Independent Auditor's Report on Financial Statements and Supplementary Information

The Honorable Mayor and Members of the City Council
Lincoln Wastewater System
Lincoln, Nebraska

Report on the Financial Statements

We have audited the accompanying basic financial statements of Lincoln Wastewater System, which comprise the balance sheets as of August 31, 2013 and 2012, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of Lincoln Wastewater System as of August 31, 2013 and 2012, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

As discussed in Note 1, the financial statements of Lincoln Wastewater System are intended to present the financial position, the changes in financial position and cash flows of only that portion of the City of Lincoln, Nebraska, that is attributable to the transactions of Lincoln Wastewater System. They do not purport to, and do not, present fairly the financial position of the City of Lincoln, Nebraska, as of August 31, 2013 and 2012, and the changes in its financial position and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements as a whole. The accompanying supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information, except for that portion marked "Unaudited", on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information, except for that portion marked "Unaudited", on which we express no opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 27, 2013, on our consideration of Lincoln Wastewater System's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lincoln Wastewater System's internal control over financial reporting and compliance.

LINCOLN WASTEWATER SYSTEM

Management's Discussion and Analysis

This Management's Discussion and Analysis of the Lincoln Wastewater System's (the "System") financial performance provides an overview of the financial activities for the years ended August 31, 2013 and 2012. Please read this information in conjunction with the accompanying basic financial statements and notes to the financial statements.

Using This Annual Report

The System's financial statements consist of three statements – a balance sheet; a statement of revenues, expenses and changes in net position; and a statement of cash flows. These statements provide information about the activities of the System, including resources held by the System but restricted for specific purposes by creditors, contributors, or enabling legislation. The System is accounted for as a business-type activity and presents its financial statements using the economic resources measurement focus and the accrual basis of accounting.

The Balance Sheet and Statement of Revenues, Expenses and Changes in Net Position

The Balance Sheet and the Statement of Revenues, Expenses and Changes in Net Position report information about the System's resources and its activities. These statements include all restricted and unrestricted assets and all liabilities using the accrual basis of accounting. Using the accrual basis of accounting means that all of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the System's net position and the changes in net position. The System's total net position – the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources – is one measure of the System's financial health or financial position. Over time, increases or decreases in the System's net position is an indicator of whether its financial health is improving or deteriorating.

The Statement of Cash Flows

The Statement of Cash Flows reports cash receipts, cash payments and net changes in cash and cash equivalents resulting from four defined types of activities. It provides answers to such questions as where did cash come from, what was cash used for and what was the change in cash and cash equivalents during the reporting period.

The System's Net Position

The System's net position is the difference between its assets plus deferred outflows of resources and liabilities plus deferred inflows of resources reported in the Balance Sheet. The System's net position increased by \$3,961,272 in 2013 over 2012 as shown in Table 1.

Financial Analysis

The following comparative condensed financial statements summarize Lincoln Wastewater System's financial position and operating results for the years ended August 31, 2013, 2012, and 2011.

Table 1

Condensed Balance Sheets

	August 31		Change	
	2013	2012	Dollars	Percent
Current assets	\$ 17,202,885	\$ 15,815,478	\$1,387,407	8.77%
Capital assets	258,139,066	256,865,473	1,273,593	0.50%
Noncurrent assets	15,824,887	15,373,854	451,033	2.93%
Deferred outflows of resources	922,514	984,882	(62,368)	(6.33%)
Total assets and deferred outflows of resources	292,089,352	289,039,687	3,049,665	1.06%
Current liabilities	6,958,058	8,584,491	(1,626,433)	(18.95%)
Long-term liabilities	86,313,997	85,599,171	714,826	0.84%
Total liabilities	93,272,055	94,183,662	(911,607)	(0.97%)
Net position				
Net investment in capital assets	174,029,586	171,553,512	2,476,074	1.44%
Restricted for debt service	753,613	703,650	49,963	7.10%
Restricted for capital acquisition	274,406	364,711	(90,305)	(24.76%)
Unrestricted	23,759,692	22,234,152	1,525,540	6.86%
Total net position	198,817,297	194,856,025	3,961,272	2.03%
Total liabilities and net position	\$292,089,352	\$289,039,687	\$3,049,665	1.06%

Financial Highlights – Fiscal Year 2013

- Current assets increased primarily due to an increase in cash and investment balances.
- Deferred outflows of resources consists of the deferred loss on refunded debt. In 2012, the Lincoln Wastewater System refunded \$40,345,000 of Wastewater Revenue Bonds, Series 2003 resulting in a deferred loss. (See Note 4)
- Current liabilities decreased due to the completion of several construction projects during the year.

Table 2
Condensed Balance Sheets

	August 31		Change	
	2012	2011	Dollars	Percent
Current assets	\$ 15,815,478	\$ 8,610,594	\$7,204,884	83.67%
Capital assets	256,865,473	253,352,163	3,513,310	1.39%
Noncurrent assets	15,373,854	19,580,176	(4,206,322)	(21.48%)
Deferred outflows of resources	984,882	—	984,882	100.00%
Total assets and deferred outflows of resources	289,039,687	281,542,933	7,496,754	2.66%
Current liabilities	8,584,491	6,986,882	1,597,609	22.87%
Long-term liabilities	85,599,171	83,267,999	2,331,172	2.80%
Total liabilities	94,183,662	90,254,881	3,928,781	4.35%
Net position				
Net investment in capital assets	171,553,512	171,395,000	158,512	0.09%
Restricted for debt service	703,650	1,019,749	(316,099)	(31.00%)
Restricted for capital acquisition	364,711	686,631	(321,920)	(46.88%)
Unrestricted	22,234,152	18,186,672	4,047,480	22.26%
Total net position	194,856,025	191,288,052	3,567,973	1.87%
Total liabilities and net position	\$289,039,687	\$281,542,933	\$7,496,754	2.66%

Financial Highlights – Fiscal Year 2012

- Current assets increased primarily due to higher cash balances at fiscal year end.
- Noncurrent assets decreased because of lower investment balances.
- Deferred outflows of resources consists of the deferred loss on refunded debt. In 2012, the Lincoln Wastewater System refunded \$40,345,000 of Wastewater Revenue Bonds, Series 2003 resulting in a deferred loss. (See Note 4)
- Current liabilities increased primarily due to progress billings on several construction projects.

Plant, pumping and treatment	10,791,314	10,534,367	256,947	2.44%
Operation and maintenance of wastewater lines	5,692,526	5,417,882	274,644	5.07%
Sanitary engineering services	2,112,338	2,162,132	(49,794)	(2.30%)
Accounting and collecting	758,989	569,185	189,804	33.35%
Administrative and general	945,682	1,009,557	(63,875)	(6.33%)
Total operating expenses	20,300,849	19,693,123	607,726	3.09%
Operating income	4,276,920	4,404,875	(127,955)	(2.90%)
Net nonoperating expenses	(3,104,999)	(2,983,959)	(121,040)	(4.06%)
Capital contributions	2,801,073	2,143,397	657,676	30.68%
Transfers in (out)	(11,722)	3,660	(15,382)	100.00%
Change in net position	\$ 3,961,272	\$ 3,567,973	\$393,299	11.02%

Financial Highlights – Fiscal Year 2013

- Total operating expenses increased primarily due to increases in personnel costs and depreciation expense.
- Capital contributions increased in 2013 because of increased development activity during the year.

Table 4

Condensed Statements of Revenues, Expenses, and Changes in Net Position

	August 31		Change	
	2012	2011	Dollars	Percent
Operating revenues	\$24,097,998	\$22,973,653	\$1,124,345	4.89%
Operating expenses				
Plant, pumping and treatment Operation and maintenance of wastewater lines	10,534,367	10,665,966	(131,599)	(1.23%)
Sanitary engineering services	5,417,882	5,387,136	30,746	0.57%
Accounting and collecting	2,162,132	2,154,083	8,049	0.37%
Administrative and general	569,185	491,885	77,300	15.72%
Total operating expenses	1,009,557	973,147	36,410	3.74%
Operating income	19,693,123	19,672,217	20,906	0.11%
Operating income	4,404,875	3,301,436	1,103,439	33.42%
Net nonoperating expenses	(2,983,959)	(3,119,335)	135,376	(4.34%)
Capital contributions	2,143,397	1,081,660	1,061,737	98.16%
Transfers in	3,660	–	3,660	100.00%
Change in net position	\$ 3,567,973	\$ 1,263,761	\$2,304,212	182.33%

Financial Highlights – Fiscal Year 2012

- Operating revenues increased primarily due to a 5% user fee increase implemented with the billings starting in February 2012. Sanitary sewer bills for residential customers are based on water usage during a two-month period during the winter and remain the same over the balance of the following ten-month period. Non-residential customers are billed for sanitary sewer based on their monthly water usage.
- Capital contributions increased in 2013 because of increased development activity during the year.

Debt Activity

In May 2012, the Lincoln Wastewater System issued \$38,290,000 in Sanitary Sewer Refunding Bonds at an average interest rate of 3.70% to refund \$40,345,000 of Sanitary Sewer Revenue and Refunding Bonds, Series 2003, with interest rates ranging from 3.75% to 5.0%. The City completed the advance refunding to reduce its total debt service payments over the next 16 years by \$10,070,963 for an economic gain (difference between the present values of the old and new debt service payments) of \$5,934,216.

In connection with its bond issues the System is required, among other things, to maintain certain financial conditions and the System's ability to issue debt is restricted.

System Credit and Bond Ratings

The outstanding revenue bonds of the System are currently rated by Standard & Poor's and Moody's. This rating takes into account the amount of unrestricted net position maintained by the System, to which the revenue bonds' obligation of the System is pledged. Currently, the credit rating received from Standard & Poor's Rating Services is AAA (MBIA Insured) and AA+ (Underlying). The credit rating issued by Moody's Rating Services is Aaa (MBIA Insured) and Aa2 (Underlying).

Commitments and Contingencies

Lincoln Wastewater System has commitments under major construction contracts in progress of approximately \$3,400,000 at August 31, 2013.

Forward-Looking Information

The approved Capital Improvement Program for Fiscal Year 2012/13 - 2017/18 identifies the need for \$53,836,000 to fund capital improvements for the Wastewater System. Approximately \$22,506,000 of that total is projected to be funded by revenue bonds. Future user fee increases will be necessary to make the needed improvements possible.

In August 2012, the Lincoln City Council approved the budget allowing for revenue increases for the next two years, which will be attained through increases in the various service charges. (See Note 1)

Contact Information

This financial report is intended to provide users a general overview of the System's financial performance for 2013 and 2012. If you have questions about this report or need additional financial information, please contact the Business Office of the Public Works & Utilities Department at 555 South 10th Street, Lincoln, NE 68508.

Total equity in pooled cash and investments (current)	11,065,176	9,487,297
Reconciliation of net operating income to net cash provided by operating activities:		
Operating income	\$ 4,276,920	\$ 4,404,875
Adjustments to reconcile operating income to net cash provided by operating activities:		
Depreciation	7,778,689	7,314,450
Changes in operating assets and liabilities:		
Accounts receivable	1,021,350	795,801
Inventories	13,944	(8,802)
Accounts payable	83,410	(108,059)
Accrued liabilities and deposit liability	61,904	80,635
Accrued compensated absences	86,516	6,802
Total adjustments	9,045,813	8,080,827
Net cash provided by operating activities	\$ 13,322,733	12,485,702

Supplemental disclosure of noncash transactions:

Contributed capital improvements of \$1,692,563 and \$883,120 were added to utility plant in 2013 and 2012 respectively.

Accounts payable incurred for utility plant purchases were \$1,646,687 and \$3,450,723 in 2013 and 2012, respectively.

See accompanying notes to financial statements.

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies

Organization and Nature of Operations

Lincoln Wastewater System is a public utility accounted for as an enterprise fund by the City of Lincoln, Nebraska (City). Lincoln Wastewater System (System) is operated under the direction of the Mayor and City Council. The authority to adopt the annual budget, to incur debt and to fix rates and charges is vested in the City Council by the Charter of the City of Lincoln. As Lincoln Wastewater System is part of the City, it is exempt from federal income tax.

Measurement Focus and Basis of Accounting

The financial statements of Lincoln Wastewater System are prepared on the accrual basis of accounting using the economic resources measurement focus. Lincoln Wastewater System follows the uniform system of accounts as prescribed by the National Association of Regulatory Utility Commissioners. In reporting financial activity, Lincoln Wastewater System applies all applicable Government Accounting Standards Board (GASB) pronouncements including the regulated operations provisions of GASB Statement No. 62, which permits an entity with cost based rates to defer certain costs or income that would be otherwise recognized when incurred to the extent the rate-regulated entity is recovering or expecting to recover such amounts in rates charged to its customers.

The financial statements referred to above present only the Lincoln Wastewater System and do not purport to, and do not, present fairly the financial position of the City of Lincoln, Nebraska, as of August 31, 2013 and 2012, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Operating Revenues and Expenses

As an enterprise fund, the Lincoln Wastewater System distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Lincoln Wastewater System's principal ongoing operations. The principal operating revenues of the Lincoln Wastewater System are charges to customers for sales and services. Operating expenses include the costs of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Accounts Receivable and Unbilled Revenues

Wastewater revenues are recorded based on the related period of customer usage. Billings for wastewater revenues are rendered on a cycle basis bi-monthly. Unbilled revenues, representing estimated consumer usage for the period between the last billing date and the end of the period, are accrued in the period of consumption. Management does not believe an allowance for doubtful accounts is necessary at August 31, 2013 or 2012.

(Continued)

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies, (continued)

Utility Plant (Capital Assets)

Cost of additions and replacements to utility plant are capitalized. Cost includes labor, materials, payments to contractors, equipment use, and indirect costs. Long-term construction contracts that are entered into with developers to expand the distribution system and structure are capitalized at cost over the term of construction, with the related liability classified between current and long-term based upon the anticipated expenditure appropriation or collection of directed impact fees. Interest expense, net of interest earned on unspent bond proceeds, is capitalized in connection with the construction of major assets. The capitalized interest is recorded as part of the asset to which it relates and is amortized over the asset's estimated useful life. Contributed assets are capitalized at their fair value at the date of contribution. The cost of property retired, together with removal cost, less salvage, is charged to accumulated depreciation at such time as property is removed from service, except for land, on which gain or loss is recognized upon disposition. Expenditures for maintenance and repairs are charged to current expenses.

Depreciation expense is calculated on the straight-line method over the estimated useful lives of the assets. The following estimated useful lives are being used by the System:

Buildings and improvements	5 - 50 years
Infrastructure	33 - 100 years
Furniture, fixtures and equipment	5 - 15 years

(1) Organization and Summary of Significant Accounting Policies, (continued)

Deposits and Investments

The City Treasurer is responsible for the safekeeping of cash and invested funds of Lincoln Wastewater System. The City is authorized to invest in certificates of deposit, time deposits, and any securities in which the State investment officer is authorized to invest pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act and as provided in the authorized investment guidelines of the Nebraska Investment Council in effect on the date the investment is made. Cash balances in excess of current requirements are invested along with funds from other governmental bodies, and the interest earned on these investments is allocated monthly to the various governmental bodies by the City Treasurer on a pro rata basis of aggregate monthly balances.

For purposes of the Statements of Cash Flows, Lincoln Wastewater System considers cash on hand and in the bank, as well as cash and equity in pooled cash and investments held by the City Treasurer, which are readily convertible to known amounts of cash and have original maturities of three months or less, to be cash and cash equivalents.

The System participates in a cash management pool, managed by the City. The pool consists of bank deposits and investments. The System's interest in this pool is shown as equity in pooled cash and investments in the balance sheets.

Fair value of the equity in the pool is the same as the value of the pool shares determined using the fair value of the pool's underlying investment portfolio.

Investment income includes interest income and the net change for the year in the fair value of investments carried at fair value.

U.S. agency obligations are carried at fair value as determined based upon quoted market prices. Investment agreements are carried at contract value.

Capital Contributions

Developer contributions are sewer system improvements made to developments. Revenues from developer contributions are recorded at fair value when the development is complete. These are considered imposed non-exchange transactions.

Unamortized Premium on Revenue Bonds

The premiums received on bond issuances are being amortized over the life of the bonds using the interest method.

Inventories

Inventories of materials and supplies are stated at the lower of cost or market. Cost is generally determined on a weighted-average basis.

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies, (continued)

Revenue

Wastewater usage is billed on a two-month cycle for substantially all customers. Unbilled revenues, representing estimated consumer usage for the period between the last billing date and the end of the period, are accrued in the period of consumption.

The City Council sets the rate schedule for Lincoln Wastewater System. In August 2012, the Lincoln City Council approved two revenue increases of 5% each, which were effective in November 2012 and November 2013. These revenue increases did not change the water use charge in each of the two years, but raised the service charge.

The billings for residential customers are based on water usage during a winter billing cycle, whereas the billings for nonresidential customers are based on water used each cycle. The rates were \$1.859 per hundred cubic feet of water for both August 31, 2013 and 2012, respectively. The service charge rates as of August 31, 2012 were \$1.50 per month for a single family home and \$0.89 per month for a multi-family dwelling unit. Effective November 2012, the service charge is based on meter size as shown below:

<u>Water Meter Size</u> (effective November 2012)	<u>Monthly Service Charge</u>
5/8 inch	\$1.55
3/4 inch	2.30
1 inch	3.85
1 ½ inch	7.65
2 inch	12.25
3 inch	23.00
4 inch	38.35
6 inch	76.65
8 inch	122.65
10 inch	176.35

Costs Recoverable from Future Billings

Certain income and expense items which would be recognized during the current period are deferred and not included in the determination of the change in net position until such costs are expected to be recovered through rates, in accordance with the regulated operations provisions of GASB Statement No. 62. Costs recoverable from future billings are comprised of charges incurred in relation to the System's bond issuances.

(Continued)

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies, (continued)

Net Position Classification

Net position is required to be classified into three components - net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

Net investment in capital assets - consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt also should be included in this component of net position. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets.

Restricted - consists of restricted assets, reduced by liabilities related to those assets, with constraints placed on their use either by a) external groups such as creditors (such as through debt covenants), contributors, or laws or regulations of other governments or b) law through constitutional provisions or enabling legislation.

Unrestricted - consists of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the net investment in capital assets or restricted component of net position.

When both restricted and unrestricted resources are available for use, it is System's policy to use restricted resources first, then unrestricted as they are needed.

Compensated Absences

Employees earn vacation days at varying rates dependent on years of service. In the event of termination, an employee is reimbursed for accumulated vacation time up to a maximum allowed accumulation which is in no case longer than 36.25 days. Employees earn sick leave at the rate of approximately one day per month. Upon retirement, death, or reduction in force, an employee or their beneficiary is reimbursed up to 65% of accumulated sick leave, which may in some cases be placed directly in a medical spending account instead of reimbursing the employee directly. The Lincoln Wastewater System accrues for vacation, sick leave and other compensated absences with similar characteristics.

Compensated absences of the Lincoln Wastewater System at August 31, 2013 and 2012 are summarized below:

	<u>Beginning</u> <u>Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending</u> <u>Balance</u>	<u>Due Within</u> <u>One Year</u>
August 31, 2013	\$565,906	440,900	354,384	652,422	368,437
August 31, 2012	\$559,104	371,498	364,696	565,906	354,384

(Continued)

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies, (continued)

Other Post-Employment Benefits

The Wastewater System recorded a liability for the annual required contribution (ARC) of approximately \$221,000 and \$162,000 as of August 31, 2013 and 2012, respectively, in connection with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The complete disclosures required by GASB 45 are included in the City of Lincoln Comprehensive Annual Financial Report (CAFR).

Use of Estimates

Management of the Lincoln Wastewater System has made a number of estimates and assumptions relating to the reporting of balance sheet amounts and the disclosure of contingent items to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the 2012 financial statements to conform to the 2013 financial statement presentation. These reclassifications had no effect on the change in net position.

Implementation of New Accounting Principles

In 2013, the System implemented the provisions of the following accounting principles:

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*. This standard was created to incorporate into the GASB's authoritative literature certain accounting and financial reporting guidance that is included in pre-November 30, 1989 FASB and AICPA pronouncements, which do not conflict with or contradict GASB pronouncements.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*. This statement amends the net asset reporting requirements in GASB Statement No. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The implementation of these standards did not have a significant impact on the System's financial statements.

(Continued)

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(1) Organization and Summary of Significant Accounting Policies, (continued)

The System also early implemented the provisions of GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which established accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. This standard required the System to discontinue carrying debt issuance costs as an asset on the balance sheets. However, as the System meets the criteria as a rate-making entity under the regulated operations provisions of GASB Statement No. 62, the costs were deferred and are shown as costs recoverable from future billings on the balance sheets.

(2) Deposits, Investments, and Investment Return

Deposits

State statutes require banks either to give bond, provide Federal Home Loan Bank letter of credit, or to pledge government securities to the City Treasurer in the amount of the City's deposits. The System has been allocated a portion of the City's pooled cash and investments. The City's cash deposits, including certificates of deposit, are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Any cash deposits or certificates of deposit in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve Bank pledge account or by an agent for the City and thus no custodial risk exists. No legal opinion has been obtained regarding the enforceability of any of the collateral arrangements.

Investments

The City may legally invest in direct obligations of and other obligations guaranteed as to principal by the U.S. Treasury and U.S. Government Sponsored agencies and instrumentalities and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds, bankers' acceptances, and collateralized investment agreements.

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment securities that are in the possession of an outside party. Lincoln Wastewater System's investments in U.S. Government Sponsored Agency obligations are held in a book entry system in an account designated as a customer account at the Federal Reserve Bank and the custodian's internal records identify the City as owner. Collateral held for the investment agreement is held by an agent who is not the counterparty to the investment transaction.

(2) Deposits, Investments, and Investment Return, (continued)

At August 31, 2013 and 2012, the Lincoln Wastewater System had the following investments and maturities:

Type	August 31, 2013				
	Carrying Value	Maturities in Years			
		Less than 1	1-5	6-10	More than 10
U.S. Government Sponsored Agency Collateralized Investment Agreement	\$4,430,683	-	1,374,647	3,056,036	-
	<u>1,229,981</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,229,981</u>
	<u>\$5,660,664</u>	<u>-</u>	<u>1,374,647</u>	<u>3,056,036</u>	<u>1,229,981</u>

Type	August 31, 2012				
	Carrying Value	Maturities in Years			
		Less than 1	1-5	6-10	More than 10
U.S. Government Sponsored Agency Collateralized Investment Agreement	\$4,768,111	-	1,387,091	3,381,020	-
	<u>1,229,981</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>1,229,981</u>
	<u>\$5,998,092</u>	<u>-</u>	<u>1,387,091</u>	<u>3,381,020</u>	<u>1,229,981</u>

(Continued)

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(2) Deposits, Investments, and Investment Return, (continued)

Interest Rate Risk:

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits current operating funds to be invested with maturities of no longer than twenty-four months. Fixed income investments in construction funds, operating funds, and other non-operating funds are limited to ten year maturities. Collateralized Investment Agreements are not subject to interest rate risk, as the interest rate is guaranteed by the issuer.

Credit Risk:

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's investment policy establishes requirements for certain investment securities to be rated at certain rates or higher without having collateral pledged to the City. The following investment types must be rated at the minimum rates noted below:

	<u>S&P</u>	<u>Moody's</u>
Money Markets	AA	Aa
Corporate Notes	AA-	Aa3
Investment Agreements	AA-	Aa3

Investment agreements are made with provisions that if the provider is downgraded below AA- by S & P or Aa3 by Moody's the provider must deliver collateral of United States Government Agency obligations at a margin of 104%, and if the provider is further downgraded below A- by S & P or A3 by Moody's, the issuer will have the right to terminate the agreement and receive all invested amounts plus accrued but unpaid interest without penalty. As of August 31, 2013 and 2012, the Lincoln Wastewater System investments in United States Government sponsored agencies not directly guaranteed by the United States government were rated AA+ by S & P and Aaa by Moody's. The provider of the collateralized investment agreement was rated AA- by S & P and Aa3 by Moody's as of August 31, 2013 and 2012. The collateralized investment agreement was adequately collateralized as of August 31, 2013.

Concentration of Credit Risk:

Concentration of credit risk is the risk associated with the amount of investments the System has with any issuer that exceeds 5% of its total investments. The City's Investment Policy places various limits on the amount that may be invested in any one issuer or security type. Per the policy, allocation limits do not apply to the investment of debt proceeds. These investments shall be governed by the debt covenant included in the debt instrument. The investment concentrations mentioned below were made with funds from the bond debt reserve funds established. Concentrations greater than 5% at August 31 are shown below:

	<u>2013</u>	<u>2012</u>
U.S. Government Agency Obligations		
Federal Farm Credit Bank	5.7%	5.2%
Federal Home Loan Bank	14.0%	11.7%
Collateralized Investment Agreement		
American International Group, Inc.	5.1%	—

Total capital assets	\$ 361,545,208	12,875,467	(3,937,168)	370,483,507	(104,679,735)	(7,778,690)	113,984	(112,344,441)	258,139,066

During 2013, Lincoln Wastewater System incurred \$3,036,393 of interest cost. Interest capitalized into construction in progress during 2013 was \$73,366. Capitalized interest is added to the cost of the underlying assets and is amortized over the useful lives of the assets.

The composite depreciation rate was approximately 2.16% in 2013.

During 2012, Lincoln Wastewater System incurred \$3,564,879 of interest cost. Interest capitalized into construction in progress during 2012 was \$162,593. Capitalized interest is added to the cost of the underlying assets and is amortized over the useful lives of the assets.

The composite depreciation rate was approximately 2.07% in 2012.

(4) Long-term Liabilities (continued)

Maturities and sinking fund requirements on long-term debt at August 31, 2013, are shown below.

Years ending August 31	Principal	Interest	Total
2014	\$ 3,618,916	3,013,690	6,632,606
2015	3,695,284	2,976,921	6,672,205
2016	4,202,421	2,808,275	7,010,696
2017	4,360,442	2,631,152	6,991,594
2018	4,443,931	2,525,340	6,969,271
2019 - 2023	24,099,137	10,538,372	34,637,509
2024 - 2028	28,258,800	5,660,740	33,919,540
2029 - 2033	11,572,939	1,197,460	12,770,399
2034 - 2035	1,307,980	49,726	1,357,706
Total	\$85,559,850	31,401,676	116,961,526

In May 2012, the Lincoln Wastewater System issued \$38,290,000 in Sanitary Sewer Refunding Bonds at an average interest rate of 3.70% to refund \$40,345,000 of Sanitary Sewer Revenue and Refunding Bonds, Series 2003, with interest rates ranging from 3.75% to 5.0%. The City completed the advance refunding to reduce its total debt service payments over the next 16 years by \$10,070,963 for an economic gain (difference between the present values of the old and new debt service payments) of \$5,934,216.

Lincoln Wastewater System has entered into a loan agreement with NDEQ consisting of two separate contracts. Under Contract 317247, the Lincoln Wastewater System has borrowed \$4,808,792 to fund certain sewer system extension and sewer repairs. The terms of the project loan payable are reflected in the summary of long-term debt. The Lincoln Wastewater System has also borrowed \$5,000,000 under Contract 317078 to fund certain projects at the Theresa Street and Northeast Wastewater Treatment Facilities. The interest rate throughout the term of the loan is 2.0%. The terms of the project loan payable are reflected in the summary of long-term debt.

Lincoln Wastewater System has entered into a \$17,000,000 loan agreement with NDEQ. This funding is available to fund certain wastewater solids handling, trunk sewer, and selected facility replacement improvements. The interest rate during the period of construction is 2%. After the date of initiation of operation, the interest rate will increase to 2.25%. In addition, an administrative fee of 1% will be incurred on the loan. During the year ended August 31, 2013, Lincoln Wastewater System incurred project costs totaling \$4,929,999 resulting in a recognition of a project payable of \$10,136,822. The terms of the loan payable are reflected in the summary of long-term debt. The remaining available funds totaling \$6,863,178 are not reflected in the summary of long-term debt.

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(4) Long-term Liabilities (continued)

The City has pledged future revenues derived from the operation of the Lincoln Wastewater System, net of operating and maintenance expenses, to repay all outstanding wastewater revenue bonds. Proceeds from the bonds and loans provided financing for improvements to the sanitary sewer system. The bonds and loans are payable solely from the net earnings of the Wastewater System and are payable through 2035. The total principal and interest remaining to be paid on the bonds and loans is \$116,961,526 with annual payments expected to require 53% of net revenues. Principal and interest paid for the current year and net system revenues were \$6,577,604 and \$12,466,116, respectively.

Construction contracts of the Lincoln Wastewater System at August 31, 2013 and 2012 are summarized below:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
August 31, 2013	\$3,450,723	1,529,232	3,333,269	1,646,686	1,529,232
August 31, 2012	\$3,793,642	1,653,895	1,996,814	3,450,723	3,333,269

(5) Commitments and Contingencies

Lincoln Wastewater System has commitments under major construction contracts in progress of approximately \$3,400,000 at August 31, 2013.

(6) Related Party Transactions

The City billed the Wastewater System approximately \$475,000 and \$514,000 for administrative services during 2013 and 2012, respectively. The Wastewater System also makes payments to Lincoln Electric System (LES), an enterprise fund of the City of Lincoln, for electricity used at the System's operating locations. Payments to LES totaled approximately \$889,000 and \$833,000 during 2013 and 2012, respectively. Approximately \$60,000 is included in accounts payable for amounts owed to LES at August 31, 2013 and 2012.

A special revenue fund of the City collects and holds impact fees until they are distributed in accordance with City ordinance. The Lincoln Wastewater System was due impact fees of \$274,406 and \$364,711 as of August 31, 2013 and 2012, respectively.

The City of Lincoln general fund borrowed monies from the pooled cash and investment account. The Wastewater System's allocated share of the borrowing was \$174,043 and \$347,338 as of August 31, 2013 and 2012, respectively. This amount is reflected as a current asset and is included in Due from Other Funds on the balance sheets.

LINCOLN WASTEWATER SYSTEM

Notes to Financial Statements

August 31, 2013 and 2012

(7) Risk Management

Lincoln Wastewater System participates in the City's self-insurance program administered by the City's Risk Management Division (the Division). The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. On behalf of the City, the Division purchases insurance and administers funds for its self-insured program. The Division maintains a workers' compensation fund and a self-insured loss fund. The Division provides first dollar coverage for all liability and workers' compensation exposure with insurance acting as an umbrella for excess coverage. The maximum exposure would be the deductible amounts for property and auto physical damage, as well as losses not covered by insurance. Lincoln Wastewater System had no claims or judgments exceeding the policy limits during each of the last three prior years. Budgeted premium amounts charged to Lincoln Wastewater System are placed in the appropriate fund maintained by the Division. Premium expense was approximately \$282,000 and \$339,000 in 2013 and 2012, respectively.

(8) Pension Plan

Employees of Lincoln Wastewater System are participants in the City of Lincoln Employees' Retirement Plan. Plan participation is required if the employee has completed five years of continuous service and attained the age of 40. An employee may voluntarily enter the plan upon attaining age 19 and after completing six months of service. The plan is a defined contribution plan requiring employees to contribute to the plan depending on employee class and date of hire. Lincoln Wastewater System contributes between \$1.29 and \$2.00 for every \$1.00 contributed by employees. Plan participants vest in the City's contributions in year three of participation at 20% up to 100% vested in year seven. Contributions made by the System were approximately \$517,000 and \$540,000 for 2013 and 2012, respectively. Contributions made by the plan members were approximately \$288,000 and \$292,000 for 2013 and 2012, respectively.

Introduce: 7-30-12

RESOLUTION NO. A- 86944

1 WHEREAS, the City Council of Lincoln, Nebraska, is authorized under Sections
2 17.60.020 and 17.60.030 of the Lincoln Municipal Code to establish wastewater charges for
3 all customers of the Lincoln Wastewater System.

4 WHEREAS, the wastewater rate increases are based upon financial projections
5 which demonstrate the necessity for the increase to support the construction of needed
6 facility improvements, debt service, and the operation and maintenance of the system to
7 provide community-wide wastewater service.

8 WHEREAS, Lincoln's wastewater infrastructure is a necessary component and is
9 required under City Charter to be provided to all areas served within the city limits.

10 And WHEREAS, Lincoln's wastewater rates have historically remained low, and
11 even with the proposed rate increases will continue this tradition of competitive rates within
12 the region and nationally.

13 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of
14 Lincoln, Nebraska:

15 Effective with the "H" billing cycle commencing in November 2012 and November
16 2013 the following schedule of wastewater use charges is hereby established and adopted:

17 BASIC WASTEWATER USE CHARGE

18 (a) The basic wastewater use unit charge is hereby established as 185.9 cents.

1 (b) For any given residential property, the basic wastewater use charge for each
2 billing cycle shall be determined by multiplying for each such cycle the total amount of
3 water, in hundreds of cubic feet, metered for said property during a billing cycle chosen by
4 the Director from the most recent past winter, by the basic wastewater use unit charge.

5 In the case of change of occupancy of residential property, if the Director reasonably
6 determines that to compute the basic wastewater use charge for a given billing cycle upon
7 the amount of water used by such property during such winter billing cycle would be
8 inequitable either to the City or to the user, the Director shall use the average amount of
9 water used by like users during such winter billing cycle to compute such charge.

10 (c) For any non-residential property, the basic wastewater use charge for a given
11 billing cycle shall be determined by multiplying for each cycle the amount of water or
12 wastewater, in hundreds of cubic feet, measured for said property during such cycle, by the
13 basic wastewater use unit charge.

14 (d) Non-residential users shall be given credit, at the same rate, for water not
15 discharged into the sanitary sewers provided such water is separately metered with the
16 approval of the Public Utilities Department and at the customer's expense.

17 (e) Where a wastewater flow meter or other wastewater measuring device is required
18 or permitted by the Director and is used to measure the volume of wastewater discharged
19 into the Lincoln Wastewater System, such wastewater use charge shall be computed thereon
20 at the basic wastewater use unit charge.

1

SERVICE CHARGE

2

Regardless of whether a wastewater meter is used, there shall be a service charge per

3

month to each property using the Lincoln Wastewater System, determined by the number

4

and size of the water meters serving such property, to-wit:

	Effective November, 2012	Effective November, 2013
Water Meter Size	Service Charge	Service Charge
5/8 inch	\$1.55	\$1.65
3/4 inch	2.30	3.20
1 inch	3.85	5.70
1-1/2 inch	7.65	11.30
2 inch	12.25	18.10
3 inch	23.00	34.00
4 inch	38.35	56.70
6 inch	76.65	113.30
8 inch	122.65	181.30
10 inch	176.35	260.70

16

WASTEWATER RATES TO CUSTOMERS OUTSIDE

17

THE CITY LIMITS

18

Customers located outside the City Limits of Lincoln and served by the Lincoln

19

Wastewater System shall pay no less than the wastewater rates charged to customers within

20

the City Limits of Lincoln for service furnished them by the Lincoln Wastewater System.

21

BE IT FURTHER RESOLVED that Resolution No. A-86440, adopted by the City

22

Council on August 8, 2011, is hereby superseded.

FACT SHEET

TITLE: Proposed Resolution to increase Wastewater Use Charges

SPONSOR: Public Works/Utilities

OPPONENTS: Unknown

OTHER DEPARTMENTS AFFECTED:

STAFF RECOMMENDATION: For

APPLICANT: Public Works/Utilities

REASON FOR LEGISLATION: To establish a new rate schedule for the Lincoln Wastewater System for purposes of covering the System's operational and maintenance costs including debt service, and the costs of the Capital Improvements Program for F.Y. 2012-13 and F.Y. 2013-14. Residential wastewater use charges are based on water usage during a winter billing cycle. Non-residential wastewater use charges are based on water used during each cycle.

DISCUSSION

The Public Works & Utilities Department recommends a 5% revenue increase and proposes to change the following rates as shown below. These changes will take effect with the "H" billing cycle commencing in November, 2012 and November, 2013.

		Effective November, 2012	Effective November, 2013
Water Meter Size	Current Rate	Service Charge	Service Charge
5/8 inch	\$1.50	\$1.55	\$1.65
3/4 inch	1.50	2.30	3.20
1 inch	1.50	3.85	5.70
1-1/2 inch	3.00	7.65	11.30
2 inch	6.01	12.25	18.10
3 inch	13.51	23.00	34.00
4 inch	24.03	38.35	56.70
6 inch	54.09	76.65	113.30
8 inch	96.14	122.65	181.30
10 inch	150.22	176.35	260.70

LINCOLN WASTEWATER SYSTEM

Summary of Insurance Coverage

This summary of insurance coverage provides general information regarding the City's casualty-property insurance policies.

AUTOMOBILE INSURANCE

Liability Coverage: Provides coverage for accidents involving all owned, nonowned and hired vehicles. Protects the City against third-party claims from members of the public for bodily injury or property damage.

Physical Damage: Provides comprehensive (other than collision) and collision coverage for City-owned vehicles on a self-insured basis.

PROPERTY INSURANCE

Building and Contents: Provides coverage for damage to City-owned buildings and contents provided the buildings are listed on the City's property schedule.

Boiler and Machinery: Provides coverage for damage to boilers, vessels, steam generators, refrigerating and air conditioning vessels and piping, deep well pump units, turbines and certain machines.

Crime: Coverage for theft, disappearance or destruction of money and securities both inside and outside the premises.

Inland Marine Floaters: Provides physical damage coverage for specifically scheduled property. Current floaters insured include: data processing equipment, nonlicensed equipment, recycling containers and sanitary sewer equipment.

GENERAL LIABILITY

Provides coverage for general liability (bodily injury and property damage) claims made against the City.

PUBLIC EMPLOYEES BLANKET BOND

Provides coverage for loss of money and securities resulting from employee dishonesty. This is a blanket policy covering City employees.

PUBLIC OFFICIALS LIABILITY (Claims-made)

The insurance company will pay on behalf of the City of Lincoln (amount over self-insured retention) for any civil claim or claim made against them on a *claims-made basis* because of any wrongful act. A wrongful act under the coverage is defined as any actual or alleged error or misstatement or misleading statement or act of omission or neglect or breach of duty including misfeasance, malfeasance and nonfeasance by an insured. Also covered are claims arising out of employment practices.

WORKERS' COMPENSATION

Provides excess workers' compensation insurance for injuries arising out of and in the course of employment. This provides indemnity and medical coverage above our self-insured retention limits.

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of the Financial Statements
Performed in Accordance with *Government Auditing Standards***

The Honorable Mayor and Members of the City Council
Lincoln Wastewater System
Lincoln, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Lincoln Wastewater System, which comprise the balance sheet as of August 31, 2013, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 27, 2013, which contained an other matter paragraph indicating that the financial statements do not purport to, and do not, present fairly the financial position and changes in financial position of the City of Lincoln, Nebraska as a whole.

Internal Control Over Financial Reporting

Management of Lincoln Wastewater System is responsible for establishing and maintaining effective internal control over financial reporting (internal control). In planning and performing our audit, we considered Lincoln Wastewater System's internal control to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lincoln Wastewater System's internal control. Accordingly, we do not express an opinion on the effectiveness of Lincoln Wastewater System's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of Lincoln Wastewater System's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

Compliance

As part of obtaining reasonable assurance about whether Lincoln Wastewater System's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Other Matters

We noted certain matters that we reported to Lincoln Wastewater System's management in a separate letter dated November 27, 2013.

The purpose of this communication is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or compliance. This communication is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lincoln Wastewater System's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
