OFFICE OF MAYOR LEIRION GAYLOR BAIRD

555 South 10th Street, Suite 301 | Lincoln, NE 68508 402-441-7511 | mayor@lincoln.ne.gov

February 28, 2024

Dear Honorable City Council members and residents of Lincoln:

City government - at its best - helps people coexist and reach their full human potential. The work we do is fundamental to freeing members of our community from worry about the basics of city living so that they can pursue opportunities that improve their lives and their families' futures.

A significant responsibility of that work is ensuring both fiscal and operational accountability in our use of public resources. To that end, this letter serves as an introduction to the City of Lincoln's Annual Comprehensive Financial Report for the fiscal year ended August 31, 2023.

This report provides a complete and accurate picture of the City's financial status and fulfills our continuing disclosure responsibilities in accordance with governmental reporting standards. Our ability to manage the City's fiscal affairs and provide a full disclosure of the City's fiscal condition is exhibited by the unmodified audit opinion that follows.

I am proud to report that the 2022 report submitted to the Government Finance Officers Association was recognized with the prestigious Certificate of Achievement for Excellence in Financial Reporting for the 40th consecutive year. This award is a credit to the City and well-deserved recognition for our dedicated public servants in the Finance Department.

I want to express my appreciation to our Finance Department employees for their commitment to ensure our public accounts are accurate and to personnel in all City departments for their cooperation in the preparation of this document. Their excellent work lays a strong foundation for us to achieve our vision of leading Lincoln toward a more successful, secure, and shared future.

Sincerely,

Seision Haylor Baird
Leirion Gaylor Baird

Mayor

February 28, 2024

To the Honorable Mayor, Members of the City Council, and Citizens of the City of Lincoln:

Both the City Charter and State law require an annual audit of the City's funds and accounts be made by a recognized independent and qualified accountant covering all financial transactions, affairs, and financial condition of the City, with the audit report published within six months after the close of the fiscal year. Pursuant to this requirement, the Annual Comprehensive Financial Report of the City of Lincoln, Nebraska for the fiscal year ended August 31, 2023, is hereby submitted.

Responsibility for both the accuracy of the data found in this report, and the completeness and fairness of the presentation, including all disclosures, rests with management. In developing and evaluating the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding the safeguarding of assets against loss, theft, or misuse, and to ensure the reliability of financial records for preparing financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

To the best of management's knowledge and belief, the enclosed data are accurate in all material respects and reported in a manner designed to present fairly the financial position and financial activities of the City. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities as specified by all currently effective statements of the Governmental Accounting Standards Board have been included.

A firm of licensed certified public accountants has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City are free from material misstatement. The audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering unmodified opinions that the City's financial statements for the fiscal year ended August 31, 2023, are fairly presented in accordance with GAAP.

Generally accepted accounting principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found in the Financial Section immediately following the report of the independent auditors.

Profile of the City

The City of Lincoln, capital city of Nebraska, was originally incorporated on April 7, 1869. Lincoln is located in the southeastern corner of the state, is midway between Chicago and Denver. It occupies a land area of approximately 100 square miles, serves a population of approximately 293,000, and in its growth and development has annexed five other municipalities so that the City includes most of the urban area of Lancaster County. It enjoys a unique position in Nebraska as the center of the state's governmental and educational activities.

The City operates under a Home Rule Charter and has a Mayor-Council form of government with an elected full-time chief executive, the Mayor, and an elected legislative body, the Council, composed of seven members. Three Council members are elected at large and four by district on a nonpartisan basis for a term of four years. All legislative powers of the City are exclusively vested in the Council, as well as the power to adopt the budget, set the tax levy, and equalize taxes and assessments. The Mayor is responsible for the proper conduct of the affairs of the City, with the administration of City government performed under the direction of the Mayor through administrative departments.

The City of Lincoln provides a full range of services, including public safety (police and fire); the construction and maintenance of highways, streets, and other infrastructure; health; planning and zoning; golf courses, parks and recreation; urban development; mass transportation; ambulance transport; electric, water, and wastewater utilities; solid waste management; entertainment center; parking facilities; and general administrative services.

The City Council exercises budgetary and/or rate setting authority over the City Library and Lincoln Electric System (LES), neither of which are legally separate from the City and are thus included as part of the primary government. The Lincoln Water System, Lincoln Wastewater System, Emergency Medical Services, Solid Waste Management, Parking System, Golf Courses, Pinnacle Bank Arena, Broadband Enterprise, and Community Health Endowment are all part of administrative departments under the direction of the Mayor and are included as part of the primary government. The City is considered to be financially accountable for the West Haymarket Joint Public Agency and has included the Agency as part of the primary government as a blended component unit. Separately audited financial statements are available for LES, Lincoln Water System, Lincoln Wastewater System, Emergency Medical Services, Solid Waste Management, Parking System, Community Health Permanent Endowment Fund, Pinnacle Bank Arena, and West Haymarket Joint Public Agency.

The biennial budget serves as the basis for the City of Lincoln's financial planning and control. Following public hearings and not later than five days prior to the beginning of the biennium, the budget is legally adopted by resolution of the City Council. Appropriation controls are required at the department level, however, as a matter of policy and practice, appropriations generally are controlled at the next level of organization (division) or by fund within a department. The Mayor has the authority to transfer balances within a department as well as lower appropriations in any fund where actual revenues are less than appropriated in order to avoid incurring a budget deficit for the year. Appropriation transfers between departments may only be authorized by resolution of the City Council. The Council may not make any appropriations in tax supported funds in addition to those authorized in the biennial budget, except in the event of an emergency threatening serious loss of life, health, or property in the community, or for circumstances which could not reasonably have been anticipated at the time the budget was adopted.

Economic Condition and Outlook

Population growth is one of the best indicators of a community's economic well-being. As such, the Lincoln metropolitan area's population growth during the past several years reflects a community that is economically viable and is strongly positioned to meet future challenges.

The Lincoln metropolitan area population base (Lancaster County) continues to demonstrate a pattern of sustained growth. According to the U. S. Census figures, Lancaster County's rate of growth between 2010 and 2022 has been approximately 1.05% per year. The 2022 Census population of Lancaster County has been estimated to be in excess of 324,000 persons.

Lincoln has a healthy pace of expansions, growth, and a high quality of life. For example, Lincoln ranks the #1 Best American City to Retire In, the 5th Safest U.S. Capital City and the 6th Best Run City in America.

Lincoln's unemployment rate at August 31, 2023, was 1.8%, well below the national average of 3.8%, with employment strongest in the categories of government, educational & health services, and retail trade. Lincoln's current value of construction permits is up 18% when compared to levels 5 years ago.

The City of Lincoln partners with the private sector to aggressively pursue economic opportunities that benefit our community as a whole. This collaboration is exemplified by the operation of the Lincoln Partnership for Economic Development – a joint agency created by the City and the Lincoln Chamber Economic Development Corporation. The 2022-24 budget added a position in the Mayor's Office to facilitate project approvals and identify areas of potential process improvement. Additionally, the position provides additional support in efforts to develop affordable housing in the community.

Net sales and use tax revenue increased \$5,241,810 or 4.5% from the previous fiscal year, of which \$897,277 comes from the addition of a voter approved .25% tax increase, effective October 1, 2019, to fund street improvements and construction, known as Lincoln on the Move.

Long-Term Planning and Major Initiatives

Urban Development

The City anticipates approximately \$60 million of public expenditures funded through various urban development projects and programs over the next three years. These projects are varied in type and size and are located in the Downtown and Haymarket areas, the Antelope Valley project area, older commercial areas, and in low-to-moderate income neighborhoods throughout the City.

Public financing will be provided by a variety of sources, including Tax Increment Financing (TIF), Parking Revenues, Community Development Block Grants, HOME Investment Partnership Program, Emergency Solutions Grants, Lead Hazard Control, U.S. Treasury federal grants, Advanced Land Acquisition funds, Special Assessments, and the General Fund. Funding is often combined with developer, grant, or other private sector funds.

The City's involvement will vary depending upon the project and could likely include property acquisition, relocation, and demolition; housing rehabilitation and development; commercial development; and construction of public improvements including parking, sidewalks, infrastructure and streetscapes.

Ongoing and anticipated future Economic Opportunity projects include:

- Parking Services Projects:
 On-going projects that will continue:
 - 1) Repair and restoration issues in all parking garages will continue to be addressed. It's anticipated Center Park and Carriage Park will have some restoration completed the Summer-Fall of 2024.

- University Square, Market Place, Larson Garage and Haymarket Square to follow over the next few years.
- 2) Elevator modernization at University Square and Carriage Park Garages will begin in 2024 and be completed in 2025. Cornhusker, Market Place and Haymarket Square to follow over the next few years.
- 3) New Parking and Revenue Control equipment will be purchased in 2024. Installation will begin in summer 2024 and be completed in early fall of 2024.
- 4) There will be a Downtown Parking Study completed in 2024; the previous study was completed in 2008 and an updated study is intended to ensure it coincides with the Downtown Master Plan. Study items that are prioritized for the City will be implemented over the next few years.
- 5) Parking Services plans to install a Mobile License Plate Reader Unit on an enforcement vehicle to assist with enforcement.
- Downtown Redevelopment Projects:
 - 1) 1040 O Street
 - 2) Pershing Redevelopment
 - 3) Terminal Building Redevelopment
 - 4) Sharp Building Redevelopment Phase I
 - 5) Cotswold Redevelopment
 - 6) Gold's Building Phase I Redevelopment
 - 7) Central Hotel Redevelopment
 - 8) Dairy House Phase II Redevelopment
 - 9) Landmark II Redevelopment
 - 10) Campion Redevelopment
 - 11) Atrium Building Redevelopment
 - 12) 300 S. 16th Street Redevelopment
 - 13) Lincoln Bold Redevelopment
 - 14) North Haymarket Arts and Humanities, Phase III Redevelopment

- 15) Central at South Haymarket
- 16) League of Nebraska Municipalities Redevelopment
- 17) South Haymarket Street, Streetscape, and Park Improvements
- 18) West Haymarket Streetscape
- 19) Downtown Corridors Phase I
- 20) Dairy House Phase II Redevelopment
- 21) Landmark II Redevelopment.
- 22) Atrium Building Redevelopment
- 23) 300 S. 16th Street

- Antelope Valley Redevelopment Projects:
 - 1) Telegraph District Redevelopment
 - 2) Downtown Corridors Phase II Antelope Square Apartments
 - 3) Union Annex Group Affordable Housing
 - 4) Eighteen N Apartments
 - 5) Net Zero Live-Work
 - 6) 2236 R
 - 7) 25th & Vine Apartments
 - 8) 23 & Y Housing
- South of Downtown Redevelopment
 - 1) Residential Rental Rehabilitation Program
 - 2) Center Terrace (13th & D)
- South Street Redevelopment
 - 1) Trabert Hall (Centerpointe)
- University Place Redevelopment:
 - 1) 48th and Madison
 - 2) 47th & St Paul Housing
 - 3) 48th & Leighton Phase II

- College View Redevelopment:
 - 1) Pioneers Mixed Income Row House
 - 2) College View Commercial Façade District
- West O Street Redevelopment:
 - 1) West O Street Streetscape and bike trail including improvements at NW 48th & West O
- North 27th Street Redevelopment Project:
 - 1) 28th & Vine Container Housing
 - 2) 27th and Starr Housing
 - 3) 27th & Holdrege (SW Corner)
 - 4) Epworth Church
- Innovation Campus Redevelopment
- North Cotner Redevelopment
- VA Victory Park Redevelopment
- Bishop Heights Redevelopment
- Van Dorn Redevelopment
 - 1) Pedestrian Crossing
- Coyote/Finke Redevelopment
- Revolution Wraps
- Outer Area Redevelopment
 - 1) Instinct
 - 2) Lincoln Logistics
 - 3) Foxtail Meadows
 - 4) Kinney Industries
 - 5) 56th and Arbor
 - 6) Central Lumber

Ongoing and anticipated Livable Neighborhood projects include:

- Housing rehabilitation programs for quality, affordable housing, and home ownership:
 - 1) Continuation of First-time Homebuyer and Owner-Occupied Housing Rehabilitation Loan programs and Lead-Based Paint Hazard Control grant program.
 - 2) Partner with other non-profit and for-profit housing organizations for affordable housing projects in low-to-moderate income neighborhoods.
 - 3) Continue RESCUE program for neglected/problem properties.
 - 4) Continue Emergency Rental Assistance (ERA2) due to COVID-19 with focus on homeless prevention, eviction diversion, and refugee assistance.
 - 5) Coordinate with other City Departments to implement neighborhood improvement projects in focused geographic areas. Projects may include, but are not limited to, infrastructure, parks, trails and housing improvements.
 - 6) Permanent Supportive Housing for Chronic Homeless, 24 units.
 - 7) In partnership with the Parks and Recreation Department, removal and replacement of ash trees on private property for qualifying low-to moderate income homeowners.

Ongoing and anticipated Administration projects include:

- Real estate major acquisition, negotiation, and relocation projects:
 - 1) For effective transportation:
 - ✓ West A Street, Coddington to SW 40th Street, West Phase
 - ✓ 14th/Old Cheney/Warlick intersection, 2 projects
 - ✓ S. 40th Street/Rokeby/Tiger Lily area multiple projects
 - ✓ 70th & Saltillo area two projects
 - ✓ S. Folsom @ Foxtail Meadows
 - ✓ Cotner/Adams/66th Intersection
 - ✓ R Street, 50th to Cotner improvements
 - ✓ Adams, 36th to 49th Street rehab
 - ✓ 33rd and Cornhusker Hwy RTSD project
 - ✓ A Street, multiple projects
 - ✓ Calvert and 56th
 - ✓ 84th and Cornhusker
 - ✓ LFR acquisitions/surplus
 - ✓ East Beltway preliminary acquisitions
 - ✓ StarTran MMTC and bus garage projects
 - ✓ Arterial/residential rehabs, executive order, traffic signals & bridge replacement
 - 2) For environmental quality:
 - ✓ Park sites city wide, Prairie Corridor/Greenways, Wilderness Park, NW Community Park, Salt Creek wetland acquisitions, Haymarket Park, Rock Island, Beal Slough & Fletcher trail project and West O trail project
 - ✓ Arbor Road Water Main, Alvo to 40th Street, Phase I & II
 - ✓ 112th & O Sewer, SV Sewer 14t & Saltillo, Blowdown pipeline N 56th
 - ✓ BNSF PE project, NE Treatment digester project, Theresa Street sewer acquisitions & miscellaneous sanitary sewer upgrade projects
 - ✓ Ashland Water Main issues
 - ✓ Dead Man's Run, miscellaneous storm water improvement projects.
 - ✓ Water 2.0: 98th Street water main, Holdrege to Alvo, Ashland Collector Wells easements, Lincoln 2nd Supply Source
 - 3) Relocation activities:
 - ✓ Deadman's Run
 - ✓ 33rd & Cornhusker Transportation Project

West Haymarket Project

The West Haymarket Redevelopment Project is a multi-faceted endeavor to revitalize underutilized property that lies on the western edge of Lincoln's downtown and Haymarket district. On May 11, 2010, the citizens of Lincoln voted to approve the issuance of arena bonds, which signaled approval for the project to proceed. The project involved the relocation and elimination of existing railroad tracks and completion of other site preparation activities, the construction of a 15,223 seat civic arena, a community ice center, private retail and office space, a new Amtrak Station, residential units, surface and decked parking, public gathering areas, street and utility improvements, landscaping, trails and walkways, pedestrian bridges, and environmental enhancements. The public portion of the project cost was approximately \$365 million. The arena opened and became fully operational in September 2013.

The West Haymarket Joint Public Agency (WHJPA) is the governmental agency responsible for oversight of the project, for issuing bonds, collecting revenue, and making bond payments over the course of the Project. Participants in the agency are the City and the Board of Regents of the University of Nebraska.

Beginning January 1, 2011, an occupation tax was imposed on car rental, hotel, restaurant and bar charges within the City of Lincoln. This revenue has been pledged to repayment of any outstanding WHJPA bonds.

Wastewater System

The Lincoln Wastewater System is projecting a capital improvements program in the amount of approximately \$119,245,000 over the 5-year period of fiscal year 2023-24 through fiscal year 2027-28. Funding for these projects will come from revenue bonds, impact fees and utility user fees. The majority of these dollars are needed for replacement and maintenance of existing infrastructure, new infrastructure to serve development in various basins throughout the City, and improvements to both the Theresa Street and Northeast treatment plants.

Water System

The Lincoln Water System is projecting a capital improvements program in the amount of approximately \$226,253,500 over the 5-year period of fiscal year 2023-24 through 2027-28. These projects will be financed through revenue bonds, impact fees, utility user fees, and grant funding. The major projects contributing to these total dollars include the installation of transmission lines, replacement mains, replacement and new wells, replacement of lead service lines, and additional storage reservoirs as well as a second source of water for the City of Lincoln.

Streets and Highways

The 2023-2028 Streets and Highways capital improvements program and Transportation improvement program identify average annual expenditures of \$41 million for the next six years. Funding for these projects includes \$198 million in City revenues, \$34 million in federal and state aid, and \$19 million in other funds.

<u>Infrastructure Impact Fees</u>

The City's growth in both population and employment have created demands for new residential and nonresidential development, which in turn creates the need for additional public facilities, including water and wastewater systems, arterial streets, and neighborhood parks and trails. The City's laws, taxes, fees, utility charges, and other forms of revenue generated from new development do not provide sufficient funds to finance these new facilities.

In response to these funding needs the City of Lincoln passed an ordinance to provide for the imposition of impact fees to ensure that facilities are available to serve new growth and that new development bears its proportionate share of the cost of improvements to the City's facilities. Impact fees for all types of new construction are set and adopted by the City Council.

Pension Costs

The City currently contributes \$2 for every \$1 contributed by employees that have been grandfathered into the original civilian retirement plan. In an effort to control this significant budget item, the City and the civilian unions, as well as non-union employees, agreed to change these plans to a \$1.29 to \$1 match for new employees hired after a union specific effective date. Newly hired Department Directors and Mayoral Aides receive a \$1 to \$1 match. The City was unable to legally change the match for current employees at the time the change was implemented.

Property Tax Collections

As of August 31, 2023, current tax collections by the County Treasurer were 97.90% of the tax levy, an increase of less than 1% from last year. Allocations of property tax levy by purpose are as follows:

City Tax Levy by Purpose	<u>2022-2023</u>	<u>2021-2022</u>	2020-2021
General Fund	.22891	.22727	.22707
Library	.03518	.03529	.03736
Police and Fire Pension	.03472	.04038	.03848
General Obligation Debt	.01412	.01499	.01699
Total	.31293	.31793	.31980

Parking Facilities

The City of Lincoln operates the following parking garages:

<u>Facility</u>	Number of Stalls	Date Opened
Center Park	1,057	November, 1978
Cornhusker Square	390	December, 1983
University Square	432	April, 1990
Que Place	810	October, 1994
Carriage Park	701	February, 1995
Market Place	385	August, 2000
Haymarket	408	August, 2002
Larson Building	647	July, 2012
Lumberworks	530	January, 2014
M Street	384	November, 2018
Eagle	301	March, 2019
Gold 4	700	October, 2022

The City's parking garages have been built to promote downtown redevelopment efforts by working with the private sector in providing necessary parking to various businesses and residential properties in the downtown area.

Solid Waste Management

The City of Lincoln owns and operates a municipal solid waste landfill and a construction and demolition debris landfill that are subject to the U.S. Environmental Protection Agency rule *Solid Waste Disposal Facility Criteria*, which establishes closure and post closure care requirements. As of August 31, 2023, the City estimates that it will incur costs approximating \$46 million to adhere to such requirements (see Note 18 of Notes to the Financial Statements).

Water and Wastewater System

The City's Wastewater Utility System showed an increase in operating revenues and an increase in operating income. Comparative data for the past two fiscal years is presented in the following table:

Wastewater System	<u>2022-2023</u>	<u>2021-2022</u>
Operating Revenues	\$41,397,882	38,812,883
Operating Income	12,312,516	10,832,699
Revenue Available For Debt Service	23,807,659	21,302,005
Debt Service	9,546,222	8,508,330
Debt Service Coverage Ratio	2.49	2.50

The City's Water Utility System showed an increase in operating revenues and an increase in operating income. Comparative data for the past two fiscal years is presented in the following table:

Water System	2022-2023	2021-2022
Operating Revenues	\$58,888,525	49,975,040
Operating Income	21,157,275	18,166,632
Revenue Available For Debt Service	33,505,832	29,837,446
Debt Service	4,719,519	5,714,569
Debt Service Coverage Ratio	7.10	5.22

Lincoln Electric System (LES)

The City owns and operates its own electric utility system that is managed by an administrative board. Actions of the board with regard to rates, budgets, and long-term financing are subject to final review and approval by the City Council. In accordance with Section 4.24.090 of the Lincoln Municipal Code, LES operates on a January 1 - December 31, fiscal year. Audited financial information as of and for LES' fiscal year ended December 31, 2022, is included in the City's August 31, 2023, financial statements.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lincoln, Nebraska, for its annual comprehensive financial report for the fiscal year ended August 31, 2022. This was the fortieth consecutive year that the City has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and will be submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to those employees of other City departments who assisted and contributed to its preparation. I would also like to thank the Mayor and members of the City Council for their interest and support in planning and conducting the financial operations of the City in a responsible and effective manner.

Respectfully submitted,

Lyn Heaton Finance Director

Government Finance Officers Association

Certificate of Achievement for Excellence in Financial Reporting

Presented to

City of Lincoln Nebraska

For its Annual Comprehensive Financial Report For the Fiscal Year Ended

Independent Auditor's Report

The Honorable Mayor and Members of the City Council City of Lincoln, Nebraska

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska (City), as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska, as of August 31, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General, Street Construction, and Federal Grants Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the City of Lincoln, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures in
 the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

FORVIS, LLP

Lincoln, Nebraska February 28, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS

The management of the City of Lincoln, Nebraska (the City) offers readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended August 31, 2023. Please consider this discussion in conjunction with the additional information provided in the Letter of Transmittal (beginning on page 7) and the transactions, events and conditions reflected in the City's financial statements (beginning on page 35).

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at August 31, 2023, by \$2,834,022,313 (net position). Of this amount, \$469,502,872 (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$176,907,706. Of this amount, \$83,016,618, or 47%, was an increase in governmental activities and \$93,891,088, or 53%, related to business-type activities. Please refer to the fund descriptions preceding the various combining statements (beginning on page 118) for information regarding constraints imposed on the City in spending available funds.
- As of August 31, 2023, the City's governmental funds reported combined ending fund balances of \$497,773,499 an increase of \$56,985,217 in comparison with the prior year. Of this total fund balance, 27%, or \$133,831,538 is available for spending at the City's discretion (unassigned fund balance).
- As of August 31, 2023, unrestricted fund balance (the total of committed, assigned, and unassigned fund balance) for the General Fund was \$158,301,214, or 89% of total General fund expenditures. Following the implementation of GASB Statement No. 54, reference must be made to pages 120-122 of this report for an accurate comparison of the City's General funds based on the structure used for budgeting.
- The City's total bonded debt decreased by \$1,439,739 (.13%) during the current fiscal year. The current year activity included the following: the City issued \$11,550,000 of Highway Allocation Bonds, \$11,550,000 of Municipal Improvement Bonds, \$36,645,000 of Sanitary Sewer Revenue Bonds, and \$548,164 in Tax Allocation Bonds.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and deferred outflows of resources, and the City's liabilities and deferred inflows of resources, with the net difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the year ended August 31, 2023. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type

activities). The governmental activities of the City include general administrative services, public safety, streets and highways, health, planning and zoning, parks and recreation, libraries, aging services, job programs, urban development, mass transportation, engineering, self-insurance, and fleet management. The business-type activities of the City include water, wastewater and electric utilities; ambulance transport; solid waste management; golf courses; entertainment center; broadband facilities; and parking.

The government-wide financial statements can be found on pages 35-36 of this report.

FUND FINANCIAL STATEMENTS

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains thirty-one individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, the Street Construction fund, the West Haymarket JPA fund, and the Federal Grants fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The City adopts a biennial appropriated budget for its general fund and most other governmental funds. A budgetary comparison statement has been provided for the General, Street Construction, and Federal Grants major funds to demonstrate compliance with this budget. The West Haymarket JPA major fund is not required to adopt an annual budget, so a budgetary comparison has not been provided.

The basic governmental fund financial statements can be found on pages 37-44 of this report.

<u>Proprietary funds</u> – The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its parking facilities and lots; golf courses; entertainment center; solid waste management; ambulance services; broadband system, and wastewater, water, and electric systems. Internal service funds are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its data processing, engineering, insurance, fleet management, and municipal services center operations. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water, Wastewater and Electric Systems, all of which are considered to be major funds of the City. Data from the other enterprise funds are combined into a single, aggregated presentation. Internal service funds are also combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for these funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 45-50 of this report.

<u>Fiduciary funds</u> – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The fiduciary fund financial statements can be found on pages 51-52 of this report.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 55-114 of this report.

OTHER INFORMATION

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its police and fire employees, and to provide other postemployment benefits. Required supplementary information can be found on pages 115-117 of this report.

The combining statements referred to earlier are presented immediately following the required supplementary information on pensions and OPEB. Combining and individual fund statements and schedules can be found beginning on page 118 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$2,834,022,313 at August 31, 2023.

^{**}During fiscal year 2023, the City implemented the provisions of GASB Statement No. 96, Subscription Based Information Technology Arrangements. The condensed financial information for 2022 has not been adjusted for the impact of the implementation of the new standard

By far the largest portion of the City's net position (74%) reflects its investment in capital assets (e.g., land, buildings, improvements, utility plant, infrastructure, and machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (9%) represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position (17%) may be used to meet the government's ongoing obligations to citizens and creditors.

At August 31, 2023, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

^{**}During fiscal year 2023, the City implemented the provisions of GASB Statement No. 96, Subscription Based Information Technology Arrangements. The condensed financial information for 2022 has not been adjusted for the impact of the implementation of the new standard.

GOVERNMENTAL ACTIVITIES

Governmental activities increased the City's net position by \$83,016,618, accounting for 47% of the total growth in the net position of the City of Lincoln. Key elements of this increase are as follows:

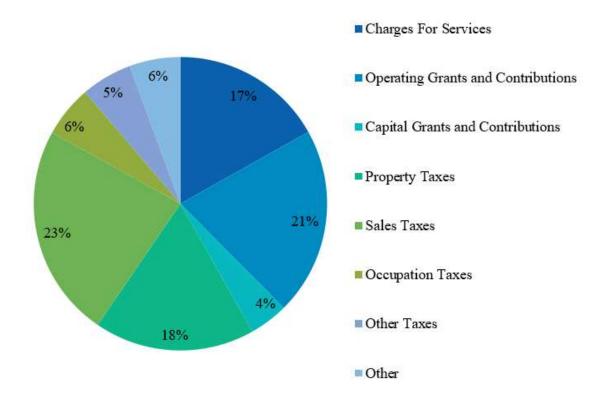

- Operating Grants and Contributions decreased approximately \$14.3 million (11.67%) in 2023 primarily due to Emergency Rental Assistance and ARPA grant funding in prior years and less funding in current year.
- Sales and Use Tax increased \$5.2 million (4.5%) in 2023 mainly to do with an improving economy and spending habits from citizens and visitors to Lincoln as well as inflation and increase in pricing which in turn has an impact on the sales and use tax.
- Unrestricted investment earnings (loss) increased by approximately \$28 million during 2023 due to market value changes from interest rates. The investment portfolio yield as of 08/31/23 was 4.6051 and as of 08/31/22 was 1.6802.
- Total governmental expenses for Economic Opportunity decreased by approximately \$25.6 million during 2023. This decrease in expense amount was mainly related to the spending down of the ARPA and Emergency Rental Assistance grants in the prior year and less grant expenditures in the current year.

Expenses and Program Revenues - Governmental Activities

■Expenses ■Revenues

Revenues By Source - Governmental Activities

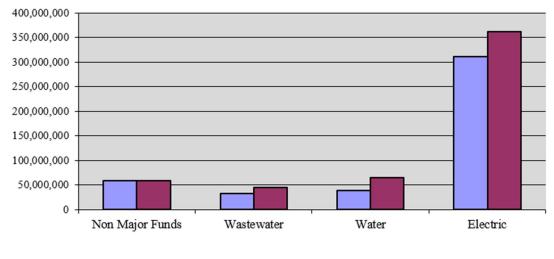

BUSINESS-TYPE ACTIVITIES

Business-type activities increased the City's net position by \$93,891,088, accounting for 53% of the total growth in the government's net position. Key elements of this increase are as follows:

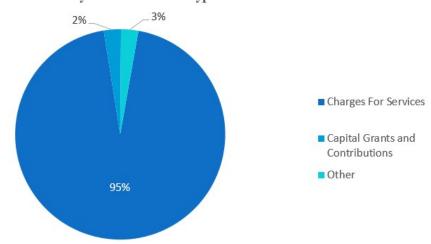

- Lincoln Electric System (LES) operating revenue in 2022 was down 2.0% from 2021. Retail revenue was 0.7% higher due to slightly higher energy sales. Wholesale revenue was down 12.4% due primarily to the positive impact of Winter Storm Uri in 2021. Operating expenses in 2022 were \$282,132,000, an increase of 1.4%. Purchased power and produced power expenses were down 2.3% primarily due to the impact of Winter Storm Uri on purchased power expenses in 2021. Depreciation and amortization expenses were down 4.0% primarily due to a decrease in amortization of gains/losses. Administrative and general expenses were up 10.8%, primarily due to a write-off of tool inventory and higher costs for technology projects. Operations and maintenance expenses were up 15.2% due to higher transmission expenses.
- Lincoln Wastewater System reported an increase in Capital Assets mainly due to the completion of the Northeast Treatment Plant Solids Handling project and West A Improvements.
- Lincoln Wastewater System reported an increase in current liabilities due to an increase in accounts payable due to timing of payment of invoices.
- Lincoln Wastewater System reported an increase in Long Term Liabilities due to the issuance of \$36,645,000 in Wastewater revenue bonds, Series 2022 to finance the costs of acquiring, constructing, equipping, and furnishing certain improvements to the City's sanitary sewer system.
- Lincoln Water System reported current assets increased in part due to a growth in cash and investments and an increase in rates and usage.
- Lincoln Water System reported current and long-term liabilities decreased primarily due to debt service payments made during the year.

Expenses And Program Revenues - Business-type Activities

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

GOVERNMENTAL FUNDS

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary spending at the end of the fiscal year.

As of August 31, 2023, the City's governmental funds reported combined ending fund balances of \$497,773,499, an increase of \$56,985,217 in comparison with the prior year. Of this total amount, 27% constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is not in spendable form (\$2,491,677), legally required to be maintained intact (\$37,160,000), restricted for particular purposes (\$225,637,861), committed for particular purposes (\$12,262,492), or assigned for particular purposes (\$86,389,931).

The General Fund is the chief operating fund of the City. At August 31, 2023, the unrestricted fund balance of the General Fund was \$158,301,214, while total fund balance reached \$169,802,538. As a measure of the

General Fund's liquidity, it may be useful to compare both unrestricted fund balance and total fund balance to total fund expenditures. Unrestricted fund balance represents 89% of total General Fund expenditures, while total fund balance represents 96% of that same amount.

The fund balance of the City's General Fund increased by \$32,460,118 during 2023.

Capital improvement project expenditures in the current year were less than appropriated. The remaining appropriations remain, and the expenditures will occur in future years. The City appropriates General Fund balance as a funding source for budget, with the allocation of balances spread over the two-year budget cycle.

The Street Construction Fund has a total fund balance of \$79,462,341, which is to be used in the construction and maintenance of streets and highways. The net increase in fund balance during 2023 in the Street Construction Fund was \$5,342,097, with total revenues showing a 10.6% increase and capital construction expenses showing a 37.6% increase.

The Federal Grants Fund has a total fund balance of \$24,117,301, which is to be used towards federal expenditures. The net increase in fund balance during 2023 in the Federal Grants Fund was \$6,344,610.

The West Haymarket JPA Fund had a fund balance of \$45,962,928, which is to be used for funding improvements of the West Haymarket Redevelopment Project and debt service on the related debt. The current year change in fund balance is an increase of \$3,933,705. The fund balance is a result of the issuance of bonds in prior years, occupation tax and donation revenue, less the Agency's expenditures for construction, debt service and general operations.

PROPRIETARY FUNDS

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the Wastewater System, Water System, LES, and other enterprise funds amounted to \$33,583,703, \$74,783,594, \$163,936,000 and (\$6,609,064), respectively, at August 31, 2023 (December 31, 2022 for LES). Factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget can be summarized as follows:

Revenue projections:

• \$196,183 increase to investment earnings.

Expenditure appropriations:

- \$1,224,833 decrease in general government activities between changes to legislative, executive, and miscellaneous.
- \$3,809,283 decrease in public safety.
- \$287,600 increase allocated to parks and recreation.
- \$4,922,491 increase allocated for General Fund net transfers to other City funds.

Variances between actual General Fund revenues and expenditures and the final amended budget include the following:

- \$3,996,858 positive variance in real estate and personal property tax. Estimated tax revenue is based on 90% collections as provided by the City Charter.
- \$5,021,993 positive variance in taxes collected by others. The City is continuing to see increase in sales tax due to spending of citizens, visitors and on-line sales.
- \$10,044,126 positive variance in investment gain (loss). Projected investment earnings for 2023 exceeded projects and ended in a larger than expected gain due to the market throughout the fiscal year.
- \$16,352,838 positive variance in public safety expenditures. A portion is due to Police and Fire departments each receiving revenue from the State of Nebraska through the CARES Act in a prior year.

The unspent CARES Act funds from prior years were carried over, and resulted in an increased budget for fiscal year 2022/2023. However, the funds were not fully expended in this fiscal year and will be carried over into next fiscal year.

• \$14,613,208 positive variance in miscellaneous general government expenditures. Significant savings were realized in several service line items that are reappropriated to cover future expenditures.

CAPITAL ASSET AND DEBT ADMINISTRATION

CAPITAL ASSETS

The City's investment in capital assets for its governmental and business-type activities as of August 31, 2023, amounts to \$3,329,118,206 (net of accumulated depreciation and amortization). This investment in capital assets includes land, buildings, improvements, machinery and equipment, streets, bridges, storm sewers, electric plant, water and sewer plant, lease assets, and software subscription assets. The total increase in the City's investment in capital assets for 2023 was 2.72% (3.6% increase for governmental activities and 2.1% increase for business-type activities).

Major capital asset events during 2023 included the following:

- The City increased its investment in infrastructure, including streets, bridges, drainage and traffic systems, in excess of \$62 million.
- The new northeast police station was completed and put into service in 2023. This included \$3.5 million in costs this fiscal year.
- Aging Partners completed a capital project for Victory Park improvements where their new headquarters will be located, the expenditures in 2023 were over \$3 million.
- StarTran, the City's mass transit system, has a new Fueling Station in construction in progress (CIP) that accounted for almost \$1 million in expenditures, as well as a new CAD System that was another \$1.3 million.
- The Parks Department's 2023 capital assets major activity included \$7.2 million in expenditures for the new Air Park Recreation Center.
- LES' share of capital improvements at Laramie River Station and Walter Scott Energy Center for 2022 were \$3,417,000 and \$1,394,000, respectively.
- LES costs for Underground Relocations in 2022 totaled \$7,023,000. This project relocates existing underground equipment in conflict with non-LES projects and converts existing overhead to underground.
- LES costs for Underground Rebuilds in 2022 totaled \$4,820,000. This project rebuilds existing underground systems due to age, deterioration, or other factors.
- LES costs for Underground Residential Extensions and Development in 2022 totaled \$4,517,000. This project installs primary and secondary extensions to new homes, residential developments and apartment complexes.
- Software, labor, and consulting costs for the Construction Design Automation project totaled \$3,896,000 for LES in 2002. This project implements a graphical work design tool to optimize existing construction design processes and standardize how LES utilizes SAP, geographic information systems and computer-aided design solutions. The project has an estimated cost of \$5,549,000.
- Lincoln Wastewater System reported an increase in Capital Assets mainly due to the completion of the Northeast Treatment Plant Solids Handling project and West A Improvements.
- Lincoln Water System 2023 capital assets activity included annual selected water main replacements.

^{**}During fiscal year 2023, the City implemented the provisions of GASB Statement No. 96, Subscription Based Information Technology Arrangements. The condensed financial information for 2022 has not been adjusted for the impact of the implementation of the new standard.

Additional information on the City's capital assets can be found in Note 7 of the notes to the financial statements on pages 74-80 of this report.

LONG-TERM DEBT

At August 31, 2023, the City of Lincoln had total bonded debt outstanding of \$1,104,249,158. Of this amount, \$396,534,158 comprises debt backed by the full faith and credit of the City. The remainder of the City's debt represents bonds secured by specified revenue sources (i.e., revenue bonds).

City Of Lincoln Outstanding Bonded Debt August 31, 2023 and 2022

Under the City's Home Rule Charter, there is no legal debt limit.

Additional information on the City's long-term debt can be found in Note 9 of the notes to the financial statements on pages 82-88 of this report.

ECONOMIC FACTORS AND FUTURE BUDGETS AND RATES

- In August 2022, the Lincoln City Council approved a 5% and 6% revenue increase effective November 2023 for the Water and Wastewater Systems, respectively. This will be attained through increases in the usage rates and service charges.
- The approved Capital Improvement Program for Fiscal Year 2023/24 2027/2028 identifies the need for \$119,245,000 to fund capital improvements for Wastewater and \$226,253,500 for Water. A portion of that total is projected to be funded by revenue bonds. Future user fee increases will be necessary to make the needed improvements possible.
- In 2022, the Nebraska State Legislature approved \$20 million in American Rescue Plan Act funds for Lincoln to begin work securing a second source of reliable drinking water and followed up with another \$177.2 million appropriation in 2023. Enhancing the existing capacity will help the capital city and surrounding communities in the decades to come.
- Lincoln Water System plans to replace lead pipes in homes and other property with the help of a \$32.6 million dollar loan from the federal government through the Nebraska Department of Environment and Energy.
- The electric utility industry repeatedly has been faced with new and proposed environmental regulations. The increase in legislation has been a major issue facing LES and all electric utility providers. LES continues to work diligently with industry groups and government representatives to help shape legislation and to implement cost-effective means to comply with all regulations.
- Property tax revenue expected to fund the 2023-2024 budget increased \$4,766,487 from the prior year.
- The budgeted local sales tax rate is 1.5%, which supports the General Fund. Projected sales tax collections could be impacted by legislative changes and unanticipated changes in economic activity. Nebraska began collecting online sales tax in 2019 which has a positive impact on revenues.
- In addition to the 1.5% Sales Tax rate to support the General Fund, Lincoln voters approved a 0.25% sales tax rate increase in 2019 for six years to provide funding for street rehabilitation, reconstruction, and new construction of arterial streets in all quadrants of the City. This tax began on October 1, 2019, and is scheduled to end on October 1, 2025.
- Sales tax revenue is projected at \$1.2 million more than 2022-23 adopted budget.
- The City negotiates with six different bargaining units. Three contracts will expire in August 2024, two will expire in August 2025, and one bargaining unit that expired in August 2023 is currently in negotiations with the City.
- Staffing changes included in the 2023-2024 fiscal year budget resulted in an increase for all funds of 14.01 full-time equivalents, with the Police department accounting for an increase of 5 and Parks and Recreation department accounting for an increase of 3.51 of the 14.01 full-time equivalents.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City of Lincoln's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Lincoln, Finance Department, 555 South 10th Street, Lincoln, NE 68508. This report and other financial information are also available online at www.lincoln.ne.gov/city/departments/finance/accounting.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED AUGUST 31, 2023

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 56,985,217
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the	
current period.	42,251,630
The net effect of various transactions involving capital contributions is to increase net position.	2,773,312
Revenues in the statement of activites that do not provide current financial resources are not reported as revenues in the funds: Change in revenues in fund statements previously recognized	(
in the statement of activities.	(7,330,956)
The issuance of long-term debt (e.g., bonds, COPs) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	305,936
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(2,977,528)
Changes in the net pension liability, deferred inflows and outflows related to the net pension liability, total OPEB liability, and deferred inflows and outflows related to the total OPEB liability do not represent financial activity in the governmental funds.	(5,998,137)
Internal service funds are used by management to charge the costs of certain services to individual funds. The net income of the internal service funds is reported within governmental activities.	 (2,992,856)
Change in net position of governmental activities	\$ 83,016,618

NOTES TO THE FINANCIAL STATEMENTS

(1) <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> REPORTING ENTITY

The accompanying financial statements present the government of the City of Lincoln, Nebraska (City) and its blended component unit, the West Haymarket Joint Public Agency (WHJPA), established April 2, 2010, for which the City is considered to be financially accountable, as the City is ultimately responsible for the debt of the WHJPA if such revenues are insufficient to make the necessary debt service payments. Regarding related organizations, the City's Mayor appoints, and the City Council approves all of the board appointments of the Housing Authority of the City of Lincoln. However, the City has no further accountability for this organization.

Blended component units, although legally separate entities, are, in substance, part of the government's operations. The participants in the WHJPA are the City and University of Nebraska (UNL), and the agency is governed by a board consisting of the Mayor, a member of the UNL Board of Regents, and a member of the City Council. The purpose of the agency is to make the most efficient use of the taxing authority and other powers of the participants to facilitate the redevelopment of the West Haymarket Redevelopment Area. The WHJPA almost exclusively benefits the City as its primary function is to finance and construct those City owned assets located in the redevelopment area. The WHJPA is reported as a major governmental fund in the City's financial statements. Complete separate financial statements for the WHJPA may be obtained online at www.lincoln.ne.gov/City/Departments/Finance/Accounting/West-Haymarket-JPA.

FISCAL YEAR-END

All funds of the City, with the exception of Lincoln Electric System (LES), are reported as of and for the year ended August 31, 2023. December 31st is the fiscal year-end of LES as established by the City Charter, and the last separate financial statements were as of and for the year ended December 31, 2022. The amounts included in the City's 2023 financial statements for LES are amounts as of and for the year ended December 31, 2022.

GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its blended component unit. Fiduciary activities, whose resources are not available to finance the City's programs, are excluded from the government-wide statements. The material effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. Functional expenses may also include an element of indirect cost, designed to recover administrative (overhead) costs. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *total economic resources measurement* focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Custodial funds use the economic resources measurement focus.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, including interest on long-term debt, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Property taxes, sales taxes, highway user fees, interdepartmental charges, and intergovernmental revenues are all considered to be susceptible to accrual. Special assessments are recorded as revenues in the year the assessments become current. Annual installments not yet due are reflected as special assessment receivables and deferred revenues. Other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

The <u>General Fund</u> finances the day-to-day operation of the basic governmental activities, such as legislative, judicial, administration, aging services, police and fire protection, emergency communications, legal services, planning, and parks and recreation. Primary resources of the fund include property, sales, and occupation taxes.

The <u>Street Construction Fund</u>, a special revenue fund, accounts for the resources accumulated, primarily highway allocation fees received from the State of Nebraska, and the payments made for the maintenance, construction, and improvement of the streets and highways in the City. Certain capital outlay expenditures reported in this fund are paid with a combination of these restricted resources, vehicle tax monies, impact fees, and state/federal aid.

The Federal Grants Fund, a special revenue fund, includes federal sub-funds as follows:

- Community Development Block Grant Fund to account for the costs of providing services under the City's Community Development Block Grant Program with funding provided by grants from the Department of Housing and Urban Development.
- Grants-In-Aid Fund to account for monies received from various federal and state
 agencies under several small categorical grants and the City's matching funds where
 applicable. Monies are utilized to provide services as stipulated in the individual grant
 agreements.
- Workforce Investment Act (WIA) Fund to account for the costs of providing services under the Workforce Investment Act with funding provided by grants from the Department of Labor.
- Disaster Recovery Fund (FEMA) Fund to account for reimbursements from the Federal Emergency Management Agency due to disasters caused by storm and flood

damage and pandemic expenses. Funds are used to reimburse other funds for related costs and to pay disaster and pandemic related expenses.

 American Rescue Plan Act (ARPA) Fund – to account for monies received from federal Treasury due to the COVID-19 pandemic. Monies are utilized as stipulated in the Final Rule from the US Treasury Department.

The West Haymarket JPA Fund accounts for the activities of the joint public agency, a blended component unit of the City, established to facilitate the redevelopment of the West Haymarket Area. Occupation taxes imposed on bar, restaurant, car rental, and hotel revenues, along with several other smaller sources provide the resources to finance the activities of the JPA.

The City reports the following major enterprise funds:

The Lincoln Wastewater System Fund accounts for the activities of the City's wastewater utility.

The <u>Lincoln Water System Fund</u> accounts for the activities of the City's water distribution operations.

The <u>Lincoln Electric System Fund</u> accounts for the activities of the City's electric distribution operations.

Additionally, the City reports the following fund types:

<u>Internal Service Funds</u> account for information technology services, engineering, risk management, fleet management, and municipal services center operations services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The <u>Police & Fire Pension Trust Fund</u> accounts for the receipt, investment, and distribution of retirement contributions made for the benefit of police officers and firefighters.

The <u>Custodial Funds</u> account for the collection of sales tax to be remitted to other governmental entities, developer's money held for tax increment financing, and seized funds held for final court decisions of disbursal.

The effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes, return on equity, and charges between the business-type functions and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, fines and forfeitures, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the government's internal service funds are charges to customers for goods and services. Operating expenses include the cost of sales and service, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

In 2011, the City Council approved an ordinance requiring LES to pay an annual dividend to the City for the City's ownership of LES, in an amount based on the total net position of LES as of the most recent audited year-end financial statements. The annual dividend shall be remitted to the City on a semiannual basis on the

20th day of February and August of each year, with each payment representing fifty percent of the annual dividend payment.

ASSETS, LIABILITIES, AND NET POSITION OR FUND EQUITY

Deposits and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. These investments are not specifically identified with any one fund. Interest is allocated to the individual funds on the basis of average cash balances.

The City may invest in certificates of deposit, in time deposits, and in any securities in which the state investment officer is authorized to invest pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act and as provided in the authorized investment guidelines of the Nebraska Investment Council and the City Investment Policy in effect on the date the investment is made.

Investments in the Police & Fire Pension Trust Fund are carried at either fair value or net asset value. Investments in other funds are carried at fair value, except for short-term investments, which are reported at amortized cost, which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value, based on relevant market information of similar financial instruments. Income from investments held by the individual funds is recorded in the respective funds as it is earned.

Receivables and Payables

Loans receivable in governmental funds consist of rehabilitation and redevelopment loans that are generally not expected or scheduled to be collected in the subsequent year.

Noncurrent portions of long-term receivables due to governmental funds are reported on their balance sheets, in spite of their spending measurement focus. Recognition of governmental fund type revenues represented by noncurrent receivables generally is deferred until they become current receivables.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Inventories and Prepaid Items

Materials, supplies, and fuel inventories are stated at cost, which is generally determined using the average cost method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

Amounts of governmental fund inventories and vendor prepaid items are reported as nonspendable fund balance to indicate that they do not represent "available spendable resources".

Plant Operation Assets

LES' interest in jointly owned facilities Laramie River Station and Walter Scott Energy Center (see Note 23), is reported as plant operation assets on the statement of net position.

Costs Recoverable from Future Billings

Certain income and expense items of the Wastewater System, Water System, and LES, which would be recognized during the current period are deferred and not included in the determination of the change in net position until such costs are expected to be recovered through rates, in accordance with the regulated operations provisions of GASB Codification Section Re10, *Regulated Operations*.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, drainage systems, streetlights, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Prior to September 1, 2017, and the implementation of GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, interest incurred during the construction phase of capital assets of business-type activities was included as part of the capitalization value of the assets constructed.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	<u>Years</u>
Buildings	10 - 50
Improvements	5 - 40
Infrastructure	20 - 100
Equipment	2 - 20

The exceptions to this rule are library media, which is depreciated using a composite depreciation method, and LES, which depreciates its utility plant on a straight-line basis using composite rates ranging between 0.6% and 20%, depending on the respective asset type.

Lease and Software Subscription Assets

Lease and subscription assets are initially recorded at the initial measurement of the lease and subscription liability, plus lease or subscription payments made at or before the commencement of the term, less any incentives received from the lessor at or before the commencement of the lease or subscription, plus initial direct costs that are ancillary to place the asset into service. Lease and subscription assets are amortized on a straight-line basis over the shorter of the lease term or the useful life of the underlying asset.

Capital, Lease, and Subscription Asset Impairment

The City evaluates capital, lease, and subscription assets for impairment whenever events or circumstances indicate a significant, unexpected decline in the service utility of a capital, lease, or subscription asset has occurred. If a capital, lease, or subscription asset is tested for impairment and the magnitude of the decline in service utility is significant and unexpected, the capital, lease, or subscription asset historical cost and related accumulated depreciation or amortization are decreased proportionately such that the net decrease equals the impairment loss. No asset impairment was recognized during the year ended August 31, 2023.

Compensated Absences

City employees generally earn vacation days at a variable rate based on years of service. In the event of termination, an employee is reimbursed for accumulated vacation time up to a maximum allowed accumulation, which is in no case longer than 37 days.

Employees earn sick leave at the rate of one day per month with total accumulation unlimited. Upon retirement, an employee is reimbursed for a percentage of accumulated sick leave with percentages and maximums depending on the employees' bargaining unit contract. Upon resignation from City service an employee may also be compensated for a percentage of accumulated sick leave, again, based on the employees' bargaining union contract. In some cases, payment may be placed in a medical spending account rather than reimbursing the employee directly.

LES is covered by a separate personnel plan regarding vacation and sick leave with the liability for these benefits recorded in accrued liabilities.

Vacation leave and other compensated absences with similar characteristics are accrued as the benefits are earned if the leave is attributable to past service and it is probable that the City will compensate the employees for such benefits. Sick leave and other compensated absences with similar characteristics are accrued as the benefits are earned only to the extent it is probable that the City will compensate the employees for such benefits through cash payments conditioned on the employee's termination or retirement, and is recorded based on the termination method. Such accruals are based on current salary rates and include salary-related payments directly and incrementally associated with payments made for compensated absences on termination.

All vacation and sick leave is accrued when incurred in the government-wide, proprietary, and fiduciary fund financial statements. In the governmental funds, only compensated absences that have matured as of year-end, for example, as a result of employee resignations and retirements, are recorded as a fund liability.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. For current and advance refunding of debt, the difference between the reacquisition price and the net carrying amount of the old debt is deferred and amortized as a component of interest expense over the remaining life of the old debt or the life of the new debt, whichever is shorter. The unamortized balance of the refunding gain or loss is reported as deferred inflows or outflows of resources, as applicable, on the statement of net position.

In the fund financial statements, governmental funds recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as another financing source. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as current expenditures.

Fund Balances

Fund balances reflect assets plus deferred outflows of resources minus liabilities and deferred inflows of resources in the governmental fund statements. Fund balance is divided into five classifications; nonspendable, restricted, committed, assigned and unassigned. Fund balance is reported as nonspendable when not in spendable form or legally or contractually required to be maintained intact. Fund balance is reported as restricted when constraints placed on the use are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or imposed by law through constitutional provisions or enabling legislation.

Fund balance is reported as committed when constraints are imposed by formal action (ordinance) of the City Council, the City's highest level of decision-making authority. Once adopted, the limitations imposed by the ordinance remain in place until the adoption of another ordinance to remove or revise the limitation.

Fund balance is reported as assigned when the intent of the City (resolutions approved by Council and executive orders approved by the Mayor) is to use the funds for a specific purpose. Unlike commitments, assignments generally only exist temporarily, as an additional formal action does not have to be taken to alter an assignment. Unassigned fund balance is the residual amount and only the General Fund can report a positive unassigned balance.

The City has established a policy intended to address the primary consideration of meeting unanticipated short-term cash flow needs of the City and the long-term goal of managing General Fund balances in a manner that at all times preserves the City's ability to meet its cash flow needs. No less than twenty percent of the ensuing year's General Fund budget is to be set aside to meet excess cash flow needs. Currently \$44,718,164 of the General Fund's spendable and unrestricted fund balance meets the requirements of this policy.

Net Position Classification

Net position is assets plus deferred outflows of resources minus liabilities and deferred inflows of resources and is shown in the entity-wide, proprietary, and fiduciary fund financial statements. Net position is required to be classified into three components – net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets – This component of net position consists of capital, lease, and subscription assets, net of accumulated depreciation and amortization, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvements of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets.

Restricted – This component of net position consists of restricted assets, reduced by liabilities related to those assets, with constraints placed on their use through external parties such as creditors (debt covenants), grantors, contributors, or law or regulations of other governments, or constraints imposed by law through constitutional provisions or enabling legislation. The government-wide statement of net position reports \$256,949,598 of restricted net position, of which enabling legislation restricts \$71,796,953.

Unrestricted – This component consists of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the "restricted" or "net investment in capital assets" components of net position.

When both restricted and unrestricted resources are available for use, it is generally the City's policy to use restricted resources first, then unrestricted resources as they are needed.

BUDGETARY DATA

The City Council follows these procedures, set out in the City Charter, in establishing the budgetary data reflected in the financial statements:

- 1) No later than June 15, prior to the beginning of the biennial budget period, the Mayor submits to the City Council a proposed biennial budget for the ensuing years. The biennial budget is a complete financial plan for the biennial period and consists of an operating budget and a capital budget.
- 2) Public hearing on the proposed budget is scheduled for not later than 10 days prior to the budget adoption date.
- 3) Not later than 5 days prior to the end of the biennial period, the budget is legally adopted by resolution of the City Council.
- 4) The Mayor is authorized to transfer unencumbered balances between appropriations of the same department or agency during the biennium. The Mayor also has authority to lower appropriations in any fund where actual revenues are less than appropriated in order to avoid incurring a budget deficit for that fiscal or biennial period.
 - Appropriation transfers between departments or agencies may only be authorized by resolution of the City Council. The Council may not make any appropriations in addition to those authorized in the biennial budget, except that it may authorize emergency appropriations in the event of an emergency threatening serious loss of life, health, or property in the community, or for circumstances which could not reasonably have been anticipated at the time the budget was adopted.
- 5) Budgets for all funds are adopted on a basis inconsistent with accounting principles generally accepted in the United States of America (GAAP). Since encumbrances are included in the City's budget accounting, year-end encumbrances are reappropriated to the next year in the budget process. Various funds have expenditures automatically appropriated through the budget resolution, based on funds available. These expenditures are reflected in the original and final budgets at amounts equal to the actual expenditures. Budget basis expenditures are presented on a cash basis.
 - Amendments to the adopted budget were made this year and resulted from prior fiscal year encumbrances identified subsequent to budget adoption, appropriation of unanticipated revenues to certain funds as provided in the budget resolution, and appropriation revisions between or among departments as provided for under the City Charter.
- 6) Appropriation controls are required at the departmental level. However, as a matter of policy and practice, appropriations generally are controlled at the next level of organization (division) or by fund within a department.
- 7) Operating appropriations lapse at the end of the biennial period for which authorized except for those reappropriated by Council resolution, capital improvement appropriations and year-end encumbrances against operating budgets. Capital improvement appropriations are continuing appropriations through completion of the project.
- 8) Budgets are adopted by resolution for the following fund types: general, special revenue, debt service, capital projects, permanent, enterprise, internal service, and pension trust. Legally adopted annual budgets are not established for the West Haymarket JPA component unit, certain special revenue (Police and Fire Pension Contribution, Casino, Special Assessment, Parks & Recreation Special Projects, and RP Crawford Park), permanent (JJ Hompes), and custodial funds. In addition, capital project funds are budgeted on a project rather than a biennial basis.

ENDOWMENTS

The Community Health Permanent Endowment Fund was established in 1997 with the \$37,000,000 cash proceeds realized by the City from the sale of Lincoln General Hospital, and may be increased by donations, bequests, or appropriations to the fund. Investment earnings of the fund are used for funding health and health-related programs that further the health, safety, or welfare of the citizens of Lincoln. Earnings deposited with the City Treasurer shall be paid out only by order of those persons designated by the Community Health Endowment (CHE) Board of Trustees as outlined in the Fiscal and Budget Directives policy between the CHE and the City. State law directs that, subject to the intent of a donor expressed in the gift instrument, an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. The current amount of net appreciation available for expenditure is \$27,496,360 which is reported along with \$865,000 of contingency funds as expendable health care restricted net position in the statement of net position. The initial endowment principal is reported as nonexpendable health care restricted net position in the statement of net position.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows, liabilities, and deferred inflows and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ materially from those estimates.

IMPLEMENTATION OF NEW ACCOUNTING PRINCIPLES

During the fiscal year ended August 31, 2023, the City implemented the following GASB Pronouncement:

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (GASB 96). In governmental funds, the City now recognizes an expenditure for the current year software subscriptions and interest due for subscriptions with payments made during the term of over \$5,000. Payments on contracts under that threshold are recorded as expenditures. In the government-wide statements, the City recognizes a subscription liability and subscription asset for the present value of all future payments at the commencement of the subscription for subscriptions with total future minimum payments over \$5,000.

In both proprietary funds and government-wide statements, the City recognizes a subscription liability and subscription asset for the present value of all future payments at the commencement of the subscription for subscriptions with total future minimum payments over \$5,000. Payments on contracts under that threshold are recorded as expenses.

Adoption of GASB 96 had no effect on beginning net position as of September 1, 2022, or on the previously reported change in net position.

(2) RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET POSITION

The governmental funds balance sheet includes a reconciliation between *fund balance* – *total governmental funds* and *net position of governmental activities* as reported in the government-wide statement of net position. One element of that reconciliation explains, "Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds." The details of the \$545,525,643 difference are as follows:

Bonds Payable	\$ 396,534,158
Less issuance discounts	(914,093)
Plus issuance premiums	10,421,450
Plus deferred gain on refunding	525,418
Less deferred loss on refunding	(2,233,247)
Notes Payable	2,072,353
COPs Payable	22,700,000
Accrued Interest Payable	4,074,431
Accrued Lease Interest Payable	725
Accrued SBITA Interest Payable	4,096
Net Pension Liability	84,070,228
Deferred Outflows for Pension	(24,586,704)
Deferred Inflows for Pension	197,893
Total OPEB Liability	14,319,320
Deferred Outflows for OPEB	(4,171,979)
Deferred Inflows for OPEB	10,565,260
Leases	770,840
SBITAs	222,123
Compensated Absences	30,848,624
Other	 104,747
Net difference	\$ 545,525,643

EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental funds statement of revenues, expenditures, and changes in fund balances includes a reconciliation between *net change in fund balances – total governmental funds* and *change in net position of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation explains, "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation or amortization expense." The details of this \$42,251,630 difference are as follows:

\$	90,800,005
	2,000,193
	(49,840,706)
_	(707,862)
\$_	42,251,630
	\$ - \$_

Another element of that reconciliation states, "The issuance of long-term debt (e.g., bonds, COPs) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this \$305,936 difference are as follows:

Debt issued or incurred:		
Issuance of tax allocation bonds	\$	(548,164)
Issuance of tax supported bonds		(11,550,000)
Issuance of Municipal Improvement Bonds		(11,550,000)
Issuance of Subscriptions		(304,755)
Issuance premiums		(913,617)
Amortization of deferred premiums, discounts,		
and amounts from refundings		764,391
Principal repayments	_	24,408,081
Net difference	\$	305,936

Another element of that reconciliation states, "Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds." The details of this \$(2,977,528) difference are as follows:

Loss on disposal of capital assets	\$ (29,366)
Accrued interest	278,331
Compensated absences	(1,812,916)
Other	 (1,413,577)
Net difference	\$ (2,977,528)

(3) RESTRICTED ASSETS

Certain proceeds of the enterprise funds revenue bonds and resources set aside for their repayment are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants. Assets included in the Bond Principal and Interest Account and the Bond Reserve Account are restricted for the payment of bond principal and interest. Assets included in the Surplus Account and in the Renewal and Replacement Account are restricted for specific purposes including improvements, repairs and replacements, acquisition of equipment, and the payment of bond principal and interest. Assets included in the Construction Account are restricted for paying the cost of capital improvements. Also, Lincoln Electric System has assets restricted for paying employee health claims and for deposits provided by both customers and developers.

A recap of the proprietary funds' restrictions and related balances at August 31, 2023, are as follows:

		Parking	Solid Waste	Lincoln Wastewater	Lincoln Water	Lincoln Electric	
Fund Account		System	Management	System	System	System	Total
Principal and Interest	\$	-	-	2,118,489	350,377	16,753,000	19,221,866
Reserve		-	1,117,084	9,187,642	4,080,833	9,389,000	23,774,559
Surplus		-	-	1,218,259	9,343,756	-	10,562,015
Renewal and Replacement		2,668,134	-	-	-	-	2,668,134
Capital Construction and Equipment Customer/Developer		209,852	112,037	12,006,750	2	-	12,328,639
Deposits		-	-	-	-	1,198,000	1,198,000
Claims	_	-				3,563,000	3,563,000
Total	\$_	2,877,986	1,229,121	24,531,140	13,774,966	30,903,000	73,316,213

Resources of the permanent funds totaling \$37,160,000 are legally restricted to the extent that only earnings and not principal may be used to support the City's programs.

(4) DEPOSITS AND INVESTMENTS

DEPOSITS

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State Statutes 15-846 and 15-847 R.R.S., 1943 require banks either to provide a bond or may give security as provided in the Public Funds Deposit Security Act to the City Treasurer in the amount of the City's deposits. The Statutes allow pledged securities to be reduced by the amount of the deposit insured by the Federal Deposit Insurance Corporation (FDIC).

The City's cash deposits, including certificates of deposit, are insured up to \$250,000 by the FDIC. Any cash deposits and certificates of deposit in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve pledge account or by an agent for the City, or a letter of credit issued by a Federal Reserve Bank, and thus no custodial risk exists. No legal opinion has been obtained regarding the enforceability of any of the collateral arrangements.

INVESTMENTS

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall on August 31, 2023.

Money Market Funds and External Investment Trusts are carried at cost, and thus are not included within the fair value hierarchy. Certain investments that are measured using the net asset value per share (or its equivalent) practical expedient have also not been classified in the fair value hierarchy. Other than the pension trust fund investments noted specifically on page 69, the City's remaining investments carried at net asset value have no unfunded commitments and these investments can be redeemed at any time. These investments have been noted with NAV in the table below.

At August 31, 2023, the City had the following investments, maturities, credit ratings, and fair value measurement:

			August 31, 2023					
	-	N	Maturities in Years					
	G : 11.1			ć 10			Rating	Hierarchy
Туре	Carrying Value	Less than 1	1-5	6-10	More than 10	Moody's	S&P	Level

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The City has no investments at August 31, 2023 that are classified within Level 3 of the hierarchy.

INVESTMENT POLICIES

General City Policy

Generally, the City's investing activities are managed under the custody of the City Treasurer. Investing is performed in accordance with the investment policy adopted by the City Council complying with state statutes and the City Charter. The City may legally invest in U.S. government securities and agencies, U.S. government sponsored agencies, and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds, commercial paper, bankers' acceptances, equities, and investment agreements.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment securities that are in the possession of an outside party.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits current operating funds to be invested with maturities of no longer than twenty-four months. Fixed income investments held in construction funds, operating funds, and other nonoperating funds are limited to ten-year maturities. Investment agreements are not subject to interest rate risk, as the issuer guarantees the interest rate. Money market mutual funds and external investment funds are presented as investments with a maturity of less than one year because they are redeemable in full immediately. Tax Increment Financing investments can exceed 10 years as the interest rates are guaranteed by the fund and the investment is made within the City's funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy establishes requirements for certain investment securities to be rated at certain rates or higher without having collateral pledged to the City. The following investment types must be rated at the minimum rates noted below:

	S&P	Moody's
Money Markets	Aam/Aam-G	
Corporate Notes	AA-	Aa3
Investment Agreements	AA-	Aa3
Commercial Paper	A-1	P-1
Bankers' Acceptance	A-1	P-1
Local Government Debt	AA-	Aa3

The external investment funds are held in the City's idle fund pool and are comprised of Nebraska Public Agency Investment Trust (NPAIT) and Short-Term Federal Investment Trust (STFIT) funds. These Funds are carried by the City at amortized cost. NPAIT and STFIT invest in only the highest quality securities, including U.S. government, rated U.S. sponsored agencies, and guaranteed student loans, and their investment portfolios are valued at amortized cost, which approximates fair value based on the short-term nature of the instruments.

Concentration of Credit Risk. The City's investment policy places various limits on the amount that may be invested in any one issuer. Per the policy, allocation limits do not apply to the investment of proceeds from issuance of debt. These investments shall be governed by the debt covenant included in the debt instrument. Non-compliance due to a decrease in investment balance does not require corrective action.

	Portfolio	Policy Limits
Type	Composition	on Issuer
U.S. agency obligations:		
Federal Home Loan Bank	30.12 %	40.00 %
Federal Home Loan Mortgage Corporation	1.83	40.00
Federal National Mortgage Association	3.68	40.00
Federal Farm Credit Bank	4.09	40.00
Federal Agricultural Mortgage Corporation	0.11	25.00

Community Health Endowment (CHE) Policy

As a public endowment fund, under State law, CHE is permitted to invest in the manner required of a prudent investor acting with care, skill and diligence under the prevailing circumstance, without restrictions as to the type and limits of investments.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, CHE will not be able to recover the value of its investment securities that are in the possession of an outside party. All investments are held in CHE's name.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure, CHE compares the risk and return characteristics derived from the actual performance of an investment to appropriate brenchmarks, at least annually. Asset allocation and investments are adjusted as necessary by this monitoring.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. It is CHE's policy to limit its investments in individual fixed income securities to issues with at least BBB-/Baa3 ratings. Short-term fixed income issues should have a minimum A-2/P-2 rating. CHE's investments in fixed income securities at August 31, 2023 were made through mutual funds, which do not receive individual credit ratings.

Concentration of Credit Risk. Concentration of credit risk is the risk associated with the amount of investments CHE has with any one issuer that exceeds 5% or more of its total investments. None of CHE's investments exceeded 5% or more of its total investments at August 31, 2023.

Foreign Currency Risk. This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. CHE had no investment denominated in foreign currency at August 31, 2023.

Police & Fire Pension Trust Policy

The Police & Fire Pension Trust Investment Board, established by the City Council in accordance with Lincoln Municipal Code chapter 4.62, directs and oversees the trust's investments for the sole benefit of plan participants and beneficiaries. The Board consists of nine members. Two board positions shall be filled by the City Finance Director and the City Human Resources Director; two board positions shall be elected by secret ballot by the active paid police officers of the City; two board positions shall be elected by secret ballot by the active paid firefighters of the City; and three board positions shall be appointed by the Mayor, after consultation with the other six members, subject to approval by the City Council. The three appointed members shall have at least five years demonstrated experience in financial, actuarial, investment or employee benefit plan matters.

The board also provides oversight and directions to the plan administrator with regard to the investments of the trust's funds. The daily management responsibility of the trust and routine investment transactions are delegated to the plan administrator.

The Police & Fire Pension Trust can invest in domestic and international equity funds, domestic and foreign bonds, real estate, and alternative investments.

The investment board has the responsibility to allocate plan assets in various investment strategies to reach the overall return and risk objectives of the plan. Annually the board reviews the plan's investments from an "asset allocation" perspective. The strategic allocation process is based on such factors as historical absolute returns of the benchmarks, recent returns for benchmarks, volatility of benchmark returns as measured by standard deviation, and the correlation of returns with other asset classes used in the portfolio. The following was the asset allocation as of August 31, 2023:

Asset Class	Target	Minimum	Maximum
	Allocation	Allocation	Allocation
Public Equity	50 %	40 %	60 %
US Equity	21	16	26
Non-US Developed Equity	5	3	7
Emerging Market Equity	6	4	8
Global Equity	18	14	22
Private Equity	10	6	14
Fixed Rate Debt	15	12	18
Floating Rate Debt	10	8	12
Real Estate	15	12	18
Total	100 %	n/a	n/a

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Police & Fire Pension Trust will not be able to recover the value of its investment securities that are in the possession of an outside party.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Investment Board for the Police & Fire Pension Trust compares the risk and return characteristics derived from the actual performance of the Fund, by separate asset classes and specific securities to appropriate benchmarks, and financial indices and/or funds, at least annually. Asset allocation, investments, and/or investment managers are adjusted as necessary by this monitoring.

Credit Risk. The policy states that the plan will select appropriate investments, or investment manager(s), to fill each asset class allocation. The individual investment, or investment managers, chosen shall be those determined to meet the board's objectives in terms of their overall combination of risk, return, and liquidity.

Concentration of Credit Risk. The policy places no limit on the amount that may be invested in any one issuer. The following individual investments held by the Plan as of August 31, 2023, are greater than 5% of the Plan's fiduciary net position:

Vanguard Total Stock Market Index	26.06 %	6
J.P. Morgan Core Bond Fund	17.95	
RREEF America REIT II	9.62	
Vanguard Total Intl Stock Index Fund Ins	7.44	
GQG Partners Emrging Markets Equity	6.41	
Bain Capital Senior Loan Fund	6.15	
Prudential Prisa III Fund	5.67	

The Trust does not currently hold any investments with mandatory redemption periods. The Trust is required to fund the following additional amounts in accordance with the related investment agreements:

TenaskaTPF II, LP - \$53,712

Aberdeen U.S. Private Equity VI - \$247,500

StepStone VC Global Partners IX-B - \$577,500

Warburg Pincus Global Growth - \$334,250

Weathergage Venture Capital IV - \$840,000

Golub Capital Partners International Fund 11 - \$500,000

Principal Real Estate Debt Fund II - \$307,364

OHA Tactical Opportunities Fund (Offshore) - \$644,185

Varde Dislocation Fund Offshore - \$615,000

Grosvenor Co-Investment Opportunities Feeder II - \$5,310,445

Summary of Deposit and Investment Balances

Following is a reconciliation of the City's deposit and investment balances as of August 31, 2023:

Investments Deposits and Cash on Hand	\$	Totals 1,246,817,084 29,755,638 1,276,572,722		
	-	Government-wide Statement of Net Position	Fiduciary Funds Statement of Net Position	Totals

"Due to" and "Due from" balances are recorded when funds overdraw their share of pooled cash. Other balances result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfers To/From Other Funds for the year ended August 31, 2023, consist of the following:

Transfer To			Transfer From								
	_	General Fund	Street Construction	Federal Grants	Lincoln Wastewater System	Lincoln Water System	Lincoln Electric System	Nonmajor Governmental	Nonmajor Enterprise	Internal Service	Total
General Fund	\$	9,161,310	12,491	20	8,361	10,291	13,736,680	803,983	2,058,439	171,388	25,962,963

Nonmajor Enterprise		168,650	-	1,230,058	-	-	-	-	-	100,000	1,498,708
Internal Service	_	535,223		-			-	8,417			543,640
Total	\$_	40,440,190	6,722,338	1,250,359	8,361	10,291	13,736,680	46,075,721	5,017,229	271,388	113,532,557

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) use unrestricted revenues in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and (3) transfer payment in lieu of taxes and return on equity from LES to the General Fund.

On the fund statements, because the governmental funds do not record capital assets, the movement of capital assets from governmental to enterprise funds are shown as capital contributions. On the government-wide Statement of Activities these transactions are recorded as transfers and shown netted with other operating transfers. The current year reassignment of capital assets amounted to \$6,500,276.

The \$787,680 variance for transfers on the Statement of Activities is caused by the different fiscal year end dates used by the City (August 31) and Lincoln Electric System (December 31). Lincoln Electric System records an estimate for payments of return on equity as an accrued liability at December 31. The City, however, receives the payments before the August 31 fiscal year end, and records the total amount as a transfer in.

(9) <u>DEBT OBLIGATIONS</u>

SHORT-TERM

Established by City Ordinance, LES may borrow up to \$150 million under a commercial paper note program. The payment of the commercial paper notes is subordinated to the payment of the principal of, and interest on, the outstanding bonds. At December 31, 2022, LES had \$65.5 million of commercial paper notes outstanding. The notes mature at various dates but not more than 270 days after the date of issuance. The weighted-average interest rate for the year ended December 31, 2022, was 1.13%. The outstanding commercial paper notes are secured by a revolving credit agreement with JPMorgan Chase Bank, National Association, that was amended on August 19, 2021, and expires on August 19, 2024. There were no advances outstanding under the credit agreement at December 31, 2022. The revolving credit agreement which secures LES' commercial paper program also includes a note purchase agreement which provides LES the ability to borrow monies on a short-term basis. There were no amounts outstanding under the note purchase agreement as of December 31, 2022. Amounts outstanding under the note purchase agreement reduce the amount available under the revolving credit agreement. LES uses commercial paper notes as part of their long-term financing strategy. As such, commercial paper is typically renewed as it matures. The weighted average length of maturity of commercial paper for 2022 was 58 days.

Commercial paper activity for the year ended December 31, 2022, is as follows:

		Beginning			Ending	Due Within
Lincoln Electric System:	-	Balance	Additions	Reductions	Balance	One Year
Commercial Paper Notes	\$	65,500,000	453,700,000	(453,700,000)	65,500,000	65,500,000

In November 2017, LES entered into a revolving credit agreement with U.S. Bank National Association. The agreement permits LES to draw up to \$50,000,000 on a variable rate basis. No amount is outstanding as of December 31, 2022. The U.S. Bank revolving credit agreement terminated on March 17, 2023. Following the expiration of the revolving credit agreement with U.S. Bank National Association, LES entered into a similar agreement with Bank of America National Association. The revolving credit agreement with Bank of America National Association allows LES to draw up to \$50,000,000 on a variable rate basis and was executed on April 6, 2023, and will expire in April 2026. Electric revenues secure the agreement.

LONG-TERM

The City issues general obligation, special assessment, and revenue bonds to finance the acquisition and construction of major capital assets. Bonded indebtedness has also been entered into to advance refund several general obligation and revenue bonds. General obligation bonds are direct obligations and pledge the full faith and credit of the government. Special assessment bonds are repaid from amounts levied against affected property owners, but in the unlikely event collections are not sufficient to make debt payments, the responsibility rests with the City to meet that obligation. For revenue bonds the government pledges income derived from the acquired or constructed assets to pay the debt service.

Net position of \$3,032,382, \$3,072,211, \$674,888, and \$1,031,708 is currently available in the debt service funds to service the Tax Allocation Bonds, General Obligation Bonds, Tax Supported Bonds, and Special Assessment Bonds, respectively. Revenue Bonds are funded partially from reserve accounts set up for debt repayment and partially from proceeds of daily operations.

The City has entered into financed purchase agreements for financing the acquisition of land, buildings, streetlights, entry corridor improvements, sidewalks, dump trucks, street sweepers, motor grader, emergency vehicles and equipment, golf equipment, and computer equipment and software. These financed purchase agreements have been recorded at the present value of their future minimum payments as of the inception date.

Assets acquired through finance purchases are as follows:

		Governmental Activities		Business-Type Activities
Land	S	178,066	S	199,546

Total	S	53,142,938	S	1,533,801

Under the City's Home Rule Charter, there is no legal debt limit. The various bond indentures contain significant limitations and restrictions on annual debt service requirements, minimum amounts to be maintained in various bond reserve funds, and minimum revenue bond coverages.

Lincoln Wastewater System has entered into a loan agreement with the Nebraska Department of Environment and Energy (NDEE) consisting of three separate contracts. Under Contract 317247, the Lincoln Wastewater System has borrowed \$4,808,792 to fund certain sewer system extension and sewer repairs. The interest rate throughout the term of the loan is 2.0%. The Lincoln Wastewater System has also borrowed \$5,000,000 under Contract 317078 to fund certain projects at the Theresa Street and Northeast Wastewater Treatment Facilities. The interest rate throughout the term of the loan is 2.0%. The Lincoln Wastewater System has also borrowed \$17,000,000 under Contract 317830 to fund certain wastewater solids handling, trunk sewer, and selected facility replacement improvements. The interest rate throughout the term of the loan is 3.25%. In addition, an administrative fee of 1% will be incurred on the loan.

The Lincoln Water System has entered into a loan agreement with the NDEE, borrowing \$14,977,829 to fund certain water system extension and water repairs. The interest rate throughout the term of the loan is 2.25%. In addition, an administrative fee of 1% will be incurred on the loan.

Long-term bonded debt of the City is comprised of the following individual issues (in thousands of dollars):

Internal Service funds predominantly serve the governmental funds; therefore, their long-term liabilities are included with the governmental activities. Compensated absences for governmental activities are generally liquidated in the General Fund as well as various other Special Revenue and Internal Service funds where personnel costs are incurred. The claims and judgments liability will generally be liquidated through the City's Insurance Revolving Internal Service Fund, which will finance the payment of those claims by charging other funds based on management's assessment of the relative insurance risk that should be assumed by individual funds. The net pension liability will be liquidated through the Police & Fire Pension Contributions Special Revenue Fund with financing provided by an annual property tax levy. The total OPEB liability for an implicit rate subsidy will be liquidated with those governmental funds where personnel health insurance costs are incurred.

DEVELOPER PURCHASED TAX INCREMENT FINANCING NOTES AND BONDS

At August 31, 2023, \$122,981,468 of developer purchased tax increment financing notes and bonds were outstanding. Developer purchased tax increment financing allows the City to create special districts to enable public/private improvements within those districts that will generate public/private-sector development. For a period of 15 or 20 years, depending on the project location as provided by State Statue, the tax base is frozen at the predevelopment level, and taxes generated from the incremental increases in assessed value are remitted to the developer. The agreements between the City and developer expressly limit the City's commitment for debt repayment to the incremental tax collected during the 15 or 20-year period. At the end of the 15 or 20-year period, the tax jurisdiction collects on the increased property values. The related tax increment districts are not component units of the City; therefore, the City is not liable for the outstanding debt. The City's responsibility for this liability is limited only to remittance of paid taxes, thus these notes and bonds are not reflected in the City's financial statements.

CONDUIT DEBT

On March 30, 2021, the City issued its taxable \$11,562,000 of Educational Facilities Revenue Refunding Bonds, which were converted to tax-exempt bonds on January 4, 2022. The Bonds were issued to refund the City's \$19,815,000 of Educational Facilities Revenue and Refunding Bonds which were issued for the purpose of paying the cost of acquiring, constructing, equipping, and furnishing improvements to Nebraska Wesleyan University's (NWU) higher education facilities and refinancing certain outstanding indebtedness of NWU. The Bonds are limited obligations of the City and are payable solely from payments to be made by NWU pursuant to a loan agreement dated March 1, 2021 by and between the City and NWU. The Bonds shall not be a charge against the City's general credit or taxing powers. The Bonds shall never constitute an indebtedness of the City within the meaning of any constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the City, thus these bonds are not reflected in the City's financial statements. At August 31, 2023, \$9,441,000 of these bonds remain outstanding.

On December 1, 2021, the City issued a maximum of \$10,000,000 of Multifamily Revenue Bonds, Series 2021 Bonds for the purpose of providing all or part of the funds with which to pay the cost of the acquisition, construction, and equipping of a 98-unit multifamily housing development located in the City of Lincoln, Nebraska to be known as Gatehouse Rows. The Bonds are limited obligations of the City and are payable solely from payments to be made by Gatehouse Rows, LP pursuant to a loan agreement dated December 1, 2021, by and between the City, Horizon Bank, and Gatehouse Rows, LP. The Bonds shall not be a charge against the City's general credit or taxing powers. The Bonds shall never constitute an indebtedness of the City within the meaning of any constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the City, thus these bonds are not reflected in the City's financial statements. At August 31, 2023, \$10,000,000 of these bonds are outstanding.

On June 1, 2022, the City issued a maximum of \$18,000,000 of Multifamily Revenue Bonds, Series 2022A and maximum of \$8,100,000 of Multifamily Revenue Bonds, Taxable Series 2022B Bonds for the purpose of financing the cost of the acquisition, construction, and equipping of a multifamily rental housing facility, consisting of approximately 192 units and related personal property and equipment to be located in Lincoln, Nebraska and known as Union at Middle Creek Apartments. The Bonds are limited obligations of the City and are payable solely from payments to be made by Union at Middle Creek, LP pursuant to a loan agreement dated June 1, 2022, by and between the City and Union at Middle Creek, LP. The Bonds shall not be a charge against the City's general credit or taxing powers. The Bonds shall never constitute an indebtedness of the City within the meaning of any constitutional provision or statutory limitation and shall never constitute or give rise to a pecuniary liability of the City, thus these bonds are not reflected in the City's financial statements. At August 31, 2023, \$21,550,000 of these bonds are outstanding.

(10) RECONCILIATION OF BUDGET BASIS TO GAAP

Amounts presented on a non-GAAP budget basis of accounting differ from those presented in accordance with GAAP due to the treatment afforded accruals, encumbrances, funds for which budget and reporting structures differ, and funds for which legally adopted annual budgets are not established. A reconciliation for the year ended August 31, 2023, which discloses the nature and amount of the adjustments necessary to convert the actual GAAP data to the budgetary basis, is presented below:

	General Fund	Street Construction Fund	Federal Grants Fund
Net Change in Fund Balances:	<u>- ana</u>	<u>. aa</u>	<u>. aa</u>
Balance on a GAAP basis	\$ 32.460.118	5.342.097	6.344.610
Basis differences (accruals) occur because the cash	, ,	-,- ,	.,.
basis of accounting used for budgeting differs from			
the modified accrual basis of accounting prescribed			
for governmental funds.	(3,833,755)	3,507,419	(22,011,265)
Perspective differences occur when the structure used			
for budgeting differs from the fund structure used			
for financial reporting.	(2,753,690)	-	-
Amount budgeted on a project basis.	 	38,083,184	-
Balance on a budget basis	\$ 25,872,673	46,932,700	(15,666,655)

(11) <u>DEFICIT NET POSITION OR FUND BALANCE</u>

The following funds had a fund balance deficit as of August 31, 2023:

Special Revenue – Lincoln Bike Share Fund \$ (705,352)

• The Lincoln Bike Share Fund fund balance deficit is due to large initial implementation costs of the Lincoln Bike Share Program.

(12) EXCESS OF EXPENDITURES OVER APPROPRIATIONS

The following funds had expenditures for which there were no appropriations:

General Fund	
Street Lighting	\$ 684,133
Street Construction Fund	
Materials & Supplies	\$ 84,436
Lease Principal	70,000
Interest	38,450
Fiscal Charges	61
Federal Grants Fund	
Economic Opportunity	\$ 14,439

(13) <u>EMPLOYEES' RETIREMENT PLANS</u>

The employees of the City are covered by several retirement plans. Article II Section 3 of the Lincoln Charter assigns the authority to establish and amend benefit provisions of the various plans to the City Council. The Police and Fire Pension Plan (PFP) is administered by the City and is included in the Fiduciary Fund type. All other plans are administered by outside trustees and are not included in the City's basic financial statements.

POLICE AND FIRE PENSION

<u>Plan Description</u> – PFP is a single-employer defined benefit pension plan administered by the City of Lincoln for all commissioned police and firefighters. PFP provides retirement, disability, and death benefits to plan members and beneficiaries. The City does not issue a separate report that includes financial statements and required supplementary information for PFP.

Summary of Benefit Provisions -

Plan A is applicable to members who were hired on/after April 1, 1995 or who were hired prior to that date, but elected Plan A coverage.

Plan B is applicable to members who were employed on/after April 11, 1984 or who, prior to April 11, 1984, elected Plan B coverage.

Plan C is applicable to members who were employed before April 11, 1984 and did not elect to move to Plan B or A.

Regular Pay - All plans include member's base pay and City's contributions to the Post-Employment Health Plan for the last consecutive 26 bi-weekly pay periods, or in the case of a demotion or out-of-class pay, the highest consecutive 26 bi-weekly pay periods.

Normal Retirement Age – Plan A: Age 50 Plans B and C: Age 53

Normal Retirement – Plan A: Normal retirement age and 25 years of service.

Plans B and C: Normal retirement age and 21 years of service.

Amount of Pension –

Plan A: 2.56% of regular pay times years of service to a maximum of 64% of regular pay.

Plan B: 58% of regular pay with 21 years of service, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement to a maximum increase of 10%.

Plan C: 54% of regular pay with 21 years of service, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement to a maximum increase of 10%.

Early Retirement - Eligibility for all plans is age 50 and 21 years of service.

Amount of Pension -

Plan A: 2.56% of regular pay times years of service up to a maximum of 64% of regular pay.

Plan B and C: 52% and 48% of regular pay, respectively, plus 2% of regular pay for each year of service rendered after becoming eligible, up to a maximum increase of 6%.

Partial Annuity - Eligibility for all plans is normal retirement age and 10 or more years of service.

Amount of Pension –

Plan A: 2.56% of regular pay times years of service.

Plan B: 58% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 58% of regular pay.

Plan C: 54% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 54% of regular pay.

Deferred Annuity (Vested Termination) - Eligibility for all plans is age less than normal retirement age and 10, or more, years of service. Payments begin at age 50.

Amount of Pension –

Plan A: 2.56% of regular pay times years of service.

Plan B: 58% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 58% of regular pay.

Plan C: 54% of regular pay with 21 years of service. Members with less than 21 years of service receive a ratio of years of service to 21 years of 54% of regular pay.

Duty-Related Disability - Eligibility for all plans is permanent inability to perform the duties of the position from a cause occurring while in line of duty.

Amount of Pension –

Plan A: 58% of regular pay.

Plan B and C: A pension equal to 58% or 54% of regular pay, respectively, plus 2% of regular pay for each year of service rendered after becoming eligible for retirement, to a maximum increase of 10% of regular pay.

Such benefits shall continue after the member's death to the member's surviving spouse (until their death or remarriage), minor children or designated beneficiary (at a reduced amount). The above amounts are subject to deduction of the amount received from worker's compensation.

Non-Duty Disability - Eligibility for all plans is permanent inability to perform duties of position from a cause not occurring in the line of duty.

Amount of Pension – equal to the following percent of regular pay:

Years of Service (YOS)	<u>Plan A</u>	<u>Plan B</u>	<u>Plan C</u>
$5 \le YOS < 10$	23%	23%	21%
$10 \le YOS < 15$	39%	39%	36%
YOS > 15	53%	53%	49%

Duty-Related Death - Eligibility for all plans is an active member death in the line of duty, or as a result of injuries received while in the line of duty.

Amount of Pension -

Spouse beneficiary paid at duty disability rate until remarriage or death. Upon spouse's remarriage or death, dependent children paid prorate at same rate until age 19. Non-spouse beneficiary paid at 100% survivor rate for lifetime. The above amounts are subject to deduction of the amount received from worker's compensation.

Non-Duty Death - Eligibility for all plans is member dies from non-duty related cause and 5 years of service.

Amount of Pension - Pension which would have been payable as a non-duty disability awarded the day prior to death and elected option A (joint and 100% survivor).

Death After Retirement – Remainder Refund - Eligibility for members employed on January 1, 1992, or hired between January 1, 1992, and March 31, 2010.

Upon retirement, the member's balance of contributions plus accrued interest is reduced each month by a level amount equal to the member's balance divided by the expected number of payments. Once both the member and, if applicable, their joint annuitant have died, the remaining balance is paid as a lump sum to a designated beneficiary. The expected number of monthly payments is established in the Internal Revenue Code in effect April 1, 2010 and depends on the age of the retiree at retirement, or the combined ages of the retiree and joint annuitant.

Non-Vested Termination - Eligibility for all plans includes termination of employment and no pension is or will become payable.

Amount of Benefit – all plans will refund member's contributions plus annual interest.

Employee Contributions - Plan A: 8.0% of pay

Plan B: 7.6% of pay Plan C: 7.0% of pay

Employee contributions are credited with regular interest earned each calendar month with the actual earnings on investments of the Police and Fire Pension Fund. Upon reaching 21 years of service, member contributions are discontinued for Plans B and C.

Cost of Living Adjustments (COLA) – Eligibility requirements include receiving benefits for at least twelve months preceding September 1. The base amount of the lump sum payment is \$750 effective 9/1/1994. The base amount is increased each year by the lesser of three percent or the annual percentage increase in the Consumer Price Index. Members who retired with at least 21 years of service and members who were granted a duty disability pension will receive the full payments amount. All other members who have been receiving a pension for at least 12 months (and their beneficiaries) will receive a partial payment, determined on a pro-rata basis according to their service.

<u>Deferred Retirement Option Plan (DROP)</u> - The City has established DROP for police and fire pension members. The DROP program allows a member to retire for pension purposes, but to continue working. The member receives a paycheck and the member's monthly pension benefit is deposited into the member's DROP account. At the end of five years, or any time before five years, the member must "retire-in-fact". Contributions to the pension are eliminated at the beginning of the DROP period. Pension benefits are set, and will not be increased because of raises, promotions, increased years of service or pension enhancements. When a member retires-in-fact, their monthly pension benefit will be paid directly to them and the member will have access to the funds in their DROP account. The balance held by the third-party DROP administrator at August 31, 2023, is \$10,409,282.

Membership of the pension plan consisted of the following at August 31, 2023, the date of the latest actuarial valuation:

Retirees and beneficiaries receiving benefits	574
Terminated plan members entitled to	
but not yet receiving benefits	26
Active plan members (non-DROP)	607
Death benefit refund due	10
DROP members	44
Total	1,261
Number of participating employers	1

<u>Funding Policy</u> – The contribution requirements of plan members and the City are established by City Ordinance and may be amended by the City Council. Plan members are required to contribute between 7% and 8% of their annual covered salary based on an election made by the employee. It is recommended that the City contribute an actuarially determined amount; the contribution amount for fiscal year 2023 was \$10,159,639. For the fiscal year ended August 31, 2023, the Plan received \$10,533,904 in employer contributions.

Actuarial Methods and Assumptions – The annual required contribution for the current year was determined as part of the August 31, 2021, actuarial valuation using the entry age actuarial funding method. The actuarial assumptions included (a) a rate of return on the investment of present and future assets of 7.35% per year compounded annually, (b) projected salary increases of 8.25% grading down to 2.75% per year, including wage inflation at 2.25%, and (c) the assumption that benefits will increase 2.25% after retirement. The actuarial value of assets was determined using a five-year smoothed market method. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a remaining period of layered bases varying from 16 to 23 years.

Net Pension Liability

Total pension liability	\$ 401,094,971
Plan fiduciary net position	(312,197,770)
Net pension liability	\$ 88,897,201

Plan fiduciary net position as a percentage of the total pension liability 77.84%

The total pension liability was determined by an actuarial valuation using the entry age normal cost method and calculated based on the discount rate and actuarial assumptions below.

Valuation date August 31, 2023 Measurement date August 31, 2023

Assumptions

The total pension liability as of August 31, 2023, was determined by an actuarial valuation performed as of August 31, 2023, using the following key actuarial assumptions:

Price inflation 2.50%

Salary increases, including 3.00% to 8.75%

wage inflation

 $Long\text{-}term\,Rate\,of\,Return,$

net of investment expense, including price inflation

7.25%

Municipal Bond Index Rate

3.77% 7.25%

Single Equivalent Interest Rate, net of investment expense, including price inflation

Post-retirement adjustment

13th check payments are assumed to increase

2.50% each year.

Mortality Mortality rates are based on the PubS-2010 Mortality

Tables for Actives, Healthly Annuitants, and Disabled, with generational mortality improvement using the MP-2021 Mortality Improvement Scale and on the Pub-2010 Mortality Table for contingent survivors with generational mortality improvement using the MP-2021 Mortality Improvement Scale

The actuarial assumptions that determined the total pension liability as of August 31, 2023 were based on the results of the most recent actuarial experience study for the four-year period ending August 31, 2022.

Discount Rate

The discount rate used to measure the total pension liability at August 31, 2023, was 7.25%, which is a change from the discount rate of 7.30% used to measure the total pension liability at August 31, 2022. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that City contributions will be equal to the actuarially determined contribution rates determined in the actuarial valuation prepared two years prior to the current fiscal year end. Administrative expenses in the prior year were projected forward with price inflation as an estimate for administrative expenses in current and future years. The portion of expenses in future years allocated to the current members was based on the proportionate share of covered payroll in each year for the remainder of the existing members to the total covered payroll for all members. Based on these assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments of 7.25% was applied to all periods of projected benefit payments to determine the total pension liability. Future benefit payments for all current pension members were projected through 2122.

Long-Term Rate of Return – The long-term expected rate of return on pension plan investments is generally reviewed on a regular basis as part of an experience study. The 7.25% long-term assumed rate of return for the current measurement date and the 7.30% long-term assumed rate of return for the prior measurement date were actuarially developed. Several factors are considered in evaluating the long-term rate of return assumption, including long-term historical data, estimates inherent in current market data, and an analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of investment expense and inflation), along with estimates of variability and correlations for each asset class, were developed by investment consultants. These ranges were combined to develop the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation.

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of August 31, 2023, are summarized in the following table:

Asset Class	Target <u>Allocation</u>	Long-Term Expected Real Rate of Return*
US Equity	21.0 %	4.3 %
Emerging Markets Equity	6.0	8.8
Private Equity	10.0	7.5
Fixed Rate Debt	15.0	1.5
Floating Rate Debt	10.0	5.5
Global Equity	18.0	5.4
Non-US Developed Equity	5.0	6
Core Real Estate	15.0	3.3
Total	100.0 %	

^{*} Arithmetic mean, net of investment expenses

Sensitivity of the net pension liability to changes in the discount rate - The following presents the net pension liability of the City, calculated using the discount rate of 7.25%, as well as the City's net pension liability calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate.

	1%	Current	1%
	Decrease	Discount Rate	<u>Increase</u>
_	6.25%	7.25%	8.25%
Total Pension Liability \$	450,837,137	401,094,971	359,614,116
Fiduciary Net Position	312,197,770	312,197,770	312,197,770
Net Pension Liability \$	138,639,367	88,897,201	47,416,346

Rate of Return - For the year ended August 31, 2023, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 5.79%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

PFP financial statements are prepared on the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred. Employee and employer contributions are recognized in the period in which employee services are performed. Benefits and refunds are recognized when due and payable in accordance with the plan terms.

Investments as reported in the financial statements include long-term investments. Law or legal instruments may restrict these investments. All investments are stated at fair value based on quoted market prices. For investments where no readily ascertainable fair value exists, management has received an estimate of fair value from the investment fund manager based, in part, on real estate appraisals.

There have been no changes since the measurement date that would materially alter the pension plan financial report.

ELECTRIC SYSTEM

The City owns and operates its own electric system, which is included in the enterprise funds in the accompanying basic financial statements. The electric system is controlled and managed by an administrative board and is not supported by the City's general tax revenues. The electric system provides retirement benefits to its employees under its own separate plan, such benefits being funded solely from revenues derived from the operation of the electric system. A summary of the electric system plan is as follows:

LES has a defined contribution retirement plan created in accordance with Internal Revenue Code Section 401(K). The plan assets are held, managed and administered by a custodian. The plan was established under the authority of the LES administrative board and contributions are also established by the administrative board. LES' contribution is equal to 200% of the employees' contributions, up to 5% of applicable compensation for employees hired prior to 1/1/11. For employees hired after 1/1/11, LES' contribution is equal to 100% of employee's contributions up to 10% of applicable compensation. Vesting of LES contributions occurs over a three-year period. Employee forfeitures are used to reduce future employer contributions. For the year ended December 31, 2022, LES incurred contribution expense of approximately \$4,918,000 and its employees contributed approximately \$4,935,000.

DEPARTMENT DIRECTORS

Directors of City departments are eligible the first of the month following the date employed to be covered by the Director's Money Purchase Plan, established by City Ordinance, and administered by an insurance company. The Plan is a defined contribution plan requiring contributions determined by the employees' date of hire. The City contributes 12% of compensation for employees hired prior to May 1, 2011, with no required contribution by the employee. For those hired subsequent to that date, the employee contributes 6% of compensation with an employer match of 6%. Employees covered by the Plan may also make voluntary contributions. Participant accounts are immediately 100% vested. City contributions totaled \$160,224 and employee contributions totaled \$81,289. There were no voluntary employee contributions made for the year ended December 31, 2022.

ALL OTHER CITY EMPLOYEES

All other City employees are eligible after 6 months' service and age 19 to be covered under the City's Money Purchase Pension Plan, established by City Ordinance, and administered by an insurance company. Enrollment in the program is mandatory at age 40 with 5 years' service. Vesting occurs in increments between 3 and 7 years of enrollment in the plan. The Plan is a defined contribution plan requiring employees to contribute at a rate determined by the employees' bargaining unit and date of hire. The City contributes between \$1.29 and \$2.00 for every \$1.00 contributed by employees. Employee forfeitures are used to reduce employer contributions. Employees covered by the Plan may also make voluntary contributions. During the year ended December 31, 2022, the City incurred contribution expense totaling \$8,802,043 which included a reduction in expense of \$212,197 for employee forfeitures. Employee contributions totaled \$5,500,326. Employees made \$354,043 in voluntary contributions for the year ended December 31, 2022.

DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457, which covers substantially all full-time employees. Plan provisions, including contribution requirements, are established and amended by City Ordinance. Participation in this plan is voluntary and employees may contribute a percentage of their total compensation up to the IRS allowed maximum. Employee Contributions to this plan totaled \$875,025 for the year ended December 31, 2022.

(14) OTHER POSTEMPLOYMENT BENEFITS (OPEB)

<u>Plan Description</u> – The City offers employees and their families the opportunity to continue their health care coverage when there is a qualifying event, such as retirement, that would result in a loss of coverage under the City's plan. Each qualified beneficiary pays the entire cost of premiums for the continuous coverage. The City recognizes as OPEB the implicit rate subsidy provided to retirees when their premium is the "full cost" of the insurer's charge for the active population. Since the retirees have higher costs, the premium they pay is not expected to cover their costs, and the difference is essentially covered by the City's payment for active employees. The City plan is a single employer defined benefit plan. There are no assets accumulated in a trust that meet the criteria in paragraph 4 of GASB 75 in connection with the plan. The City does not issue a separate report that includes financial statements and required supplementary information for OPEB.

<u>Funding Policy</u> – The plan is a pay-as-you-go and therefore, is not funded.

The following table summarizes the membership of the OPEB plan as of August 31, 2023, for members in payment and as of August 31, 2023, for active members. This was the data used in the valuation to develop the August 31, 2022, total OPEB liability:

Retired members	50
Spouses of retired members	18
Surviving spouses	0
Active employees	2,080
Total	2,118
Number of participating	
employers	1

Actuarial Methods and Assumptions

The total OPEB liability of \$16,922,057 on August 31, 2023, was measured as of August 31, 2022. An actuarial valuation was prepared as of August 31, 2022, for active members and members in payment under the plan. The total OPEB liability as of August 31, 2022, is based on the following actuarial assumptions and other inputs:

Price Inflation 2.25%

Municipal Bond Index Rate 3.38% (Bond Buyer General Obligation 20-year Municipal

Bond Index Rate)

Healthcare Cost Trend Rate 7.00%, decreasing by 0.25% per year until an ultimate rate

of 4.50% is reached in 2032.

Cost-Sharing Premiums

Premiums, effective as of November 1, 2022, were trended backwards to the valuation date, August 31, 2022. Civilian premium rates were based on the base plan and the combined rate for Police and Fire was based on an average of the Police group and the Fire group.

Premiums trended to August 31, 2022

Police/Fire Civilians Retiree 10,687 \$ 9,542 13,039 \$ Spouse 11.640

General Pub-2010 Tables used for Civilians and Safety Pub-2010 Mortality:

Tables used for Police and Fire.

Pub-2010 Active Mortality Table with generational mortality

Active: Improvement using the Nebraska Public Retirement System Mortality

Improvement Scale.

Pub-2010 Healthy Annuitant Mortality Table with generational

Retires: mortality improvement using the Nebraska Public Retirement System

Mortality Improvement Scale.

Pub-2010 Disabled Mortality Table with generational mortality

Disabled Retirees: improvement using the Nebraska Public Retirement System Mortality

Improvement Scale.

Pub-2010 Contingent Annuitant Mortality Table with generational Beneficiaries:

mortality improvement using the Nebraska Public Retirement System

Mortality Improvement Scale.

The Police and Fire demographic actuarial assumptions used in the August 31, 2022, valuation are consistent with those used in the valuation of the Lincoln Police and Fire Pension Plan at the time, which were based on the actuarial experience study covering the four-year period ending August 31, 2018.

The Civilian mortality rate assumption aligns with the Pub-2010 Mortality Tables used for Police and Fire, except they are based on the General population tables to better align with the respective employment groups. Due to the size of the plan and lack of available data to analyze, the withdrawal rates are based on The Basis Service Table from the 2003 SOA Pension Plan Turnover Study and the disability rates are based on rates observed in similar types of plans. The retirement rates align with the prior valuation as we believe they are reasonable estimates of future experience.

The remaining actuarial assumptions (initial per capita costs, health care cost trends, rate of plan participation, rates of DROP participation, etc.) used in the valuation were based on a review of recent plan experience.

Sensitivity of the total OPEB liability to changes in the rates

The following presents the total OPEB liability of the plan, calculated using health care cost trend rates ranging from 7.00% in 2022 and trending downward to 4.50% in 2032, as well as the total OPEB liability calculated using trend rates that are 1% lower or 1% higher than the current rate:

	1% <u>Decrease</u>		Current Trend Rate	1% <u>Increase</u>
Total OPEB Liability	\$	14,917,434	16,922,057	19,312,218

The following presents the total OPEB liability of the plan, calculated using the discount rate of 3.38%, as well as the Plan's total OPEB liability calculated using a discount rate that is 1% lower (2.38%) or 1% higher (4.38%) than the current rate:

	1%	Current	1%
	<u>Decrease</u>	Discount Rate	<u>Increase</u>
	2.38%	3.38%	4.38%
Total OPEB Liability	\$ 18,706,304	16,922,057	15,324,016

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at Beginning of Year \$	28,742,670
Changes for the year:	
Service cost at end of year	1,899,828
Interest on total OPEB liability	600,161
Difference between expected and	d
actual experience	(11,865,943)
Assumption changes	(1,583,693)
Benefit payments	(870,966)
Net changes	(11,820,613)
Balance at End of Year \$	16,922,057

OPEB Expense

The calculation of the OPEB expense for the fiscal year ended August 31, 2023, is shown below:

OPEB Expense

Year Ending August 31, 2023

Service cost at end of year	\$ 1,899,828
Interest on the total OPEB liability	600,161
Expensed portion of current-period differences between	
expected and actual experience in the total OPEB liability	(1,547,059)
Expensed portion of current-period assumption changes	(206,479)
Recognition of beginning deferred outflows of resources	951,879
Recognition of beginning deferred inflows of resources	(387,681)
Total OPEB Expense	\$ 1,310,649

<u>Deferred Outflows and Inflows of Resources</u>

Deferred Outflows of Resources As of August 31, 2023

Benefit payments subsequent to the measurement date Differences between expected and actual experience Changes of assumptions	\$	629,053 162,003 4,136,779
Total	\$	4,927,835
Deferred Inflows of Resources As of August 31, 2023		
Differences between expected and actual experience	\$	10,394,006
Changes of assumptions	,	2,091,637
Total	\$	12,485,643

The deferred outflows of resources related to OPEB resulting from benefit payments subsequent to the measurement date will be recognized as a reduction of total OPEB liability in the fiscal year ending August 31, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expenses as follows:

Fiscal Year Ending August 31	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows/Inflows of Resources
2023	\$ 951,879	(2,141,219)	(1,189,340)
2024	951,879	(2,049,277)	(1,097,398)
2025	951,879	(1,849,580)	(897,701)
2026	898,355	(1,757,315)	(858,960)
2027	544,790	(1,757,315)	(1,212,525)
Thereafter	-	(2,930,937)	(2,930,937)
	\$ 4,298,782	(12,485,643)	(8,186,861)

PEHP - Defined Contribution Plan

The City has a defined contribution Post Employment Health Plan (PEHP) administered by Nationwide Retirement Solutions. The purpose of the PEHP plan is to provide reimbursement of qualifying health care and medical insurance premium expenses for employees upon separation from employment.

Terms for eligibility and contribution rates are specified in the City's various collective bargaining agreements. Individual employee accounts consist of employer contributions, investment returns and any forfeiture allocations. Current employer contributions range from \$18-\$50 per pay period based on union contracts. Current year contributions totaled approximately \$1,381,051.

Long-Term Disability Plan

The City also provides employees with long-term disability benefits when they become disabled due to a non-work-related accident or illness and are unable to perform their essential job functions. Results of an actuarial valuation have not been included here as it did not have a significant impact on the City's financial statements. Long-term disability claims liability of \$981,475 has been included in the Insurance Revolving Internal Service Fund, as it relates to these benefits.

(15) **PROPERTY TAXES**

The Home Rule Charter of the City imposes a tax ceiling for general revenue purposes. The City tax ceiling was established by using the September 1, 1966, City dollar tax limit as an initial tax limit, and increasing that tax limit each year following 1966 by 7% so that in each fiscal year thereafter the amount of the City tax limit shall be the amount of the City tax limit for the previous year plus 7% thereof. In addition, the City has the power to levy taxes each year sufficient to pay any judgment existing against the City, the interest on bonded debt, and the principal on bonded debt maturing during the fiscal year or within 6 months thereafter, as well as taxes authorized by state law. The 2022 tax levy, for the 2022-2023 fiscal year, was \$213,458,017 below the legal limit, with a tax rate per \$100 valuation of \$0.3129. The assessed value upon which the 2022 levy was based was \$27,860,581,228.

The tax levies for all political subdivisions in Lancaster County are certified by the County Board on or before October 15th. Real estate taxes are due on December 31st and attach as an enforceable lien on property on January 1st following the levy date and become delinquent in two equal installments on April 1st and August 1st. Personal property taxes are due December 31st and become delinquent on April 1st and August 1st following the levy date. Delinquent taxes bear 14% interest.

Within the government-wide financial statements, property taxes are recognized as revenue in the year for which they are levied. Property taxes levied for 2022-2023 are recorded as revenue in the fund financial statements when expected to be collected within 60 days after August 31, 2023. Prior-year levies were recorded using these same principles, and remaining receivables are re-evaluated annually. Property taxes expected to be collected after 60 days are recorded as unavailable revenue on the fund balance sheets.

The City-owned electric utility is required by City Charter to make payments in lieu of taxes, aggregating 5% of its gross retail operating revenues derived from within the city limits of incorporated cities and towns served. Payments in lieu of taxes are transferred to the City of Lincoln, Lancaster County, Lincoln Public Schools, and the City of Waverly.

(16) RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors or omissions; injuries to employees and the public; or acts of God. All risk management activities are accounted for in the Insurance Revolving Fund, an internal service fund, and administered through the Risk Management Division.

For the year ended August 31, 2023, the City had a self-insured retention for workers' compensation exposures up to \$800,000 per claim; law enforcement liability, commercial general liability, public officials liability, public transportation liability, EMT and medical professional liability, and auto liability exposures up to \$400,000 per occurrence; all-risk property exposures up to \$100,000 per occurrence; health care claims of \$150,000 per person; self-insured dental benefits; and self-insured employee long-term disability benefits.

The City also obtained excess liability insurance coverage in the current year. Workers' compensation was covered by a policy that provided statutory limits above the City's retention of \$800,000 per individual. Law enforcement, commercial general, public officials, public transportation, EMT and medical professional, and auto liabilities were covered by an aggregate policy that provided limits of \$6 million per occurrence with a \$12 million annual aggregate above the City's \$400,000 retention.

All-risk property exposures were covered by an insurance policy with a total property limit of \$500,000,000 over the City's retention of \$100,000. Healthcare was covered by an unlimited stop loss insurance policy above the \$150,000 retention per claim. The Nebraska Political Tort Claims Act limits the City's liability for tort claims to \$1 million per individual and \$5 million per occurrence.

There were no significant insurance recoveries in the current year and settled claims have not exceeded coverage in any of the past three fiscal years.

The City annually retains the services of independent actuaries to analyze the self-insured workers' compensation, general liability, public transportation liability, law enforcement liability, and auto liability exposures. Such analysis has been used to assist the City with its financial planning and management of the self-insurance program. Included in the specific objectives of the studies were to:

- Estimate the outstanding liabilities for the current fiscal year ended August 31,
- Forecast ultimate incurred losses and incurred but not reported losses for future years, and
- Estimate the required funding level for the City's self-insured liabilities.

The City funds its self-insurance program on an "incurred loss" basis. The governmental and proprietary funds pay annual premium amounts, based on past experience of incurred losses, to the Insurance Revolving Fund. Claim liabilities of \$14,721,861 were recorded at August 31, 2023, which do not include claims relating to Lincoln Electric System's self-funded health and dental insurance programs. Excluding medical care claims approximating \$1,787,301, the remaining liability is the actuarially estimated amount of claims based on an estimate of ultimate incurred and incurred but not reported losses as of that date and is calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and social factors. The claims liability estimate also includes amounts for incremental claim adjustment expenses related to specific claims and other claim adjustment expenses

regardless of their allocation to specific claims. The City has purchased no annuity contracts in the current fiscal year to resolve City of Lincoln claims.

The following is a summary of the changes in the estimated claims liability for the years ended August 31, 2023 and 2022:

	Worker's			
	Compensation	Long-Term	Health	
	and Others	Dis ability	and Dental	To ta1
Balance at August 31, 2022	\$ 8,901,898	890,135	1,552,117	11,344,150
Current year claims and changes in estimates	4,250,894	205,597	40,395,838	44,852,329
Claims payments	(1,199,707)	(114,257)	(40,160,654)	(41,474,618)
Balance at August 31, 2023	\$ 11,953,085	981,475	1,787,301	14,721,861
	Worker's			
	Compensation	Long-Term	Health	
	and Others	Dis ability	and Dental	Tota1
Balance at August 31, 2021	\$ 9,108,796	783,960	1,301,413	11,194,169
Current year claims and changes in estimates	2,574,503	237,702	36,453,192	39,265,397
Claims payments	(2,781,401)	(131,527)	(36,202,488)	(39,115,416)
Balance at August 31, 2022	\$ 8,901,898	890,135	1,552,117	11,344,150

LINCOLN ELECTRIC SYSTEM

LES has self-funded health and dental insurance programs with claims processed by a third-party administrator on behalf of the utility. As part of the health plan, a reinsurance policy has been purchased which covers claims in excess of \$150,000 per individual. Total accrual and payment history is shown below:

	2022	2021
Balance beginning of year	\$ 633,000	613,000
Claims and fees incurred	7,478,000	7,629,000
Claims paid/other	(7,403,000)	(7,609,000)
Balance end of year	\$ 708,000	633,000

As required by state statute, LES maintains an incurred but not reported claims reserve which is actuarially determined, the balance of which was \$708,000 and \$633,000 at December 31, 2022 and 2021, respectively. LES established two separate bank accounts for the self-funded employee health and dental insurance plan reserve to ensure compliance with statutory requirements. Although not required by the statute, LES maintains excess insurance that limits the total claims liability for each plan year to not more than 125% of the expected claims liability, up to an annual aggregate maximum of \$1,000,000.

(17) <u>COMMITMENTS AND CONTINGENCIES</u>

GENERAL

The City participates in a number of federal and state assisted grant programs. Federal and state financial assistance programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agencies is not determinable at this time; however, City officials do not believe that such amounts would be significant.

At August 31, 2023, approximately 93% of the full-time, regular City's employees are represented by a Union. Labor contracts involving civilian City employees are negotiated to cover, at a minimum, a two-year period coinciding with the biennial budget process.

The City is a defendant in a number of lawsuits and claims in its normal course of operations. Management is currently of the opinion that ultimate settlement of such lawsuits and claims will not have a materially adverse effect on the financial statements.

The City has been identified as a potentially responsible party (PRP) or equivalent status in relation to several sites with environmental remediation activities. Management currently believes that the liability of the City in connection with these activities will be immaterial. However, the ultimate cost will depend on the extent of remediation required. Management does not believe that changes in these cost estimates will have a materially adverse effect on the financial statements.

The City of Lincoln owns a solid waste disposal area which discontinued operations in 1990, but still requires certain closure and postclosure care, including the construction of final cover, monitoring of groundwater conditions and landfill gas migration, and general site maintenance. While accrual of closure and postclosure care costs has been reflected in the financial statements in the current year, unanticipated corrective action costs related to landfill gas migration or groundwater contamination, if identified through current monitoring procedures, may be recorded once these costs can be reasonably estimated.

STREET CONSTRUCTION PROJECTS

The City's Street Construction Fund has commitments under major construction contracts in progress of approximately \$18,113,000 as of August 31, 2023, which will be financed primarily through highway user fees, bond proceeds, federal and state grants, and developer contributions.

WEST HAYMARKET JOINT PUBLIC AGENCY

In connection with the West Haymarket Development Project, the WHJPA is involved with the clean-up and remediation of several development sites relating to soil and groundwater contamination. This clean-up and remediation is performed as sites are developed, as the WHJPA has not been designated as a potentially responsible party (PRP or equivalent status) by any regulatory agency requiring the immediate clean-up of impacted areas. Although future costs may be incurred, it is not possible at this time to reasonably estimate the amount of any obligation for remediation activities because of uncertainties with respect to assessing the extent if the contamination or the applicable regulatory requirements. No liability has been recorded for potential future remediation activities as of August 31, 2023.

SOLID WASTE MANAGEMENT

The Solid Waste Management Fund has commitments under major construction contracts in progress of approximately \$1,492,000 as of August 31, 2023.

LINCOLN WASTEWATER SYSTEM

The Lincoln Wastewater System has commitments under major construction contracts in progress of approximately \$13,995,000 as of August 31, 2023.

LINCOLN WATER SYSTEM

The Lincoln Water System has commitments under major construction contracts in progress of approximately \$24,873,000 as of August 31, 2023.

LINCOLN ELECTRIC SYSTEM

LES has an allocation from the U.S. Department of Energy, through Western Area Power Administration (WAPA), of firm power under contract from Upper Missouri Basin hydroelectric plants of approximately 54 megawatts (MW). LES has also received an allocation of 72 MW of firm peaking power from WAPA for the six-month summer season and 22 MW for the remaining months. LES has signed an amendment which extends the contract to 2051.

During 2022, LES had a participation contract in one existing Nebraska Public Power District (NPPD) coal-fired power plant that provided for an entitlement of eight percent (109 MW) of the output of the Gerald Gentleman Station Power Plant (GGS) (nominally rated 1,365 MW).

LES is responsible for its respective participating interests in GGS capital additions and improvements. LES recognizes its share of capital acquisition costs and debt service payments as power costs in the period the costs are billed with the exception of costs approved for deferral under GASB Codification Section Re10, *Regulated Operations*. Fixed cost payments under the agreement are on a participation basis whether or not the plant is operating or operable.

The participation contract for GGS continues until the facilities are removed from commercial operation or the final maturity occurs on the related debt incurred by NPPD to finance the facilities, whichever occurs last. The fixed cost payments to NPPD under this contract, including capital additions and improvements, debt service payments, fixed costs and credits were \$8,280,000 in 2022.

Through the participation contract LES may be required to pay costs associated with compliance with environmental regulations for GGS.

LES also participates in three wind plants through direct Power Purchase Agreements with the plant's developer/owner: 100 MW Arbuckle Mountain Wind farm in Oklahoma, 100 MW Buckeye Wind Energy Center in Kansas and 73 MW Prairie Breeze II Wind Energy Center in Nebraska. These wind energy facilities were placed in commercial operation in 2015. LES also participates in four Nebraska-based wind plants through Power Sales Agreements with NPPD: Laredo Ridge (10 MW), Broken Bow (10 MW), Elkhorn Ridge (6 MW), and Crofton Bluffs (3 MW). For each of these plants, NPPD has the actual Power Purchase Agreement with the wind plant developer/owner.

LES has outstanding contract commitments totaling \$3,681,000 as of December 31, 2022. These are primarily related to construction contracts of a carport and reel & transformer warehouse at the LES Operations Center, overhead to underground line conversions and the Rokeby Generation Station expansion.

(18) LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The City of Lincoln currently owns and operates both a municipal solid waste landfill and a construction and demolition debris landfill. State and federal laws require the City to close the landfills once capacity is reached and to monitor and maintain the site for thirty subsequent years on the municipal solid waste landfill and five subsequent years on the construction and demolition debris landfill. Although certain closure and postclosure care costs will be paid only near or after the date that the landfills stop accepting waste, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date. These costs are accounted for in the Solid Waste Management Fund, a nonmajor enterprise fund.

At August 31, 2023, the City had incurred a liability of approximately \$29,729,000 for the municipal solid waste landfill which represents the amount of costs reported to date based on the approximately 72% of landfill capacity used to date. The remaining estimated liability for these costs is approximately \$11,837,000 million, which will be recognized as the remaining capacity is used (estimated to be approximately 12 years).

As of August 31, 2023, the City had incurred a liability of approximately \$1,926,000 for the construction and demolition debris landfill which represents the amount of costs reported to date based on the approximately 45% of landfill capacity used to date. The remaining estimated liability for these costs is approximately \$2,316,000, which will be recognized as the remaining capacity is used (estimated to be approximately 27 years).

The estimated costs of closure and post closure care, as determined by an independent engineering consultant, are subject to changes including the effects of inflation, revision of laws, changes in technology, actual sequence of landfill development and closure, and other variables.

The City of Lincoln has demonstrated compliance with the financial assurance requirements as specified in Title 132 - *Integrated Solid Waste Management Regulations*, through the Local Government Financial Test.

The City of Lincoln also owns a solid waste disposal area that discontinued operations in 1990. Although exempt from the U.S. Environmental Protection Agency *Solid Waste Disposal Facility Criteria* issued October 9, 1991, the City must still adhere to certain closure and post closure care requirements under prior legislation, including the construction of final cover, monitoring of ground water conditions and landfill gas migration, and general site maintenance. At August 31, 2023, a liability for closure and post closure care costs is recorded in the amount of approximately \$5,300,000. If any unanticipated corrective action costs related to landfill gas migration or groundwater contamination are identified through current monitoring procedures, then an additional accrued liability will be recorded once these costs can be reasonably estimated.

(19) <u>SEGMENT INFORMATION</u>

The City has issued revenue bonds and other debt instruments to finance capital construction and acquisitions for both the Urban Development and Transportation & Utilities Departments. The Parking Facilities Division of the Urban Development Department operates the City's downtown parking garages and is accounted for in the Parking System Fund. The Solid Waste Management Division of the Transportation & Utilities Department operates the City's solid waste disposal sites, yard waste composting facility, and re-cycling drop-off program. Summary financial information for these divisions as of and for the year ended August 31, 2023, is presented as follows:

CONDENSED STATEMENT OF NET POSITION	_	Parking Systems	Solid Waste Management

(20) PLEDGED REVENUES

The City has pledged future revenues derived from the operation of the Lincoln Wastewater System, net of operating and maintenance expenses, to repay all outstanding wastewater revenue bonds and loans. Proceeds from the debt provided financing for improvements to the sanitary sewer system, as well as refunding prior year wastewater debt. The debt is payable solely from the net earnings of the Wastewater System and is payable through 2047. The total principal and interest remaining to be paid is \$139,976,539 with annual payments expected to require 41% of net revenues. Principal and interest paid for the current year and net system revenues were \$9,546,222 and \$23,807,659, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Water System, net of operating and maintenance expenses, to repay all outstanding water revenue bonds and loans. Proceeds from the debt provided financing for improvements to the water supply system, as well as refunding prior water revenue bonds. The debt is payable solely from the net earnings of the Water System and is payable through 2034. The total principal and interest remaining to be paid is \$25,587,751, with annual payments expected to require 18% of net revenues. Principal and interest paid for the current year and net system revenues were \$4,719,519 and \$33,505,832, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Electric System, net of operating and maintenance expenses, to repay all outstanding electric revenue bonds. Proceeds from the bonds provided financing for construction of additional utility plant, as well as refunding certain issues of electric revenue bonds. The bonds are payable solely from the net earnings of the Electric System and are payable through 2040. The total principal and interest remaining to be paid on the bonds is \$720,231,000, with annual payments expected to require 41% of net revenues. Principal and interest paid for the current year and net system revenues were \$50,226,000 and \$116,714,000, respectively.

The City has pledged future revenues derived from the operation of the Lincoln Parking System, net of operating and maintenance expenses, and amounts, if any, distributed by the State for street purposes to repay all outstanding parking revenue bonds. Proceeds from the bonds provided financing for construction and improvements to the parking system, as well as refunding prior revenue bonds. The bonds are payable from the net earnings of the Parking System and are payable through 2039. The total principal and interest remaining to be paid on the bonds is \$45,067,363, with annual payments expected to require 72% of net revenues. Principal and interest paid for the current year and net system revenues were \$4,052,273 and \$6,236,254, respectively.

The City has pledged future revenues derived from the operation of the municipally owned solid waste management facilities, net of operating and maintenance expenses, to repay outstanding solid waste management revenue bonds. Proceeds from the bonds provided financing for improvements to the solid waste facilities and to refund prior revenue bonds. The bonds are payable solely from the net earnings of the Solid Waste System and are payable through 2035. The total principal and interest remaining to be paid on the bonds is \$7,420,192, with annual payments expected to require 23% of net revenues. Principal and interest paid for the current year and net system revenues were \$843,834 and \$5,609,434 respectively.

(21) <u>PUBLIC BUILDING COMMISSION</u>

In 1990, the City and the County of Lancaster, pursuant to state statute, activated a separate governmental entity denominated as the Lincoln-Lancaster County Public Building Commission. The purpose of this joint venture is to design, acquire, construct, maintain, operate, improve, remodel, remove and reconstruct, so long as its corporate existence continues, public buildings, structures, or facilities for use jointly by the City and the County. The City and the County each appoint two members to the five-member Commission, with the fifth member being appointed by the other four members. All property held or acquired by the Commission is held or acquired in the name of the City and the County for use by the Commission in its corporate capacity. The Commission's costs of operation and debt service are funded through rental payments made by the City and the County based upon their proportionate occupancy of such buildings to the extent not covered by a

maximum property tax levy of 1.7 cents for each \$100 of actual valuation of taxable property in the County. For the year ended August 31, 2023, the City made rental payments of approximately \$4.2 million to the Commission.

As of August 31, 2023, the Commission has debt outstanding of \$20,248,899. Bond and note proceeds have been utilized by the Commission to acquire, construct, and/or renovate certain buildings occupied by the City and County. The City's proportionate share of these buildings has been recorded in capital assets in accordance with the terms of the joint venture agreement regarding the ultimate transfer of assets to the City and County.

For certain bonds it is anticipated that property tax levies by the Commission will be sufficient to meet bond principal and interest payments. Should revenues from such property tax levies not be sufficient to meet debt service requirements in any given year, the City and County would contribute the necessary payments based on their proportionate building occupancy. Such contributions are expected to be minimal and will be expensed in the appropriate funds when incurred.

For all other debt, funded through rental payments, the City's proportionate share is recorded as capital assets, and the corresponding debt is reflected as long-term obligations in the City's statement of net position. Lease payments are recorded as current expenditures in the various individual funds at the time the payment is made.

Complete separate financial statements for the Commission may be obtained from the Lancaster County Budget & Fiscal Officer, 555 South 10th Street, Suite 110, Lincoln, NE 68508.

(22) <u>TAX ABATEMENTS</u>

As of August 31, 2023, the City provides tax abatements through three programs-the Tax Increment Financing (TIF) program, the Employment and Investment Growth Act and the Nebraska Advantage Act:

The Tax Increment Financing law allows for the increased property taxes generated by the improvement of blighted property to be used to pay for the financing of the community redevelopment/TIF projects. The statutes for community redevelopment/TIF are found in Neb.Rev.Stat. SS 18-2101 through 18-2155. The City must declare the area as substandard, blighted, and in need of redevelopment. The City is required to prepare a redevelopment plan. TIF bonds may be issued for the acquisition of property, site preparation, and public improvements. An agreement is entered into between the City and the Developer, and a base valuation is established. The base property valuation remains assessable to all taxing entities. Any increase in value and resulting taxes are used to pay off the debt incurred for the redevelopment project. The project must not exceed a 15-year period. Currently, the City has Developer TIF bonds that extend through December 31, 2044.

During the fiscal year ended August 31, 2023, the City abated \$2,717,078 in property tax revenue under the tax increment financing program.

The Employment and Investment Growth Act and the Nebraska Advantage Act provide benefits in the form of sales tax rebates for businesses which invest and/or increase employment by specified amounts (Neb.Rev.Stat. SS 77-4101 et. seq). Businesses that qualify must be involved in research, data processing, finance or insurance, manufacturing, technology-related services or a headquarters operation. The Act is available to businesses transporting, wholesaling, storing, or selling products, but not retailers who do not make their own products. Businesses must propose a qualifying project and be approved by the Department of Revenue. The obligations of each party are set out in a contract with the State. If the project qualifies for benefits, but later falls below the required levels of jobs or investment, the company receives no benefits for that year and one-seventh of the benefits already received are recaptured for each year the company fails to qualify.

During the fiscal year ended August 31, 2023, the City abated \$1,960,397 in sales tax revenue under these two programs.

(23) <u>JOINTLY OWNED FACILITIES</u>

Laramie River Station (LRS)

LES is a 12.76% share owner of the Missouri Basin Power Project that includes LRS, a coal-fired generating station in eastern Wyoming and a related transmission system. LES has sold approximately 28MW, or 13%, of its ownership in LRS to Municipal Energy Agency of Nebraska (MEAN). Costs, net of accumulated depreciation, and excluding costs allocated to MEAN for its ownership share, associated with LRS of approximately \$47,986,000, are reflected in the utility plant on December 31, 2022.

LRS has certain postretirement obligations, which have not yet been billed to the owners, as these costs are not due and payable. Thus, LES has not reflected these costs in its financial statements. As a co-owner of LRS, LES' allocation of these postretirement obligations was \$1,653,000 on December 31, 2022.

GASB Statement No. 83 "Certain Asset Retirement Obligations" established accounting standards for recognition and measurement of a liability for an asset retirement obligation and associated asset retirement cost. In accordance with this standard, LES, as a participant in the Missouri Basin Power Project, recognizes asset retirement obligations for the reclamation of wells, landfills, and ash ponds. LES recorded the following amounts as asset retirement obligations, which is offset with a deferred outflow of resources, on the Statement of Net Position.

	(Dollars in	thousands)
Asset retirement obligations:		
Obligation, beginning of year	S	3,510
Additional obligations		573
Accretion		138
Liabilities settled		(1,041)
Obligation, end of year	\$	3,180

LES has a participation power sales agreement with the County of Los Alamos, New Mexico (the County) whereby the County purchases from LES approximately 10 MW, or 5%, of LES's capacity interest in LRS. The section of the agreement which provides for the County to pay LES monthly payments for the capital budget, processing and dispatch costs was amended in September 2016. The monthly payments are subject to true-up, each January 1, based on actual costs (as compared to budget) of LRS. The agreement remains in effect until the final maturity occurs on any LRS related debt or LRS is removed from commercial operation. During 2022 LES billed the County \$1,917,000 for demand and energy charges.

Walter Scott Energy Center (WSEC #4)

MidAmerican Energy's Walter Scott Energy Center includes four coal-fired units. LES maintains ownership interest of 12.66%, or 104 MW of WSEC #4. In order to minimize unit outage risk, LES executed a power purchase and sales agreement with MidAmerican Energy to "swap" capacity and energy from LES' WSEC #4 ownership with capacity and energy from WSEC #3. Under this agreement LES will schedule 50 MW of capacity and energy from WSEC #3 and 53 MW of capacity and energy from WSEC #4. This twenty-year agreement can be extended through mutual agreement of the parties. LES is responsible for the operation and maintenance expense and maintains a fuel inventory at the plant site. LES issued debt in conjunction with the construction of WSEC #4 and has capitalized these costs plus interest. Costs, net of accumulated depreciation, associated with WSEC #4 of \$111,785,000, are reflected in utility plant on December 31, 2022.

(24) JOINTLY GOVERNED ORGANIZATIONS

District Energy Corporation

The District Energy Corporation (DEC) was formed in 1989 by the City of Lincoln and Lancaster County to own, operate, maintain, and finance the heating and cooling facilities utilized by certain city, county, and

state buildings. The Board of Directors of DEC is comprised of five members: two appointed by the Lancaster County Board of Commissioners, two by the Mayor of Lincoln who must be confirmed by the City Council, and one appointed by LES. No participant has any obligation, entitlement, or residual interest.

The DEC Board of Directors, under a management agreement, has appointed LES to supervise and manage the system and business affairs of DEC. LES is reimbursed for these management services based on the allocated actual costs of these services. LES also provides electric energy to DEC on an established rate schedule. The total amount of payments to LES for management, operations, and maintenance services was approximately \$2,203,000 in 2022. The total amount of payments to LES for energy was approximately \$888,000 in 2022.

Nebraska Utility Corporation

On May 17, 2001, LES, in conjunction with the University of Nebraska Board of Regents, created the Nebraska Utility Corporation (NUCorp) to purchase, lease, construct, and finance facilities and acquire services to meet energy requirements of the University of Nebraska Lincoln (UNL). The Board of Directors of NUCorp is comprised of five members: three members appointed by UNL and two members appointed by LES. No participant has any obligation, entitlement, or residual interest. NUCorp is considered a component unit of the University of Nebraska, therefore, financial statements of NUCorp are included in the University of Nebraska's financial statements.

Operations commenced in January 2002. The NUCorp board of directors, under a twenty-year management agreement, appointed LES to supervise and manage the energy supply and financial affairs of NUCorp. LES is reimbursed for these management services based on the allocated actual costs of these services. LES also provides electric energy to NUCorp on an established rate schedule.

Effective October 28, 2021, NUCorp and LES entered into a Termination of Services agreement which terminates LES' management agreement with NUCorp effective June 30, 2022. NUCorp is responsible for paying LES all sums necessary to satisfy all amounts owed to LES for costs incurred by LES up to the termination date and any services provided post-termination. The total payments to LES for management services in 2022 were \$96,000. The amount of payments in 2022 to LES for energy through the date of termination of the management agreement was \$3,446,000.

Additionally, the Termination of Services Agreement includes agreement by NUCorp and LES that it is in the best interest of NUCorp for the nonprofit and interlocal entity which was dissolved on or after January 1, 2024, at which time NUCorp's outstanding bonds were called in accordance with the provisions of the bonds.

(25) <u>Leases and Subscriptions</u>

Receivables

Leases

The City, as lessor, leases City-owned buildings, land and tower space at various locations, the terms of which expire in various years through 2055. Payments increase annually based on scheduled lease payments in the related agreements. The leases were measured at lease commencement. Revenue recognized under lease contracts during the year ended August 31, 2023, was \$3,198,956, which includes both lease revenue and interest. This revenue is included within Charges for Services and Miscellaneous General Revenues in the Statement of Activities. The total revenue recognized for LES in 2022 (01/01/2022 through 12/31/2022) was \$652,000, which was reported as Other Income and Interest Income on the Statement of Revenues, Expenses and Changes in Net Position.

Liabilities

Leases

The City, as lessee, leases equipment, land and building space at various locations for its operations, the terms of which expire in various years through 2054. The leases were measured at lease commencement. Variable payments based upon the use of the underlying asset are not included in the lease liability because they are not fixed in substance.

The following is a schedule by year of payments for leases as of August 31, 2023:

Governmental Activities

Fiscal			
Year Ended			
August 31	Total to be Paid	Principal	Interest

(26) Subsequent Events

Currently the Lincoln Firefighters Association Local 644 is still in negotiations for their labor contract, the most recent contract expired on August 31, 2023.

A new Conduit Debt was issued on September 26, 2023, for the Union at Antelope Valley Project with a maximum principal amount of \$25,560,000.

The City of Lincoln has announced the selection of Nationwide as the recordkeeper of their deferred compensation and retirement plans. This decision comes as a result of thorough analysis completed with the assistance of the programs consulting firm, through a competitive bid process.

In 2022, the Nebraska State Legislature approved \$20 million in American Rescue Plan Act Funds for the City of Lincoln to being work securing a second source of reliable drinking water and approved an additional \$177.2 million appropriation in 2023. These funds must be obligated by December 31, 2024 and spent in accordance with the grant agreement by December 31, 2026.

Information prior to 2015 was restated after a change in the actuarial firm providing services.

Changes of benefit and funding terms:

8/31/2016 valuation - City Ordinance No. 20343, as passed by the City Council, merged the COLA Pool fund into the general

pension fund. No benefits were impacted, only the funding of the benefits

Changes in actuarial assumptions: 8/31/2023 valuation - Price inflat

Price inflation was increased from 2.25% to 2.50%

Expected future investment return was reduced from 7.30% to 7.25% compounded annually Interest on member contributions was reduced from 7.30% to 7.25% compounded annually. General wage increase assumption was increased from 2.75% to 3.00%.

Payroll growth assumption was increased from 2.75% to 3.00%.

Disabilities rates were adjusted to better reflect actual observed experience.

Retirement rates were adjusted to better reflect actual observed experience.

Termination rates were adjusted to better reflect actual observed experience

Salary merit assumption was increased by 0.25% for members with less than 20 years of service. The mortality improvement scale was changed to use the MP-2021 Scale.

The 13th check increase was changed from 2.25% to 2.50%.

8/31/2022 valuation - Expected future investment return was reduced from 7.35% to 7.30% compounded annually.

8/31/2021 valuation - Expected future investment return was reduced from 7.40% to 7.35% compounded annually.

8/31/2020 valuation - Expected future investment return was reduced from 7.45% to 7.40% compounded annually.

8/31/2019 valuation -Price inflation was reduced from 2.50% to 2.25%

Expected future investment return was reduced from 7.50% to 7.45% compounded annually. Interest on member contributions was reduced from 7.50% to 7.45% compounded annually. General wage increase assumption was reduced from 3.00% to 2.75%.

Payroll growth assumption was reduced from 3.00% to 2.75%.

Disabilities that are assumed to be duty-related were increased from 50% to 65%.

Retirement rates were adjusted to better reflect actual observed experience and were changed to a service-based assumption.

Termination rates were adjusted to better reflect actual observed experience and were changed to a service-based assumption.

Salary increases were adjusted to better reflect actual observed experience and were changed to a service-based assumption.

Mortality assumptions were changed to use the public safety specific PubS tables, with generational mortality improvement using the Nebraska Public Employees Retirement System (NPERS)

Mortality Improvement Scale.

Expected future investment return was increased from 6.40% to 7.50% compounded annually.

8/31/2015 valuation - Expected future investment return was reduced from 6.75% to 6.40% compounded annually.

Expected future investment return was reduced from 7.50% to 6.75% compounded annually. 8/31/2014 valuation -

Assumed salary increase rates were reduced.

Mortality tables were updated from the 1994 Group Annuity Mortality tables with a 2 year set forward for males and 1 year set forward for females to the RP2000 Mortality table with generational

improvements using Scale AA.

Assumed rates of retirement were generally lowered for Plans A, B and C. The payroll growth assumption was reduced from 4.25% to 3.00%.

Notes to schedule:

Results for the other years within the last ten years are not available and will be developed prospectively from 2017.

The City of Lincoln has no accumulated assets held in trust to pay related benefits.

Changes in actuarial assumptions:

8/31/22 valuation - The discount rate has changed from 2.12% to 3.38% due to a change in the municipal bond rate.

The trend rate assumption was adjusted to 7.00% in the first year, decreasing by 0.25% per year until an ultimate of 4.50% is reached in

2032.

8/31/21 valuation - The discount rate has changed from 2.11% to 2.12% due to a change in the municipal bond rate.

8/31/20 valuation - The discount rate has changed from 3.16% to 2.11% due to a change in the municipal bond rate.

The inflation rate has changed from 2.50% to 2.25% based on the most recent Lincoln Police and Fire Pension Plan experience study.

The mortality assumption was updated to the Pub-2010 family of mortality tables. The Safety tables are used for the Police and Fire members and the General tables are used for the Civilian members.

The retirement rates for the Police and Fire members were adjusted to service-based rates.

The termination rates were adjusted to service-based rates.

The disability rates for Civilians were reduced at most ages and combined for males and females.

The percentage of members assumed to be married was updated from 100% to 90%.

The trend rate assumption was adjusted to 7.00% in the first year, decreasing by 0.25% per year until an ultimate of 4.50% is reached in 2030.

8/31/19 valuation - The discount rate has changed from 3.96% to 3.16% due to a change in the municipal bond rate.

8/31/18 valuation - The discount rate has changed from 3.53% to 3.96% due to a change in the municipal bond rate.

The trend rate assumption is now 7.25% decreasing by 0.25% per year until an ultimate rate of 4.75% is reached in 2028, which changed from 7.50% for 2017, decreasing by 0.50% per year for four years, then decreasing by 0.25% per year until an ultimate rate of 5.00% is reached in 2023.

reached in 2023.

8/31/17 valuation - The discount rate has changed from 2.85% to 3.53% due to a change in the municipal bond rate.

due to a change in the municipal bond rate.

COMBINING AND I	NDIVIDUAL FU SCHEDULE	SAND

GENERAL FUND COMBINING FUNDS

The following are reported as part of the General Fund for financial reporting purposes but are maintained individually for accounting purposes and budgetary comparisons of legally adopted budgets.

Athletic Field & Facilities Improvement Fund - To account for proceeds from a surcharge applied to registration fees charged by the Recreation Division for various athletic activities, and revenues received from the rental of park land for telecommunications towers. These monies are used for improvements to athletic field and facilities, and the maintenance and repair of Parks and Recreation property and facilities.

<u>Lincoln Area Agency on Aging Fund</u> - To account for the costs of providing various services to senior citizens through the Lincoln/Lancaster Commission on Aging. Financing is provided by Federal, State, County, and City funds.

911 Communication Fund - To account for the costs of answering and processing all incoming 911 and non-emergency calls as well as the cost of dispatch service for the Lincoln Police Department, Lincoln Fire Department, Lancaster County Sheriff's Office and Rural Volunteer Fire and Rescue Departments. Financing is provided by County and City funds and a 911 telephone surcharge.

<u>Unemployment Compensation Fund</u> - To account for the cost of unemployment benefits paid to former employees of departments supported primarily from tax revenues. The City reimburses the State for actual costs rather than a percentage of payroll. Financing has been provided by a specific annual property tax levy to be used only for this purpose.

<u>Fast Forward Fund</u> - To make funds available for economic development projects where there is a demonstrated benefit to the community and/or where incentives can positively influence the outcome of a project. Funding was provided by a surplus of Special Assessment Debt Service funds.

NONMAJOR SPECIAL REVENUE FUNDS

Special Revenue Funds are established to account for the proceeds from specific revenue sources that are restricted, committed, or assigned to expenditures for specified purposes.

Advance Acquisition Fund - To account for funds to be used for the acquisition of real estate for public purposes. Net proceeds from the sale or exchange of real estate owned by the City shall be credited to this fund, and the fund may also be increased by General Fund appropriations or proceeds from general obligation borrowing.

<u>Cable Access Television Fund</u> - To account for the receipt and use of franchise fees, imposed by the City, from the cable provider in order to construct, operate and maintain a cable television system within the boundaries of the City.

<u>Lincoln City Libraries Fund</u> - To account for the costs of providing library services to the citizens of Lincoln. Financing is provided by a specific annual tax levy, fines and fees, and reimbursement from Lancaster County for services provided to County residents.

<u>Lincoln/Lancaster Co. Health Fund</u> - To account for the costs of providing health services to the citizens of the City of Lincoln and Lancaster County. Financing is provided by Federal, State, County, and City funds, as well as permit and user fees.

<u>Social Security Fund</u> - To account for the City of Lincoln's matching share of Social Security costs for employees paid from the General Fund and other funds supported primarily from general tax revenue. Financing is provided by a specific annual property tax levy. Such property taxes may only be used for this purpose.

<u>Police & Fire Pension Contributions Fund</u> - To account for the City's contributions to the Police and Fire Pension. Financing is provided by a specific annual property tax levy.

<u>StarTran Fund</u> - To account for the cost of operating the City-owned transit system. Financing is provided primarily through passenger revenue and Federal, State, and City funds.

<u>Keno Fund</u> - To accumulate resources from the City's percentage of Keno revenue in the City and account for activities financed with Keno revenues.

<u>Casino Fund</u> - To accumulate resources from the City's percentage of Casino revenue in the City and account for activities financed with Casino revenues.

<u>Special Assessment Fund</u> - To account for the receipt and disbursement of special assessment bond proceeds and other income which is derived from interest income, developers share of districts and City subsidies. This fund is also used to account for the administrative cost of collection of and accounting for special assessments levied against benefited properties. Expenditures for capital improvement projects are accounted for in the Special Assessment Capital Projects Fund. Periodic transfers are made to the Capital Projects Fund to cover expenditures.

<u>Building & Safety Fund</u> - To account for the cost of providing building and safety permit and inspection services to the citizens of Lincoln. Financing is provided through permit and inspection fee revenues and City funds.

<u>Impact Fees Fund</u> - To account for receipts and disbursements of impact fees in accordance with City ordinance.

<u>Parks & Recreation Special Projects Fund</u> - To account for the proceeds of various trusts and donations to be used for the development of various projects, such as a mini-park, an observatory, landscaping, etc.

<u>Library Special Trust Fund</u> - To account for the receipt of investment earnings from the Lillian Polley Trust Fund. Such funds are to be used for the Polley Music Library.

RP Crawford Park Fund - To accumulate resources required to be distributed from the Crawford Trust per IRS regulations. Such funds to be held until the end of the Trust period, then combined with the Trust assets to be used for the purchase of land and the development of a City park and playground.

<u>Lincoln Bike Share Fund</u> – To capture the financial activity, including revenues, sponsorships, donations, user fees and expenses generated by additions to the Lincoln Bike Share Program.

<u>Vehicle Tax Residual Revenue Fund</u> - To account for monies derived from the payment of wheel tax which is to be used for street improvements in the City.

NONMAJOR DEBT SERVICE FUNDS

Debt Service Funds are established to account for the resources for, and the payment of, general long-term debt principal, interest, and related costs.

<u>Tax Allocation Projects Debt Service Fund</u> - To accumulate resources for payment of principal and interest on the various outstanding tax allocation bonds. Resources are derived from additional taxes generated by the specific properties upon completion of the Redevelopment Projects.

<u>Bond Interest & Redemption Fund</u> - To accumulate resources derived from an annual tax levy for payment of principal and interest on several general obligation bond issues outstanding as follows:

- 2012 General Obligation Refunding Bonds
- 2012 Certificates of Participation Street Lights
- 2013 Stormwater Bonds
- 2014A Certificates of Participation Street Lights, Corridor Improvements, Sidewalks
- 2015 Storm Sewer and Drainage System Refunding Bonds
- 2015 Certificates of Participation Street Lights
- 2016 Stormwater Bonds
- 2016 Certificates of Participation Street Lights, Fire Equipment, and Fire Station
- 2017 Stormwater Refunding Bonds
- 2017 Certificates of Participation Street Lights
- 2019 Stormwater Drainage and Flood Management System Bonds
- 2019 Certificates of Participation Street Lights
- 2020 Stormwater Refunding Bonds

Tax Supported Bonds Fund – includes bonded debt funds as follows:

<u>Highway Allocation Debt Fund</u> - To accumulate resources for payment of principal and interest on the Highway Allocation Refunding Bonds, Series 2012, Series 2016, Series 2021, and Series 2022. For the prompt payment of principal of and interest on the bonds, the City has pledged funds received and to be received by the City from the State Highway Allocation Fund as authorized under Section 66-4,101, Reissue Revised Statutes of Nebraska, as amended.

<u>Turn Back Tax Debt Fund</u> - To accumulate resources for payment of principal and interest on the Limited Tax General Obligation Arena Refunding Bonds, Series 2020. The bonds are payable from sales tax passed through from the State of Nebraska, pursuant to the Convention Center Facility Financing Assistance Act, Section 13-2603, of the Reissue Revised Statutes of Nebraska.

SouthPointe EEA Fund – To accumulate resources from a 1% occupation tax on gross receipts for retail establishments within the Enhanced Employment Area designated as SouthPointe Pavilions. The revenue generated will be used to pay for construction and maintenance of a public parking garage located at SouthPointe Pavilions. The tax will end at such time as the bonds and maintenance costs for which it has been pledged have been paid off but not later than December 31, 2041. Payment on the principal of and interest on the Developer Bonds is limited solely and exclusively to the pledged tax revenue and is not payable from any other City source.

<u>Special Assessment Fund</u> – To accumulate resources for payment of principal and interest on special assessment bond issues. Income is derived from special assessment tax collections, interest on special assessment taxes and interest from investments.

NONMAJOR CAPITAL PROJECTS FUNDS

Capital Projects Funds are established to account for all resources received and used for the acquisition or development of major capital improvements (other than those financed by proprietary funds and trust funds).

<u>Lincoln On The Move</u> – To account for monies derived from a voter approved ½ cent sales tax increase to be used for street improvements and construction. This increase is for six years starting on October 1, 2019.

<u>Vehicle Tax Fund</u> - To account for monies derived from the payment of wheel tax which is to be used for street improvements in the City.

<u>Storm Sewer Bonds Fund</u> - To account for the cost of providing improvements and extensions to the City's storm water sewer and drainage system. Financing is provided by general obligation bond issue proceeds.

Other Capital Projects Fund - To account for the cost of acquiring or improving various general capital assets. Financing is provided from a variety of sources, such as General fund appropriations, revenue sharing, federal/state grants, bond proceeds, ¼ cent sales tax collections, etc.

NONMAJOR PERMANENT FUNDS

Permanent funds are established to account for resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the City's programs.

<u>Community Health Permanent Endowment Fund</u> – To account for the cash proceeds realized by the City from the sale of Lincoln General Hospital, together with any interest or other investment earnings. Monies in the fund are used for funding health and health-related programs that further the health, safety, or welfare of the citizens of Lincoln.

<u>JJ Hompes Fund</u> - To account for the receipt of investment earnings to be used to buy books as stipulated by the trust agreement.

NONMAJOR ENTERPRISE FUNDS

Enterprise funds are established to account for operations that are financed and operated in a manner similar to private business enterprises where the costs of providing goods or services are recovered primarily through user charges and where periodic determination of net income is appropriate.

<u>Golf Fund</u> - To account for the revenues and expenses of the four public adult golf courses and one youth golf course.

<u>Parking System Fund</u> - To account for the revenues and expenses of 12 downtown parking garages: Carriage Park, Que Place, Center Park, Cornhusker Square, University Square, Market Place, Haymarket, Larson Building, Lumberworks, 1318M, Eagle, and Gold 4; and the revenues and expenses of City owned parking lots, leased parking lots, third party owned parking facilities operated for special events, and parking facilities operated on behalf of the West Haymarket Joint Public Agency.

<u>Pinnacle Bank Arena Fund</u> – To account for the operating revenues and expenses of the Cityowned arena.

<u>Solid Waste Management Fund</u> - To account for the revenues and expenses of the City-owned landfills.

<u>Emergency Medical Services Fund</u> - To account for the revenues and expenses of the City-operated emergency ambulance service.

<u>Broadband Enterprise Fund</u> - To account for the revenues generated from broadband franchise fees, conduit lease fees, fiber infrastructure support fees, conduit access permit fees, and other sources arising from the activities associated with a broadband franchise. These resources are to be used to support the construction, maintenance, operations, extensions, and other associated activities of the City's broadband system, as well as to support the City's telecommunication needs.

INTERNAL SERVICE FUNDS

Internal Service Funds are established to account for the financing of goods or services rendered by one department or agency to other departments or agencies or to other governmental units on a cost-reimbursement basis.

<u>Information Services Fund</u> - To account for the cost of operating a central data processing facility for the City of Lincoln and Lancaster County. User City and County departments are charged for the resources used on a full costs recovery basis.

<u>Transportation & Utilities Revolving Fund</u> - To account for the cost of operating a central pool to charge engineering and right of way operating costs and transportation and utilities administrative costs. Funds that utilize the services are then charged for the resources based upon a full cost recovery basis.

<u>Insurance Revolving Fund</u> - To account for the cost of providing a self-insurance program for workers' compensation, health, dental, liability, property insurance, and long-term disability. Revenues are derived from billings to operating departments.

<u>Fleet Services Fund</u> - To account for the operation of a centralized maintenance facility for equipment used by other City departments, such as trucks, heavy equipment, miscellaneous other equipment and radio maintenance. Revenues are derived from billings to user departments.

<u>Police Garage Fund</u> - To account for the operation of a maintenance facility for the Police fleet and vehicles from various other City departments. Revenues are derived from billings to the Police and other user departments.

<u>Municipal Services Center Fund</u> – To account for the purchase of, improvements to, and operation of a facility to provide a consolidated location for various functions of city government. Revenues are derived from the issue of certificates of participation and rental payments from user departments and other occupying agencies.

CUSTODIAL FUNDS

Custodial funds are used to report fiduciary resources held by the City for individuals, private organizations, or other governments.

<u>Developer TIF Deposits</u> - To accumulate resources for payment of principal and interest on the various outstanding tax allocation bonds. Resources are derived from additional taxes generated by the specific properties upon completion of the Redevelopment Projects.

<u>Seized Funds</u> - To account for funds seized by law enforcement. Seized funds are turned over to the state and federal agencies for seized funds programs.

 $\underline{\text{Collections Due Other Governments}}_{\text{Lincoln to be remitted to the State of Nebraska.}} \text{- To account for the sales tax collections on sales made by the City of Lincoln to be remitted to the State of Nebraska.}$

STATISTICAL SECTION

This part of the City of Lincoln's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends	188
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
Revenue Capacity	193
These schedules contain information to help the reader assess the City's three most significant local revenue sources, electrical sales, sales tax, and property tax.	
Debt Capacity	202
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
Demographic and Economic Information	206
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
Operating Information	208
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the city provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports

for the relevant year.

Note: Details regarding the City's outstanding debt can be found in the notes to the financial statements.

Only net position externally restricted for repayment of debt principal is used in this calculation, see page 18.

Population data can be found in Table 18, Demographic and Economic Statistics.

³ Property value information can be found in Table 10, Assessed Value and Actual Value of Taxable Property.

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT AS OF AUGUST 31, 2023

		Debt	Estimated Percentage		Direct And Overlapping Debt
					11 0
Governmental Units	_	Outstanding	Applicable ¹	_	To The City
Direct:					
City	\$	438,983,000	100.0 %	\$_	438,983,000
Overlapping:					
School District #1		521,980,000	99.5		519,370,000
Public Building Commission		19,250,000	85.4		16,440,000
Lancaster County Correctional Facility		22,000,000	85.4		18,788,000
Lancaster County Fairgrounds		5,845,000	85.4	_	4,992,000
		569,075,000			559,590,000
Total	\$	1,008,058,000		\$	998,573,000

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Lincoln. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

Sources: Assessed value data used to estimate applicable percentages provided by the County Assessor's Office. Debt outstanding data provided by each governmental entity.

¹ The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the governmental unit's taxable revenue base that is within the City of Lincoln's boundaries and dividing it by the unit's total taxable revenue base.

Note: No capital asset indicators are available for the general government function.

In 2016, the qualifications for Lane Miles of Streets were reassessed.

The lane miles went down in 2022 due to a meeting with the State where it was decided that on/off ramps, service roads for I-80 and removing parts of HWY 77.
