

NEBRASKA CAPITOL ENVIRONS COMMISSION

The Nebraska Capitol Environs Commission will hold a meeting on **Friday, November 20, 2020**. The meeting will convene at **8:00 a.m.** in the **City Council Chambers**, Hearing Room 112 on the 1st Floor of the County/City Building, 555 S. 10th Street (10th & "K" Streets), Lincoln, Nebraska.

For more information, please contact the Lincoln/Lancaster County Planning Department at 402-441-7491.

AGENDA

November 20, 2020

1. Approval of meeting record of August 28, 2020

Public Hearing & Action

2. Sky Park Manor remodel and restorative work to the exterior. (*Historic Resources Group, Inc.; UDR20065*)

Discussion

3. Pershing site presentation and discussion
4. First draft of 2020 Annual Report, etc.

Accommodation Notice

The City of Lincoln complies with Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973 guidelines. Ensuring the public's access to and participation in public meetings is a priority for the City of Lincoln. In the event you are in need of a reasonable accommodation in order to attend or participate in a public meeting conducted by the City of Lincoln, please contact the Director of Equity and Diversity, Lincoln Commission on Human Rights, at 402-441-7624 as soon as possible before the scheduled meeting date in order to make your request.

Date: November 12, 2020

Item 2: Sky Park Manor Remodel

Designed by prominent local architect Selmer A. Solheim, Sky Park Manor is a mid-century high-rise apartment building located prominently within the Capitol Environs District at the southeast corner of S 13th Street and Lincoln Mall. Completed in 1963 by Olson Construction, Sky Park Manor was listed on the National Register of Historic Places in 2016. Per the information provided by the design team, the scope of work for this remodel includes updates to the interior finishes and systems, stabilization of the garage, and restorative work to the exterior of the building. The exterior work, which falls under the purview of the Commission, is to include:

- New mechanical equipment to be located on the roof.
- New windows will be added on the 12th floor.
- Exterior railing system across the building will be restored, and supplemental railing will be installed.
- Balcony dividers will be repainted.
- Sun and Fun deck will be renovated and restored to original intent with green space, pool, and lounging areas.
- Exterior of the building will be repainted to match its historic colors – neutral white body, blue-grey soffit trim and multi-colored penthouse.

It should be noted that Sky Park Manor was built prior to the existence of the Capitol Environs Commission, and as such, its design does not fully comply with the Design Standards. The most obvious example of this is its building height, which far exceeds the current 57' height limit. Regardless, the historically significant building adds value to the Capitol Environs District, and a project that aims to update its interior and restore portions of its exterior should be viewed as a positive.

In fact, the Design Standards provide specific guidance for the site, as highlighted below:

Design Standard 14: Buildings on Lincoln Mall

Lincoln Mall should be maintained and improved as a high-quality office and residential area, and as a symbolic link between state and local governments.

Guideline 14.1:

Sky Park Manor (NR, 1301 Lincoln Mall) is a historic structure on Lincoln Mall and is listed on the National Register (NR) of Historic Places; it should be preserved and maintained.

Design Standard 14 and Guideline 14.1 confirm the importance of maintaining and preserving this Capitol Environs and Lincoln Mall asset in very clear terms, and the proposed project appears to aim to do just that. That said, it is well within the jurisdiction of the Commission to request more information from the project team if desired to ensure that the restorative work being proposed is true to the original design and aesthetic of Sky Park Manor.

Recommended Finding: *The proposed Sky Park Apartments Remodel conforms with the Capitol Environs Design Standards.*

Recommended Action: *Approval of a Certificate of Appropriateness for the Sky Park Apartments Remodel.*

Sky Park Apartments

Construction date: 1961-1963
Architect: Selmer A. Solheim
Builder: Olson Construction

Individually listed in the National Register of Historic Places (2016)

Work Plan:

Update and remodel of entire apartment building including new systems, interior apartment finishes, garage stabilization, and exterior renovation.

Major work visible from the exterior includes the following:

1. New mechanical system requires associated features on roof. Some existing features will be removed and replaced. Exhaust vents for laundry will be added to penthouse. Penthouse will be repainted to match original based on historic photographs.
2. New windows adjacent to existing laundry area on 12th floor to accommodate fitness center. New windows will match configuration, size, and profile of existing historic window walls as closely as possible.
3. Railing system across building will be cleaned (lead based paint removed), repainted, and supplemental rail installed to meet code. Balcony dividers will be repainted to match historic colors.
4. Sun and Fun deck will be renovated and restored to original intent with green space, pool, and lounging areas.
5. Building will be repainted to match existing.
6. Interior will be renovated with new kitchens and updated bathrooms. Historic corridors, penthouses, bathroom floor and wall tiles, and apartment configuration will largely remain the same. First floor lobby will be restored.

Stacey Groshong Hageman

Teresa McKinstry

APPROVED

The Nebraska Capitol Environs Commission approved this Annual Report on TBD.

The Nebraska State Capitol, designed by architect Bertram Grosvenor Goodhue in 1920 and built for the people of Nebraska between 1922 and 1932, is a National Historic Landmark and an aesthetic and historic treasure of our state. The purposes of the Nebraska Capitol Environs Commission ("the Commission") are to maintain and enhance a dignified setting for the State Capitol, to encourage appropriate public and private improvements within the Capitol Environs District ("the District"), and to protect vistas to the Capitol which extend the impact and inspiration of the building throughout the city and the surrounding countryside.

Background

The Nebraska Capitol Environs Commission was established in 1988 to strengthen existing protections for the setting of Nebraska's landmark State Capitol. The Commission's voting membership of seven citizen volunteers includes five members appointed by the City of Lincoln and two appointed by the State of Nebraska.

In 2020, the Commission remained unchanged from the previous year, with Kile Johnson serving as chair, and Karen Nalow, Mary Campbell, Heidi Cuca, Delonte Johnson, Ann Post and David Quade continuing as members. The seven appointed citizen members are joined by four ex officio members – the Director of the Lincoln/Lancaster

County Planning Department, the Director of Lincoln Parks and Recreation, the Director of Nebraska Department of Administrative Services, and the Office of the Nebraska Capitol Commission's Capitol Administrator. Staffing is provided by the Lincoln/Lancaster County Planning Department, including planners Collin Christopher and Stacey Groshong Hageman and administrative assistant Teresa McKinstry.

The Commission is required to meet at least quarterly by Section 27.56.060 of the Lincoln Municipal Code. The Commission met six times in 2020.

Project Reviews

The Commission reviewed a number of interesting projects in Environs District in 2020.

In February, the Commission approved a plan to demolish the existing house at 1515 F Street and build a new four-story structure with one dwelling unit per floor. Each unit will have a recessed balcony/porch that faces the Capitol. Demolition has already occurred, with construction anticipated to get underway in 2021.

In June, the Commission reviewed a residential street rehab project being proposed by the City's LTU Department for Lincoln Mall, 14th Street and Goodhue Boulevard. Though the Commission was supportive of many of the elements of the project, they raised concerns about the City's plans for replacing decorative paving with standard grey concrete at several intersections along Lincoln Mall and asked the City to explore alternative solutions that would preserve the existing rhythm and organization of the Mall.

The rendering above illustrates the north elevation of the proposed four-plex at 1515 F Street.

LINCOLN MALL, LOOKING TOWARD THE CAPITOL

In July, the Commission recommended the rezoning of a number of city-owned J Street properties, as proposed in the South Haymarket Neighborhood Plan and the South Haymarket Design Standards. Combined with the planned streetscape improvements for J Street, the

rezoning lays the groundwork for future redevelopment in the area, which is likely to include additional residential and office uses. The Design Standards specifically mention rowhouses as a possible redevelopment solution.

In December of 2019, the Commission reviewed a draft of the Haymarket South Streetscapes and Parking Improvements Plan. To coordinate with the vision for J Street that the Haymarket South Plan imagines in the renderings above, the Planning Department initiated a rezoning of city-owned properties along J Street to better accommodate future redevelopment of residential and office uses. This zoning change was previously highlighted in the South Haymarket Neighborhood Plan. In July of 2020, the Environs Commission made a recommendation to the Planning Commission to approve the zoning proposal. The Planning Commission acted on that recommendation and approved the rezoning of J Street.

In August, the Commission approved a law enforcement memorial in front of the Hall of Justice at 575 S 10th Street. The memorial will honor officers from the Lincoln Police Department and Lancaster County Sheriff's Office who have

died in the line of duty. While multiple locations and design alternatives were considered on the site, the one presented to the Environs Commission is positioned far enough north to not impact views along Lincoln Mall.

Hall of Justice | Lincoln, Nebraska

- planters as force protection
- "private" location pulled back from sidewalk

Above is the approved concept for the Law Enforcement Memorial in front of the Hall of Justice at 575 S 10th Street.

In November, the Commission is expected to review the Sky Park Manor remodel project. Designed by prominent local architect Selmer A. Solheim, this mid-century high-rise apartment buildings was listed on the National Register of Historic Places in 2016. Exterior work to

the building is expected to include, among other things, restoration of the railing system, renovation of the Sun and Fun deck, and repainting of the building to match its historic colors - neutral white body, blue-grey soffit trim and a multi-colored penthouse.

The Commission is also scheduled to get their first look at the Pershing block redevelopment project in November. It is anticipated that the redeveloped block will include a library, a wellness center, affordable housing, and a community greenspace. While there is still much work and coordination to be done to make this project a reality, it has the potential to dramatically impact Centennial Mall, the Environs District, and the larger downtown area for the better. The Commission looks forward to playing a part in such a transformative project.

The concept for the redevelopment of the Pershing block includes a library, a wellness center, affordable housing units, and an active greenspace that should combine to bring added energy to Centennial Mall.

Text Amendments

In February, the Lincoln/Lancaster County Planning Department received a request from the Governor on behalf of the Capitol Commission to add the Capitol Commission's Capitol Administrator as the fourth ex officio member of the Capitol Environs Commission. In July, the Environs Commission discussed the topic and unanimously recommended that Planning staff move forward with a text amendment to the Municipal Code to add a fourth ex officio. In September, the

Lincoln City Council approved the amendment. In approving this addition, both the Environs Commission and the City Council acknowledged the expertise and historical knowledge that Mr. Ripley brings to the Commission.

As the year wraps up, Planning Department staff is also exploring a text amendment to the Capitol Environs Design Standards to include more specific standards and guidelines for memorials and monuments. The Commission will have a chance to weigh in on this topic in early 2021.
