position consists of restricted assets, reduced by liabilities related to those assets, with constraints placed on their use through external parties such as creditors (debt covenants), grantors, contributors, or law or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net position reports \$176,459,087 of restricted net position, of which enabling legislation restricts \$23,409,589.

*Unrestricted* – This component consists of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the "restricted" or "net investment in capital assets" components of net position.

When both restricted and unrestricted resources are available for use, it is generally the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## BUDGETARY DATA

The City Council follows these procedures, set out in the City Charter, in establishing the budgetary data reflected in the financial statements:

- 1) At least 40 days prior to the beginning of the biennial budget period, the Mayor submits to the City Council a proposed biennial budget for the ensuing years. The biennial budget is a complete financial plan for the biennial period and consists of an operating budget and a capital budget.
- 2) Public hearing on the proposed budget is scheduled for not later than 10 days prior to the budget adoption date.
- 3) Not later than 5 days prior to the end of the biennial period, the budget is legally adopted by resolution of the City Council.
- 4) The Mayor is authorized to transfer unencumbered balances between appropriations of the same department or agency during the biennium. The Mayor also has authority to lower appropriations in any fund where actual revenues are less than appropriated in order to avoid incurring a budget deficit for that fiscal or biennial period.

Appropriation transfers between departments or agencies may only be authorized by resolution of the City Council. The Council may not make any appropriations in addition to those authorized in the biennial budget, except that it may authorize emergency appropriations in the event of an emergency threatening serious loss of life, health, or property in the community.

5) Budgets for all funds are adopted on a basis inconsistent with accounting principles generally accepted in the United States of America (GAAP). Since encumbrances are included in the City's budget accounting, year-end encumbrances are reappropriated to the next year in the budget process. Various funds have expenditures automatically appropriated through the budget resolution, based on funds available. These expenditures are reflected in the original and final budgets at amounts equal to the actual expenditures. Budget basis expenditures are presented on a cash basis.

Amendments to the adopted budget were made this year and resulted from prior fiscal year encumbrances identified subsequent to budget adoption, appropriation of unanticipated revenues to certain funds as provided in the budget resolution, and appropriation revisions between or among departments as provided for under the City Charter.

- 6) Appropriation controls are required at the departmental level. However, as a matter of policy and practice, appropriations generally are controlled at the next level of organization (division) or by fund within a department.
- 7) Operating appropriations lapse at the end of the biennial period for which authorized except for those reappropriated by Council resolution, capital improvement appropriations and year-end encumbrances against operating budgets. Capital improvement appropriations are continuing appropriations through completion of the project.
- 8) Budgets are adopted by resolution for the following fund types: general, special revenue, debt service, capital projects, permanent, enterprise, internal service, and pension trust. Legally adopted annual budgets are not established for the West Haymarket JPA component unit, certain special revenue (Advance Acquisition, Police & Fire Pension Contributions, Special Assessment, Impact Fees, Parks & Recreation Special Projects, RP Crawford Park, and Lincoln Bike Share), debt service (Special Assessment), permanent (JJ Hompes), Fast Forward, and agency funds. In addition, capital project funds are budgeted on a project rather than a biennial basis.

#### **ENDOWMENTS**

The Community Health Permanent Endowment Fund was established in 1997 with the \$37,000,000 cash proceeds realized by the City from the sale of Lincoln General Hospital, and may be increased by donations, bequests, or appropriations to the fund. Investment earnings of the fund are used for funding health and health-related programs that further the health, safety, or welfare of the citizens of Lincoln. Earnings deposited with the City Treasurer shall be paid out only by order of those persons designated by the Community Health Endowment (CHE) Board of Trustees as outlined in the Fiscal and Budget Directives policy between the CHE and the City. State law directs that, subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. The current amount of net appreciation available for expenditure is \$25,663,184, which is reported along with \$865,000 of contingency funds as expendable health care restricted net position in the statement of net position.

#### **ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ materially from those estimates.

## IMPLEMENTATION OF NEW ACCOUNTING PRINCIPLES

In 2016 the City implemented the provisions of the following accounting principles:

GASB Statement No. 72, *Fair Value Measurement and Application* This Statement provides guidance for determining a fair value measurement for financial reporting purposes as well as applying fair value to certain investments and the disclosures related to all fair value measurements.

Implementation of this standard required the City to expand disclosures made about fair value measurements, the level of fair value hierarchy, valuation techniques, and additional disclosure regarding investments in certain entities that calculate net asset value per share (or its equivalent).

GASB Statement No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statement 67 and 68. The requirements of this Statement are intended to improve financial reporting by establishing a single framework for the presentation of information about pensions, which will enhance the comparability of pension-related information reported by employers and non-employer contributing entities.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The objective of this Statement is to identify – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP). This statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP.

GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. This Statement enhances comparability of financial statements among governments by establishing specific criteria used to determine whether a qualifying external investment pool may select to use an amortized cost exception to fair value measurement. Those criteria will provide qualifying external investment pools and participants of those pools with consistent application of an amortized cost-based measurement for financial reporting purposes.

GASB Statement No. 82, *Pension Issues, an amendment of GASB Statements No.* 67, 68, and 73. The requirements of this statement will improve financial reporting by enhancing consistency in the application of financial reporting requirements to certain pension issues regarding the presentation of payroll-related measures in required supplementary information, the selection of assumptions and treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments make by employers to satisfy employee (plan member) contribution requirements.

The implementation of GASB Statements No. 73, 76, 79 and 82 did not have a significant impact on the City's financial statements.

#### (2) <u>RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS</u>

## EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental funds balance sheet includes a reconciliation between *fund balance – total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains, "Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds." The details of the \$577,792,726 difference are as follows:

Bonds Payable	\$ 445,151,274
Less issuance discounts	(990,453)
Plus issuance premiums	12,167,745
Less deferred charge on refunding	(260,730)
Capital Leases Payable	30,624,810
Accrued Interest Payable	4,643,540
Net Pension Liability	54,316,122
Deferred Outflows for Pension	(16,430,058)
Deferred Inflows for Pension	18,201,944
Net OPEB Liability	10,606,924
Compensated Absences	19,761,608
Net difference	\$ 577,792,726

## EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains, "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$24,691,336 difference are as follows:

Capital outlay	\$	63,517,176
Depreciation expense	_	(38,825,840)
Net difference	\$	24,691,336

Another element of that reconciliation states, "The issuance of long-term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$3,945,305 difference are as follows:

Debt issued or incurred:	
Issuance of general obligation stormwater bonds	\$ (6,300,000)
Issuance of tax allocation bonds	(140,000)
Issuance of certificates of participation	(6,495,000)
Issuance premiums	(622,828)
Amortization of deferred premiums, discounts,	
and amounts from refundings	564,344
Principal repayments	16,938,789
Net difference	\$ 3,945,305

Another element of that reconciliation states, "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$(3,577,900) difference are as follows:

Loss on disposal of capital assets	\$ (3,112,638)
Construction contracts	880,000
Accrued interest	118,494
Compensated absences	(1,462,336)
Other	(1,420)
Net difference	\$ (3,577,900)

#### (3) **RESTRICTED ASSETS**

Certain proceeds of the enterprise funds revenue bonds and resources set aside for their repayment are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. Assets included in the Bond Principal and Interest Account and the Bond Reserve Account are restricted for the payment of bond principal and interest. Assets included in the Surplus Account and in the Renewal and Replacement Account are restricted for specific purposes including improvements, repairs and replacements, acquisition of equipment, and the payment of bond principal and interest. Assets included in the Construction Account are restricted for paying the cost of capital improvements. Also, the Lincoln Electric System has assets restricted for capital improvements.

A recap of the proprietary funds restrictions and related balances at August 31, 2016, are as follows:

<b>F</b> 1 A		Parking	Solid Waste	Lincoln Wastewater	Lincoln Water	Lincoln Electric	Municipal Services	<b>T</b> 1
Fund Account	_	System	Management	System	System	System	Center	Total
Principal and Interest	\$	212,341	-	1,506,537	415,668	17,065,000	-	19,199,546
Reserve		2,583,565	1,117,083	5,673,816	5,077,600	21,394,000	-	35,846,064
Surplus		-	-	544,328	2,359,897	-	-	2,904,225
Renewal and Replacement		2,403,461	-	-	-	-	-	2,403,461
Capital Construction and Equipment	l	209,968	2,745,312	-	-	-	2,150,000	5,105,280
Claims		-		-	-	1,290,000	-	1,290,000
Total	\$	5,409,335	3,862,395	7,724,681	7,853,165	39,749,000	2,150,000	66,748,576

Resources of the permanent funds totaling \$37,160,000 are legally restricted to the extent that only earnings and not principal may be used to support the City's programs.

## (4) <u>DEPOSITS AND INVESTMENTS</u>

## **DEPOSITS**

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State Statutes 15-846 and 15-847 R.R.S., 1943 require banks either to provide a bond, provide a Federal Home Loan Bank letter of credit, or to pledge government securities (types of which are specifically identified in the Statutes) to the City Treasurer in the amount of the City's deposits. The Statutes allow pledged securities to be reduced by the amount of the deposit insured by the Federal Deposit Insurance Corporation (FDIC).

The City's cash deposits, including certificates of deposit, are insured up to \$250,000 by the FDIC. Any cash deposits or certificates of deposit in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve pledge account or by an agent for the City, or a letter of credit issued by a Federal Reserve Bank, and thus no custodial risk exists. No legal opinion has been obtained regarding the enforceability of any of the collateral arrangements.

## **INVESTMENTS**

#### Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at August 31, 2016.

Money Market Funds and External Investment Trusts are carried at cost, and thus are not included within the fair value hierarchy. Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have also not been classified in the fair value hierarchy. Other than the pension trust fund investments noted specifically on page 45, the City's remaining investments carried at net asset value have no unfunded commitments and these investments can be redeemed at any time. These investments have been noted with NAV in the table on page 41.

# At August 31, 2016, the City had the following investments, maturities, credit ratings, and fair value measurement:

	August 31, 2016							
			Maturities in Years					Fair Value
Туре	Carrying Value	Less than 1	1-5	6-10	More than 10	Credit Moody's	Rating S&P	Hierarchy Level
General City:								
U.S. Treasury Obligations	\$ 31,053,050	21,054,690	9,998,360	-	-	Aaa	AA+	2
U.S. Sponsored Agency Obligations	417,568,268	267,894,446	137,799,734	11,874,088	-	Aaa	AA+	2
U.S. Sponsored Agency Obligations	1,994,960	1,994,960	-	-	-	Not rated	Not rated	2
Commercial Issuers (Commercial Paper)	28,645,000	28,645,000	-	-	-	P1	A1	2

#### **INVESTMENT POLICIES**

#### General City Policy

Generally, the City's investing activities are managed under the custody of the City Treasurer. Investing is performed in accordance with the investment policy adopted by the City Council complying with state statutes and the City Charter. The City may legally invest in U.S. government securities and agencies, U.S. government sponsored agencies, and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds, bankers' acceptances, and investment agreements.

*Custodial Credit Risk*. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment securities that are in the possession of an outside party.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits current operating funds to be invested with maturities of not longer than twenty-four months. Fixed income investments held in construction funds, operating funds, and other nonoperating funds are limited to ten-year maturities. Investment agreements are not subject to interest rate risk, as the issuer guarantees the interest rate. Money market mutual funds and external investment funds are presented as investments with a maturity of less than one year because they are redeemable in full immediately. Tax Increment Financing investments are allowed to exceed 10 years as the interest rates are guaranteed by the fund and the investment is made within the City's funds.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy establishes requirements for certain investment securities to be rated at certain rates or higher without having collateral pledged to the City. The following investment types must be rated at the minimum rates noted below:

	<u>S&amp;P</u>	Moody's
Money Markets	AA	Aa
Corporate Notes	AA-	Aa3
Investment Agreements	AA-	Aa3

Investment agreements are made with provisions that if the provider is downgraded below Aa3 by Moody's Investors Service (Moody's) or AA- by Standard & Poor's (S&P), the provider must deliver collateral of U.S. Government agencies obligations at a margin of 102-104%, and if the provider is further downgraded below A3 by Moody's or A- by S&P, the City will have the right to terminate the agreement and receive all invested amounts plus accrued but unpaid interest without penalty. As of August 31, 2016, the investment agreements were adequately collateralized with U.S. Government treasury obligations that had a rating of Aaa by Moody's and AA+ by S&P, or by small business administration obligations which are 100% guaranteed by the U.S. Government.

The external investment funds are held in the City's idle fund pool and are comprised of Nebraska Public Agency Investment Trust (NPAIT) and Short-Term Federal Investment Trust (STFIT) funds. These Funds are carried by the City at amortized cost. NPAIT and STFIT invest in only the highest quality securities, including U.S. government, rated U.S. sponsored agencies, and guaranteed student loans, and their investment portfolios are valued at amortized cost, which approximates fair value based on the short-term nature of the instruments.

*Concentration of Credit Risk.* The City's investment policy places various limits on the amount that may be invested in any one issuer. Per the policy, allocation limits do not apply to the investment of proceeds from issuance of debt. These investments shall be governed by the debt covenant included in the debt instrument. Non-compliance due to a decrease in investment balance does not require corrective action.

Туре	Portfolio Composition	Policy Limits on Issuer
U.S. agency obligations:		
Federal Home Loan Bank	26.20 %	40.00 %
Federal Home Loan Mortgage Corporation	22.91	40.00
Federal National Mortgage Association	20.55	40.00
Federal Farm Credit Bank	7.47	40.00
Federal Agricultural Mortgage Corporation	0.37	25.00

#### Community Health Endowment (CHE) Policy

As a public endowment fund, under State law, CHE is permitted to invest in the manner required of a prudent investor acting with care, skill and diligence under the prevailing circumstance, without restrictions as to the type and limits of investments. CHE has engaged one of the world's largest institutional investment firms to advise on portfolio management. That investment firm and affiliates are also the sponsor and investment manager for all of the institutional funds listed on a previous page.

*Custodial Credit Risk.* For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, CHE will not be able to recover the value of its investment securities that are in the possession of an outside party.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, CHE's investment policy requires the average duration of the fixed income portfolio to be no more than 120% of the appropriate fixed income benchmark.

*Credit Risk.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. It is CHE's policy to limit its investments in fixed income securities to issues with at least BBB-/Baa3 ratings. Short-term fixed income issues should have a minimum A-2/P-2 rating. None of CHE's investments were rated at August 31, 2016.

*Concentration of Credit Risk.* Concentration of credit risk is the risk associated with the amount of investments CHE has with any one issuer that exceeds 5% or more of its total investments. CHE limits the percentage of cost that may be invested in any one industry, company and issuer. CHE's portfolio shall not own more than 5% of the outstanding securities of any single issuer. Exceptions are allowed where a fund's benchmark includes securities greater than 3%, in which case the investment manager may have no more than the securities index weight plus 2%. The entire portfolio shall have no more than 5% of its assets invested in the securities of any one issuer, with the exception of U.S. Treasury and U.S. agencies obligations.

*Foreign Currency Risk.* This risk relates to adverse affects on the fair value of an investment from changes in exchange rates. CHE had no investment denominated in foreign currency at August 31, 2016.

#### Police & Fire Pension Trust Policy

The Police & Fire Pension Trust Investment Board, established by the City Council in accordance with Lincoln Municipal Code chapter 4.62, directs and oversees the trust's investments for the sole benefit of plan participants and beneficiaries. The Board consists of nine members. Two board positions shall be filled by the City Finance Director and the City Human Resources Director; two board positions shall be

elected by secret ballot by the active paid police officers of the City; two board positions shall be elected by secret ballot by the active paid firefighters of the City; and three board positions shall be appointed by the Mayor, after consultation with the other six members, subject to approval by the City Council. The three appointed members shall have at least five years demonstrated experience in financial, actuarial, investment or employee benefit plan matters.

The board also provides oversight and directions to the plan administrator with regard to the investments of the trust's funds. The daily management responsibility of the trust and routine investment transactions are delegated to the plan administrator.

The Police & Fire Pension Trust is allowed to invest in domestic and international equity funds, domestic and foreign bonds, real estate, and alternative investments.

The investment board has the responsibility to allocate plan assets in various investment strategies to reach the overall return and risk objectives of the plan. Annually the board reviews the plan's investments from an "asset allocation" perspective. The strategic allocation process is based on such factors as historical absolute returns of the benchmarks, recent returns for benchmarks, volatility of benchmark returns as measured by standard deviation, and the correlation of returns with other asset classes used in the portfolio. The following was the board's adopted asset allocation as of August 31, 2016:

	Target
Asset Class	Allocation
Developed Markets Equity	50.0 %
Emerging Markets Equity	5.0
Private Equity	5.0
Core Real Estate	15.0
Value-Added Real Estate	5.0
Low Vol Hedge Funds	5.0
Core Fixed Income	10.0
High Yield Fixed Income	5.0
Total	100.0 %

*Custodial Credit Risk*. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Police & Fire Pension Trust will not be able to recover the value of its investment securities that are in the possession of an outside party.

*Interest Rate Risk.* Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Investment Board for the Police & Fire Pension Trust compares the risk and return characteristics derived from the actual performance of the Fund, by separate asset classes and specific securities to appropriate benchmarks, and financial indices and/or funds, at least annually. Asset allocation, investments, and/or investment managers are adjusted as necessary by this monitoring.

*Credit Risk.* The policy states that the plan will select appropriate investments, or investment manager(s), to fill each asset class allocation. The individual investment, or investment managers, chosen shall be those determined to meet the board's objectives in terms of their overall combination of risk, return, and liquidity.

*Concentration of Credit Risk.* It is the desire of the board that no more than 5% of assets may be from a single corporate or sovereign issuer exclusive of the U.S. government. The board reviews assets to monitor the concentration of overlapping securities held by multiple mutual funds. The following individual investments currently held by the Plan are greater than 5% of the Plan's fiduciary net position:

J.P. Morgan Core Bond Fund 11.84					
Pioneer Multi-sector Fixed Income Trust	6.83				
Vanguard Total Stock Market Index	17.38				
Vanguard Developed Markets Index	10.00				
American New Prespective R6	9.70				
Dodge and Cox Global Stock Fund	10.25				
Principal Global Investor Trust	6.21				
RREEF America REIT II	8.17				

The Trust is required to fund an additional \$7 million into the RREEF America REIT II real estate limited partnership, in accordance with the related investment agreement. Additionally, the Trust is required to fund an additional \$3.5 million into the Flag Private Equity VI limited partnership, in accordance with the related partnership agreement. The Flag Private Equity VI limited partnership also makes quarterly distributions of capital from the fund, thus the Trust is not able to redeem its investment immediately.

#### Summary of Deposit and Investment Balances

Following is a reconciliation of the City's deposit and investment balances as of August 31, 2016:

Electric System Capital Assets, Net	\$	857,433,000	58,097,000	50,540,000	864,990,000

The costs of LES retirement work orders are closed into accumulated depreciation which follows Federal Energy Regulatory Commission guidelines. Therefore, as shown above, the decrease in LES accumulated depreciation exceeds the decrease in Utility Plant assets and the decrease in Construction in Progress exceeds the increase in Utility Plant.

Interest incurred during the construction phase of capital assets of business-type activities is added to the cost of the underlying assets constructed and is amortized over the useful lives of the assets. During 2016 capitalized interest activity was as follows:

	Incurred	Capitalized
	Interest Cost	Interest
Lincoln Wastewater System	\$ 2,601,043	101,779
Lincoln Water System	2,056,750	262,658
Solid Waste Management	351,202	158,957

Lincoln Electric System utility plant includes an allowance for funds used during construction for projects costing in excess of \$500,000. The allowance for funds used during construction is based on LES' true interest cost of the most recent borrowing. The rate was 2.8% from January to March 2015 and 3.5% from April to December 2015.

## (8) INTERFUND BALANCES AND ACTIVITY

Balances Due To/From Other Funds at August 31, 2016, consist of the following:

"Due to" and "Due from" balances are recorded when funds overdraw their share of pooled cash. Other balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfers To/From Other Funds for the year ended August 31, 2016, consist of the following:

Transfer To	Transfer From									
	General Fund	Street Construction	West Haymarket JPA	Nonmajor Governmental	Lincoln Wastewater	Lincoln Electric System	Nonmajor Enterprise	Internal Service	Total	
General Fund S Street Construction Nonmajor Governmental Nonmajor Enterprise Internal Service	2,615,579 22,584,229 -	5,552,624 77,092	57,500 203,040	498,771 20,910,626 6,777,654	55,994	9,268,241	1,445,026 16,022 1,425,194	100,000 9,000 -	11,212,038 23,642,227 36,462,195 203,040 77,092	
Total \$	25,199,808	5,629,716	260,540	28,187,051	55,994	9,268,241	2,886,242	109,000	71,596,592	

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (3) transfer payment in lieu of taxes and return on equity from LES to the General Fund.

The \$93,241 variance for transfers on the Statement of Activities is caused by the different fiscal year end dates used by the City (August 31) and Lincoln Electric System (December 31). Lincoln Electric System records an estimate for payments of return on equity as an accrued liability at December 31. The City however, receives the payments before the August 31 fiscal year end, and records the total amount as a transfer in.

#### (9) **DEBT OBLIGATIONS**

#### SHORT-TERM

Established by City Ordinance, LES may borrow up to \$150 million under a commercial paper note program. The payment of the commercial paper notes is subordinated to the payment of the principal of, and interest on, the outstanding bonds. At December 31, 2015, LES had \$95.5 million of tax-exempt commercial paper notes outstanding. The notes mature at various dates but not more than 270 days after the date of issuance. The weighted-average interest rate for the year ended December 31, 2015, was 0.06%. The outstanding commercial paper notes are secured by a revolving credit agreement. There were no advances outstanding under the credit agreement at December 31, 2015. LES uses commercial paper notes as part of their long-term financing strategy. As such, commercial paper is typically renewed as it matures. The weighted average length of maturity of commercial paper for 2015 was 61 days.

Commercial paper activity for the year ended December 31, 2015, is as follows:

	Beginning			Ending	Due Within
Lincoln Electric System:	Balance	Additions	Reductions	Balance	One Year
Commercial Paper Notes	\$ 95,500,000	543,000,000	(543,000,000)	95,500,000	95,500,000

In December 2014, LES entered into a revolving credit agreement with Wells Fargo Bank, National Association. The agreement permits LES to draw up to \$50 million on a floating rate basis. LES' obligation to repay advances and the interest thereon under this agreement is subordinated to the payment of the principal of, and interest on, the outstanding bonds as well as LES' commercial paper notes and the associated credit agreement. No advances were outstanding under the agreement at December 31, 2015. The agreement also provides for Wells Fargo to issue one or more letters of credit for the aggregate undrawn amount, not to exceed \$10 million in the aggregate. LES is using \$2 million of the revolving credit agreement to provide a letter of credit to Southwest Power Pool to satisfy its market deposit requirements.

## LONG-TERM

The City issues general obligation, special assessment, and revenue bonds to finance the acquisition and construction of major capital assets. Bonded indebtedness has also been entered into to advance refund several general obligation and revenue bonds. General obligation bonds are direct obligations and pledge the full faith and credit of the government. Special assessment bonds are repaid from amounts levied against affected property owners, but in the unlikely event collections are not sufficient to make debt payments, the responsibility rests with the City to meet that obligation. For revenue bonds the government pledges income derived from the acquired or constructed assets to pay the debt service.

Net position of \$2,963,014, \$3,822,761, \$3,739,518, and \$1,990,300 is currently available in the debt service funds to service the Tax Allocation Bonds, General Obligation Bonds, Tax Supported Bonds, and Special Assessment Bonds, respectively. Revenue Bonds are funded partially from reserve accounts set up for debt repayment and partially from proceeds of daily operations.

The City has entered into lease agreements for financing the acquisition of land, buildings, street lights, entry corridor improvements, sidewalks, dump trucks, emergency vehicles and equipment, golf equipment, and computer equipment and software. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. Assets acquired through capital leases are as follows:

	_	Governmental Activities	_	Business-Type Activities
Land	\$	1,780,066	\$	210,000
Buildings		25,944,791		1,647,945

(where applicable)	_	(14,751,762)	_	(2,547,215)
Total	\$_	47,948,746	\$	2,522,577

Under the City's Home Rule Charter, there is no legal debt limit. The various bond indentures contain significant limitations and restrictions on annual debt service requirements, minimum amounts to be maintained in various bond reserve funds, and minimum revenue bond coverages.

In March 2015, LES issued \$167,800,000 of Revenue and Refunding Bonds, Series 2015A. Proceeds from the issuance of the 2015A bonds were used to advance refund portions of the series 2007A and series 2007B revenue bonds, reimburse LES for prior capital improvements, fund a deposit into the 2015 debt service reserve fund, and pay certain costs and expenses related to the issuance of the 2015 bonds. The refunding resulted in debt service savings of approximately \$11,200,000 and net present value savings of approximately \$7,400,000. At December 31, 2015, \$61,815,000 and \$37,815,000 of refunded series 2007A and 2007B bonds, respectively, are considered defeased and the liability for these bonds has been removed from the financial statements.

Lincoln Wastewater System has entered into a loan agreement with the Nebraska Department of Environmental Quality (NDEQ) consisting of three separate contracts. Under contract 317247 the Lincoln Wastewater System has borrowed \$4,808,792 to fund certain sewer system extension and sewer repairs. The System also borrowed \$5,000,000 under contract 317078 to fund certain treatment facilities projects. The interest rate throughout the term of these loans is 2.0%. The Wastewater System has also borrowed \$17,000,000 under contract 317830 to fund certain wastewater solids handling, trunk sewer, and selected facility replacement improvements. The interest rate throughout the term of the loan is 3.25%. All contracts are final as of the year ended August 31, 2016.

Lincoln Water System has entered into a \$14,977,829 loan agreement with NDEQ. This funding is available to fund certain water system extension and water repairs. The interest rate throughout the term of the loan is 2.25%. In addition, an administrative fee of 1% will be incurred on the loan. During the year ended August 31, 2016, project costs were incurred totaling \$48,042, resulting in the recognition of a project loan payable of \$13,554,550, which is shown net of \$1,423,279 of principal repayments. This loan contract is final as of the year ended August 31, 2016.

Internal Service funds predominantly serve the governmental funds, therefore, their long-term liabilities are included with the governmental activities. Compensated absences for governmental activities are generally liquidated in the General Fund as well as various other Special Revenue and Internal Service funds where personnel costs are incurred. The construction contracts are liquidated in the Street Construction fund, financed primarily with impact fee collections. The claims and judgments liability will generally be liquidated through the City's Insurance Revolving Internal Service Fund, which will finance the payment of those claims by charging other funds based on management's assessment of the relative insurance risk that should be assumed by individual funds. The net pension liability will be liquidated through the OPEB obligation for an implicit rate subsidy will be liquidated with those governmental funds where personnel insurance costs are incurred.

Long-term liability activity for the major enterprise funds for the year ended August 31, 2016, was as follows (in thousands of dollars):

Lincoln Wastewater System:		Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year

# DEVELOPER PURCHASED TAX INCREMENT FINANCING NOTES AND BONDS

At August 31, 2016, \$51,066,243 of developer purchased tax increment financing notes and bonds were outstanding. Developer purchased tax increment financing allows the City to create special districts to enable public/private improvements within those districts that will generate public/private-sector development. For a period of 15 years, the tax base is frozen at the predevelopment level, and taxes generated from the incremental increases in assessed value are remitted to the developer. The agreements between the City and developer expressly limit the City's commitment for debt repayment to the

incremental tax collected during the 15-year period. At the end of the 15-year period, the tax jurisdiction collects on the increased property values. The related tax increment districts are not component units of the City; therefore, the City is not liable for the outstanding debt. The City's responsibility for this liability is limited only to remittance of paid taxes, thus these notes and bonds are not reflected in the City's financial statements.

## CONDUIT DEBT

On January 26, 2012, the City issued \$19,815,000 of Educational Facilities Revenue and Refunding Bonds for the purpose of paying the cost of acquiring, constructing, equipping and furnishing improvements to Nebraska Wesleyan University's (NWU) higher education facilities and refinancing certain outstanding indebtedness of NWU.

The Bonds are limited obligations of the City and are payable solely from payments to be made by NWU pursuant to a loan agreement dated January 1, 2012, by and between the City and NWU. The Bonds shall not be a charge against the City's general credit or taxing powers. The Bonds shall never constitute an indebtedness of the City within the meaning of any constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the City, thus these bonds are not reflected in the City's financial statements. At August 31, 2016, \$16,765,000 of these bonds remain outstanding.

# (10) <u>RECONCILIATION OF BUDGET BASIS TO GAAP</u>

Amounts presented on a non-GAAP budget basis of accounting differ from those presented in accordance with GAAP due to the treatment afforded accruals, encumbrances, funds for which budget and reporting structures differ, and funds for which legally adopted annual budgets are not established. A reconciliation for the year ended August 31, 2016, which discloses the nature and amount of the adjustments necessary to convert the actual GAAP data to the budgetary basis, is presented below:

Stroot

		Street
	General	Construction

# (11) **DEFICIT NET POSITION**

The following funds had a net position or fund balance deficit as of August 31, 2016:

Special Revenue - Impact Fees Fund	\$ (111,254)
Enterprise - Pinnacle Bank Arena Fund	(1,018,189)
Enterprise - Emergency Medical Services Fund	(456,871)
Enterprise - Broadband Enterprise Fund	(352,181)
Internal Service - Engineering Revolving Fund	(998,215)
Internal Service - Communication Services Fund	(56,404)
Internal Service - Copy Services Fund	(39,247)

- The Impact Fees Fund deficit is expected to be reduced through future fee collections.
- The Pinnacle Bank Arena Fund was created to manage the operation of a new Arena, which opened in August, 2013. The Fund deficit is expected to be reduced through future revenue collections.
- The Emergency Medical Services Fund deficit is expected to be reduced through future emergency ambulance service fee collections.
- The Broadband Enterprise Fund was created in the current fiscal year. The deficit is expected to be reduced once more contracts are approved and subsequent revenues are received.
- The Engineering Revolving Fund is evaluating various means to reduce expenses and improve revenue collections affected by staffing levels, overhead costs, billing practices, and intra-City services reimbursements.
- The Communication Services Fund is adjusting their billing process and when completed is expected to reduce the deficit.
- The Copy Services Fund deficit is expected to be reduced by an increase in fees charged.

# (12) EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The following fund had expenditures for which there were no appropriations:

General Fund	
Traffic Engineering	\$ 68,650
Street Lighting	1,059,475
Debt Service	138,124

# (13) <u>EMPLOYEES' RETIREMENT PLANS</u>

The employees of the City are covered by several retirement plans. Article II Section 3 of the Lincoln Charter assigns the authority to establish and amend benefit provisions of the various plans to the City Council. The Police and Fire Pension Plan (PFP) is administered by the City and is included in the Fiduciary Fund type. All other plans are administered by outside trustees and are not included in the City's basic financial statements.

## POLICE AND FIRE PENSION

<u>Plan Description</u> – PFP is a single-employer defined benefit pension plan administered by the City of Lincoln for all commissioned police and firefighters. PFP provides retirement, disability, and death benefits to plan members and beneficiaries. The City does not issue a separate report that includes financial statements and required supplementary information for PFP.

Summary of Benefit Provisions -

Plan A is applicable to members who were hired on/after April 1, 1995 or who were hired prior to that date, but elected Plan A coverage.

Plan B is applicable to members who were employed on/after April 11, 1984 or who, prior to April 11, 1984, elected Plan B coverage.

Plan C is applicable to members who were employed before April 11, 1984 and did not elect to move to Plan B or A.

*Regular Pay* - All plans include member's base pay and City's contributions to the Post-Employment Health Plan for the last consecutive 26 bi-weekly pay periods, or in the case of a demotion, the highest consecutive 26 bi-weekly pay periods.

Normal Retirement Age – Plan A: Age 50 Plans B and C: Age 53

Normal Retirement - Plan A: Normal retirement age and 25 years of service.

Plans B and C: Normal retirement age and 21 years of service.

Amount of Pension -

Plan A: 2.56% of regular pay times years of service to a maximum of 64% of regular pay.

Plan B: 58% of regular pay with 21 years of service, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement to a maximum increase of 10%.

Plan C: 54% of regular pay with 21 years of service, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement to a maximum increase of 10%.

Early Retirement - Eligibility for all plans is age 50 and 21 years of service.

Amount of Pension -

Plan A: 2.56% of regular pay times years of service up to a maximum of 64% of regular pay.

Plan B and C: 52% and 48% of regular pay, respectively, plus 2% of regular pay for each year of service rendered after becoming eligible, up to a maximum increase of 6%.

*Partial Annuity* - Eligibility for all plans is early retirement age and 10, or more, years of service. Amount of Pension –

Plan A: 2.56% of regular pay times years of service.

- Plan B: 58% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 58% of regular pay.
- Plan C: 54% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 54% of regular pay.

*Deferred Annuity (Vested Termination)* - Eligibility for all plans is age less than early retirement age and 10, or more, years of service. Payments begin at age 50.

Amount of Pension -

Plan A: 2.56% of regular pay times years of service.

- Plan B: 58% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 58% of regular pay.
- Plan C: 54% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 54% of regular pay.

*Duty-Related Disability* - Eligibility for all plans is permanent inability to perform the duties of the position from a cause occurring while in line of duty.

Amount of Pension –

Plan A: 58% of regular pay.

Plan B and C: A benefit equal to 58% or 54% of regular pay, respectively, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement, to a maximum increase of 10% of regular pay.

Such benefits shall continue after the member's death to the member's surviving spouse (until their death or remarriage), minor children or designated beneficiary (at a reduced amount). The above amounts are subject to deduction of the amount received from worker's compensation.

*Non-Duty Disability* - Eligibility for all plans is permanent inability to perform duties of position from a cause not occurring in the line of duty.

Amount of Pension – equal to the following percent of regular pay:

Years of Service (YOS)	Plan A	Plan B	Plan C
$5 \le YOS < 10$	23%	23%	21%
$10 \le YOS < 15$	39%	39%	36%
$YOS \ge 15$	53%	53%	49%

*Duty-Related Death* - Eligibility for all plans is an active member death in the line of duty, or as a result of injuries received while in the line of duty.

Amount of Pension -

Spouse beneficiary paid at duty disability rate until remarriage or death. Upon spouse's remarriage or death, dependent children paid at same rate until age 19. Non-spouse beneficiary paid at 100% survivor rate for lifetime. The above amounts are subject to deduction of the amount received from worker's compensation.

*Non-Duty Death* - Eligibility for all plans is member dies from non-duty related cause and 5 years of service.

Amount of Pension - Benefits which would have been payable as a non-duty disability awarded the day prior to death (joint and 100% survivor).

*Death After Retirement* - Monthly benefit may continue to surviving spouse or non-spouse beneficiary, and is dependent on form of payment.

After monthly benefits cease a lump sum benefit is payable to survivors of members employed on or after January 1, 1992 to March 31, 2010, equal to the member's unrefunded accumulated contributions and interest multiplied by the ratio of the number of expected payments received to the number of expected payments. Survivors of other members receive a death benefit after monthly benefits cease, equal to the member's unrefunded accumulated contributions and interest less the sum of monthly benefits received.

*Non-Vested Termination* - Eligibility for all plans includes termination of employment and no pension is or will become payable.

Amount of Benefit - all plans will refund member's contributions plus annual interest.

Employee Contributions - Plan A: 8.0% of pay Plan B: 7.6% of pay Plan C: 7.0% of pay Upon reaching 21 years of service, member contributions are of

Upon reaching 21 years of service, member contributions are discontinued for Plans B and C.

<u>Cost of Living Adjustments (COLA)</u> – Eligibility requirements include receiving benefits for at least twelve months preceding September 1. The lump sum payment will be a base amount of \$750 effective 9/1/1994. The lump sum payment amount will be annually increased by the lesser of three percent or the percentage increase in the Consumer Price Index for the last full calendar year prior to each September 1.

Deferred Retirement Option Plan (DROP) - The City has established DROP for police and fire pension members. The DROP program allows a member to retire for pension purposes, but to continue working. The member receives a paycheck and the member's monthly pension benefit is deposited into the member's DROP account. At the end of five years, or anytime before five years, the member must "retire-in-fact". Contributions to the pension are eliminated at the beginning of the DROP period. Pension benefits are set, and will not be increased because of raises, promotions, increased years of service or pension enhancements. When a member retires-in-fact, their monthly pension benefit will be paid directly to them and the member will have access to the funds in their DROP account. The balance held by the third party DROP administrator at August 31, 2016, is \$6,606,202.

Membership of the pension plan consisted of the following at August 31, 2016, the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	501
Terminated plan members entitled to	
but not yet receiving benefits	27
Active plan members (non-DROP)	573
Death benefit refund due	1
DROP members	45
Total	1,147
Number of participating employers	1

<u>Funding Policy</u> – The contribution requirements of plan members and the City are established by City Ordinance and may be amended by the City Council. Plan members are required to contribute between 7% and 8% of their annual covered salary based on an election made by the employee. It is recommended that the City contribute an actuarially determined amount; the contribution amount for fiscal year 2016 was \$9,666,852. For the fiscal year ended August 31, 2016, the Plan received \$7,170,104 in employer contributions.

<u>Actuarial Methods and Assumptions</u> – The annual required contribution for the current year was determined as part of the August 31, 2014, actuarial valuation using the entry age actuarial funding method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 6.75% per year compounded annually, (b) projected salary increases of 7.3% grading down to 3.5% per year, including wage inflation at 2.5%, and (c) the assumption that benefits will not increase after retirement. The actuarial value of assets was determined using a five year smoothed market method. The unfunded actuarial accrued liability is being amortized as a level percentage of payrolls on a closed basis over a period of thirty years.

#### Net Pension Liability

The components of the net pension liability of the PFP at August 31, 2016, were as follows:

Total pension liability	\$ 271,594,222
Plan fiduciary net position	 (213,857,935)
Net pension liability	\$ 57,736,287

Plan fiduciary net position as a percentage of the total pension liability

The total pension liability was determined by an actuarial valuation using the entry age normal cost method and calculated based on the discount rate and actuarial assumptions below.

78.74%

Valuation date	August 31, 2016
Measurement date	August 31, 2016

Assumptions

The total pension liability as of August 31, 2016, was determined by an actuarial valuation performed as of August 31, 2016, using the following key actuarial assumptions:

Price inflation	2.50%
Salary increases, including wage inflation	3.50% to 7.30%
Long-term Rate of Return, net of investment expense, including price inflation	7.50%
Single Equivalent Interest Rate, net of investment expense, including price inflation	7.50%
Post-retirement adjustment	COLA benefit payments are assumed to increase 2.50% each year.
Mortality	Mortality rates are based on the RP-2000 Mortality Tables for Employees, Healthly Annuitants, and Disabled Retirees with Generational Projection using Scale AA.

The actuarial assumptions that determined the total pension liability as of August 31, 2016, (with the exception of the investment return assumption) were based on the results of the most recent actuarial experience study for the five-year period ending August 31, 2014.

#### **Discount Rate**

The discount rate used to measure the total pension liability at August 31, 2016, was 7.50%.

The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be equal to the actuarially determined contribution rates determined in the actuarial valuation prepared two years prior to the current fiscal year end. Based on these assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments of 7.50% was applied to all periods of projected benefit payments to determine the total pension liability. Projected future benefit payments for all current pension members were projected through 2115.

<u>Long-Term Rate of Return</u> – The long-term expected rate of return on pension plan investments is generally reviewed on a regular basis as part of an experience study. The 7.50% long-term assumed rate of return for both the current and prior measurement date was actuarially developed. Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class, were developed by investment consultants. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

Best estimate of arithmetic real rate of return for each major asset class included in the pension plan's target asset allocation as of August 31, 2016, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return*
Developed Markets Equity	50.0 %	7.44 %
Emerging Markets Equity	5.0	11.95
Private Equity	5.0	11.80
Core Real Estate	15.0	4.36
Value-Added Real Estate	5.0	7.83
Low Vol Hedge Funds	5.0	2.79
Core Fixed Income	10.0	0.79
High Yield Fixed Income	5.0	5.07
Total	100.0 %	

\* Arithmetic mean, net of investment expense.

<u>Sensitivity of the net pension liability to changes in the discount rate</u> - The following presents the net pension liability of the City, calculated using the discount rate of 7.50%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.50%) or 1 percentage point higher (8.50%) than the current rate.

		1%	Current	1%
		Decrease	Discount Rate	Increase
	_	6.50%	7.50%	8.50%
Net pension liability	\$	90,636,142	57,736,287	30,074,238

<u>Rate of Return</u> - For the year ended August 31, 2016, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 7.36 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

PFP financial statements are prepared on the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred. Employee and employer contributions are recognized in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the plan terms.

Investments as reported in the financial statements include long-term investments. Law or legal instruments may restrict these investments. All investments are stated at fair value based on quoted market prices. For investments where no readily ascertainable fair value exists, management has received an estimate of fair value from the investment fund manager based, in part, on real estate appraisals.

There have been no changes since the measurement date that would materially alter the pension plan financial report.

## Changes in the Net Pension Liability

## ELECTRIC SYSTEM

The City owns and operates its own electric system, which is included in the enterprise funds in the accompanying basic financial statements. The electric system is controlled and managed by an administrative board and is not supported by the City's general tax revenues. The electric system provides retirement benefits to its employees under its own separate plan, such benefits being funded solely from revenues derived from the operation of the electric system. A summary of the electric system plan is as follows:

LES has a defined contribution retirement plan created in accordance with Internal Revenue Code Section 401(K). The plan assets are held, managed and administered by a custodian. The plan was established under the authority of the administrative board and contributions are also established by the administrative board. LES' contribution is equal to 200% of the employees' contributions, up to 5% of applicable compensation for employees hired prior to 1/1/11. For employees hired after 1/1/11, LES' contribution is equal to 100% of employee's contributions up to 10% of applicable compensation. Vesting of LES contributions occurs over a three-year period. Employee forfeitures are used to reduce future employer contributions. For the year ended December 31, 2015, LES incurred contribution expense of approximately \$3,729,000 or 9.09% of covered payroll and its employees contributed approximately \$3,098,000 or 7.55% of covered payroll.

## DEPARTMENT DIRECTORS

Directors of City departments are eligible the first of the month following the date employed to be covered by the Director's Money Purchase Plan, established by City Ordinance, and administered by an insurance company. The Plan is a defined contribution plan requiring contributions determined by the employees' date of hire. The City contributes 6% to 12% and the employee contributes 0% to 6% of earned income in one calendar year. Employees covered by the Plan may also make voluntary contributions. Participant accounts are immediately 100% vested. Total and covered payroll for the year ended December 31, 2015, was \$1,731,643. City contributions totaled \$180,489 or 10.42% of covered payroll and employee contributions totaled \$22,496 or 1.30% of covered payroll. There were no voluntary employee contributions made for the year ended December 31, 2015.

# ALL OTHER CITY EMPLOYEES

All other City employees are eligible after 6 months' service and age 19 to be covered under the City's Money Purchase Pension Plan, established by City Ordinance, and administered by an insurance company. Enrollment in the program is mandatory at age 40 with 5 years service. Vesting occurs in increments between 3 and 7 years of enrollment in the plan. The Plan is a defined contribution plan requiring employees to contribute at a rate determined by the employees' bargaining unit and date of hire. The City contributes between \$1.29 and \$2.00 for every \$1.00 contributed by employees. Employee forfeitures are used to reduce employer contributions. Employees covered by the Plan may also make voluntary contributions. During the year ended December 31, 2015, total payroll was approximately \$83,517,000 and covered payroll was approximately \$72,331,000. The City incurred contribution expense totaling \$7,974,328, which included a reduction in expense of \$184,152 for employee forfeitures. Employer contributions were 11.02% of covered payroll and employee contributions totaled \$4,677,614 or 6.47% of covered payroll. Employees made \$402,440 in voluntary contributions for the year ended December 31, 2015.

## (14) OTHER POSTEMPLOYMENT BENEFITS (OPEB)

<u>Plan Description</u> – The City offers employees and their families the opportunity to continue their health care coverage when there is a qualifying event, such as retirement, that would result in a loss of coverage under the City's plan. Each qualified beneficiary pays the entire cost of premiums for the continuous coverage. The City recognizes as OPEB the implicit rate subsidy provided to retirees when their premium is the "full cost" of the insurer's charge for the active population. Since the retirees have higher costs, the premium they pay is not expected to cover their costs, and the difference is essentially covered by the City's payment for active employees. The City plan is a single-employer defined benefit plan. The City does not issue a separate report that includes financial statements and required supplementary information for OPEB.

Funding Policy – The plan is a pay-as-you-go and therefore, is not funded.

<u>Annual OPEB cost and Net OPEB Obligation</u> – The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

The following Net OPEB obligation balance includes amounts reported in governmental activities, business-type activities and the fiduciary trust fund.

The net OPEB obligation as of August 31, 2016, was calculated as follows: (Dollar amounts in thousands)

Annual required contribution	\$ 2,035
Interest on net OPEB obligation	495
Adjustment to annual required contribution	 (694)
Annual OPEB cost	1,836
Contributions made	 (514)
Increase in net OPEB obligation	1,322
Net OPEB obligation-beginning	 11,637
Net OPEB obligation-ending	\$ 12,959

Year	Annual	Percentage of	Net
Ended	OPEB	Annual OPEB	OPEB
August 31	Cost	Cost Contributed	Obligation
2016	\$ 1,836,000	28.0 %	\$ 12,959,000
2015	2,144,000	28.9	11,637,000
2014	2,142,000	28.9	10,112,000

The City's annual OPEB cost, the percentage of annual OPEB costs contributed and the net OPEB obligation are as follows:

<u>Funded Status and Funding Progress</u> – As of September 1, 2015, the most recent actuarial valuation date, the plan was zero percent funded. The actuarial liability for benefits was \$17,273,000 and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of \$17,273,000. Annual covered payroll was approximately \$129,096,000, and the ratio of the UAAL to the covered payroll was 13.4%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statement, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

<u>Actuarial Methods and Assumptions</u> – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the September 1, 2015, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4.25% discount rate and an annual healthcare cost trend rate of 7.5% initially, reduced by decrements to an ultimate rate of 5.0% for 2026 and beyond. The general inflation rate used for derivation of these calculations is 2.5%. Participation assumptions include 60% of eligible civilian members and 50% of eligible Fire/Police members electing coverage, with 25% participation assumed for both civilian and Fire/Police spouses, respectively. The plan's unfunded actuarial accrued liability is being amortized as a level dollar amount on an open basis over a period of thirty years.

# <u>PEHP – Defined Contribution Plan</u>

The City has a defined contribution Post Employment Health Plan (PEHP) administered by Nationwide Retirement Solutions. The purpose of the PEHP plan is to provide reimbursement of qualifying health care and medical insurance premium expenses for employees upon separation from employment.

Terms for eligibility and contribution rates are specified in the City's various collective bargaining agreements. Individual employee accounts consist of employer contributions, investment returns and any forfeiture allocations. Current employer contributions range from \$18-\$50 per pay period based on union contracts. Current year contributions totaled approximately \$1,280,000.

# Long-Term Disability Plan

The City also provides employees with long-term disability benefits when they become disabled due to a non-work related accident or illness and are unable to perform their essential job functions. Results of an actuarial valuation have not been included here as it did not have a significant impact on the City's financial statements.

## (15) **PROPERTY TAXES**

The Home Rule Charter of the City imposes a tax ceiling for general revenue purposes. The City tax ceiling was established by using the September 1, 1966, City dollar tax limit as an initial tax limit, and increasing that tax limit each year following 1966 by 7% so that in each fiscal year thereafter the amount of the City tax limit shall be the amount of the City tax limit for the previous year plus 7% thereof. In addition, the City has the power to levy taxes each year sufficient to pay any judgment existing against the City, the interest on bonded debt, and the principal on bonded debt maturing during the fiscal year or within 6 months thereafter, as well as taxes authorized by state law. The 2015 tax levy, for the 2015-2016 fiscal year, was \$134,866,868 below the legal limit, with a tax rate per \$100 valuation of \$0.3196. The assessed value upon which the 2015 levy was based was \$18,457,318,752.

The tax levies for all political subdivisions in Lancaster County are certified by the County Board on or before October 15th. Real estate taxes are due on December 31st and attach as an enforceable lien on property on January 1st following the levy date and become delinquent in two equal installments on April 1st and August 1st. Personal property taxes are due December 31st and become delinquent on April 1st and August 1st following the levy date. Delinquent taxes bear 14% interest.

Within the government-wide financial statements, property taxes are recognized as revenue in the year for which they are levied. Property taxes levied for 2015-2016 are recorded as revenue in the fund financial statements when expected to be collected within 60 days after August 31, 2016. Prior-year levies were recorded using these same principles, and remaining receivables are re-evaluated annually. Property taxes expected to be collected after 60 days are recorded as unavailable revenue on the fund balance sheets.

The City-owned electric utility is required by City Charter to make payments in lieu of taxes, aggregating 5% of its gross retail operating revenues derived from within the city limits of incorporated cities and towns served.

### (16) <u>RISK MANAGEMENT</u>

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees and the public; or acts of God. All risk management activities are accounted for in the Insurance Revolving Fund, an internal service fund, and administered through the Risk Management Division.

For the year ended August 31, 2016, the City had a self-insured retention for workers' compensation exposures up to \$800,000 per individual; law enforcement liability, general liability, public officials liability, public transportation liability, medical professional liability, and auto liability exposures up to \$250,000 per occurrence; building and contents property exposures up to \$75,000 per occurrence; health care benefits with \$150,000 claim specific stop loss; self-insured dental benefits; and self-insured employee long-term disability benefits.

The City also obtained excess liability insurance coverage in the current year. Workers' compensation was covered by a policy that provided statutory limits above the City's retention of \$800,000 per individual. Law enforcement, general, public officials, public transportation, medical professional, and auto liabilities were covered by policies that provided limits of \$6 million per occurrence with a \$12 million annual aggregate. Health had excess stop loss coverage above \$150,000 per claim with unlimited coverage. The Nebraska Political Tort Claims Act limits the City's liability for tort claims to \$1 million per individual and \$5 million per occurrence.

There were no significant insurance recoveries in the current year, and settled claims have not exceeded coverage in any of the past three fiscal years.

The City annually retains the services of independent actuaries to analyze the self-insured workers' compensation, general liability, public transportation liability, law enforcement liability, auto liability, and

long-term disability exposures. Such analysis has been used to assist the City with its financial planning and management of the self-insurance program. Included in the specific objectives of the studies were to:

- Estimate the outstanding liabilities for the current fiscal year ended August 31,
- Forecast ultimate incurred losses and incurred but not reported losses for future years, and
- Estimate the required funding level for the City's self-insured liabilities.

The City funds its self-insurance program on an "incurred loss" basis. The governmental and proprietary funds pay annual premium amounts, based on past experience of incurred losses, to the Insurance Revolving Fund. Claim liabilities of \$9,959,212 were recorded at August 31, 2016, which do not include claims relating to Lincoln Electric System's self-funded health and dental insurance programs. Excluding medical care claims approximating \$1,981,000, the remaining liability is the actuarially estimated amount of claims based on an estimate of ultimate incurred and incurred but not reported losses as of that date and is calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of pay-outs, and other economic and social factors. The claims liability estimate also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses regardless of their allocation to specific claims. These liabilities have been discounted using a .45% discount rate. The City has purchased no annuity contracts in the current fiscal year to resolve City of Lincoln claims.

The following is a summary of the changes in the estimated claims liability for the years ended August 31, 2016 and 2015:

	Worker's			
2016	Compensation	Long-Term	Health	
	and Others	Disability	and Dental	Total
Balance at September 1	\$ 7,414,000	983,115	2,653,990	11,051,105
Current year claims and changes in estimates	2,251,839	92,793	28,228,422	30,573,054
Claims payments	(2,693,839)	(69,957)	(28,901,151)	(31,664,947)
Balance at August 31	\$ 6,972,000	1,005,951	1,981,261	9,959,212
	Worker's			
2015	Compensation	Long-Term	Health	
	and Others	Disability	and Dental	Total
Balance at September 1	\$ 7,146,000	947,531	2,127,558	10,221,089
Current upor alaims and abanges in estimates				AC CAA (()
Current year claims and changes in estimates	3,080,824	113,635	26,639,205	29,833,664
Claims payments	3,080,824 (2,812,824)	113,635 (78,051)	26,639,205 (26,112,773)	29,833,664 (29,003,648)
	- ) )			

#### LINCOLN ELECTRIC SYSTEM

LES has self-funded health and dental insurance programs with claims processed by a third party administrator on behalf of the utility. As part of the health plan, a reinsurance policy has been purchased which covers claims in excess of \$150,000 per individual. Total accrual and payment history is shown below:

	 2015	2014
Balance beginning of year	\$ 1,513,000	1,659,000
Claims and fees incurred	6,348,000	5,895,000
Claims paid/other	 (7,353,000)	(6,041,000)
Balance end of year	\$ 508,000	1,513,000

As required by state statute, LES maintains an incurred but not reported claims reserve which is actuarially determined, the balance of which was \$508,000 and \$496,000 at December 31, 2015 and 2014, respectively. LES established two separate bank accounts for the self-funded employee health and dental insurance plan reserve to ensure compliance with statutory requirements. Although not required by the statute, LES maintains excess insurance that limits the total claims liability for each plan year to not more than 125% of the expected claims liability, up to an annual aggregate maximum of \$1,000,000.

# (17) <u>COMMITMENTS AND CONTINGENCIES</u>

## <u>GENERAL</u>

The City participates in a number of federal and state assisted grant programs. Federal and state financial assistance programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies is not determinable at this time; however, City officials do not believe that such amounts would be significant.

At August 31, 2016, approximately 96% of the full-time, regular City's employees are represented by a Union. Labor contracts involving civilian City employees are negotiated to cover, at a minimum, a two-year period coinciding with the biennial budget process.

The City is a defendant in a number of lawsuits and claims in its normal course of operations. Management is currently of the opinion that ultimate settlement of such lawsuits and claims will not have a materially adverse effect on the financial statements.

The City has been identified as a potentially responsible party (PRP) or equivalent status in relation to several sites with environmental remediation activities. Management currently believes that the liability of the City in connection with these activities will be immaterial. However, the ultimate cost will depend on the extent of remediation required. Management does not believe that changes in these cost estimates will have a materially adverse effect on the financial statements.

The City of Lincoln owns a solid waste disposal area which discontinued operations in 1990, but still requires certain closure and postclosure care, including the construction of final cover, monitoring of groundwater conditions and landfill gas migration, and general site maintenance. While accrual of closure and postclosure care costs has been reflected in the financial statements in the current year, unanticipated corrective action costs related to landfill gas migration or groundwater contamination, if identified through current monitoring procedures, may be recorded once these costs can be reasonably estimated.

### STREET CONSTRUCTION PROJECTS

The City's Street Construction Fund has commitments under major construction contracts in progress of approximately \$19,700,000 as of August 31, 2016, which will be financed primarily through highway user fees, bond proceeds, federal and state grants, and developer contributions.

# WEST HAYMARKET JOINT PUBLIC AGENCY

In connection with the West Haymarket Development Project, the WHJPA is involved with the clean-up and remediation of several development sites relating to soil and groundwater contamination. This clean-up and remediation is performed as sites are developed, as the WHJPA has not been designated as a potentially responsible party (PRP or equivalent status) by any regulatory agency requiring the immediate clean-up of impacted areas. Although future costs may be incurred, it is not possible at this time to reasonably estimate the amount of any obligation for remediation activities because of uncertainties with respect to assessing the extent if the contamination or the applicable regulatory requirements. No liability has been recorded for potential future remediation activities as of August 31, 2016.

### LINCOLN WASTEWATER SYSTEM

The Lincoln Wastewater System has commitments under major construction contracts in progress of approximately \$2,800,000 as of August 31, 2016.

# LINCOLN WATER SYSTEM

The Lincoln Water System has commitments under major construction contracts in progress of approximately \$3,900,000 as of August 31, 2016.

## LINCOLN ELECTRIC SYSTEM

LES has an allocation from the U.S. Department of Energy, through Western Area Power Administration (WAPA), of firm power under contract from Upper Missouri Basin hydroelectric plants of approximately 56 MW. LES has also received an allocation of 72 MW of firm peaking power from WAPA for the six month summer season and 22 MW for the remaining months. LES' contract routinely has been extended by amendment and currently runs through 2020.

LES has participation contracts in the output of two existing Nebraska Public Power District (NPPD) power plants, a thirty percent (65 MW) and eight percent (109 MW) entitlement to the output of the Sheldon Station Power Plant (nominally rated 215 MW coal plant) and Gerald Gentleman Station Power Plant (nominally rated 1,365 MW coal plant), respectively. NPPD plans to replace one of the two col-fired boilers at the Sheldon Station with one that uses hydrogen fuel. NPPD and LES are in discussion regarding how this plant conversion impacts the participation agreement between LES and NPPD.

LES is responsible for its respective participating interests in the two facilities' capital additions and improvements. LES recognizes its share of capital acquisition costs and debt service payments as power costs in the period the costs are billed with the exception of costs approved for deferral under GASB Codification Section RE10, *Regulated Operations*. Fixed cost payments under the agreements are on a participation basis whether or not such plants are operating or operable.

The participation contracts continue until the facilities are removed from commercial operation or the final maturity occurs on the related debt incurred by NPPD to finance the facilities, whichever occurs last. The estimated fixed cost payments to NPPD under these contracts, including capital additions and improvements, debt service payments and fixed costs, and credits, aggregate approximately \$17,997,000, \$18,393,000, \$18,797,000, \$19,211,000, and \$19,633,000, respectively, in each of the five years subsequent to December 31, 2015.

Through the participation contracts LES may be required to pay costs associated with compliance with environmental regulations.

LES participates in three wind plants through direct Power Purchase Agreements with the plant's developer/owner: 100 MW Arbuckle Mountain Wind farm in Oklahoma, 100 MW Buckeye Wind Energy Center in Kansas and 73 MW Prairie Breeze II Wind Energy Center in Nebraska. These new wind energy facilities were placed in commercial operation in 2015. LES also participates in four Nebraska-based wind plants through Power Sales Agreements with NPPD: Laredo Ridge (10 MW), Broken Bow (10 MW), Elkhorn Ridge (6 MW), and Crofton Bluffs (3 MW). For each of these plants, NPPD has the actual Power Purchase Agreement with the wind plant developer/owner.

# (18) LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The City of Lincoln currently owns and operates both a municipal solid waste landfill and a construction and demolition debris landfill. State and federal laws require the City to close the landfills once capacity is reached and to monitor and maintain the site for thirty subsequent years on the municipal solid waste landfill and five subsequent years on the construction and demolition debris landfill. Although certain closure and postclosure care costs will be paid only near or after the date that the landfills stop accepting waste, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date. These costs are accounted for in the Solid Waste Management Fund, a nonmajor enterprise fund.

At August 31, 2016, the City had incurred a liability of approximately \$13,273,000 for the municipal solid waste landfill which represents the amount of costs reported to date based on the approximately 59% of landfill capacity used to date. The remaining estimated liability for these costs is approximately \$9.2 million, which will be recognized as the remaining capacity is used (estimated to be approximately 16 years).

As of August 31, 2016, the City had incurred a liability of approximately \$892,000 for the construction and demolition debris landfill which represents the amount of costs reported to date based on the approximately 64% of landfill capacity used to date. The remaining estimated liability for these costs is approximately \$496,000, which will be recognized as the remaining capacity is used (estimated to be approximately 12 years).

The estimated costs of closure and postclosure care, as determined by an independent engineering consultant, are subject to changes including the effects of inflation, revision of laws, changes in technology, actual sequence of landfill development and closure, and other variables.

The City of Lincoln, in a review by the Nebraska Department of Environmental Quality (NDEQ), has demonstrated compliance with the financial assurance requirements as specified in Title 132 - *Integrated Solid Waste Management Regulations*, through the Local Government Financial Test.

The City of Lincoln also owns a solid waste disposal area that discontinued operations in 1990. Although exempt from the U.S. Environmental Protection Agency *Solid Waste Disposal Facility Criteria* issued October 9, 1991, the City must still adhere to certain closure and postclosure care requirements under prior legislation, including the construction of final cover, monitoring of ground water conditions and landfill gas migration, and general site maintenance. At August 31, 2016, a liability for closure and postclosure care costs is recorded in the amount of approximately \$6,326,000, as determined by an independent engineering consultant. If any unanticipated corrective action costs related to landfill gas migration or groundwater contamination are identified through current monitoring procedures, then an additional accrued liability will be recorded once these costs can be reasonably estimated.

## (19) <u>SEGMENT INFORMATION</u>

The City has issued revenue bonds and other debt instruments to finance capital construction and acquisitions for both the Urban Development and Public Works/Utilities Departments. The Parking Facilities Division of the Urban Development Department operates the City's downtown parking garages and is accounted for in the Parking System Fund. The Solid Waste Operations Section of the Public Works/Utilities Department operates the City's solid waste disposal sites, yard waste composting facility, and re-cycling drop-off program. Summary financial information for these divisions as of and for the year ended August 31, 2016, is presented as follows:

### (20) <u>PLEDGED REVENUES</u>

The City has pledged future revenues derived from the operation of the Lincoln Wastewater System, net of operating and maintenance expenses, to repay all outstanding wastewater revenue bonds and loans. Proceeds from the debt provided financing for improvements to the sanitary sewer system, as well as refunding prior year wastewater debt. The debt is payable solely from the net earnings of the Wastewater System and is payable through 2034. The total principal and interest remaining to be paid is \$100,121,959, with annual payments expected to require 49% of net revenues. Principal and interest paid for the current year and net system revenues were \$7,409,843 and \$15,007,381, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Water System, net of operating and maintenance expenses, to repay all outstanding water revenue bonds and loans. Proceeds from the debt provided financing for improvements to the water supply system, as well as refunding prior water revenue bonds. The debt is payable solely from the net earnings of the Water System and is payable through 2034. The total principal and interest remaining to be paid is \$69,568,617, with annual payments expected to require 30% of net revenues. Principal and interest paid for the current year and net system revenues were \$6,468,726 and \$21,016,315, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Electric System, net of operating and maintenance expenses, to repay all outstanding electric revenue bonds. Proceeds from the bonds provided financing for construction of additional utility plant, as well as refunding certain issues of electric revenue bonds. The bonds are payable solely from the net earnings of the Electric System and are payable through 2040. The total principal and interest remaining to be paid on the bonds is \$942,895,000, with annual payments expected to require 50% of net revenues. Principal and interest paid for the current year and net system revenues were \$49,957,000 and \$100,589,000, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Parking System, net of operating and maintenance expenses, and amounts, if any, distributed by the State for street purposes to repay all outstanding parking revenue bonds. Proceeds from the bonds provided financing for construction and improvements to the parking system, as well as refunding prior revenue bonds. The bonds are payable solely from the net earnings of the Parking System and are payable through 2032. The total principal and interest remaining to be paid on the bonds is \$37,208,839, with annual payments expected to require 42% of net revenues. Principal and interest paid for the current year and net system revenues were \$2,420,215 and \$6,121,495, respectively.

The City has pledged future revenues derived from the operation of the municipally owned solid waste management facilities, net of operating and maintenance expenses, to repay outstanding solid waste management revenue bonds. Proceeds from the bonds provided financing for improvements to the solid waste facilities and to refund prior revenue bonds. The bonds are payable solely from the net earnings of the Solid Waste System and are payable through 2035. The total principal and interest remaining to be paid on the bonds is \$14,931,463, with annual payments expected to require 30% of net revenues. Principal and interest paid for the current year and net system revenues were \$1,171,521 and \$4,474,932 respectively.

# (21) <u>PUBLIC BUILDING COMMISSION</u>

In 1990, the City and the County of Lancaster, pursuant to state statute, activated a separate governmental entity denominated as the Lincoln-Lancaster County Public Building Commission. The purpose of this joint venture is to design, acquire, construct, maintain, operate, improve, remodel, remove and reconstruct, so long as its corporate existence continues, public buildings, structures, or facilities for use jointly by the City and the County. The City and the County each appoint two members to the five-member Commission, with the fifth member being appointed by the other four members. All property held or acquired by the Commission is held or acquired in the name of the City and the County for use by the Commission in its corporate capacity. The Commission's costs of operation and debt service are funded through rental payments made by the City and the County based upon their proportionate occupancy of such buildings to the extent not covered by a maximum property tax levy of 1.7 cents for each \$100 of

actual valuation of taxable property in the County. For the year ended August 31, 2016, the City made rental payments of approximately \$3.0 million to the Commission.

As of August 31, 2016, the Commission has debt outstanding of \$43,699,405. Bond and note proceeds have been utilized by the Commission to acquire, construct, and/or renovate certain buildings occupied by the City and County. The City's proportionate share of these buildings has been recorded in capital assets in accordance with the terms of the joint venture agreement regarding the ultimate transfer of assets to the City and County.

For certain bonds it is anticipated that property tax levies by the Commission will be sufficient to meet bond principal and interest payments. Should revenues from such property tax levies not be sufficient to meet debt service requirements in any given year, the City and County would contribute the necessary payments based on their proportionate building occupancy. Such contributions are expected to be minimal and will be expensed in the appropriate funds when incurred.

For all other debt, funded through rental payments, the City's proportionate share is recorded as capital assets and the corresponding debt is reflected as capital lease long-term obligations in the City's statement of net position. Lease payments are not recorded as capital lease payments in the Debt Service Funds' financial statements but rather are recorded as current expenditures in the various individual funds at the time the payment is made.

Complete separate financial statements for the Commission may be obtained at the Lincoln-Lancaster County Public Building Commission, 920 "O" Street, Room 203, Lincoln, Nebraska 68508.

## (22) JOINT ANTELOPE VALLEY AUTHORITY

Joint Antelope Valley Authority was a joint administrative entity created April 15, 2000, in accordance with Article XV, Section 18 of the Constitution of the State of Nebraska and Nebraska Revenue Statutes Sections 13.801 through 13.827 (1997) authorizing the creation of a joint entity by public agencies. Per an interlocal cooperative agreement by and between the Board of Regents of the University of Nebraska, a public body corporate, the City of Lincoln, Nebraska, a municipal corporation, and the Lower Platte South Natural Resources District, a political subdivision of the State of Nebraska, this joint administrative entity was created to be known as Joint Antelope Valley Authority (JAVA). JAVA constituted a separate administrative entity, exercising the public power granted by the interlocal cooperation agreement on behalf of the three aforementioned "Partners" to coordinate planning and implementation of a public project described in the Antelope Valley Study and the U.S. Army Corps of Engineers Antelope Creek Feasibility Study (the Project). The Project generally included community revitalization, transportation, and drainage/flood control improvements.

During the implementation period of the agreement, JAVA had the power and authority to acquire and condemn property rights, borrow, mortgage, pledge, or secure loans and bond its appropriated revenues and assets; provided, however, that JAVA had no power and authority to bond the credit or revenues of the three Partners or each Partner, or levy taxes.

On July 14, 2016, JAVA's partners passed a resolution authorizing the complete termination of JAVA's interlocal agreement and dissolution of JAVA. Upon termination of JAVA each project was allocated to the partner based upon their future maintenance responsibility.

Prior to termination, total assets of JAVA were approximately \$200 million. The City's equity distribution of the Project, following the net transfers between the partners to reassign future maintenance responsibility, amounted to approximately \$153 million.

Complete separate financial statements for JAVA may be obtained at the City of Lincoln Public Works Business Office, 555 South 10<sup>th</sup> Street, Lincoln, Nebraska 68508.

## (23) JOINTLY OWNED FACILITIES

### Laramie River Station (LRS)

LES is a 12.76% co-owner of the Missouri Basin Power Project; that includes LRS, a three-unit, 1,710 MW coal-fired generating station in eastern Wyoming and a related transmission system. LES has sold approximately 13% of its ownership in LRS to Municipal Energy Agency of Nebraska (MEAN). Costs, net of accumulated depreciation, and excluding costs allocated to MEAN for its ownership share, associated with LRS of approximately \$24.8 million are reflected in utility plant at December 31, 2015.

LRS has certain postretirement obligations, which have not yet been billed to the owners, as these costs are not due and payable. Thus, LES has not reflected these costs in its financial statements. As a co-owner of LRS, LES' allocation of these postretirement obligations was \$1.2 million at December 31, 2015.

LES has a participation power sales agreement with the County of Los Alamos, New Mexico (the County) whereby the County purchases from LES 10 MW of LES's capacity interest in LRS. The agreement provides for the County to pay LES monthly fixed payments for the repayment of debt service. The amount is subject to change each July 1 based on debt costs of LES relative to the current market rates, until termination of the agreement. The agreement remains in effect until either the final maturity occurs on any LRS related debt or LRS is removed from commercial operation. During 2015 LES billed the County approximately \$4 million for demand and energy charges.

The LRS project participants, including LES, filed a rate case in 2004 with the federal Surface Transportation Board (STB) challenging the reasonableness of the freight rates from the Burlington Northern Santa Fe (BNSF) railroad for coal deliveries to LRS. In early 2009 the STB issued its decision and awarded the LRS project participants a favorable decision estimated by the STB at approximately \$345 million in rate relief. The STB awarded \$119 million to the LRS participants for past freight overcharges plus an expectation of present value rate benefits of approximately \$245 million due to a new tariff the STB ordered to be charged through 2024. BNSF remitted \$15 million to LES, which had been placed in a separate custodial account pending an appeal filed by BNSF. A portion of these funds was due to MEAN and the County of Los Alamos, and were subsequently remitted to these entities based on the settlement discussed below.

On January 28, 2015, Western Fuels and BNSF filed a joint petition with STB asking the STB to hold the rate proceeding in abeyance due to the fact that the parties have reached a preliminary settlement that calls for dismissal of the case and vacation of the rate prescription ordered by STB. The settlement was finalized in 2015. LES will retain approximately 85% of its proportionate share of the overall value of the original award, including approximately \$10.8 million in the escrow fund. The settlement eliminated restrictions on settlement proceeds and the funds from the escrow account have been transferred into the appropriate accounts. This settlement resolves all outstanding legal issues with BNSF related to the 2004 freight issues.

### Walter Scott Energy Center (WSEC #4)

MidAmerican Energy's Walter Scott Energy Center includes four coal-fired units. LES maintains ownership interest in 12.66% or 103 MW of WSEC #4. In order to minimize unit outage risk, LES has executed a power purchase and sales agreement with MidAmerican Energy to "swap" capacity and energy from LES' WSEC #4 ownership with capacity and energy from WSEC #3. Under this agreement, beginning in 2009, LES will schedule 50 MW of capacity and energy from WSEC #3 and 53 MW of capacity and energy from WSEC #4. This twenty year unit agreement can be extended through mutual agreement of the parties. LES is responsible for the operation and maintenance expense and maintains a fuel inventory at the plant site. LES issued debt in conjunction with the construction of WSEC #4 and has capitalized these costs plus interest. Costs, net of accumulated depreciation, associated with WSEC #4 of approximately \$140 million are reflected in utility plant at December 31, 2015.

## (24) JOINTLY GOVERNED ORGANIZATIONS

### **District Energy Corporation**

The District Energy Corporation (DEC) was formed in 1989 by the City of Lincoln and Lancaster County to own, operate, maintain, and finance the heating and cooling facilities utilized by certain city, county, and state buildings. The Board of Directors of DEC is comprised of five members: two appointed by the Lancaster County Board of Commissioners, two by the Mayor of Lincoln who must be confirmed by the City Council, and one by LES. No participant has any obligation, entitlement, or residual interest.

The DEC Board of Directors, under a management agreement, has appointed LES to supervise and manage the system and business affairs of DEC. LES is reimbursed for these management services based on the allocated actual costs of these services. LES also provides electric energy to DEC on an established rate schedule. The total amount of payments to LES for management, operations, and maintenance services was approximately \$862,000 in 2015. The total amount of payments to LES for energy was approximately \$497,000 in 2015.

### Nebraska Utility Corporation

On May 17, 2001, LES, in conjunction with the University of Nebraska Lincoln (UNL), created the Nebraska Utility Corporation (NUCorp) to purchase, lease, construct, and finance facilities and acquire services to meet energy requirements of UNL. The Board of Directors of NUCorp is comprised of five members: three members appointed by UNL and two members appointed by LES. No participant has any obligation, entitlement, or residual interest. NUCorp is considered a component unit of the University of Nebraska; therefore, financial statements of NUCorp are included in the University of Nebraska's financial statements.

Operations commenced in January 2002. The NUCorp board of directors, under a twenty-year management agreement, appointed LES to supervise and manage the system and business affairs of NUCorp. LES is reimbursed for these management services based on the allocated actual costs of these services. LES also provides electric energy to NUCorp on an established rate schedule. The total payment to LES for management services was approximately \$96,000 in 2015. The total amount of payments to LES for energy was approximately \$9.5 million in 2015.

### (25) <u>SUBSEQUENT EVENTS</u>

In September 2016 LES issued \$116,645,000 of Revenue Refunding Bonds, Series. The proceeds of the bonds, along with other available funds, were deposited into an escrow account to refund approximately \$133 million of Revenue and Refunding Bonds, Series 2007A, Series 2007B, and Series 2012. The Series 2007A and 2007B refunded bonds were called for redemption on September 2, 2016. The refunded Series 2012 bonds will be called for redemption on September 1, 2022.

In December 2016 the City issued \$14,735,000 of General Obligation Highway Allocation Fund Refunding Bonds, Series 2016. The bond proceeds, together with other City funds, were used to redeem \$17,405,000 of outstanding Series 2006 bonds on January 3, 2017.

APPENDIX C

# **BOOK-ENTRY SYSTEM**

## **BOOK-ENTRY SYSTEM**

The Depository Trust Company, New York, NY, will act as securities depository for the Series 2017 Bonds. The Series 2017 Bonds will be issued as fully registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2017 Bond will be issued for each maturity of the Series 2017 Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Bonds Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. Bonds brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Series 2017 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2017 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2017 Bond ("**Beneficial Owner**") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2017 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series 2017 Bonds, except in the event that use of the book-entry system for the Series 2017 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2017 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series 2017 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2017 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2017 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Series 2017 Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Series 2017 Bonds, such as redemptions, tenders, defaults, and proposed amendments to the bond documents. For example, Beneficial Owners of Series 2017 Bonds may wish to ascertain that the nominee holding the Series 2017 Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices will be sent to DTC. If less than all of the Series 2017 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2017 Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Series 2017 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series 2017 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City, or the Bond Fund Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Series 2017 Bonds held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the City, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Bond Fund Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Series 2017 Bonds at any time by giving reasonable notice to the City or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from DTC, and neither the City nor the Underwriter takes responsibility for the accuracy thereof, and neither the DTC Participants nor the Beneficial Owners should rely on the foregoing information with respect to such matters but should instead confirm the same with DTC or the DTC Participants, as the case may be.

APPENDIX D

# FORM OF BOND COUNSEL OPINION

\_\_\_\_\_, 2017

City of Lincoln, Nebraska Lincoln, Nebraska

Janney Montgomery Scott Philadelphia, Pennsylvania

Re: \$4,345,000 City of Lincoln, Nebraska, General Obligation Stormwater Drainage and Flood Management System Refunding Bonds, Series 2017

Ladies and Gentlemen:

We have acted as bond counsel to the City of Lincoln (the "Issuer") in the State of Nebraska, ("State") in connection with the issuance of the above-captioned bonds (the "Bonds"). In this capacity, we have examined the law and the certified proceedings, certifications and other documents that we deem necessary to render this opinion.

Regarding questions of fact material to our opinion, we have relied on the certified proceedings and other certifications of public officials and others furnished to us without undertaking to verify them by independent investigation.

Based on and subject to the foregoing, we are of the opinion, under existing law, as follows:

1. The Bonds have been duly authorized, executed and delivered by the Issuer and are valid and legally binding general obligations of the Issuer.

2. The Bonds are payable as to both principal and interest from ad valorem taxes, which may be levied without limitation as to rate or amount upon all the taxable property within the territorial limits of the Issuer to the extent not paid from other sources.

3. The interest on the Bonds (a) is excludable from gross income for federal income tax purposes, (b) is exempt from income taxation by the State, and (c) is not an item of tax preference for purposes of computing the federal alternative minimum tax imposed on individuals and corporations, but is taken into account in determining adjusted current earnings for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinions set forth in this paragraph are subject to the condition that the Issuer comply with all requirements of the Internal Revenue Code of 1986, as amended (the "*Code*") that must be satisfied subsequent to the issuance of the Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The Issuer has covenanted to comply with all of these requirements. Failure to comply with certain of these

requirements may cause the interest on the Bonds to be included in gross income for federal and State income tax purposes retroactive to the date of issuance of the Bonds. The Bonds have not been designated as "qualified tax-exempt obligations" within the meaning of Section 265(b)(3) of the Code.

We express no opinion regarding the accuracy, completeness or sufficiency of the Official Statement or other offering material relating to the Bonds. Further, we express no opinion regarding tax consequences arising with respect to the Bonds other than as expressly set forth in this opinion.

The rights of the owners of the Bonds and the enforceability of the Bonds may be limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally and by equitable principles, whether considered at law or in equity.

This opinion is given as of its date, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may come to our attention or any changes in law that may occur after the date of this opinion.

Very truly yours,
