

## EXAMPLE PROJECT – PAVEMENT REMOVAL

**Size:** 650 ft<sup>2</sup>

**Total Cost:** \$4,885 (Before Reimbursement)

**Year Installed:** 2015

### Eligible Expenses

- Permeable pavers (replacing previously paved area)
- Crushed rock, gravel, and other reservoir-related materials
- Rubber membrane and drain tile to prevent water within the reservoir from infiltrating the basement wall (permeable paver patio was constructed within 10 feet of the house)
- Professional design and installation fees
- Approved trees (add-on):
  - Frontier Elm (Disease-Resistant)
  - Serviceberry

### Ineligible Expenses

- Labor done by a non-professional (old patio removal only, labor was performed by a friend)
- Water or other utility bills

Note: The expenses listed above are not a complete list of eligible vs. ineligible expenses. They are examples of actual expenses incurred by the property owner.
