TO: Urban Design Committee

FROM: Ed Zimmer

RE: Agenda of August 5, 2014

DATE: June 30, 2014

Item #2: South Haymarket Neighborhood Study

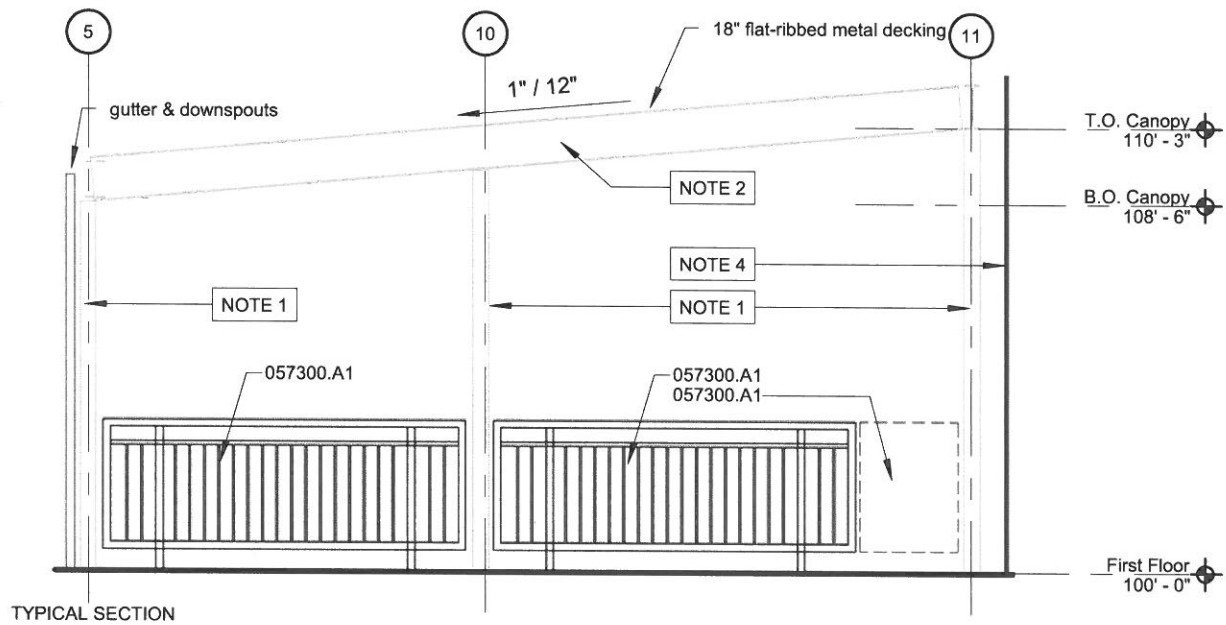

The Planning Dept. has been studying the area south of O Street, between 10th and 4 Street, for some time. Stacey Hageman will describe the study process, preliminary findings, and recommendations.

Item #3: reFORM project

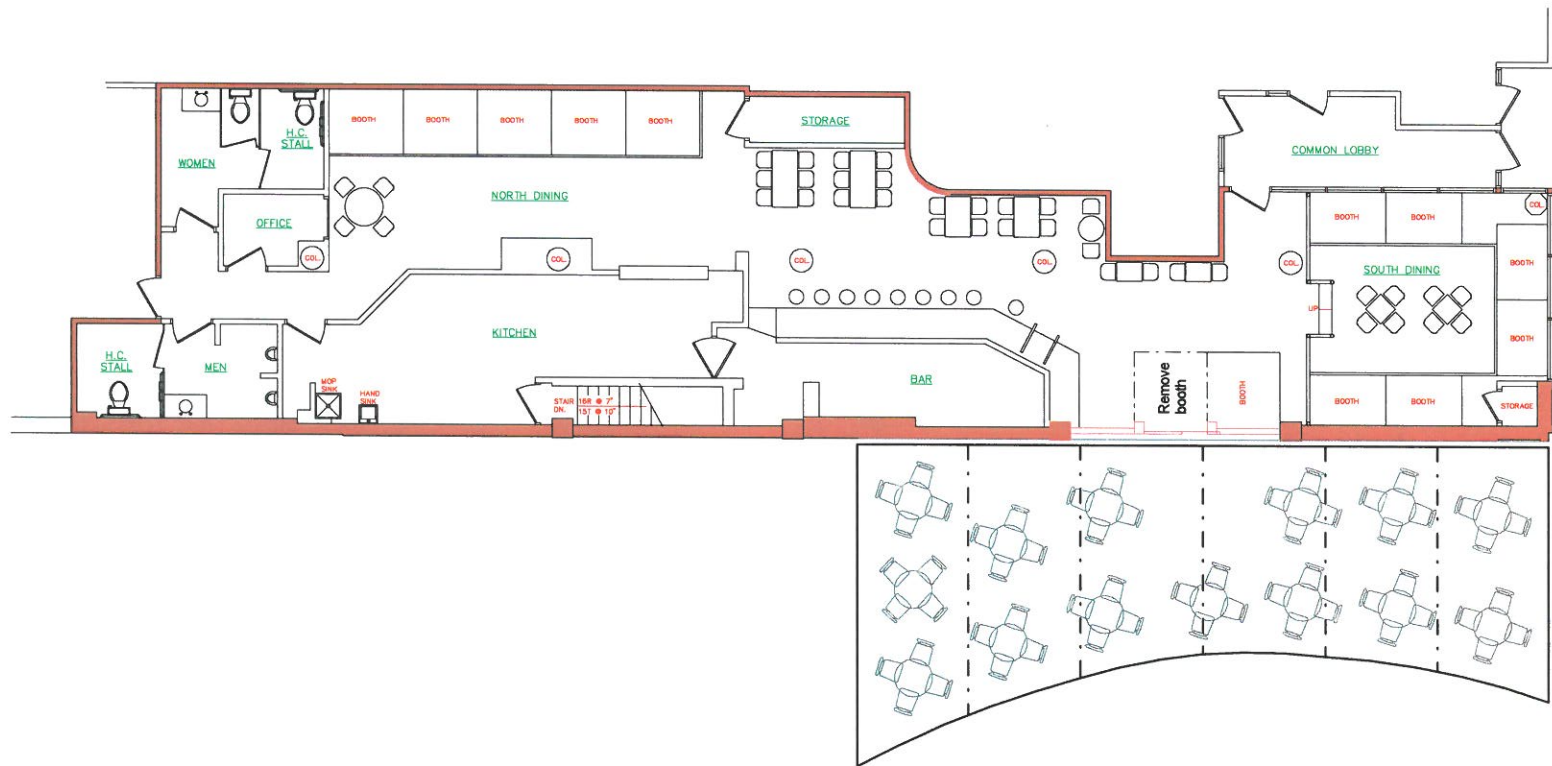

The Committee has received past briefings on the Planning Dept.'s reFORM effort to address the zoning code and design standards for commercial development and redevelopment in nodes, centers, and corridors of the city. David Cary will update the Committee on these efforts and staff will respond to questions.

Item #4: Outdoor dining furnishings, Civic Plaza

Several months ago, the Committee was briefed on the outdoor dining area being provided as part of Civic Plaza/Lincoln Community Foundation Tower Square. While the area is not on a sidewalk (public right-of-way), it is on public property and so the city is applying the sidewalk café process. Part of that process is review by Urban Design Committee of the proposed furnishings (attached). They appear suitable for outdoor use and similar to those approved for many sidewalk cafes.
