

These FAQs are being provided as a courtesy to the restaurant community as guidance to many of the questions that have been received. The Treasurer's office assumes no legal liability or responsibility for the accuracy, completeness, or usefulness of any information in these FAQs. The restaurant occupation tax, adopted by the City of Lincoln, was intended to apply to the gross receipts of every drinking place and restaurant doing business within the City of Lincoln. At the request and convenience of the restaurant community, the City has drafted the ordinance to apply to only those gross receipts that are subject to sales taxes within the City. The City intends to follow the guidance and practice of the State under the Nebraska Revenue Act of 1967 in determining which sales to impose the occupation tax on.

Example – Restaurant Bill

A customer purchases a meal at a restaurant in a city with a 2% occupation tax on restaurants. The calculation of the invoice is shown below:

Meal	\$ 50.00
Occupation Tax (\$50 x 2%)	\$ 1.00 (remit to City of Lincoln)
Subtotal	\$ 51.00
Sales Tax (\$51 x 7.25%)	\$ 3.70 (remit to Nebraska Department of Revenue)
*(State 5.5% and City 1.75%)	
TOTAL	\$ 54.70

The retailer is required to calculate the occupation tax on the meal charge and then use this “subtotal” to calculate the state and local sales tax
