

ASSISTANT DIRECTOR OF UTILITIES

NATURE OF WORK

This is highly responsible professional, technical, administrative and supervisory work assisting in the operation of the Transportation and Utilities Department for the City of Lincoln.

Work involves assisting the Director of Transportation and Utilities; in organizing, directing and coordinating the activities of the Utilities division; in the overall planning, design, construction, operation and maintenance of public infrastructure, facilities and programs; in providing leadership and administration of personnel, programs, projects and activities for the Utilities Division; in interacting with other departments, outside agencies, elected officials, the media and the general public; and in assisting in departmental policy and/or procedure development, implementation, assurance and assessment of the effectiveness of the programs and services provided by the Department. An employee in the class is expected to be an effective leader, exercise considerable independent judgment and take personal initiative within the framework of established policies, guidelines and requirements. General supervision is received from the Director of Transportation and Utilities.

EXAMPLES OF WORK PERFORMED

Acts for the Transportation and Utilities Director in his/her absence.

Assists the Transportation and Utilities Director in the development and implementation of departmental activities and oversees the administrative aspects of the Department; coordinates with the Transportation and Utilities Director on decisions.

Assists the Director in analyzing budget requests; assists in the preparation and presentation of budget to appropriate authorities.

Participates in analysis of statistics on growth and trends; determines if requests for additional funding or expansion is warranted; maximizes available funds and resources to render efficient and effective outcomes; analyzes data to determine ability to finance projects.

Coordinates interaction between divisions, other City departments, outside agencies, the media and the general public.

Formulates policies and procedures that enable assigned divisions to effectively and efficiently carry out Departmental objectives.

Provides technical advice to the Mayor, City Council and other City departments concerning Transportation and Utilities programs and issues.

Represents the Department at local, state and federal meetings as assigned.

Performs related work as required.
