

WEST "A" STREET IMPROVEMENT PROJECT

PROJECT SUMMARY

The purpose of this project is to improve the West "A" Street corridor between the West City Limits and the intersection of SW 5th Street. The City of Lincoln Transportation and Utilities Department improved West "A" Street from SW 23rd Street to SW 5th Street and is currently constructing the west portion of the corridor. Currently, new sanitary sewer pipe is being installed along West "A" Street between SW 30th Street and SW 27th. Once sanitary sewer pipes are installed, street construction will begin. It will be completed in segments in order to minimize neighborhood and travel inconveniences during construction.

BENEFITS

- New pavement
- Roundabout intersections
- Street lighting
- Enclosed storm-sewer system
- Concrete pads at bus stops
- ADA accessible sidewalks
- Sanitary sewer trunkline
- Multi-use trail

CONSTRUCTION SCHEDULE

Construction is anticipated to be complete in 2025.

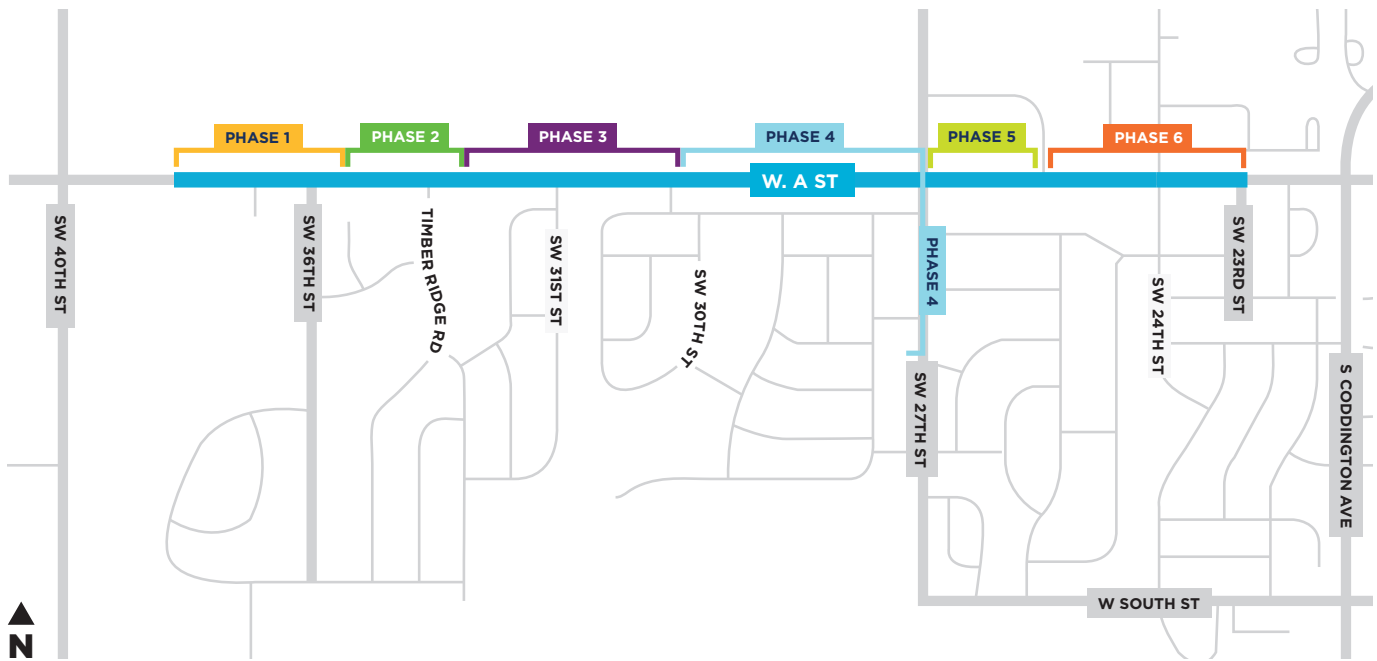

ACCESS DURING CONSTRUCTION

West "A" Street is currently closed to through traffic from SW 40th Street to S Coddington Ave. Closures will remain throughout 2025 as work occurs on the sanitary sewer and street widening, but West "A" will be open to local traffic as much as possible when crews are not working in the area. Travelers are encouraged to exercise caution and maintain safe speeds within the work zones and neighborhoods. StarTran Route #51-West "A" will be detoured during this work.

FUNDING DETAILS

The street improvement project is funded through impact fee revenues, Street Improvement Vehicle Tax also known as wheel tax, and Highway Allocation Fund Bonds. The estimated total cost of construction, for both Project A and B, is \$20 million.

Partial/full lane access is expected to be available once each phase of street construction is complete.

Phasing includes:

- | | |
|-------------------------------------------|-------------------------------------------|
| PHASE 1 Summer 2023 to Winter 2023 | PHASE 4 Spring 2024 to Summer 2024 |
| PHASE 2 Summer 2023 to Winter 2023 | PHASE 5 Summer 2024 to Winter 2024 |
| PHASE 3 Fall 2023 to Spring 2024 | PHASE 6 Fall 2024 to Spring 2025 |
