Lincoln, NE 68510

ASBESTOS DISPOSAL PROCEDURES

NOTE: *If the asbestos containing material has not been removed, please contact the Lincoln-Lancaster County Health Department at (402) 441-8034 for proper asbestos removal procedures, or visit our website (below), and look for 'Asbestos Regulations':*
www.lincoln.ne.gov/city/health/environ/Air/FormsApps.htm

For more information and publications regarding asbestos in the home, visit the following website:

www.epa.gov/opptintr/asbestos

When disposing of asbestos containing material, follow the following steps:

1. Wrap the asbestos containing material in 6-mil thick clear plastic bags or sheeting. If there is a possibility of the material cutting through the plastic, support the plastic bags or sheeting with a cardboard box, canister, barrel, or other suitable packaging.
2. Seal the plastic bags or sheeting with duct tape or similar material.
3. Label the bags or sheeting with the word "Asbestos". A permanent marker works best for this step.
4. Continue to the following page and fill out the "Asbestos Waste Shipment Record" form. The "Asbestos Waste Shipment Record" allows for asbestos containing material to be taken to the City of Lincoln's 'Bluff Road Landfill'. There is no fee associated with the waste shipment record, but you will still be subject to landfill gate fees. In most cases, you will be responsible for transporting the asbestos containing material to the landfill.

The City of Lincoln's Bluff Road Landfill only accepts asbestos containing material from 8:00 a.m. to 2:00 p.m. on Wednesdays. Please call the Bluff Road Landfill at (402) 441-8102 twenty-four (24) hours prior to delivering the asbestos containing waste to inquire regarding current landfill gate fees. At this time, there are no additional fees assessed for residential asbestos containing waste.

If you have any other questions, please contact the Lincoln-Lancaster County Health Department's Asbestos Control Program at (402) 441-8040.

Continue to the following pages. Page 2 will contain a blank "Asbestos Waste Shipment Record" form. Page 3 will contain a completed example form to assist in the completion of your waste shipment record.
