Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2026 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2026 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2026 CoC Program Competition on behalf of your CoC.
- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

1A. Continuum of Care (CoC) Identification

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants; and
- Frequently Asked Questions

1A-1. CoC Name and Number: NE-502 - Lincoln CoC

1A-2. Collaborative Applicant Name: City of Lincoln

1A-3. CoC Designation: CA

1A-4. HMIS Lead: University of Nebraska - Lincoln

1B. Coordination and Engagement–Accountable Structure and Participation

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants; and
- Frequently Asked Questions

1B-1.	Accountable Structure and Participation.	

	In the chart below for the period from June 1, 2025 to May 31, 2026:
1.	select 'Yes' or 'No' in the chart below if the entity listed participated in CoC meetings or select 'Nonexistent' if the entity does not exist in your CoC's geographic area, and
2.	enter the number of persons on the board for each category where you answered 'Yes' in the Participated in CoC Meetings column.

You must click Save at the bottom of the form before entering the number of persons for each category where you answered 'Yes'.

	Entity	Participated in CoC Meetings	Number of Board Members
1.	Affordable Housing Developer(s)	Yes	
2.	CDBG/HOME/ESG Entitlement Jurisdiction(s)	Yes	
3.	Certified Community Behavioral Health Clinic (CCBHC)	Yes	
4.	Community Mental Health Center (CMHC)	Yes	
5.	Disability Advocate(s)	Yes	
6.	Disability Service Organization(s)	Yes	
7.	Emergency Medical Services (EMS)/Crisis Response Team(s)	No	
8.	Employment Assistance Program(s) (e.g., Local Workforce Development, American Job Center)	Yes	
9.	Faith-based Organzation(s)	Yes	
10.	Homeless or Formerly Homeless Person(s)	Yes	1
11.	Hospital(s)	Yes	
12.	Other Primary Healthcare Provider(s) (e.g., Federally Qualified Health Center, Healthcare for the Homeless)	Yes	
13.	Indian Tribes and Tribally Designated Housing Entities (TDHEs) (Tribal Organizations)	Yes	
14.	Law Enforcement	Yes	
15.	Local Court Systems, Including Specialty Courts (e.g., Mental Health Court, Drug Court, Care Court)	No	
16.	Local Government Staff/Official(s)	Yes	

17.	State Government Staff/Official(s)	Yes	
18.	State or Local Elected Public Official(s)	Yes	1
19.	Local Jail(s)	Yes	
20.	Mental Health Service Organization(s)	Yes	
21.	Mental Illness Advocate(s)	Yes	
22.	Organization(s) led by and serving people with disabilities	Yes	
23.	Other homeless subpopulation advocate(s)	Yes	
24.	Other nonprofit homeless assistance provider(s)	Yes	2
25.	Other social service provider(s)	Yes	
26.	Public Housing Agencies	Yes	
27.	Recovery Housing or Sober Living Provider(s)	Yes	
28.	School Administrators/Homeless Liaison(s)	Yes	
29.	School District(s)	Yes	
30.	Street Outreach Team(s)	Yes	
31.	Substance Abuse Advocate(s)	Yes	
32.	Substance Abuse Service Organization(s)	Yes	
33.	Universities	Yes	1
34.	Veteran Serving Organization(s)	Yes	
35.	Agencies Serving Survivors of Human Trafficking	Yes	
36.	Victim Service Provider(s)	Yes	
37.	Domestic Violence Advocate(s)	Yes	
38.	Other Victim Service Organization(s)	Yes	
39.	State Domestic Violence Coalition	Yes	
40.	State Sexual Assault Coalition	Yes	
41.	Youth Advocate(s)	Yes	1
42.	Youth Homeless Organization(s)	Yes	
43.	Youth Service Provider(s)	Yes	
44.	Other Homeless Assistance Provider(s)	Yes	
45.	Local Business or Chamber of Commerce or a Member of a Business Improvement District	Yes	
	Other: (limit 50 characters)		
46.	Nebraska Investment Finance Authority	Yes	
47.			

1B-2.	Open Invitation for New Members.	

Describe your CoC's transparent process (e.g., communicated to the public on the CoC's website) to invite new members to join the CoC at least annually.

(limit 2,500 characters)

The City of Lincoln CoC maintains an open invitation for new members and participation throughout the year. Information about the CoC, including its meeting schedule, access information, and other CoC information, is publicly available through the City of Lincoln Urban Development Department's CoC webpage. The CoC meets monthly via Zoom, providing a recurring public opportunity for interested organizations and individuals to participate in CoC activities.
At least annually, and as part of its ongoing membership and governance responsibilities, the CoC affirmatively invites new members to participate. The invitation is intended broadly for organizations and individuals with an interest in preventing and ending homelessness, including homeless assistance providers, victim service providers, faith-based organizations, government, businesses, housing providers, healthcare and behavioral health organizations, education partners, law enforcement, advocates, and persons with lived experience. The CoC's operating structure also calls for invitations to new members at least semi-annually.
The CoC reviews participation and representation to identify organizations, sectors, or perspectives that are absent or underreprested.

1B-3.	CoC's Strategy to Solicit and Consider Opinions on Preventing and Ending Homelessness.	

Describe your CoC's transparent process (e.g., communicated to the public on the CoC's website) to solicit and consider opinions regarding the CoC's general performance, strategies, and priority setting process from a broad array of individuals and organizations that have knowledge of homelessness or an interest in preventing or ending homelessness in the CoC's geographic area.

(limit 2,500 characters)

The City of Lincoln CoC uses an open and transparent process to solicit and consider input on the CoC's general performance, strategies, and priorities. The CoC meets monthly on the third Friday via Zoom, and information about the CoC and its meetings is publicly available through the City of Lincoln Urban Development Department's website. These meetings provide a recurring forum for providers, public partners, persons with lived experience, and other community stakeholders to review homelessness system issues and provide input on priorities and strategies.
The CoC also solicits input through committees, workgroups, stakeholder meetings, surveys, and targeted planning efforts. Participation extends beyond CoC-funded providers to organizations and individuals with knowledge of or an interest in preventing and ending homelessness, including housing and service providers, local government, healthcare and behavioral health partners, education and workforce partners, law enforcement and emergency response, funders, advocates, and community members.
UNL-CCFL supports the CoC and City with planning, HMIS, Coordinated Entry, performance analysis, and technical assistance. This structure allows the CoC to bring system performance data, Coordinated Entry information, service gaps, emerging needs, and other system indicators into planning discussions and to solicit stakeholder interpretation and recommendations. The CoC's role includes community planning, governance, prioritization, and system accountability, with the City serving as Collaborative Applicant and UNL-CCFL providing system infrastructure and planning support.
Input received through CoC meetings and other forums is considered in setting system priorities, identifying needed improvements, developing funding and program strategies, and modifying policies or operational approaches.
Decisions and resulting activities are communicated back through CoC meetings, meeting materials, email communications, and other public channels.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	

Describe your CoC's transparent process to accept and consider proposals from organizations that have not previously received CoC Program funding including faith-based organizations.

(limit 2,500 characters)

The City of Lincoln CoC conducts an open and transparent local competition in which eligible organizations may submit proposals regardless of whether they have previously received CoC Program funding. This includes eligible nonprofit and faith-based organizations. Prior receipt of CoC Program funding is not a prerequisite for consideration.
The City of Lincoln Urban Development Department, as Collaborative Applicant, publicly communicates the local competition and makes available the Request for Applications, submission requirements, deadlines, eligible project types, and the process used to review, score, rank, and select projects. UNL-CCFL supports the CoC's competition planning and technical assistance functions. Notice of the competition is distributed to the broader CoC membership and community partners and is intended to reach organizations that may be eligible to apply but have not previously received CoC funding. The CoC expressly permits proposals from first-time applicants, including faith-based organizations, and provides information and technical assistance to help prospective applicants understand HUD requirements and the local competition process. All eligible proposals are considered through the CoC's published local competition process and evaluated using the applicable threshold and scoring criteria. Review and selection are conducted according to established conflict-of-interest requirements, and proposals are considered based on the merits of the proposed project and published competition criteria rather than an applicant's prior history of receiving CoC Program funds.
The CoC received 2 proposal(s) from organizations that had not previously received CoC Program funding for the FY2026 competition.

1B-5	Plan for Comprehensive Strategies for Reducing Homelessness.

Describe how your CoC will incorporate comprehensive strategies for reducing homelessness, including interventions in 42 U.S.C. 11386b(d) and other targeted projects for specific subpopulations, by providing a plan to address a gap in the CoC's current homelessness system.

(limit 2,500 characters)

1. Gap: FY2025 HMIS System Performance Measure data identify first-time homelessness as a major gap in NE-502. Of 2,196 persons entering ES, SH, TH, or PH, 1,550, or 70.6%, had no enrollment in those project types during the prior 24 months and were experiencing homelessness for the first time. This high share demonstrates the need to intervene earlier while strengthening responses for people already homeless, including those who are unsheltered or have significant behavioral health needs.
2. Strategy/Subpopulations: NE-502 will use prevention, outreach, shelter, TH, RRH, PSH, and supportive services linked through Coordinated Entry. Consistent with 42 U.S.C. 11386b(d), this includes PSH for chronically homeless households and, for families, RRH, flexible assistance, income-focused services, and mainstream family-system resources. Right at Home will strengthen prevention through a research-supported model using risk targeting, flexible financial assistance, individualized services, and rigorous evaluation. The CoC will also strengthen access and warm handoffs to substance use disorder and mental health treatment, crisis services, peer/recovery supports, and higher levels of care. Targeted strategies address families, youth, survivors, veterans, older adults, people with disabilities, chronic homelessness, and behavioral health needs.
3. Measures: The CoC will track first-time homelessness, unsheltered homelessness/encampments, length of time homeless, permanent and unsubsidized housing exits, returns to homelessness, employment income, utilization, prevention outcomes, and treatment/referral outcomes. RAH will serve approximately 1,000 treatment households over three years.
4. Timeline: RAH implementation will begin January 2027. During FY2027, the CoC will strengthen prevention, referral, housing, and behavioral health pathways and review performance annually to adjust strategies and resources.
5. Funding: Activities will use CoC Program, ESG, YHDP, DV-specific resources, city/county funding, private funding, Housing Authority resources, and leveraged state, local, private, healthcare, behavioral health, and mainstream resources.
6. Oversight: The NE-502 CoC governing body will oversee implementation. The City of Lincoln, as Collaborative Applicant, and UNL-CCFL, as HMIS Lead, Coordinated Entry Lead, and planning partner, will coordinate implementation, data analysis, and performance monitoring with providers and system partner

1B-5a	Confirmation of Plan Coverage.

Select 'Yes' or 'No' in the chart below to indicate whether your narrative in question 1B-5 addresses the following aspects of your plan to address a gap in the CoC's current homelessness system.	
1. Identifies the gap, using data or stakeholder feedback	Yes
2. The strategy to address the needs of all relevant subpopulations	Yes
3. Sets quantifiable performance measures	Yes
4. Identifies timelines for the completion of specific tasks	Yes
5. Identifies specific funding sources for planned activities	Yes

6. An individual or body responsible for overseeing implementation of specific strategies	Yes

1C. Coordination and Engagement

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants; and
- Frequently Asked Questions

1C-1.	**Treatment and Recovery Services—On-site Substance Use Treatment Availability.**	
	You must upload the List of TH/RRH/PSH Projects and Treatment Providers with On-Site Substance Use Treatment attachment to the 4A. Attachments Screen.	
	What percent of your TH/RRH/PSH projects have substance use treatment available on site?	5%

If you are a rural CoC, describe what substance use treatment is available in your CoC and how people you serve access those services.

(limit 2,500 characters)

N/A

1C-1a. Treatment and Recovery Services—Outpatient Treatment for Mental Health and Substance Use Disorders.

Describe how your CoC partners with, or has projects that provide, outpatient treatment for mental health and substance use disorders with a range of appropriate levels of care, psychosocial interventions, medication management, suicide prevention, and recovery supports.

(limit 2,500 characters)

Projects across the City of Lincoln and Lancaster County CoC (NE-502) collaborate with behavioral health providers, internal clinical teams, and specialized community organizations to ensure participants in Transitional Housing, Rapid Re Housing, and Permanent Supportive Housing access outpatient mental health and substance use disorder treatment. Out of 22 housing projects across the CoC, 14 projects directly provide or maintain formal partnerships to deliver outpatient clinical care. Case managers serve as care navigators, identifying participant needs during housing intake and integrating clinical recommendations into individualized housing stability plans.
CenterPointe anchors local clinical capacity across its 8 housing projects by delivering assessments, medication management, Intensive Outpatient Programs, outpatient mental health therapy, substance use counseling, and community support for co-occurring disorders.
This integrated care network is strengthened by cross agency partnerships throughout our CoC. Community Action Partnership of Lancaster and Saunders Counties maintains a formal Memorandum of Understanding with Lutheran Family Services to provide mental health and substance use treatment, group support, and Medication Assisted Treatment. Matt Talbot Kitchen and Outreach connects participants in its First HOPE Supportive Housing Program to targeted outpatient care, medication management, and psychiatric oversight through referrals to TASC, Lutheran Family Services, and CenterPointe's PIER program. CEDARS Youth and Family Services relies on referrals to CenterPointe, Northpoint, and Lutheran Family Services for specialized long term outpatient treatment. Region V Systems partners with a network of 16 specialized providers to support its Permanent Supportive Housing project with outpatient therapy, case management, Medication Assisted Treatment, and recovery supports.
Housing case managers facilitate clinical intake, assist with Medicaid navigation, and resolve transportation barriers. Medication management and psychiatric oversight are facilitated through CenterPointe, Region V network providers, and Lutheran Family Services. Crisis intervention, suicide prevention, and immediate stabilization are maintained through mobile crisis networks and emergency behavioral health teams. Long term recovery supports are delivered through CenterPointe and Lutheran Family Services to ensure permanent housing stability.

1C-1b. Treatment and Recovery Services—Peer Support and Recovery Navigation.

Describe how your CoC partners with, or has projects that provide access to, peer recovery specialists or other forms of peer support and recovery navigation.

(limit 2,500 characters)

A key anchor in Lincoln's peer support network is the Wellbeing Initiative, a community-run recovery organization. Many of our organizations, including HUB Central Access Hub, Family Service, Matt Talbot Kitchen & Outreach, and Region V Systems, maintain active referral pathways directly to the Wellbeing Initiative. Through this network, participants access peer-led recovery navigation, one-on-one peer mentoring, and wellness groups designed to reduce isolation and foster community connections.
CenterPointe embeds peer support specialists across all of its housing programs as a core component of its outpatient behavioral health and substance use programming, ensuring participants receive continuous peer support alongside clinical care.
Community Action Partnership of Lancaster and Saunders Counties leverages its formal Memorandum of Understanding with Lutheran Family Services to connect participants to Intensive Outpatient Programs that incorporate peer-led support groups. For specialized mental health and respite needs, Region V Systems partners directly with the Mental Health Association of Nebraska to provide peer-operated crisis respite and ongoing peer support, while utilizing the Wellbeing Initiative for broader recovery navigation. Similarly, Matt Talbot Kitchen & Outreach connects participants in its First HOPE program to peer services through both Lutheran Family Services and the Wellbeing Initiative, ensuring clients navigating substance use disorders receive ongoing peer-led recovery support.

1C-1c. Treatment and Recovery Services—Connecting Individuals Experiencing Serious Mental Illness with the Services Necessary to Promote Stability.

Describe how your CoC identifies individuals experiencing Serious Mental Illness and connects them with the services necessary to promote stability, such as Assertive Community Treatment teams and other models that combine intensive care coordination and assertive outreach with comprehensive treatment.

(limit 2,500 characters)

The Lincoln/Lancaster County CoC identifies individuals with serious mental illness (SMI) through street outreach, emergency shelters, Coordinated Entry (CE), crisis response, and housing case management. CenterPointe's PATH team proactively engages people living unsheltered, including those unlikely to seek care independently. CenterPointe, Matt Talbot Kitchen & Outreach, and other CE access points identify behavioral health concerns, assess immediate safety and housing needs, and facilitate clinical evaluation. Weekly All Doors Lead Home CE case conferencing helps providers identify people with complex needs and connect them to appropriate housing and services.
CenterPointe is a Certified Community Behavioral Health Clinic (CCBHC) providing integrated mental health, substance use, and physical healthcare. Its street outreach and 24/7 mobile crisis response services work with the Lincoln Police Department through the Alternate Response Program to engage people experiencing psychiatric crises, de-escalate situations, and connect individuals to care. Outreach staff facilitate psychiatric and outpatient referrals; CenterPointe's 2026-27 plan proposes expanded crisis therapist co-response, field assessments, telepsychiatry access, medication support, and follow-up for people unable to keep clinic appointments.
For individuals needing intensive, ongoing support, CenterPointe and Lutheran Family Services collaborate on Lincoln's Assertive Community Treatment (ACT) program. This partnership connects eligible individuals with community-based, multidisciplinary treatment and intensive care coordination to address persistent psychiatric symptoms and barriers to independent living. Others are linked to CenterPointe's outpatient psychiatry, counseling, integrated healthcare, and substance use treatment according to clinical need. Housing case managers assist with appointments, benefits, transportation, and care coordination, with appropriate consent and privacy protections.
The CoC links treatment to permanent housing, including PSH for eligible individuals with disabilities and chronic homelessness. Outreach and housing staff continue engagement after placement, address emerging crises, and reconnect participants to care when needed. This approach combines assertive outreach, clinical treatment, and sustained housing support to reduce repeated crises and promote stability.

1C-1d. Treatment and Recovery Services—Coordination with Providers in Connection with Drug or Other Specialty Courts.

Identify at least one partnership the CoC has with a provider or entity providing services in connection with Drug Courts and other specialty courts serving individuals with mental and substance use disorders, Assisted Outpatient Treatment (AOT) programs, and inpatient civil commitment.

(limit 500 characters)

Across the City of Lincoln and Lancaster County CoC (NE-502), key partnerships include: Region V Systems (Stepping Up Initiative for justice-involved individuals, civil commitment, AOT, and specialty courts); Problem-Solving Courts (Drug, Mental Health, Veterans Courts) and Civil Commitment/AOT via CenterPointe; Reentry, Probation, Diversion, and All Doors Lead Home Coordinated Entry via CEDARS Youth and Matt Talbot

Describe how your CoC coordinates with the provider or entity identified above to support housing stability and movement towards independence, including by leveraging court orders.

(limit 2,500 characters)

CoC projects maintain active referral pathways, formal contracts, and care-coordination mechanisms with Adult, Juvenile, Veterans, and Mental Health Specialty Courts, Assisted Outpatient Treatment (AOT) programs, inpatient and outpatient civil commitment processes, and probation or parole diversion initiatives. Rather than operating in isolation, housing case managers work in tandem with court officers, diversion coordinators, and supervision personnel to align court orders and legal requirements with individualized housing stability plans.

Systemic coordination occurs through specialized behavioral health entities and key housing providers across Lancaster County. Region V Systems leads the local Stepping Up Initiative, a structured cross-system framework designed to identify individuals with high justice-system involvement, divert them from incarceration, and connect them to community-based mental health treatment, AOT, civil commitment step-down, and supportive housing. CenterPointe serves as a critical clinical bridge for specialty courts, AOT programs, civil commitment processes, and court diversion, directly accepting referrals and delivering outpatient therapy, medication management, and intensive community support to court-involved participants.

To leverage court orders and support progress toward independence, housing providers maintain continuous communication to ensure participants fulfill court requirements while maintaining stable housing. Matt Talbot Kitchen & Outreach utilizes its clinical substance use team, which holds a formal contract for reentry and diversion programming, to connect First HOPE Permanent Supportive Housing participants to specialized outpatient treatment and legal compliance support. CEDARS Youth and Family Services operates as an All Doors Lead Home Coordinated Entry access point, coordinating directly with probation officers, diversion programs, and reentry partners to ensure youth and families transitioning out of the justice system receive immediate housing placement, crisis stabilization, and supportive services. Across all partner agencies, case managers assist court-involved clients with appointment scheduling, transportation, Medicaid enrollment, and behavioral health compliance, ensuring legal mandates are met and reinforcing long-term housing retention.

1C-1e. Treatment and Recovery Services—Partnership with Local Crisis System of Care.

Identify at least one partnership the CoC has with the local crisis system of care including 988 and crisis contact centers, mobile crisis and outreach services, and crisis stabilization services.

(limit 500 characters)

The Lincoln/Lancaster CoC partners with CenterPointe, a CCBHC and crisis provider, through its street outreach and LPD Alternate Response Program. CenterPointe operates a 24/7 crisis line, mobile crisis response activated through Nebraska's 988 call center at Boys Town, and walk-in crisis services. Its SquareOne program provides 24/7 youth and family crisis response and stabilization support. Outreach and crisis teams connect people experiencing homelessness to treatment, shelter, and Coordinate

1C-1f.	Treatment and Recovery Services—Availability of Units for Persons Reporting Chronic Substance Use.	
	You must upload the List of CoC Program Projects and the Number of Units that require Substance Abuse Treatment attachment to the 4A. Attachments Screen.	

Identify the number of CoC Program-funded units that require program participant engagement in substance abuse treatment services as a condition of continued participation in the program in accordance with 24 CFR 578.75.	0

1C-1g.	Treatment and Recovery Services—24/7 Access to Detox, Residential, or Inpatient Treatment.	

Is there 24/7 access to detox, residential, and inpatient behavioral health treatment within the geographic area of your CoC?	Yes

1C-1h. Treatment and Recovery Services—Formal Partnership with Behavioral and Mental Health Facilities.

Identify at least one formal partnership the CoC has with a Certified Community Behavioral Health Clinic (CCBHC), Community Mental Health Center (CMHC), SAMHSA Projects for Assistance in Transition from Homelessness (PATH) provider, Grants for the Benefit of Homeless Individuals (GBHI) provider, or a similar facility if none of the above are located in the geographic area.

(limit 500 characters)

The City of Lincoln/Lancaster County CoC maintains formal partnerships with Certified Community Behavioral Health Clinics (CCBHCs) and PATH providers to serve individuals experiencing homelessness. CenterPointe operates as an integrated CCBHC and SAMHSA PATH provider, delivering street outreach, crisis response, MAT, and outpatient behavioral health care.

1C-1i. Treatment and Recovery Services—Sober Housing Availability.

Identify at least one new or existing CoC Program-funded project that operates sober housing in accordance with 24 CFR 578.93(b)(5).

(limit 500 characters)

N/A

1C-1j. Treatment and Recovery Services—Warm Hand-Offs to Stable Housing Providers.

Describe how your CoC coordinates with the programs named in questions 1C-1a through 1C-1i to facilitate warm hand-offs to stable housing providers and prevent entry into homelessness.

(limit 2,500 characters)

Projects across the City of Lincoln and Lancaster County CoC (NE-502) actively coordinate with the specialized behavioral health facilities, CCBHCs, healthcare providers, and court-connected systems to execute structured warm hand-offs that prevent homelessness and secure long-term housing stability. Recognizing that referrals alone often fail vulnerable populations, CoC providers utilize interdisciplinary care teams, release of information protocols, co-located services, and evidence-based transition models to ensure seamless hand-offs into stable housing.

To bridge clinical treatment and housing stability, CenterPointe utilizes its interdisciplinary team meetings to directly coordinate warm hand-offs between its CCBHC outpatient mental health, MAT, and substance use programs and permanent housing providers. Similarly, Region V Systems operationalizes Critical Time Intervention (CTI)(four-phase evidence-based practice) to support justice-involved and high-need individuals during critical transitions from psychiatric care, civil commitment, or reentry into stable community-based housing. For justice-involved youth and individuals in court diversion, CEDARS and Central Plains Center for Services facilitate in-person warm hand-offs and joint intro meetings alongside probation officers and community providers to establish trust and maintain continuous care.

At emergency access and crisis points, providers eliminate entry barriers by co-locating services. Matt Talbot Kitchen & Outreach serves as an All Doors Lead Home Coordinated Entry access point and day center, hosting housing providers on site and facilitating warm, in-person hand-offs as guests transition from day services into permanent housing. To prevent housing loss caused by health or domestic crises, Friendship Home coordinates warm hand-offs with Bluestem Health, Lutheran Family Services, Clinic with a Heart, and Family Health Services, utilizing limited releases of information, joint appointments, and safety planning to address survivors' underlying medical and mental health needs. For young adults and families, HUB Central Access Hub uses expedited referral workflows, while Family Service and Community Action Partnership of Lancaster and Saunders Counties (CAPLS) conduct joint initial meetings and home-visit follow-ups alongside healthcare and LFS behavioral health partners to verify successful service connections, preventing tenancy failure and ensuring long-term independence.

1C-2.	Supportive Services Investment.	

	Number
1. Enter your CoC's FY 2026 Annual Renewal Demand (ARD).	$6,100,869
2. Of projects your CoC proposed to be funded in the FY 2026 CoC Program Competition, enter the total amount of funding for the supportive services budget line items.	$2,930,901
3. Percent of your CoC's FY 2026 ARD (from element 1 above) that is supportive services funding (from element 2 above).	48%
4. Enter the amount of funding, leverage, match, and funding commitment from other formal partnerships in supportive services for the projects included in your CoC's FY 2026 ARD.	$1,474,195
5. Percent of your CoC's FY 2026 ARD (from element 1 above) that is the supportive services funding in proposed projects (from element 2 above) plus the amount of funding, leverage, match, and funding commitment from other formal partnerships in supportive services (from element 4 above).	72%

1C-3.	Participation Requirements for Supportive Services.
	You must upload the Language from Project Supportive Service Agreements attachment to the 4A. Attachments Screen.

What percent of your housing projects (TH, PH-PSH, PH-RRH, and Joint projects) require program participants to take part in supportive services (e.g. case management, employment training, substance use disorder treatment) in line with 24 CFR 578.75(h)?	100.00%

1C-4. Consulting with ESG Recipients.

Describe how your CoC has and will continue to consult with ESG recipients in the planning and allocation of ESG funds.

(limit 2,500 characters)

The Lincoln/Lancaster CoC (NE-502) consults directly with the City of Lincoln Urban Development Department, the local ESG recipient and CoC Collaborative Applicant, and the Nebraska Department of Health and Human Services (DHHS), the state ESG recipient, through its Nebraska Homeless Assistance Program (NHAP). This coordination integrates ESG planning and allocation with the CoC's assessment of homelessness and housing needs throughout Lincoln and Lancaster County.
The CoC works with the City to identify service gaps, establish funding priorities, and coordinate ESG investments with CoC-funded projects and other community resources. The University of Nebraska-Lincoln Center on Children, Families, and the Law (CCFL), the CoC's HMIS and Coordinated Entry Lead, provides Point-in-Time (PIT), Housing Inventory Count (HIC), HMIS, and system performance data to inform planning and funding decisions. These data, together with Coordinated Entry information and feedback from homeless service providers, inform priorities for emergency shelter, street outreach, homelessness prevention, rapid rehousing, and supportive services. The CoC also contributes to the City's Consolidated Plan and Annual Action Plan to ensure that local homelessness needs and performance objectives are reflected in ESG funding decisions.
The City coordinates with NHAP to combine its ESG allocation with state Homeless Shelter Assistance Trust Fund (HSATF) matching resources through a competitive application process. The CoC's consultation helps align these investments with identified system needs and avoid duplication of services. The CoC and ESG recipients also coordinate in evaluating project performance, including housing placements, housing stability, returns to homelessness, and other applicable system performance measures. The CoC will continue providing data, assessing emerging needs, and consulting with both ESG recipients to inform future allocations and improve outcomes for individuals and families experiencing or at risk of homelessness.

1C-4a. Coordination with Emergency Shelter Providers.

Describe how your CoC coordinates with shelter providers to connect individuals and families with CoC assistance.

(limit 2,500 characters)

The Lincoln/Lancaster CoC coordinates with emergency shelter providers throughout Lincoln and Lancaster County through its All Doors Lead Home Coordinated Entry (CE) system, regular CoC meetings, provider communications, and weekly CE case conferencing. Emergency shelters serve as access points within the CoC's no-wrong-door system, connecting individuals and families experiencing homelessness with housing assistance and supportive services.

Shelter providers identify households needing housing assistance, conduct or facilitate standardized CE assessments, and refer eligible households to the CE By-Name List (BNL). The University of Nebraska-Lincoln Center on Children, Families, and the Law (CCFL), the CoC's HMIS and CE Lead, provides training, technical assistance, and coordination to ensure consistent assessment, prioritization, and referral practices. Weekly BNL case conferences allow participating shelter, outreach, and housing providers to review household needs, address barriers to housing, coordinate services, and facilitate referrals to available Rapid Rehousing (RRH), Permanent Supportive Housing (PSH), Transitional Housing (TH), and other housing resources.

The CoC also coordinates with victim service providers, including Friendship Home, to ensure survivors have confidential access to CE and housing assistance. Victim service providers may submit anonymous referrals, participate in confidential case consultations, and facilitate warm handoffs to housing programs while protecting survivor safety and confidentiality.

The CoC uses HMIS, CE, and shelter data to monitor homelessness, identify service gaps, and assess housing placement outcomes. CCFL works with the City of Lincoln, the local ESG recipient, and shelter providers to align ESG-funded shelter and RRH services with CoC housing resources. Ongoing provider coordination, case conferencing, and performance monitoring help identify households with significant service needs, reduce delays in housing placement, and strengthen transitions from emergency shelter to permanent housing.

1C-5. Data Sharing to Inform the Homelessness Response System.

Describe how your CoC has or will share PIT, HIC, HMIS, and System Performance data with state and local government as permitted by law in order to inform the homelessness response system.

(limit 2,500 characters)

The Lincoln/Lancaster CoC shares Point-in-Time (PIT), Housing Inventory Count (HIC), HMIS, and System Performance data with state and local government to inform homelessness prevention, housing assistance, resource allocation, and system improvement. The University of Nebraska-Lincoln Center on Children, Families, and the Law (CCFL), as the CoC's HMIS and Planning Lead, provides regular data reports and analyses to the City of Lincoln, the Nebraska Department of Health and Human Services (DHHS), CoC leadership, and other government partners.
CCFL maintains publicly accessible PIT, HIC, HMIS, and System Performance reports through its Community Services Reports & Data website (https://community-services.unl.edu/reports-data/). Interactive dashboards (https://community-services.unl.edu/reports-data/digital-dashboards-overview/) provide additional access to homelessness trends and system performance information. These resources allow government officials, service providers, and community stakeholders to examine homelessness, housing outcomes, system utilization, and emerging needs throughout Lincoln and Lancaster County.
The CoC provides HMIS data and performance analyses to support the City of Lincoln's ESG planning, Consolidated Plan, and Annual Action Plan. CCFL also coordinates with Nebraska DHHS, the state ESG recipient, to support ESG performance monitoring and statewide homelessness planning. PIT, HIC, and HMIS data help identify service gaps, assess shelter and housing capacity, evaluate program outcomes, and inform investments in homelessness prevention, emergency shelter, rapid rehousing, and permanent supportive housing.
The CoC uses HMIS and System Performance data to monitor first-time homelessness, length of time homeless, exits to permanent housing, returns to homelessness, employment income, and other outcomes. Through the Nebraska Management Information System partnership, CCFL also supports statewide analyses across Nebraska's three CoCs. Findings are shared with government partners and CoC stakeholders to evaluate the effectiveness of existing investments, establish performance priorities, and guide improvements to the homelessness response system.

1C-5a. Using Other Data Sources Alongside HMIS to Improve Care.

Describe how your CoC utilizes other data sources alongside HMIS to improve care (e.g., health care utilization and claims data, electronic health care record data; admission, discharge, and transfer data; and law enforcement and corrections system data).

(limit 2,500 characters)

The Lincoln/Lancaster CoC supplements HMIS with information from healthcare, Medicaid, public health, law enforcement, education, and other community systems to identify service gaps, coordinate care, and improve housing outcomes throughout Lincoln and Lancaster County. The University of Nebraska-Lincoln Center on Children, Families, and the Law (CCFL), as HMIS and Coordinated Entry (CE) Lead, facilitates these partnerships and integrates available information into system planning and service coordination.

The CoC partners with the Nebraska Department of Health and Human Services Medicaid and Long-Term Care Division to connect individuals experiencing homelessness with Medicaid managed care organizations. Under a formal data-sharing arrangement, participant-authorized HMIS contact and location information helps managed care organizations locate enrolled individuals, facilitate healthcare access, and coordinate medical and behavioral health services. The CoC also collaborates with local hospitals and healthcare providers to address discharge-related housing needs and connect individuals with appropriate housing and supportive services.

State and local public health data supplement HMIS shelter utilization and outreach information to identify emerging health concerns, coordinate responses to infectious disease outbreaks, and direct resources to affected facilities and populations.

The Lincoln Police Department and CenterPointe operate an Alternate Response Program addressing calls involving people experiencing homelessness. This partnership connects law enforcement and behavioral health responses with outreach and housing services. Information from outreach activities, encampment monitoring, and first responders helps identify individuals who may not otherwise access services and supports targeted engagement and CE referrals.

The CoC also coordinates with the Nebraska Department of Education, local schools, and child welfare partners to identify housing instability among children and youth, strengthen referrals, and support young people transitioning from foster care.

Together, these information sources supplement HMIS assessments, inform coordinated case planning, identify unmet service needs, and improve connections to housing, healthcare, treatment, and other community resources.

1C-6. Employment and Workforce Development Partnership.

Identify at least one partnership the CoC has with employment and workforce development programs and organizations such as the Local Workforce Development Board, State Workforce Agency, American Job Center (also known as One-Stop Career Centers), registered apprenticeship program, community and technical college, union training program, adult education provider, or State Vocational Rehabilitation agency.

(limit 2,500 characters)

The Lincoln CoC maintains employment and workforce development partnerships with the American Job Center of Lancaster and Saunders Counties through a formal memorandum of understanding, Nebraska Vocational Rehabilitation, Southeast Community College, and the EmployLNK workforce development network. These partnerships connect people experiencing homelessness and participants in CoC-funded housing with employment preparation, education, occupational training, job placement, and ongoing support to increase earned income.

Through the American Job Center and Nebraska Department of Labor workforce system, CoC providers refer participants for career counseling, job search and placement assistance, resume and interview preparation, employer connections, and workforce training. Nebraska Vocational Rehabilitation provides individualized assessment, employment planning, training, and job placement assistance for participants with disabilities. Southeast Community College offers adult education, postsecondary education, technical training, and pathways to credentials. EmployLNK brings workforce organizations and community partners together to strengthen referrals and connect job seekers with local employment opportunities.

CoC housing and service providers incorporate education, employment, and income goals into individualized case management. Community Action helps participants access the American Job Center and Southeast Community College while addressing barriers such as childcare, transportation, and benefits. CEDARS Youth Services provides job-readiness workshops and employment assistance and connects youth with Vocational Rehabilitation, Southeast Community College, and other workforce partners. YHDP providers likewise link young people to education, career development, and employment services as part of their housing stability plans.

The CoC also works with local employers and workforce partners through job fairs, employer engagement, and referrals. Providers support participants in obtaining identification, accessing training, managing barriers to employment, and maintaining housing as earnings increase. These partnerships connect employment and skills development directly to the CoC's housing stability and self-sufficiency objectives

1C-7. Street Outreach–Cooperation with First Responders and Law Enforcement.

Describe in the field below how your CoC's street outreach projects (including co-response) cooperate with first responders and law enforcement to increase positive interactions in order to increase housing and service engagement and promote use of CoC services.

(limit 2,500 characters)

The Lincoln/Lancaster CoC coordinates street outreach with the Lincoln Police Department (LPD), Lincoln Fire and Rescue, the Lancaster County Sheriff's Office, and other first responders to turn contacts with people experiencing homelessness into opportunities for engagement, crisis intervention, and housing assistance. The LPD-CenterPointe Alternate Response Program is central to this strategy. Trained CenterPointe outreach and behavioral health staff respond to referrals from law enforcement, engage individuals whose needs do not require a solely enforcement-based response, de-escalate crises, and connect them with shelter, treatment, healthcare, and All Doors Lead Home Coordinated Entry (CE).

CenterPointe's citywide PATH street outreach responds to police and EMS requests and makes repeated contact with people living unsheltered, particularly those with mental health or substance use needs. Its crisis response capacity enables field assessment, referral, transportation, and follow-up. CenterPointe reports that, since its initial NHAP award in 2022, alternate response staff have answered 1,082 requests from law enforcement and enrolled 168 people in CenterPointe outpatient services. UNL Police joined the partnership in 2024, and the Lancaster County Sheriff's Office also uses alternate response staff. CenterPointe trains officers and other first responders on the intersection of homelessness, mental illness, and substance use.

Other CoC outreach partners extend these connections. Matt Talbot Kitchen & Outreach coordinates referrals with LPD and responds to requests from the City, businesses, and residents to engage people downtown, under bridges, and at encampments. CEDARS receives law enforcement, juvenile justice, and School Resource Officer referrals and connects youth ages 13-24 to crisis services, shelter, and CE. Together, outreach providers offer food, basic needs, transportation assistance, housing assessments, and continued contact for people initially reluctant to engage. CEDARS also participates in the BraveBe T.R.A.C.E. (Team Response to Anti-Trafficking and Child Exploitation) initiative, partnering directly with first responders, child protection, and law enforcement to support youth experiencing or at risk of human trafficking, exploitation, or homelessness.

Weekly CE case conferencing and monthly Outreach and Encampment meetings bring service providers and public-safety partners together to share appropriate location and safety inform

1C-8. Family or Support Network Reunification.

Describe how your CoC, or your recipients, assist with family or support-network reunification efforts for individuals experiencing homelessness or living in CoC Program-funded housing (e.g., case management, travel costs, arrangement of assistance in another geographic area).

(limit 2,500 characters)

The Lincoln/Lancaster CoC uses voluntary, safety-focused reunification as a housing and stability option through street outreach, diversion, Coordinated Entry (CE), and housing case management. Staff help individuals identify relatives, trusted friends, mentors, or other natural supports; assess whether reconnecting is safe and sustainable; facilitate contact and problem-solving; and connect participants with housing or services when reunification is not appropriate.
Matt Talbot Kitchen & Outreach's diversion program provides short-term case management, advocacy, mediation with landlords, and limited one-time assistance, including bus tickets, to help households resolve housing crises. When participants identify a viable family or support-network option elsewhere, providers can help plan the transition and link them with local resources. All Doors Lead Home CE permits referrals across geographic boundaries, including to another CoC's CE system, when a participant wants to relocate for family or other established supports.
Youth-focused services provide additional reunification capacity. CEDARS Youth Services' street outreach serves ages 13-24 with trauma-informed engagement, crisis intervention, safety planning, case management, and assistance with reunification travel, including bus passes or gas vouchers. CEDARS coordinates with its emergency shelter and independent living programs and maintains follow-up contact to support a safe return to family or another stable living arrangement.
Lincoln's Youth Homelessness Demonstration Program (YHDP) places particular emphasis on permanent social connections. Youth-specific CE and the Youth By-Name List bring together housing providers and, when appropriate, foster care and juvenile justice case managers to identify housing and supportive relationships. YHDP providers work with young people to identify safe, enduring connections with family, kin, trusted adults, and mentors; document reunification and ongoing support; and arrange appropriate housing if returning home is unsafe. UNL-CCFL's Youth Homelessness System Improvement (YHSI) initiative reinforces this work through cross-system planning and Youth Action Board input on the relationships and supports young people consider safe and lasting.
Across populations, reunification is guided by participant choice and safety, not assumed to be the appropriate outcome for every person experiencing homelessness.

1C-9	**Partnering with Public Housing Agencies—Agreement to Enable Transition to HUD Assisted Housing.**		
	Does your CoC have an agreement with at least one public housing agency to enable participants to transition from Transitional Housing, Rapid Re-Housing, and Permanent Supportive Housing to HUD assisted housing?	Yes	

1C-10. Protecting Public Safety—Cooperation with Law Enforcement.

You must upload the Evidence of Coordination and Non-Interference with Local Efforts to Advance Protecting Public Safety attachment to the 4A. Attachments Screen.

Describe how your CoC cooperates and does not interfere with or impede local efforts to advance the objectives below, and assists first responders in providing services to homeless individuals.

(limit 2,500 characters)

The Lincoln/Lancaster CoC cooperates with the Lincoln Police Department (LPD), CenterPointe, first responders, street outreach providers, and local government to advance public safety while connecting people experiencing homelessness in Lincoln and Lancaster County with services. In attached letter, City of Lincoln Police Chief Michon Morrow confirms that the CoC supports LPD and does not interfere with local efforts to address encampments, public illicit drug use, or individuals who present a danger to themselves or others.
This partnership is operationalized in part through LPD and CenterPointe's Alternate Response Program, which responds to calls involving people experiencing homelessness and connects law enforcement, behavioral health, and homeless services. The CoC also coordinates through monthly Outreach and Encampment meetings involving law enforcement, transportation, public health, and other partners. First responders identify people needing assistance, refer them to street outreach or All Doors Lead Home Coordinated Entry (CE), and facilitate connections to shelter, treatment, and housing. Partners exchange appropriate location and safety information to direct outreach and coordinate responses. Weekly CE By-Name List case conferences support follow-up on referrals and help resolve barriers to housing.
The CoC's Encampment and Unsheltered Response Policy supports coordinated outreach and service engagement before or during local clearance activities when feasible. The 2026 PIT identified 19 encampments in NE-502, informing targeted outreach and coordination with local authorities. Outreach staff assess needs and arrange shelter, transportation, CE assessments, and housing referrals while supporting lawful public-safety operations. To address public illicit drug use, CoC partners coordinate with police, EMS, and behavioral health providers on emergency response, substance use treatment, recovery support, and housing engagement.
When an individual presents a danger to themselves or others, providers contact authorized first responders and crisis services, assist with de-escalation and referral, and support follow-up housing and treatment coordination. CoC staff do not undertake law-enforcement functions or impede lawful emergency protective custody. For SORNA-related responsibilities, the CoC will use official Nebraska registry information and coordinate legally permissible information-sharing and reporting with appropriate law-enforcement autho

1C-10a. Protecting Public Safety—Plan to Quickly Clear Tents and Encampments.

Identify local laws, policies, or other practices that help or hinder the CoC's ability to quickly clear tents and encampments on public property and connect individuals who are camping in public with appropriate services and provide a plan explaining how the CoC will leverage beneficial policies while overcoming the harmful effects of restrictive ones. If you cannot provide any mitigating steps, please explain why.

(limit 2,500 characters)

Nebraska law prohibits camping on state or county highways, roadside areas, and highway parks outside designated campsites (Neb. Rev. Stat. §39-312). Lincoln Municipal Code restricts park access after closing hours (§12.08.070) and requires streets, alleys, and sidewalks to remain clear of obstructions (§14.40.010). Alongside the CoC's Encampment and Unsheltered Response Policy and Lincoln's Alternate Response Program, these provisions support prompt action at unsafe encampments and connections to services.

The Lincoln CoC coordinates through monthly Outreach and Encampment meetings with law enforcement, street outreach, CenterPointe, behavioral health, public health, and transportation partners. When an encampment is identified, partners share appropriate location and safety information, assess immediate risks, and deploy outreach promptly. Staff engage residents, assess immediate needs, offer shelter and treatment referrals, complete or update All Doors Lead Home Coordinated Entry (CE) assessments, and arrange transportation and housing referrals. When authorities direct clearance, the CoC coordinates these services before or during the action when safe and feasible and does not impede lawful operations.

Limited shelter capacity, unavailable appropriate placements, and repeated displacement can delay assistance and interrupt engagement. The CoC mitigates these constraints through the LPD-CenterPointe Alternate Response Program, coordinated and repeated outreach, weekly CE By-Name List case conferencing, and cross-agency follow-up to maintain contact, identify shelter openings, and connect residents to services after clearance.

Lincoln's encampment data show a decline from 24 locations and 37 residents in 2024 to 19 locations and 31 residents in 2026, reductions of 20.8% and 16.2%, respectively. These figures document change in the observed encampment population, without establishing its cause. Encampments are generally small, dispersed, and episodic, requiring targeted outreach and follow-up. The CoC will continue tracking locations and residents, reviewing trends with LPD and providers, and adjusting outreach and referrals based on identified gaps.

1C-10b. Protecting Public Safety—Current Status of Tents and Encampments.

Describe the current status of tents and encampments in the CoC’s geographic area.

(limit 2,500 characters)

The 2026 PIT identified 19 encampment locations and 31 individuals residing in encampments within the Lincoln CoC. Encampments are generally small, dispersed, and episodic rather than large, sanctioned, or permanent sites. The average identified encampment included approximately 1.6 individuals, although several locations had multiple residents.
Encampments in Lincoln have declined over the past three PIT cycles. In 2024, the CoC identified 24 encampment locations and 37 individuals residing in them. In 2025, the totals declined to 23 locations and 35 individuals. In 2026, the totals declined again to 19 locations and 31 individuals. From 2024 to 2026, identified encampment locations decreased 20.8%, while the number of individuals residing in encampments decreased 16.2%.
The 2026 location data show that encampments remain geographically dispersed across Lincoln, with some recurring concentrations along major transportation, commercial, and creek or trail corridors. Several locations had more than one identified resident, including areas near Sun Valley Boulevard, Superior Street, North 27th Street, Cornhusker Highway, and downtown Lincoln. Most other identified locations involved only one individual, reinforcing the predominantly small and scattered nature of Lincoln’s unsheltered encampments.
Although the overall number of encampments has declined, the remaining locations continue to require coordinated outreach because individuals may relocate between sites or re-establish encampments after displacement. The CoC therefore continues to monitor known locations through street outreach, the monthly Outreach and Encampment meetings, the LPD-CenterPointe Alternate Response Program, Coordinated Entry, and communication with first responders and community partners. These mechanisms allow the CoC to identify emerging sites, engage residents, connect individuals to shelter and services, and coordinate with local authorities when public-safety concerns or clearance actions arise.

1C-10c. Protecting Public Safety—Plan to Decrease the Public Use of Illicit Drugs.

Identify local laws, policies, or other practices that help or hinder the CoC's ability to decrease the public use of illicit drugs and quickly connect individuals who are using illicit drug in public with appropriate services and/or law enforcement and provide a plan explaining how the CoC will leverage beneficial policies while overcoming the harmful effects of restrictive ones. If you cannot provide any mitigating steps, please explain why.

(limit 2,500 characters)

Neb. Rev. Stat. §28-416 prohibits unauthorized possession and distribution of controlled substances; §28-472 provides limited protections for people seeking emergency assistance during an overdose. Lincoln uses these laws alongside its police, EMS, public health, and behavioral health partnerships to address illicit drug use while connecting individuals to treatment. In her September 22, 2026 letter, LPD Chief Michon Morrow confirms the CoC supports, and does not interfere with, LPD's efforts to decrease public illicit drug use.
The Lincoln CoC coordinates with LPD, EMS, the Lincoln-Lancaster County Health Department, CenterPointe, substance-use treatment providers, and street outreach to respond rapidly to people using illicit drugs in public. For overdoses or immediate safety threats, staff summon emergency responders; appropriate nonemergency calls involving unsheltered individuals can be routed through LPD and CenterPointe's Alternate Response Program. Outreach staff offer naloxone access when appropriate, facilitate warm handoffs to withdrawal management, outpatient or residential treatment and recovery services, and connect individuals to shelter, transportation when available, and All Doors Lead Home Coordinated Entry.
Barriers include limited immediate treatment or shelter availability, transportation needs, difficulty maintaining contact after displacement, and incomplete information about drug use specifically occurring in public. The CoC will address these through monthly Outreach and Encampment coordination, repeated engagement, weekly Coordinated Entry case conferencing, direct treatment referrals, and follow-up after emergency responses. LPD retains responsibility for law enforcement; the CoC provides service connections and does not impede lawful operations.
Local data show the need for continued coordination: LPD documented 157 overdoses, including 39 deaths, in 2023, compared with 105 overdoses and 21 deaths in 2024. The 2026 PIT identified 19 encampment sites in NE-502, informing targeted outreach. Overdose totals cover Lincoln generally, not exclusively public spaces or people experiencing homelessness. The CoC will review incident information and service referrals with partners to refine outreach locations and assess connections to treatment and housing.

1C-10d. Protecting Public Safety—Current Status of Overdoses and Illicit Drug Use in Public Spaces.

Describe the current status of overdoses and illicit drug use in public spaces in the CoC’s geographic area.

(limit 2,500 characters)

Lincoln continues to experience overdoses and illicit drug activity, although available data show improvement in overdose outcomes. Lincoln Police Department (LPD) data reported 157 overdoses, including 39 deaths, in 2023. In 2024, total overdoses declined to 105, including 21 fatal overdoses. Compared with the 2021 peak of 224 overdoses and 45 deaths, 2024 represents declines of more than 53% in both total and fatal overdoses. The Lincoln-Lancaster County Health Department attributes part of the reduction in fatal fentanyl overdoses to increased awareness of and access to naloxone.
Illicit drug activity nevertheless remains an ongoing public-safety and behavioral-health concern. LPD crime statistics reported 1,066 narcotics offenses through June 7, 2026, compared with 1,149 during the same period in 2025, a 7% decrease. These police data are citywide and do not distinguish drug activity occurring specifically in public spaces or involving people experiencing homelessness. Accordingly, the CoC does not treat general narcotics or overdose data as a measure of drug use among the homeless population.
Street outreach, law enforcement, behavioral-health providers, and first responders continue to encounter substance use and overdose risk among people living unsheltered and in public locations. The 2026 PIT identified 19 encampment sites and 31 encampment residents in NE-502, locations where coordinated outreach helps identify behavioral-health and substance-use needs and connect individuals to treatment, recovery services, shelter, and Coordinated Entry. LPD also works with homeless-service providers and CenterPointe to connect individuals encountered during calls for service with appropriate services rather than relying solely on enforcement.
Lincoln Police Department Chief Michon Morrow confirms that the department works with CoC members to decrease public illicit drug use and through the LPD-CenterPointe Alternate Response Program to respond to calls involving people experiencing homelessness.

1C-10e. Protecting Public Safety—Standards to Address Danger to Self or Others.

Identify local laws, policies, or other practices that help or hinder the CoC's ability to utilize standards that address homeless individuals who are a danger to themselves or others (e.g., involuntary commitment) and provide a plan explaining how the CoC will leverage beneficial policies while overcoming the harmful effects of restrictive ones. If you cannot provide any mitigating steps, please explain why.

(limit 2,500 characters)

Nebraska law establishes standards for responding when an individual presents a danger to self or others. Neb. Rev. Stat. §71-919 authorizes law enforcement to place a person in Emergency Protective Custody (EPC) when there is probable cause to believe the person is mentally ill and dangerous and harm is likely before commitment proceedings can occur. Neb. Rev. Stat. §53-1,121 authorizes Civil Protective Custody for an intoxicated person who is dangerous to self or others or otherwise incapacitated. These laws are reinforced locally by Lincoln's 911-to-988 diversion, CenterPointe Mobile Crisis Response, and the LPD-CenterPointe Co-Responder Program.
The Lincoln CoC leverages these resources by requiring providers to treat immediate safety and behavioral health crises before routine Coordinated Entry or housing activity. CoC and outreach staff use de-escalation, contact 911 or crisis services when warranted, and coordinate with LPD, EMS, CenterPointe, hospitals, and behavioral health providers. Following stabilization, individuals are re-engaged through All Doors Lead Home Coordinated Entry and connected to treatment, shelter, supportive services, and permanent housing. CoC staff do not perform involuntary detention; they identify risk, make appropriate referrals, and support authorized responders and discharge planning.
Lincoln's principal constraints are limited psychiatric and crisis-stabilization capacity at times, transportation needs, and difficulty maintaining engagement with individuals whose illness or intoxication impairs decision-making. The CoC mitigates these barriers through 24/7 crisis access, mobile crisis response, co-response, repeated street outreach, weekly CE case conferencing, and coordinated follow-up after crisis encounters. CenterPointe provides mobile crisis response within Lincoln and 24/7 crisis access through the 988 system. Quantitative and qualitative data demonstrate active use of these standards. In 2025, LPD responded to approximately 4,553 mental-health calls and placed 249 individuals, or 5.5%, into EPC. During its first year, the Co-Responder Program assisted with more than 360 calls; most encounters were resolved safely in the community without hospitalization or involuntary placement. This allows Lincoln to reserve coercive intervention for circumstances meeting legal standards while connecting people to treatment and housing whenever a less restrictive response is appropriate.

1C-10f. Protecting Public Safety—Share Information in Accordance with SORNA.

Identify local laws, policies, or other practices that help or hinder the CoC's ability to comprehensively share information, including location information, in accordance with the Sex Offender Registry and Notification Act (SORNA) and provide a plan explaining how the CoC will leverage beneficial policies while overcoming the harmful effects of restrictive ones. If you cannot provide any mitigating steps, please explain why.

(limit 2,500 characters)

Nebraska's Sex Offender Registration Act (Neb. Rev. Stat. §§29-4001 et seq.) provides the framework for lawful registration and notification. Under §29-4004, registrants must report address or location changes to the county sheriff within prescribed three-working-day periods; those without a residence must update their registration at least every 30 days. The Nebraska State Patrol maintains a public registry searchable by name, county, city, ZIP code, and location. The Lancaster County Sheriff's Office receives required updates and transmits them to the State Patrol.
The Lincoln CoC coordinates with the Lincoln Police Department (LPD), first responders, and street outreach through its Outreach and Encampment meetings and the LPD-CenterPointe Alternate Response Program. In a September 22, 2026 letter, Chief Michon Morrow affirmed the CoC's cooperation with public-safety efforts and non-interference with LPD. The 2026 PIT identified 19 encampments and 31 residents in NE-502, illustrating the need for coordinated outreach to people whose locations may change; these figures do not identify registrants.
The CoC will use the official registry when a lawful placement-safety or coordination need arises, designate contacts with LPD and the Lancaster County Sheriff, and train shelter, outreach, and housing staff to access public registry information, document relevant checks, assist registrants in understanding location-reporting obligations, and refer suspected noncompliance to law enforcement. The CoC will not undertake enforcement or interfere with the sheriff's registration duties.
HMIS privacy rules, VAWA protections, victim-service confidentiality, and youth-record safeguards restrict disclosure of protected participant information. These requirements can complicate location-based coordination but do not prevent access to public registry records or legally authorized reporting. The CoC will distinguish public registry information from protected HMIS and service records, obtain consent when required, and coordinate directly with law enforcement when disclosure is legally permitted. It will track staff training, registry checks where appropriate, and referrals to assess implementation.

1C-11. Outreach Strategy.

Describe your CoC’s strategy to outreach to all individuals and families experiencing homelessness across your geographic area.

(limit 2,500 characters)

The Lincoln CoC uses a coordinated, no-wrong-door outreach network to reach individuals and families experiencing homelessness throughout the City of Lincoln and Lancaster County, including people living in encampments, vehicles, and other places not meant for habitation or otherwise disconnected from services. CenterPointe, Matt Talbot Kitchen & Outreach (MTKO), CEDARS Youth Services, VA homeless outreach, and the Lincoln Police Department (LPD)-CenterPointe Alternate Response Program are central partners. CenterPointe's PATH street outreach engages unsheltered people, including those with significant mental health and substance-use needs, and connects them to crisis care, treatment, shelter, and housing. MTKO combines mobile street outreach with a low-barrier day center where people can obtain meals, showers, laundry, mail, case management, and Coordinated Entry (CE) assessments. CEDARS conducts specialized street and drop-in outreach for youth ages 13–24, including young people disconnected from adult shelters or other systems. VA outreach identifies and engages veterans and connects them with veteran-specific housing, healthcare, and benefits. LPD's Alternate Response partnership with CenterPointe connects people identified through calls for service with behavioral health care, outreach, and homeless assistance.

Providers seek out people at known encampments, under bridges, in parking garages, downtown, and in other public locations; respond to referrals from residents, businesses, schools, hospitals, shelters, and first responders; and offer repeated engagement to people who initially decline assistance. Emergency shelters and victim service providers offer additional access points for families and survivors, including confidential referrals. Across Lancaster County, partner agencies and the CoC's referral network connect people outside established outreach routes with the appropriate teams and resources. All Doors Lead Home CE links outreach contacts to standardized assessment, the By-Name List, case conferencing, and referrals to shelter, treatment, supportive services, and housing. Weekly CE case reviews and monthly Outreach and Encampment meetings coordinate contacts, identify emerging locations and service gaps, and support follow-up until people are connected to appropriate assistance.

1C-12.	Collaboration Related to Children and Youth–Written Agreements with Early Childhood Services Providers.	

Select 'Yes' or 'No' in the chart below to indicate whether your CoC or HUD-funded projects in the CoC have written agreements with the listed providers of educational supports and services for children ages 0-5:

		Written Agreement
1.	Child Care (including Child Care and Development Fund)	Yes
2.	Early Childhood Providers	Yes
3.	Early Head Start	Yes
4.	Home Visiting Program (including Maternal, Infant and Early Childhood Home and Visiting or MIECHV)	Yes
5.	Head Start	Yes
6.	Healthy Start	Yes
7.	Public Pre-K	No

8.	Tribal Home Visiting Program	No
	Other (limit 150 characters)	
9.		

1C-12a.	Collaboration Related to Children and Youth–Formal Partnerships with Schools and Youth Education Providers.	

Select 'Yes' or 'No' in the chart below to indicate the youth education providers your CoC has a formal partnership with:

1.	McKinney-Vento Liaison(s) (including State Education Agency (SEA) or Local Education Agency (LEA))	Yes
2.	School District(s)	Yes
3.	General Education Development (GED) Program(s)	Yes
4.	Community College(s)	Yes
5.	Technical College(s)	No
6.	Other Post-Secondary Education Provider(s)	Yes

1C-12b.Collaboration Related to Children and Youth—Informing Individuals and Families who Become Homeless about Eligibility for Educational Services.

Describe your CoC's written policies and procedures to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,500 characters)

The Lincoln and Lancaster County CoC's Written Standards require all CoC and ESG providers to coordinate with local school districts to identify children and young adults eligible for educational services under the McKinney-Vento Homeless Assistance Act and ensure that eligible families and youth are informed of their educational rights.
Providers identify potentially eligible children and young adults based on their housing circumstances, including those residing in emergency shelters, transitional housing, motels, doubled-up situations, or other settings lacking a fixed, regular, and adequate nighttime residence. At program entry, providers inform eligible families and youth of their educational rights, both verbally and through informational materials provided by Nebraska's McKinney-Vento State Coordinator. Case managers revisit educational needs as appropriate.
Providers coordinate with Lincoln Public Schools and other local school district homeless liaisons to facilitate access to educational services and resolve enrollment or other access barriers. The CoC also works to ensure school district homeless liaisons understand the All Doors Lead Home Coordinated Entry process and can connect eligible families and youth with available housing and supportive services.
When arranging emergency, transitional, or permanent housing, providers consider children's educational needs, including proximity to their schools of origin and early childhood education programs, to minimize educational disruption.

1C-12c. Collaboration Related to Children and Youth—Coordination with Foster Care or Child Welfare Services.

Describe how your CoC coordinates with foster care or child welfare services to assist youth transitioning from public systems of care.

(limit 2,500 characters)

The Lincoln/Lancaster County CoC coordinates with Nebraska DHHS Child and Family Services (CFS), the Lincoln Housing Authority (LHA), and youth-serving providers to identify young people at risk of homelessness as they leave foster care and connect them with housing and ongoing supports. A CFS program specialist regularly participates in the CoC's weekly YHDP Coordinated Entry (CE) meetings, while CFS staff attend monthly CoC meetings to share resources and strengthen referrals for youth transitioning from care.
Through All Doors Lead Home, the CoC maintains a youth-specific CE process and Youth By-Name List that brings housing providers and child welfare partners together to assess needs, coordinate case management, and identify appropriate housing. The Youth Program and Prevention Coordinator works with CFS to determine what housing and transition resources remain available through foster care. Engagement can begin before discharge; CE housing referrals occur when the youth meets applicable eligibility requirements.
The CoC's Youth Homelessness System Improvement (YHSI) partnership has expanded its work with CFS and other youth-serving systems. YHSI incorporated CoC housing resources and CE referral procedures into child welfare worker training, improving staff awareness of when and how to connect youth to the homelessness response system. Cross-system coordination and Youth Action Board participation help identify gaps in discharge planning and strengthen connections to safe housing, family or other supportive adults, education, and employment.
The CoC also works with CFS and LHA to increase use of Foster Youth to Independence (FYI) vouchers. Partners have conducted information sessions to improve awareness and referrals. Under LHA's FYI procedures, CFS identifies and certifies eligible youth and arranges supportive services; the CoC integrates FYI referrals into CE and identifies other eligible housing resources; and LHA determines voucher eligibility and assists with lease-up. This creates a housing pathway for eligible youth before they experience homelessness, while YHDP housing and services remain available to youth who meet their program requirements. The CoC's 2024-25 HMIS analysis found that 34.7% of Lincoln youth ages 18-24 experiencing homelessness reported prior foster-care involvement, reinforcing the importance of early intervention.

1C-12d. Collaboration Related to Children and Youth—Coordination with Runaway and Homeless Youth (RHY)-funded Providers.

Describe how your CoC coordinates with RHY-funded providers including Street Outreach Programs, Basic Center Programs, Transitional Living Programs, and Maternity Group Homes where such providers exist.

(limit 2,500 characters)

The CoC coordinates with CEDARS Youth Services, Inc., a provider within the CoC's geographic area that oversees a RHY-funded Street Outreach Program, Prevention Demonstration Program, and Basic Center Program. CEDARS' Runaway and Homeless Youth Programming Director and the Director of Grant Management are CoC members, ensuring ongoing coordination between the RHY-funded provider and the CoC's homelessness response system.
As CoC members, they receive all communications distributed through the CoC full membership listserv. They also attend relevant CoC work groups/committees and monthly CoC membership meetings. These meetings bring together CoC leadership, technical assistance providers, agencies operating CoC-funded projects, organizations providing homelessness/housing services, and other key stakeholders to discuss and share program and agency updates, coordinate CoC homelessness response system planning and future endeavors, provide training presentations, offer peer support, and address questions or challenges impacting homelessness service delivery.
In addition to participation in the broader CoC membership, CoC leadership coordinates directly with CEDARSstaff as needed to address emerging issues, strengthen collaboration, and support youth experiencing or at risk of homelessness. CEDARS also coordinates directly with the CoC's YHDP leadership as needed to enhance youth-focused planning and service coordination. Through these multiple pathways to collaboration, the CoC ensures RHY-funded services are integrated into and aligned with the community-wide homelessness response system.

1C-13. Collaboration Related to Families with Children—TH or RRH Project Dedicated to Serving Families with Children.

Identify at least one Rapid Rehousing (RRH) or Transitional Housing (TH) project in the CoC that primarily or exclusively serves families with children experiencing homelessness in accordance with 24 CFR 578.93(b).

(limit 500 characters)

Community Action of Lancaster County's Supportive Housing Program provides Rapid Rehousing specifically for families experiencing homelessness. The program serves pregnant adults, parents with custody of their children, and parents with a reunification plan within six months. Families enter through the Lincoln CoC's All Doors Lead Home Coordinated Entry system and receive housing assistance and intensive in-home case management to obtain and sustain permanent housing.

1C-13a. Collaboration Related to Families with Children—Supportive Services to Improve Income to Pay Rent.

Describe how the project(s) identified in 1C-13 provides supportive services focused on improving incomes to pay rent, such as workforce development, job training, or registered apprenticeship programs.

(limit 2,500 characters)

Community Action Partnership of Lancaster and Saunders Counties Supportive Housing Program (SHP), identified in 1C-13, is a Rapid Rehousing project for families with children experiencing homelessness. Families enter through All Doors Lead Home Coordinated Entry and receive intensive in-home case management to address barriers to housing stability and build the income needed to assume rental costs when time-limited assistance ends.
Community Action's strengths-based case management uses Motivational Interviewing to help parents establish individualized goals for employment, education, financial stability, and housing retention. Family Advocates assess each household's skills, income, work history, and barriers to employment, and connect participants with job placement support through the American Job Center; education and training opportunities, including Southeast Community College; and literacy services through Lincoln Literacy. Case managers coordinate referrals to partner services and follow up as families work toward increased earned income.
Community Action also addresses barriers that prevent parents from working or completing training. Its Early Head Start and Head Start programs provide eligible families with early childhood education and childcare; case managers assist families in accessing childcare, health services, and mainstream benefits such as SNAP and WIC. Participants can access Community Action's Financial Well-Being services, including financial coaching, budgeting, and Free to Save, which offers eligible households matched savings for postsecondary education, transportation, homeownership, or small-business development.
Throughout participation, Family Advocates review household budgets and the ability to pay rent, help families manage changes in employment income and public benefits, and adjust housing assistance when available and allowable. Continued case management after move-in links employment and training goals to a practical plan for sustaining rent payments after RRH assistance ends.

1C-13b. Collaboration Related to Families with Children—Leveraging Funding from Mainstream Family Service Systems.

Describe how the project(s) identified in 1C-13 leverages funding from mainstream family service systems, such as Temporary Assistance for Needy Families (TANF).

(limit 2,500 characters)

Community Action Partnership of Lancaster and Saunders Counties (CAPLS) operates the Supportive Housing Program (SHP), the family-focused Rapid Rehousing project identified in 1C-13. SHP combines housing assistance with intensive case management and connections to mainstream family-service programs so that households can increase income, reduce essential expenses, and sustain rent payments after rental assistance ends.
CAPLS assesses household income, benefits, childcare, education, and employment needs and helps participants access services for which they are eligible. Its 2026–27 application documents assistance with SNAP and WIC applications and referrals to healthcare, childcare, education, and employment services. The Lincoln CoC's mainstream-benefits framework also includes Nebraska's Aid to Dependent Children (ADC), funded by Temporary Assistance for Needy Families (TANF), and Medicaid. CAPLS can use those established referral pathways to connect eligible SHP families with ADC cash assistance and, where applicable, TANF-funded Employment First services.
CAPLS directly operates federally funded Early Head Start and Head Start programs, providing eligible families with early childhood education and childcare at no cost. These services reduce childcare expenses and barriers to parents entering employment or training. Its Weatherization Assistance program can reduce household utility costs, while its Free to Save program provides eligible participants matched savings and financial education for expenses such as transportation and postsecondary education.
CAPLS also leverages Community Services Block Grant funding to supplement its separate NHAP-funded Emergency Services program, which provides housing-stability case management and connections to other resources. SHP Family Advocates coordinate access to these internal programs and external partners as appropriate, helping families combine time-limited rental assistance with benefits, childcare, employment services, and other funded supports needed for long-term housing stability.

1C-13c. Collaboration Related to Families with Children—Combining Housing Assistance with Parental Support.

Describe how the project(s) identified in 1C-13 combines housing assistance with childcare, parenting support, pregnancy-related and child healthcare, and education.

(limit 2,500 characters)

Community Action Partnership of Lancaster and Saunders Counties' Supportive Housing Program (SHP), identified in 1C-13, combines Rapid Rehousing assistance for families with children with intensive, strengths-based, in-home case management. SHP Family Advocates help families obtain permanent housing, provide individualized rental and move-in assistance, and develop housing stability plans that address childcare, parenting, healthcare, education, and employment needs. Services continue after move-in to help families maintain housing.
CAPLS can connect eligible SHP families directly to its federally funded Early Head Start and Head Start programs. Early Head Start serves expectant parents and families with children from birth to age three through home-based and center-based services, including prenatal support, infant and toddler education, nutrition, medical and dental services, and parent involvement in child development. Head Start provides preschool education and school-readiness, health, nutrition, and family support services for children ages three to five. Eligible families can access no-cost early childhood education and childcare, reducing barriers to employment, education, and housing stability. Parenting support is available through Early Head Start's home-based family education and socialization activities, Head Start family engagement, and CAPLS's Parent Place, which offers workshops, peer connection, and opportunities for parental involvement. Family Advocates can help expectant parents and families access these services, identify pregnancy-related and pediatric healthcare needs, and connect with appropriate healthcare providers and public benefits, including Medicaid, SNAP, and WIC.
For school-aged children, SHP case management supports connections to local school districts and McKinney-Vento educational resources. Parents can also be referred to literacy, postsecondary education, job-placement, and financial coaching opportunities, including Lincoln Literacy, Southeast Community College, the American Job Center, and CAPLS's Financial Well-Being programs. Integrating family support with rental assistance addresses the needs of both parents and children while helping families sustain permanent housing.

1C-14. Collaboration with Veteran Serving Organizations—Partnership with the U.S. Department of Veterans Affairs or Veteran Serving Organization.

Identify at least one partnership the CoC has with the Department of Veterans Affairs or other Veteran Serving Organizations.

(limit 500 characters)

The Lincoln CoC partners with VA Nebraska-Western Iowa Health Care and Supportive Services for Veteran Families (SSVF) providers through All Doors Lead Home Coordinated Entry. VA representatives participate in weekly meetings, while the dedicated Veterans By-Name List brings VA, SSVF, and CoC providers together to coordinate housing referrals and placements through HUD-VASH, SSVF, Grant and Per Diem, and other appropriate housing programs.

1C-14a	Collaboration with Veteran Serving Organizations.	
	Select 'Yes' or 'No' in the chart below to indicate whether the partnership(s) identified in 1C-14 does the following:	

1.	Refers veterans identified by the CoC to VA or other Veteran Serving Organizations for assistance?	Yes
2.	Coordinates the provision of emergency shelter, supportive services, and housing for veterans?	Yes
3.	Ensures access to a full spectrum of employment and career pathway opportunities?	Yes
4.	Shares data with the Department of Veterans Affairs as appropriate?	Yes
5.	Identifies service gaps for veterans?	Yes
6.	Fills service gaps for veterans?	Yes

1C-15. Collaboration with Organizations who Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.

Identify at least one partnership your CoC has with victim service providers, state domestic violence coalitions, state sexual assault coalitions, anti-trafficking service providers or other organizations who help provide shelter, housing, and services to individuals and families of persons experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, and stalking.

(limit 500 characters)

The Lincoln CoC partners with Friendship Home, an active CoC member and CoC-funded victim service provider, and the Nebraska Coalition to End Domestic and Sexual Violence. The Lincoln Police Department's Special Victims Unit also participates in CoC Youth Homelessness System Improvement efforts. These partnerships strengthen access to shelter, housing, and services for survivors of domestic violence, dating violence, sexual assault, stalking, and trafficking.

1C-16. Collaboration with Justice System Re-entry Partners.

Identify at least one partnership your CoC has to prevent homelessness among people transitioning from prisons, jails, or court-ordered programs.

(limit 500 characters)

The Lincoln CoC partners with RISE to prevent homelessness among individuals returning from Nebraska prisons. RISE provides pre-release planning, housing navigation, employment assistance, and post-release case management. Through All Doors Lead Home Coordinated Entry, individuals at risk of homelessness can access housing assessments, referrals, and supportive services to promote housing stability during reentry.

1C-17. Collaboration with Partners to Address High Utilizers of Healthcare Systems.

Identify at least one partnership or project your CoC has to provide specialized supportive services for homeless individuals with a high level of medical needs.

(limit 500 characters)

The Lincoln CoC partners with CenterPointe, a Certified Community Behavioral Health Clinic, to serve homeless individuals with complex medical and behavioral health needs. CenterPointe integrates primary care, mental health and substance-use treatment, street outreach, case management, and supportive housing. The CoC also collaborates with local hospitals and Medicaid managed care organizations to coordinate healthcare, housing, and services for individuals with substantial medical needs.

1C-18. Collaboration with Partners to Address the Needs of Aging and Elderly Individuals Experiencing Homelessness.

Identify at least one partnership or project your CoC has to serve aging and elderly individuals experiencing homelessness, such as with a provider of residential care, assisted living, or medical respite services.

(limit 500 characters)

The NE502 CoC's Matt Talbot Kitchen & Outreach partners with the City of Lincoln's Aging Partners to assist older adults experiencing or at risk of homelessness. Matt Talbot provides outreach, diversion, housing assessments, and Coordinated Entry referrals. Aging Partners offers specialized care management for adults age 60+, benefits counseling, Medicaid waiver assistance, and connections to senior housing and in-home services.

1C-19. Permanent Supportive Housing for Chronically Homeless Individuals and Families—Project that Prioritizes Individuals Experiencing Chronic Homelessness.

Identify at least one Rapid Rehousing (RRH) or Permanent Supportive Housing (PSH) project that prioritizes individuals experiencing chronic homelessness.

(limit 500 characters)

The Jay, operated by CenterPointe, is a 24-unit permanent supportive housing project developed with the City of Lincoln and Lincoln Housing Authority. All 24 beds are dedicated to individuals experiencing chronic homelessness. Residents are referred through the Lincoln CoC's All Doors Lead Home Coordinated Entry system. The project combines project-based rental assistance with on-site case management and connections to healthcare and behavioral health services.

1C-19a. Permanent Supportive Housing for Chronically Homeless Individuals and Families—On-site Behavioral Healthcare.

Describe how the project(s) identified in 1C-19 provides on-site behavioral healthcare.

(limit 2,500 characters)

The Jay is CenterPointe's 24-unit permanent supportive housing project for people experiencing chronic homelessness with a disabling condition. It provides on-site behavioral health support groups and care management seven days per week, complemented by community-based behavioral health services and access to clinical care.
CenterPointe offers behavioral health support groups on-site at The Jay. Care managers work individually with tenants on behavioral health and housing goals, case management needs, and daily living activities using the DLA-20 framework. Their consistent presence helps identify emerging needs, sustain treatment engagement, provide side-by-side skill building, and address concerns that could jeopardize housing stability.
CenterPointe's Community Support and Peer Support services can also be delivered where tenants live. These services address recovery and behavioral health goals, symptom management, independent living skills, resource connections, and community integration. Tenants have access to CenterPointe's broader continuum of mental health and substance use treatment, psychiatric services, medication management, and other supports. When additional clinical care is needed, care managers connect tenants with therapy and medication management through CenterPointe's Campus for Health and WellBeing. When clinically appropriate, tenants can access these services via telehealth from The Jay, reducing transportation barriers. Genoa Pharmacy is available at the Campus, with optional pharmacy services and assistive medication packaging at no additional cost.
For necessary in-person care, care managers coordinate appointments and provide transportation when available. They also help tenants obtain CenterPointe-funded low-income bus passes to increase independent transportation. Together, on-site groups and care management, home-based community and peer support, telehealth, and coordinated clinical referrals help tenants remain engaged in behavioral healthcare while maintaining permanent housing.

1C-19b. Permanent Supportive Housing for Chronically Homeless Individuals and Families—Assesses Need for Higher Level of Care.

Describe how the project(s) identified in 1C-19 has a policy for assessing program participant need for higher level of care (i.e., assisted living, residential treatment).

(limit 2,500 characters)

CenterPointe's policy and practice require ongoing assessment of individual needs throughout enrollment in its Rapid Rehousing (RRH) and Permanent Supportive Housing (PSH) programs, including The Jay. The Jay is a 24-unit PSH project serving individuals experiencing chronic homelessness with a disabling condition.

Assessment begins at program entry and continues throughout an individual's time in the housing program. Housing and care management staff monitor behavioral health, substance use, physical health, daily functioning, safety, housing stability, and ability to live independently. CenterPointe housing staff also conduct bi-weekly case reviews to discuss individuals in housing programs, assess changing needs and barriers, and identify when additional services or a different level of care may be appropriate.

CenterPointe further utilizes its CarePointe interdisciplinary case review model across programs. CarePointe requires person-centered, strength-based, and trauma-informed review of an individual's progress, goals, needs, health, and well-being. Individual cases can be staffed through daily CarePointe meetings for interdisciplinary consultation. At The Jay, tenants also receive a monthly CarePointe review with a clinician to assess goals, current needs, and whether the existing level of care remains appropriate.

CarePointe assessments specifically consider symptoms, progress, barriers, and the plan for addressing identified needs. Assessment findings are used to determine whether current services remain appropriate or whether the frequency, intensity, or setting of care should change. The process includes collaboration with primary care and psychiatric providers when appropriate.

When assessment indicates that an individual's needs exceed what can appropriately be supported within RRH or PSH, CenterPointe coordinates assessment and connection to a higher level of care. Depending on individual need, this may include more intensive behavioral health or substance use treatment, residential treatment, medical care, assisted living, or another appropriate setting. Staff coordinate transitions while working to preserve housing stability and prevent a return to homelessness.

1C-19c. Permanent Supportive Housing for Chronically Homeless Individuals and Families—Assesses Readiness for Moving On.

Describe how the project(s) identified in 1C-19 has a policy for assessing program participant readiness for moving on to unsubsidized or other permanent housing.

(limit 2,500 characters)

CenterPointe has an established process for ongoing, individualized assessment of readiness to transition from its RRH and PSH programs, including The Jay, to unsubsidized housing or another permanent housing option. The Jay serves individuals experiencing chronic homelessness with a disabling condition.

Moving on from PSH is voluntary and is not a condition of continued housing. Tenants are not required to demonstrate sobriety, treatment compliance, income, or other predetermined milestones to retain housing. Instead, CenterPointe assesses opportunities to move on based on the individual's goals, preferences, strengths, needs, and ability to sustain another permanent housing option.

Housing and care management staff assess factors including housing stability, income and benefits, ability to meet rental obligations, Daily Living Activities and independent living skills, behavioral and physical health needs, available supports, and the availability of a sustainable permanent housing option. Care managers work closely with individuals that are willing to engage in side-by-side skill building in areas of deficiency. Housing staff conduct bi-weekly case reviews to evaluate each individual's progress, barriers, housing goals, and opportunities for greater independence. CenterPointe's CarePointe interdisciplinary process provides an additional person-centered, strength-based review of individual progress, goals, and needs.

When an individual and their care team identify that moving on may be appropriate, staff work collaboratively with the individual to develop a sustainable housing plan. Options may include unsubsidized rental housing, a Housing Choice Voucher or other long-term rental assistance, or another permanent housing setting. Staff provide housing navigation and work to resolve financial, transportation, behavioral health, or other barriers that could jeopardize a successful transition. Individuals are encouraged to remain engaged with outpatient care management, medication management, and other means of support provided in the community through CenterPointe or other agency of choice.

This process supports appropriate movement through the CoC housing system while prioritizing individual choice, sustainable permanent housing, and prevention of a return to homelessness.

1D. Project Capacity, Review, and Ranking–Local Competition

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- Frequently Asked Questions

1D-1.	**Project Review and Ranking Process Your CoC Used in Its Local Competition. We use the response to this question along with the required attachment as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below.**	

You must upload the Local Competition Scoring Tool attachment to the 4A. Attachments Screen.
Select 'Yes' or 'No' in the chart below to indicate how your CoC reviewed, rated, and ranked project applications during your local competition:

1.	**Established total points available for each project application type.**	Yes
2.	**At least 50 percent of the total available points were based on objective criteria to review, rate, and rank project applications.**	Yes
3.	**At least 25 percent of the total available points were based on system performance measures to review, select and rate project applications.**	Yes
4.	**Considered returns to homelessness in reviewing, rating, and ranking housing projects (TH, PH-PSH, PH-RRH).**	Yes
5.	**Considered employment income in reviewing, rating, and ranking housing projects (TH, PH-PSH, PH-RRH).**	Yes
6.	**Considered supportive service participation requirements in reviewing, rating, and ranking housing projects (TH, PH-PSH, PH-RRH).**	Yes

1D-2.	**New Proposals.**	
	Does your CoC invite new proposals from entities that have not previously received funding, if such eligible entities exist?	Yes

1D-2a.	**Web Posting of CoC-Approved Consolidated Application Before the CoC Program Competition Application Submission Deadline.**	

	Enter the date your CoC posted all parts of the CoC-approved Consolidated Application on the CoC's website or partner's website–which included: 1. the CoC Application, and 2. Project Priority Listings.	09/29/2026

1D-2b.	Notification to Community Members and Key Stakeholders by Email that the CoC-Approved Consolidated Application is Posted on the Website.	

	Enter the date your CoC notified community members and key stakeholders that the CoC-approved Consolidated Application was posted on your CoC's website or partner's website.	09/29/2026

1D-2c.	Local Competition Selection Results for All Projects.	
	You must upload the Local Competition Selection Results attachment to the 4A. Attachments Screen.	

	Does your attachment include: 1. Project Names, 2. Project Scores, 3. Project Rank, 4. Project Status–Accepted, Rejected, Reduced Reallocated, Fully Reallocated, 5. Amount Requested from HUD, and 6. Reallocated Funds +/-.	Yes

1D-2d.	Projects Rejected/Reduced–Notification Outside of e-snaps.	

1.	Did your CoC reject or reduce any project application(s) submitted for funding during its local competition?	Yes
2.	If you selected 'Yes' for element 1 of this question, enter the date your CoC notified applicants that their project applications were being rejected or reduced, in writing, outside of e-snaps.	09/23/2026
3.	Did your CoC inform applicants why your CoC rejected or reduced their project application(s) submitted for funding during its local competition?	Yes

1D-2e.	Projects Accepted–Notification Outside of e-snaps.	

	Enter the date your CoC notified project applicants that their project applications were accepted and ranked on the New and Renewal Priority Listings in writing, outside of e-snaps.	09/23/2026

1D-3.	Reallocation–Reviewing Performance of Existing Projects.	

	Describe:
1.	your CoC's reallocation process to reallocate from lower performing projects to create new high performing projects, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed,
2.	whether your CoC identified any low performing or less needed projects through the process described in element 1 of this question during your CoC's local competition this year,
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

1. The Lincoln CoC actively reviews all eligible renewal projects through its annual renewal evaluation and local competition. The review uses objective and system-performance measures, including utilization, exits to permanent housing, housing retention, returns to homelessness, income/employment outcomes, data quality, grant expenditure/drawdown, cost effectiveness, and compliance with CoC and HUD requirements. The CoC also evaluates whether each project type remains responsive to current system needs. Projects that fall below established performance expectations, demonstrate persistent deficiencies, or are determined to be a lower priority may be required to complete a performance improvement plan, reduced, reallocated, or transitioned to a different component. Reallocated funds are used to create projects that better address current needs and HUD/CoC priorities.
2. Yes. During the FY2026 local competition, the CoC identified several lower-performing Permanent Supportive Housing projects as candidates for reallocation based on the renewal evaluation and current system priorities.
3. Yes. The CoC used HUD's transition grant process to reallocate funding from several lower-performing PSH projects and transition those projects to Transitional Housing. Under HUD's FY2026 transition process, the affected renewal funding is reallocated and new TH project applications are submitted for the transitioned component. This allowed the CoC to retain provider capacity while redesigning lower-performing projects around a component more aligned with FY2026 priorities and identified local needs. In addition, CEDARS Youth Services voluntarily surrendered its Lincoln renewal funding, making those funds available for reallocation through the local competition.
4. The CoC did not reallocate every lower-performing project. Where performance concerns could reasonably be corrected without eliminating the project, the CoC used its established improvement process and considered the project's population, service role, current need, and likelihood of improved performa

1D-3a.	**Reallocation Between FY 2021 and FY 2026.**	

	Did your CoC cumulatively reallocate at least 20 percent of its ARD between FY 2021 and FY 2026?	Yes

2A. Homeless Management Information System (HMIS) and System Performance

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants; and
- Frequently Asked Questions

2A-1.	HMIS Vendor.	
	Not Scored–For Information Only	

	Enter the name of the HMIS Vendor your CoC is currently using.(limit 75 characters)	BitFocus Clarity

2A-2.	HMIS Implementation Coverage Area.	
	Not Scored–For Information Only	

	Select from dropdown menu your CoC's HMIS coverage area.	Multiple CoCs

2A-3.	PIT Count–Methodology Change.	

	Describe:
1.	any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2025 and 2026, if applicable, and
2.	how the changes affected your CoC's PIT count results.

(limit 2,500 characters)

1. Not applicable. NE-502 made no material changes to its unsheltered PIT count methodology or data-quality implementation between the 2025 and 2026 PIT counts. The CoC continued to use its established approach for identifying and canvassing known locations, coordinating outreach and provider participation, engaging community partners, and collecting and reviewing unsheltered PIT data across Lincoln/Lancaster County.

2. Because there were no methodology or implementation changes, there was no methodology-related effect on the 2026 PIT count results.

2A-4. Reduce Encampments—Actions to Reduce Encampments.

Describe in the field below the actions your CoC took to reduce the number of encampments or the number of people residing in encampments during your evaluation period.

(limit 2,500 characters)

NE-502 addressed encampments through a coordinated Citywide response that combines street outreach, housing and service connection, public safety, public health, and management of public property. During the evaluation period, the City of Lincoln strengthened an interdepartmental encampment task force that includes law enforcement, Lincoln Transportation and Utilities, Parks and Recreation, the Lincoln-Lancaster County Health Department, City of Lincoln Urban Development, street outreach providers, and the Continuum of Care. The task force established more formalized processes for identifying encampments, sharing information across responsible departments, assessing health and safety concerns, coordinating outreach before and during City action, determining departmental responsibilities, and connecting people residing in encampments with appropriate shelter, housing, behavioral health, and other services. This structure allows public-property, sanitation, transportation, utility, health, and public-safety concerns to be addressed through a coordinated response rather than through isolated departmental action.
Street outreach is integrated into this process so that persons residing in encampments are engaged directly, assessed for immediate needs, connected to Coordinated Entry, and offered referrals and warm handoffs to emergency shelter, housing programs, behavioral health and substance use treatment, mainstream benefits, and other community resources. Outreach staff maintain engagement when individuals are not initially ready or able to accept available housing or services.
The CoC and City also use HMIS, outreach information, and identified encampment locations to monitor changes in unsheltered homelessness and inform deployment of outreach and other resources. During the selected evaluation period, identified encampment locations declined from 24 to 23 and the number of persons residing in encampments declined from 37 to 35. More recent 2026 data show continued improvement, with 19 identified encampment locations and 31 persons residing in encampments

2A-4a.	Reduce Encampments—Number of Encampments.	

1. Enter the estimated number of encampments in the beginning of your evaluation period.	24
2. Enter the reduction in the number of encampments during your evaluation period.	1

2A-4b.	Reduce Encampments—Number of People in Encampments.	

1. Enter the estimated number of people in encampments in the beginning of your evaluation period.	37
2. Enter the reduction in the number of people in encampments during your evaluation period.	2

2A-4c.	Reduce Encampments—Plans to Reduce Encampments.

If there has been no reduction in encampments or persons in encampments in your CoC, describe the plans your CoC has to participate in efforts to reduce these numbers.

(limit 2,500 characters)

Not Applicable. NE-502 demonstrated reductions during the selected evaluation period in both identified encampment locations, from 24 to 23, and persons residing in encampments, from 37 to 35. More recent 2026 data show that this downward trend continued, with 19 identified encampment locations and 31 persons residing in encampments.

2A-5. Reducing the Number of First Time Homeless–CoC's Plan.

Describe your CoC's plan to decrease the number of individuals and families becoming homeless for the first time.

(limit 2,500 characters)

The CoC has identified first-time homelessness as a major system challenge in NE-502. Of 2,196 persons entering ES, SH, TH, or PH, 1,550, or 70.6%, had no enrollment in those project types during the previous 24 months and were experiencing homelessness for the first time. NE-502 is responding by substantially expanding homelessness prevention as a system-level intervention rather than waiting until households enter shelter or unsheltered homelessness.

Beginning in 2027, the CoC will implement Right at Home (RAH), a research-supported homelessness prevention initiative integrated with the Coordinated Entry system. Approximately $1.75 million in private RAH funding will support prevention services in the Lincoln CoC, supplemented by an additional $200,000 committed through the Lincoln/Lancaster County Joint Budget Committee, creating approximately $1.95 million in new resources targeted specifically toward preventing homelessness.

RAH will use common eligibility and risk-assessment processes, centralized prioritization, flexible financial assistance, and individualized services to direct limited prevention resources toward households at greatest risk of becoming homeless. The model is designed around homelessness-prevention research showing that assistance is most effective when resources are targeted to households with the greatest likelihood of entering homelessness rather than distributed solely on a first-come, first-served basis.

The CoC will integrate RAH with existing local prevention resources, mainstream benefits, behavioral health services, employment supports, utility and rental assistance, and other community resources. This will create a more coordinated prevention pathway through which households experiencing severe housing instability can be identified earlier and connected rapidly to the assistance most likely to stabilize their housing.

RAH will include rigorous evaluation and continuous improvement. NE-502 will monitor households served, timeliness of assistance, subsequent entry into shelter or unsheltered homelessness, housing stability, and annual SPM Metric 5.2 performance. The central objective is to reduce both the number and proportion of Lincoln households whose first contact with the homelessness response system occurs only after they have already become homeless.

2A-6. Reducing Length of Time Homeless–CoC's Plan.

Describe your CoC's plan to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

NE-502 will reduce length of time homeless by improving the speed with which individuals and families move from outreach and shelter through Coordinated Entry to appropriate permanent housing. FY2025 System Performance Measure 1.2 provides a baseline of 85.6 average days and 46 median days homeless for persons in ES, SH, and TH.
The CoC will use its Coordinated Entry system and regular By-Name List case conferencing to identify households experiencing extended periods of homelessness, resolve barriers delaying referrals or housing placement, and match households to available RRH, PSH, TH, Housing Choice Voucher, and other permanent housing resources according to need. UNL-CCFL, as Coordinated Entry and HMIS Lead, will use HMIS data to monitor length of time homeless, time from referral to program entry, and delays between housing referral and placement so that system bottlenecks can be identified and addressed.
NE-502 will strengthen housing navigation and landlord engagement to increase the number of units available to households receiving rental assistance and reduce the time required to locate and lease housing. The CoC will continue coordination with the Lincoln Housing Authority and other housing partners to expand access to vouchers and other subsidized housing and to move households who no longer require intensive supportive housing to less intensive housing, freeing PSH capacity for people with the greatest needs.
The CoC is also increasing permanent housing capacity and improving connections to behavioral health, substance use treatment, crisis services, employment, benefits, and other supports that can resolve barriers delaying successful housing placement. Street outreach and the Citywide encampment response will connect unsheltered individuals to Coordinated Entry earlier, reducing the time people remain outside the housing system.
The CoC will review SPM Metric 1.2 and project- and system-level HMIS data throughout the year, identify projects or process points associated with extended stays, and use technical assistance, case conferencing, and system changes to shorten the time between identification, referral, and permanent housing placement.

2A-7.	Successful Permanent Housing Placement–Exits to Unsubsidized Housing.	

Based on HMIS data, what percent of program participants exited from TH/RRH/PSH collectively to unsubsidized housing?	49.80%

Describe how you calculated the data for this response.

(limit 2,500 characters)

NE-502 calculated this measure using HMIS data for the 12-month period October 1, 2024 through September 30, 2025. The universe included all program participants who exited Transitional Housing, Rapid Re-Housing, or Permanent Supportive Housing projects in NE-502 during the reporting period. The numerator included participants whose HMIS Data Element 3.12 Exit Destination was one of the four unsubsidized permanent housing destinations specified by HUD: (1) staying or living with family, permanent tenure; (2) staying or living with friends, permanent tenure; (3) rental by client, no ongoing housing subsidy; or (4) owned by client, no ongoing housing subsidy.
The number of participants exiting TH/RRH/PSH to these four destinations was divided by the total number of participants exiting TH/RRH/PSH during the same reporting period. This calculation resulted in 49.8% of NE-502 program participant exits being to unsubsidized permanent housing.

2A-8.	Housing Inventory Count (HIC) and Point-in-Time (PIT) Count Date.	

	Enter the date your CoC conducted its 2026 Housing Inventory Count (HIC) and Point-in-Time (PIT) count.	01/27/2026

2A-8a.	HIC and PIT Count Data–HDX 2.0 Submission Date.	

	Did your CoC submit its 2026 Housing Inventory Count (HIC) and Point-in-Time (PIT) count data in HDX 2.0 by April 30, 2026, 8:00 p.m. EDT?	Yes

2A-8b.	Longitudinal System Analysis (LSA) Data–HDX 2.0 Submission Date.	
	You must upload your CoC's FY 2026 HDX Competition Report to the 4A. Attachments Screen.	

	Did your CoC submit at least two usable LSA data files to HUD in HDX 2.0 by January 16, 2026, 11:59 p.m. EST?	Yes

2A-8c.	System Performance Measures (SPM) Data–HDX 2.0 Submission Date.	

	Did your CoC submit its FY 2025 System Performance Measures data in HDX 2.0 by March 4, 2026, 8:00 p.m. EDT?	Yes

2A-9.	HMIS and Comparable Database Participation—Bed Coverage Rate.	

Using the FY 2026 HDX Competition Report we issued your CoC, enter data in the chart below by project type:

Project Type	Adjusted Total Year-Round, Current Non-VSP Beds	Adjusted Total Year-Round, Current VSP Beds	Total Year-Round, Current, HMIS Beds and VSP Beds in an HMIS Comparable Database	HMIS and Comparable Database Coverage Rate
1. Emergency Shelter (ES) beds	275	275	91	100.00%
2. Safe Haven (SH) beds	0	0	0	0.00%
3. Transitional Housing (TH) beds	33	33	76	100.00%
4. Rapid Re-Housing (RRH) beds	359	359	75	100.00%
5. Permanent Supportive Housing (PSH) beds	323	323	0	100.00%
6. Other Permanent Housing (OPH) beds	221	221	0	100.00%

2A-9a.	Partial Credit for Bed Coverage Rates of 84.99 Percent or Lower for Any Project Type in Question 2A-9.	

	For each project type with a bed coverage rate that is 84.99 percent or lower in question 2A-9, describe:
1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type, and
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.

(limit 2,500 characters)

N/A

3A. Policy Initiatives

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- Frequently Asked Questions

3A-1.	**Supporting Activities within an Opportunity Zone.**	
	You must upload the HUD-2996 Certification for Opportunity Zone Preference Points attachment to the 4A. Attachments Screen.	

1.	**Will the proposed activities/projects occur within Opportunity Zone Census Tracts?**	Yes
2.	**Do you expect to use at least 50% of the proposed activities/projects in Opportunity Zones Census Tracts?**	Yes

3A-2	**Serving Persons Experiencing Homelessness as Defined by Other Federal Statutes.**

Is your CoC requesting to designate one or more of its SSO, TH, or Joint TH and PH-RRH component projects to serve families with children or youth experiencing homelessness as defined by other Federal statutes?	No

4A. Attachments Screen For All Application Questions

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants; and
- Frequently Asked Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

1.	You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete.
2.	You must upload an attachment for each document listed where 'Required?' is 'Yes'.
3.	We prefer that you use PDF files, though other file types are supported–please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube.
4.	Attachments must match the questions they are associated with.
5.	Only upload documents responsive to the questions posed–including other material slows down the review process, which ultimately slows down the funding process.
6.	If you cannot read the attachment, it is likely we cannot read it either.
	. We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).
	. We must be able to read everything you want us to consider in any attachment.
7.	After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include.
8.	Only use the 'Other' attachment option to meet an attachment requirement that is not otherwise listed in these detailed instructions.

Submission Summary	No Input Required

DOCUMENTATION OF ON-SITE SUBSTANCE USE TREATMENT AVAILABILITY

Attachment required by Question 1C-1: PERCENT/NARRATIVE - TREATMENT AND RECOVERY SERVICES

Continuum of Care Name: NE-502

- Project Name: First HOPE (Housing Opportunities & Prevention Efforts) Renewal FY 2026
- Location: Lincoln, NE
- **Total percent of CoC projects with on-site services: 4.5%**
- Services Provided: Substance use treatment and recovery support services, including licensed outpatient substance use counseling and evaluations. Available on-site to program participants.

DOCUMENTATION OF DEDICATED UNITS FOR CHRONIC SUBSTANCE USE

Attachment required by Question 1C-1f: NUMBER - AVAILABILITY OF UNITS FOR PERSONS REPORTING CHRONIC SUBSTANCE USE

Continuum of Care Name: NE-502

- Project Name: FY26 Lincoln Permanent Supportive Housing Project
- Location: Lincoln, NE
- **Total Units Dedicated: 24 Units**
- Target Population: Persons experiencing homelessness who report chronic substance use disorders.
- Program Description: Housing units designated/prioritized for individuals with chronic substance use needs, supported by wrap-around recovery and housing retention services. Individuals must participate in substance use treatment to reside in these units.

LINCOLN CONTINUUM OF CARE
FY2026 SERVICE PARTICIPATION AGREEMENT

For CoC-Funded Housing Programs

[PROGRAM NAME] | [PROJECT NAME]

This agreement explains the responsibilities of you and [PROGRAM NAME] while you receive housing assistance through a Continuum of Care (CoC)-funded project. The program combines housing assistance with supportive services intended to help you maintain housing, increase stability and self-sufficiency, and work toward your individual goals.

Participation in supportive services is a program requirement. As allowed by 24 CFR 578.75(h), the program may require you to participate in supportive services that are not disability-related services as a condition of continued participation. Disability-related services are not required as a condition of continued participation unless the project is specifically designed to provide substance-use treatment services, as described below.

Your lease and this service agreement are separate. A violation of this service agreement is not automatically a lease violation. Any action affecting your lease or tenancy must follow the lease and applicable landlord-tenant law. Any action to terminate CoC program assistance must follow the process described in this agreement and 24 CFR 578.91.

PARTICIPANT RESPONSIBILITIES (WHAT YOU AGREE TO DO)

1. Meet With My Case Manager

I agree to meet with my assigned case manager on the schedule established by the program, and at least monthly unless a different frequency is documented by the program. Meetings may occur in my home, at a program office, in the community, or by another approved method.

At these meetings, my case manager and I will review my housing stability, progress toward my goals, barriers that may place my housing at risk, and services or resources that may help me succeed. If I cannot attend a scheduled meeting, I will contact program staff as soon as reasonably possible to reschedule.

2. Work on My Individualized Housing and Service Plan

I will work with my case manager to develop and update an individualized housing and service plan. The plan will identify goals and reasonable action steps related to housing stability, income, employment, education, benefits, recovery, health, family stability, or other needs that are relevant to me.

I agree to make reasonable efforts to complete the action steps we identify, keep staff informed about barriers, and provide documents needed for eligibility, recertification, rent calculation, or other lawful program requirements.

3. Participate in Required Supportive Services

As a condition of continued participation in this program, I agree to participate in the supportive services required by this project that are permitted under 24 CFR 578.75(h). Required services may include:

- case management and housing-stability planning;
- employment preparation, job-search assistance, education, or training;
- benefits navigation, budgeting, financial capability, or income-development services;
- tenancy education, landlord mediation, and housing-retention services;
- life-skills, transportation, childcare, or other services reasonably related to housing stability and self-sufficiency; and
- other non-disability-related supportive services identified in my individualized plan.

The program will identify which services are required, explain what participation means, and consider reasonable changes when a barrier prevents me from participating as scheduled. Referrals may be made to community providers when the program does not provide a needed service directly.

4. Disability-Related Services

Unless the substance-use-treatment exception below applies, I will not be required to participate in disability-related services as a condition of continued participation in the program. Disability-related services may include mental health treatment, outpatient health services, medication, or other services provided to address a condition caused by a disability. These services may be offered, encouraged, coordinated, or included in my plan when I choose to use them.

5. Follow My Lease and Lawful Housing Requirements

I agree to follow my lease and lawful property rules, pay my required share of rent on time, maintain the unit in a reasonably safe and sanitary condition, allow inspections or entry when properly noticed and permitted by law, and promptly tell the program about landlord notices or other issues that could threaten my housing.

6. Report Changes Needed for Program Administration

I will provide accurate information and documentation requested for program eligibility, recertification, household composition, income, rent calculation, or other required program administration. I will report changes when required by program rules.

7. Maintain Safety and Respect

I will interact with staff, neighbors, landlords, and other participants in a manner that does not involve violence, credible threats, harassment, or conduct that creates an immediate safety risk. Nothing in this provision limits rights or protections available to survivors of domestic violence, dating violence, sexual assault, or stalking.

OPTIONAL REQUIREMENT FOR A SUBSTANCE-USE-TREATMENT PROJECT

[RETAIN ONLY IF THE PURPOSE OF THIS PROJECT IS TO PROVIDE SUBSTANCE-USE TREATMENT SERVICES UNDER 24 CFR 578.75(h). OTHERWISE DELETE THIS SECTION.]

Because the purpose of this project is to provide substance-use treatment services, participation in the substance-use treatment services identified by the program is a condition of continued participation. The program will explain the required treatment activities, frequency, provider, and how participation will be documented. The program will coordinate treatment and recovery supports and will use the noncompliance and due-process procedures below before terminating assistance, except when another law requires a different process.

PROGRAM RESPONSIBILITIES (WHAT THE PROGRAM AGREES TO DO)

1. Provide Individualized Case Management and Support

The program will assign a case manager or other qualified staff member to work with me on housing stability, service coordination, and my individual goals. The program will assess my supportive-service needs on an ongoing basis and adjust services or referrals as appropriate.

2. Explain Required Services Clearly

The program will tell me in writing which supportive services are required, how often I am expected to participate, how participation will be documented, and what I should do if I cannot participate. The program will not treat every offered or referred service as mandatory.

3. Support Employment, Income, Recovery, and Long-Term Stability

Consistent with my needs and goals, the program will help connect me to employment and training, income and benefits, treatment and recovery supports, health care, education, transportation, childcare, legal assistance, mainstream resources, and other services that can strengthen housing stability and self-sufficiency.

4. Coordinate With Landlords Without Replacing the Lease

When appropriate and with any consent required by law or program policy, staff may communicate with my landlord or property manager to address tenancy concerns, prevent avoidable housing loss, and help resolve problems. The program will not represent a program-rule violation as a lease violation unless it is also a violation of the lease or applicable law.

5. Provide Reasonable Accommodation and Equal Access

The program will administer this agreement consistent with applicable disability, fair housing, nondiscrimination, and equal-access requirements. I may request a reasonable accommodation or modification when needed because of a disability. The program will not require a disability-related service merely because I have a disability.

6. Protect Survivors Under VAWA and Related Requirements

The program will not deny assistance or take an adverse action prohibited by the Violence Against Women Act because a participant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, when the participant otherwise qualifies for the housing or assistance. Safety planning and survivor-centered services will be offered when appropriate.

7. Communicate Rules and Decisions in Writing

Before assistance begins, the program will provide or explain its program rules, this agreement, and the termination process. If concerns arise, staff will identify the issue, explain what is expected, and work with me to resolve barriers whenever feasible.

NONCOMPLIANCE WITH PROGRAM REQUIREMENTS

The program's goal is to resolve problems and preserve housing whenever reasonably possible. Failure to participate in a required supportive service may be treated as a program-rule violation, but termination of CoC assistance is not automatic. The program will consider the nature of the requirement, the circumstances surrounding the noncompliance, reasonable accommodations, safety issues, and the participant's efforts to re-engage.

Step 1. Engagement and Problem-Solving

Staff will contact me, explain the concern, ask about barriers, and attempt to re-engage me in the required service or program activity. When appropriate, staff and I will agree on a reasonable plan for correcting the issue.

Step 2. Written Notice and Corrective Action Plan

If the issue continues, the program may provide a written warning or corrective action plan describing the program requirement, the specific concern, what I am expected to do, available assistance, and a reasonable timeframe for correction.

Step 3. Case Conference

If the issue remains unresolved, the program may hold a case conference with me, my case manager, and a supervisor or other appropriate staff. The conference will review the circumstances, available accommodations or alternatives, and whether further action is warranted.

Step 4. Proposed Termination of CoC Assistance and Due Process

If the program proposes to terminate my CoC assistance for violation of program requirements or conditions of occupancy, the program will follow 24 CFR 578.91. At a minimum, I will receive:

- written notice clearly stating the reasons for the proposed termination;
- an opportunity to present written or oral objections;
- a review by a person other than the person who made or approved the termination decision, and who is not subordinate to that person; and
- prompt written notice of the final decision.

Termination of CoC assistance does not itself determine whether a landlord may terminate a lease. Lease enforcement and eviction are governed by the lease and applicable law.

Permanent Supportive Housing: Additional Protection for Hard-to-House Participants

For permanent supportive housing serving hard-to-house populations, the program will exercise judgment and examine all extenuating circumstances before terminating assistance. Consistent with 24 CFR 578.91(c), assistance will be terminated only in the most severe cases.

GRIEVANCES AND QUESTIONS

I may use the program's grievance process if I disagree with a program decision or believe a rule has been applied unfairly. Using the grievance process will not result in retaliation. Program staff will provide information about how to submit a grievance and how to request a reasonable accommodation.

INDIVIDUAL SERVICE PARTICIPATION REQUIREMENTS

The following identifies the supportive-service participation requirements that apply to me at the time this agreement is signed. The plan may be updated with me as my circumstances change. Any new mandatory service must remain consistent with 24 CFR 578.75(h) and applicable law.

Required Service / Activity	Expected Frequency	How Participation Is Documented

AGREEMENT AND ACKNOWLEDGMENT

I have read this agreement or had it explained to me in a way I can understand. I have received or been offered a copy. I understand which supportive services are required for continued participation in this program, which services are voluntary, the process the program will use if I do not meet program requirements, and my right to request accommodation, file a grievance, and receive due process before termination of CoC assistance.

LINCOLN
Police Department

September 22, 2026

Lincoln Police Department
Office of the Chief of Police

To Whom it May Concern,

As an authorized representative of the Lincoln Police Department, I certify that the Lincoln Continuum of Care (COC) provides support to our department and does not interfere with local efforts to advance protecting public safety.

We are engaged with members of the CoC who provide support with identifying and removing encampments, decreasing the public use of illicit drugs, and using standards to address danger to self or other.

In addition, we work closely on our Alternate Response Program, a partnership between the Lincoln Police Department (LPD) and CenterPointe to respond to calls for service involving people experiencing homelessness.

Sincerely,

Michon Morrow
Chief of Police

2026 CoC NOFO New Project Rating Tool - TH

Project Name: _____

Organization Name: _____

Project Type: _____

Scoring Tool Abbreviations & Points Breakdown	
THR = Threshold criterion; OBJ = Objective criterion; NARR = Narrative criterion; SYS = System performance; PROJ = Project design/performance; FIN = Financial performance	
Maximum points available:	100 points
Maximum objective criteria points available:	75 points
Maximum system performance points available:	25 points
Maximum returns to homelessness performance, employment income performance, and supportive services participation requirements points available:	30 points

Threshold Criteria - Must be "YES" to pass threshold		
	Criterion	**Passes Threshold Criterion? (Yes / No)**
THR	Applicant and any subrecipient are eligible under 24 CFR 578, not debarred, with active UEI and SAM.	
THR	Recent audit or financial statements show no material weaknesses that would compromise grant management.	
THR	No unresolved HUD findings or OIG issues that would materially affect performance.	
THR	Project operates in CoC geography and serves CoC-eligible populations.	
THR	The project applicant will not operate drug injection sites or "safe consumption sites" or knowingly permit the use or distribution of illicit drugs on property under their control	
THR	The project will use HMIS OR The applicant is a victim service provider and will use a compliant comparable database.	
THR	Project agrees to receive referrals only through CE and follow CE protocols.	
THR	The project will require program participants to take part in supportive services (e.g. case management, employment training, substance use disorder treatment) in line with 24 CFR 578.75(h) by providing direct language from supportive service agreements (contract, occupancy agreement, lease, or equivalent). Except that consistent with 24 CFR 5.2005(b)(1) assistance may not be denied on the basis or as a direct result of the fact that the participant is or has been a victim of domestic violence, dating violence, sexual assault, or stalking, if the participant otherwise qualifies for admission, assistance, participation, or occupancy.	
Project passes all threshold criteria? (Yes/No)		

	RATING FACTOR	**POINTS AWARDED**		**MAX POINT VALUE**
Experience and System Performance				
OBJ - SYS	The agency has current or past experience with operating a transitional housing project, or other project, that have successfully helped homeless individuals and families exit homelessness within 24 months, OR has a plan in place to ensure homeless individuals and families will exit homelessness within 24 months		out of	5
OBJ - SYS	The agency has current or past experience with projects that have helped at least 50% of participants exit to a positive destination within 24 months OR has a plan in place to ensure that at least 50% of participants exit to a positive destination within 24 months		out of	5
OBJ - SYS	The agency has current or past experience with projects that have helped at least 50% of participants exit with employment income OR has a plan in place to ensure that at least 50% of participants exit with employment income.		out of	5
OBJ - SYS	Applicant (and sub-recipients, if any) demonstrate success in previously providing similar services. Applicant specifically describes success in meeting additional relevant HUD system performance measures on prior projects (including but not limited to returns to homelessness, cash income, and mainstream non-cash benefits).		out of	10
OBJ - FIN	The project applicant demonstrates experience in effectively utilizing federal funds including HUD grants and other public funding, including satisfactory drawdowns and performance for existing grants as evidenced by timely reimbursement of subrecipients (if applicable), regular drawdowns, timely resolution of monitoring findings, and timely submission of required reporting on existing grants.		out of	10
Experience & System Performance Subtotal		0	out of	35
Project Design				
NARR - PROJ	Project description demonstrates an understanding of the project's service area, population to be served, and services to be offered to clients.		out of	5
NARR - PROJ	Describes how the project will provide and/or partner with other organizations to provide eligible supportive services that are necessary to assist program participants to obtain and maintain housing (i.e., case management, behavioral healthcare, employment training, etc.)		out of	5
OBJ - PROJ	The project will be supplemented with resources from other public or private sources		out of	5
NARR - PROJ	Description of how the project will assess the service needs of program participants is clear and reasonable		out of	5
NARR - PROJ	Description of how the project will provide the opportunity for individualized services is clear, and will result in providing enough options that at least 20 hours per week of engagement in services, activities, or employment is practicable for all prgram participants (except those over age 62, have handicaps as defined in 24 CFR 8.3, or have a developmental disability as defined under 24 CFR 578.3).		out of	5
OBJ - PROJ	The project will create service plans that include the services to be provided, when and how often services will be provided, by whom services will be provided		out of	5
OBJ - PROJ	The project will create service plans that include program participant goals, strategies for achieving those goals, and target dates for achievement to focus on improved health and wellness, housing stability, and increased employment income leading to financial stability and self-sufficiency.		out of	5

NARR - PROJ	Project applicant identifies the type, scale, and location of housing and/or supportive services and explains how the type, scale, and location of housing and/or services meet the needs of clients		out of	5

THR = Threshold criterion; OBJ = Objective criterion; NARR = Narrative criterion; SYS = System performance; PROJ = Project design/performance; FIN = Financial performance	
Maximum points available:	100 points
Maximum objective criteria points available:	50 points
Maximum system performance points available:	40 points
Maximum returns to homelessness performance, employment income performance, and supportive services participation requirements points available:	10 points

Threshold Criteria - Must be "YES" to pass threshold		
	Criterion	**Passes Threshold Criterion? (Yes / No)**
THR	Applicant and any subrecipient are eligible under 24 CFR 578, not debarred, with active UEI and SAM.	
THR	Recent audit or financial statements show no material weaknesses that would compromise grant management.	
THR	No unresolved HUD findings or OIG issues that would materially affect performance.	
THR	Project operates in CoC geography and serves CoC-eligible populations.	
THR	The project applicant will not operate drug injection sites or "safe consumption sites" or knowingly permit the use or distribution of illicit drugs on property under their control	
THR	The project will use HMIS OR The applicant is a victim service provider and will use a compliant comparable database.	
THR	Project agrees to receive referrals only through CE and follow CE protocols.	
Project passes all threshold criteria? (Yes/No)		

	RATING FACTOR	**POINTS AWARDED**		**MAX POINT VALUE**
Experience and System Performance				
NARR - SYS	Applicant describes a history of, or plan for, partnering with first responders and law enforcement to engage people living in places not meant for human habitation to access emergency shelter, treatment programs, reunification with family, transitional housing projects, permanent housing destinations, or independent living that is clear, reasonable, and practicable.		out of	10
NARR - SYS	Applicant demonstrates experience providing outreach services, or a clear and reasonable plan for providing outreach services, consistent with the activity description at 24 CFR 578.53(e)(13)		out of	10
NARR - SYS	The applicant demonstrates experience with, or a clear and reasonable plan for, effectively helping people successfully exit from places not meant for human habitation to permanent housing or destinations appropriate for their needs.		out of	10
OBJ - SYS	Applicant (and sub-recipients, if any) demonstrate success in working with previously providing similar services. Applicant specifically describes success in meeting additional relevant HUD system performance measures on prior projects (including but not limited to returns to homelessness, increased employment, cash income, and mainstream non-cash benefits).		out of	10
OBJ - FIN	The project applicant demonstrates experience in effectively utilizing federal funds including HUD grants and other public funding, including satisfactory drawdowns and performance for existing grants as evidenced by timely reimbursement of subrecipients (if applicable), regular drawdowns, timely resolution of monitoring findings, and timely submission of required reporting on existing grants.		out of	5
Experience & System Performance Subtotal		0	out of	45
Project Design				
NARR - PROJ	Project description demonstrates an understanding of the project's service area, population to be served, and services to be offered to clients.		out of	5
NARR - PROJ	The project has a reasonable and practicable strategy for providing supportive services to eligible program participants, including those with histories of unsheltered homelessness and those who do not traditionally engage with supportive services.		out of	10
OBJ - PROJ	The project will be supplemented with resources from other public or private sources		out of	5
OBJ - PROJ	Applicant demonstrates that they will cooperate and not interfere or impede with the enforcement of local laws such as public camping and public drug use laws and is willing to assist first responders in their efforts to engage homeless individuals.		out of	5
NARR - PROJ	Project applicant identifies the type, scale, and location of supportive services and explains how the type, scale, and location of services meet the needs of clients		out of	5
Project Design Subtotal		0	out of	30
Financial				
OBJ - FIN	The anticipated cost per household served in the project is reasonable compared to other CoC programs of the same component type		out of	5
OBJ - FIN	Applicant demonstrates successful draw down for similar projects		out of	5
OBJ - FIN	Applicant demonstrates success with grant expenditure for similar projects		out of	5
OBJ - FIN	Budgets are correctly calculated, expenses budgeted are all eligible		out of	5
OBJ - FIN	Match is documented		out of	5
Financial Subtotal		0	out of	25
	Total Project Score	0	out of	100

U.S. Department of Housing and Urban Development

OMB Number: 2501-0044
Expiration Date: 02/28/2027

Type or clearly print the following information.
***Warning: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties (18 U.S.C §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. § 3729, 3802; 24 CFR § 28.10(b)(1)(iii)).*

Applicant Organization: Lincoln CoC

Assistance Listing number and Federal Program name to which the Applicant is applying:
Include the funding opportunity number and name exactly as it appears in the applicable funding opportunity announcement (example: 14.896, Family Self-Sufficiency Program).

CPD-2600-DC-0025; FY 2026 Continuum of Care Competition

Opportunity Zone Census Tract(s), which the proposed activities/projects will benefit:
Include below the full 11-digit census tract number (example: 06067001101). Designated Opportunity Zone Census Tracts can be found at: https://opportunityzones.hud.gov/resources. Select the "CDFI Fund Opportunity Zones Resources" link and then select the "List of designated Qualified Opportunity Zones."

CT 5,6,18,21, and 31.04 (pending approval); CT 7, 18, 19, 20.01, 20.02, 21, 30.03 (existing)

The application meets which of the following criteria (please select one):

- ☐ The proposed activities/projects will occur solely within the Opportunity Zone Census Tract(s) listed above.
- ☒ The proposed activities/projects will occur within the Opportunity Zone Census Tract(s) listed above and other communities.
- ☐ The proposed activities/projects will occur outside Opportunity Zone Census Tracts, but substantial and direct benefits will accrue within the Opportunity Zone Census Tracts listed above.

Note: Projects which substantially and directly benefit Opportunity Zone Census Tracts, but which do not consist of activities delivered within Opportunity Zone Census Tracts may be considered for competitive preference. If applicable, the respective Federal Agency will clearly define "substantially and directly" in the relevant funding announcement.

Estimated Funding Allocations

Estimate a percentage of the total dollar amount of awarded federal funding that would result in a direct benefit within the Opportunity Zone Census Tracts listed above:

- ☐ 76% - 100%
- ☒ 51% - 75%
- ☐ 26% - 50%
- ☐ 11% - 25%
- ☐ 1% - 10%

Provide a narrative explaining and/or reference the section in the application that explains how the project will support public and private investment in urban and economically distressed areas, specifically qualified Opportunity Zones (300-word limit):

Example: "The Main Street project described in this application will stimulate economic opportunity and mobility, encourage entrepreneurship, expand quality educational opportunities, and promote workforce development for those families residing within the XYZ Opportunity Zone."

The Lincoln Continuum of Care (CoC) Program reviewed all available HMIS zip code data for a portion of the past year and confirmed that for all CoC funded cases that provided zip code data, 61% of cases were in existing opportunity zones. We are confident at least 50% the FY26 CoC allocations for programs in Lincoln can be spent to support individuals and families residing in opportunity zones in addition to services taking place at locations within the opportunity zones. This includes offices by Community Action Partnership and Family Service Lincoln who provide housing support services to support household stability in urban and economically distressed areas.

Check the following boxes that accurately reflect the nature or purpose of the proposed project:

- ☐ Access to Capital
- ☐ Asset Building
- ☐ Business Assistance
- ☐ Community Capacity Building
- ☐ Economic Development
- ☐ Education
- ☐ Healthy Food Access
- ☐ Health
- ☒ Housing
- ☒ Human Services and Family Support
- ☐ Community Infrastructure
- ☐ Public Safety
- ☐ Workforce Development
- ☐ Low Income Housing Tax Credit (LIHTC) or other rent restricted housing
- ☐ Market rate housing
- ☐ Industrial development
- ☐ Commercial or retail development
- ☐ Other business development
- ☐ "Above ground" infrastructure – streets, sidewalks, lighting
- ☐ "Below ground" infrastructure – water, sewer, gas, electric
- ☐ Schools or other educational facilities
- ☐ Hospitals or other health care facilities

Certification of Authorized Representative for the Applicant:

**Under penalty of perjury, I certify on behalf of the Applicant that

(1) all information provided on this form is true, complete, and accurate, and

(2) the Applicant will notify the Agency immediately upon learning of any change in the information provided on this form, and

(3) I am authorized to speak for the Applicant regarding all information provided on this form.

Prefix: | First Name: Stephanie | Middle Name:

APPENDIX II

City of Lincoln/Lancaster County Substance Use and Recovery Housing Policy

Purpose

The City of Lincoln/Lancaster County Continuum of Care (Lincoln CoC) is committed to ensuring that CoC-funded housing projects operate in compliance with federal law, HUD requirements, the FY 2026 CoC Notice of Funding Opportunity (FY26 NOFO), and future CoC Program NOFOs. The CoC also recognizes that substance use disorders (SUDs) are treatable medical conditions and supports access to evidence-based treatment, recovery services, and recovery-oriented housing opportunities.

Prohibited Activities in CoC-funded Housing Projects

All Lincoln CoC-funded housing projects must comply with the following requirements:

1. Shall not operate drug injection sites or "safe consumption sites."
2. Shall not knowingly distribute drug paraphernalia on or off property under their control.
3. Shall not knowingly permit the use or distribution of illicit drugs on property under their control.
4. Shall not conduct, permit, encourage, facilitate, or allow any of the activities described above under the pretext of "harm reduction."

All applicants for CoC funding and CoC-funded projects must comply with all certifications and assurances required by HUD in the applicable CoC Program Competition.

Recovery and Treatment Services

The Lincoln CoC urges all CoC-funded projects to:

- Assist participants in accessing SUDs treatment when requested or clinically appropriate;
- Establish referral relationships with licensed treatment providers within or outside of the CoC;
- Connect participants to appropriate medication-assisted treatment, outpatient treatment, inpatient treatment, peer recovery support, recovery coaching, and other evidence-based services within or outside of the CoC;
- Coordinate with recovery housing providers and recovery-oriented systems of care within or outside of the CoC to provide participants with appropriate support; and
- Support participants pursuing recovery goals consistent with their individual needs and preferences.

Recovery Housing and Treatment-Based Programs

Nothing in this policy restricts or prohibits CoC-funded housing projects from requiring program participants—as a condition of assistance—to maintain sobriety, participate in SUD treatment, or participate in recovery programming. Nothing in this policy restricts or prohibits projects from partnering with treatment providers, recovery programs, or recovery housing operators to provide appropriate care and support to participants.

Participant Rights

Nothing in this policy shall be interpreted as requiring:

- Program participants to be sober to receive assistance;
- Program participants to participate in treatment to receive assistance; or
- Automatic eviction, termination, or program exit for a violation of a drug-related lease or program requirement.

Although individual CoC projects may implement the requirements above, the CoC does not require that they do so. Applicants for participating in a CoC-funded housing project may opt to decline an offer for assistance if the project does not meet their needs or preferences. Doing so will not impact the applicant's position on the CoC's Coordinated Entry By Name List.

Projects may establish and enforce program rules or lease requirements consistent with 24 CFR Part 578, fair housing laws, disability rights requirements, and applicable due process protections.

Compliance Monitoring and Remedies

The Lincoln CoC will monitor compliance with this policy through its established monitoring and compliance oversight processes.

If the CoC determines that a project violated this policy, the CoC may take one or more of the following actions:

1. Require corrective action and submission of a corrective action plan;
2. Require staff training or technical assistance;
3. Place the project on a performance improvement plan;
4. Consider the violation during local competition scoring, project review, or ranking processes; or
5. Pursue any additional remedies available under CoC governance documents, grant agreements, or federal regulations.

Serious, repeated, or unresolved violations may be considered in future funding decisions and may be referred to the CoC Governance Board for further review.

Applicability

This policy applies:

- To all housing projects submitted by the Lincoln CoC for funding
- To all recipients and subrecipients operating CoC-funded projects within the Lincoln CoC geographic area.
- Beginning with projects funded through the FY 2026 Continuum of Care Program competition (i.e., projects with operating start dates in CY 2027)

Before Starting the Project Listings for the CoC Priority Listing

The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:
- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.
- Project Listings:

  - New;
  - Renewal;
  - UFA Costs;
  - CoC Planning;
  - YHPD Renewal; and
  - YHDP Replacement and Reallocation.

- Consolidations and Expansions Forms – must be completed if the CoC is consolidating eligible renewal projects or applying for new projects to expand the operations of eligible renewal projects.
- Attachment Requirement

  - HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:
- New, CoC Renewal, YHPD Renewal, YHDP Replacement and Reallocation Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.
- Project applications on the following Project Listings must be approved and are not ranked per the FY 2026 CoC Program Competition NOFO:

  - UFA Costs Project Listing;
  - CoC planning Project Listing;

- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
- For each project application rejected by the CoC, the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked or approved BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Additional training resources are available online on HUD's website

1. Continuum of Care (CoC) Identification

Collaborative Applicant Name: City of Lincoln

2. Reallocation

2-1 Is the CoC reallocating funds from one or more eligible renewal grant(s) that will expire in Calendar Year 2027 to create one or more new projects?	Yes

Alert:
As stated in the FY 2026 CoC Program Competition NOFO:
- CoCs may reallocate YHDP projects from any Round to create new YHDP Replacement projects.
- If a CoC reallocates funding from a renewal project that was previously awarded DV Bonus funding, any new project created with such funding must be 100 percent dedicated to serving individuals and families who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, and stalking and who qualify as homeless under paragraphs (1) or (4) of the definition of homeless at 24 CFR 578.3 or Section 103(b) of the McKinney-Vento Homeless Assistance Act.

2A. Reallocation - Grant(s) Eliminated

CoCs reallocating eligible CoC Renewal, DV Renewal or YHDP renewal project funds to create new project application(s) may do so by eliminating one or more expiring eligible projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.

Amount Available for New CoC Projects: (Sum of All Eliminated CoC Renewal Projects)
$1,135,600
Amount Available for New YHDP Projects: (Sum of All Eliminated YHDP Restricted Projects)
$93,661
Amount Available for New DV Projects: (Sum of All Eliminated DV Restricted Projects)
$1,022,970

Eliminated Project Name	Grant Number Eliminated	Component Type	Funding Type	Annual Renewal Amount	Transition Grant
Transitions 2024	NE0098L7D022409	PH-RRH	CoC Renewal	$131,384	Yes
InResponse 2022	NE0180L7D022402	PH-RRH	CoC Renewal	$388,538	Yes
Glide PATH 2024	NE0015L7D022417	PH-RRH	CoC Renewal	$340,257	Yes
Transitions Two 2024	NE0057L7D022413	PH-PSH	CoC Renewal	$147,248	Yes
FY2024 YHDP Rapid...	NE0168Y7D022402	PH-RRH	YHDP Renewal	$93,661	Yes
HUD New Futures T...	NE0201T7D022501	PH-RRH	CoC Renewal	$128,173	Yes
Safe at Home 2023	NE0105L7D022509	PH-RRH	DV Renewal	$368,904	Yes
Safe to Home 2023	NE0133D7D022506	PH-RRH	DV Renewal	$654,066	Yes

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	Transitions 2024
Grant Number of Eliminated Project:	NE0098L7D022409
Eliminated Project Component Type:	PH-RRH
Funding Type:	CoC Renewal
Eliminated Project Annual Renewal Amount:	$131,384

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

CenterPointe's Transitions 2024 Rapid Re-Housing renewal was fully eliminated through reallocation to create a Transitional Housing transition grant. The transition was developed collaboratively with CenterPointe during the FY2026 local competition. Review of project performance and participant needs showed strong utilization and permanent housing outcomes, while also identifying a need for a longer period of structured housing, behavioral health support, vocational assistance, and transition planning for the high-need population served. The CoC and applicant therefore determined that transitioning the project from RRH to TH would better align the project model with participant needs and the FY2026 competition framework. CenterPointe was formally notified of the preliminary project ranking and transition treatment on July 20, 2026.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$131,384.00
How much funding will be made available for new Reallocation projects?	0

The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	InResponse 2022
Grant Number of Eliminated Project:	NE0180L7D022402
Eliminated Project Component Type:	PH-RRH
Funding Type:	CoC Renewal
Eliminated Project Annual Renewal Amount:	$388,538

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

Family Service Lincoln's InResponse 2022 Rapid Re-Housing project was eliminated through reallocation to create a Supportive Services Only transition project. The transition was developed with Family Service during the FY2026 local competition to better align the project with current service needs and the FY2026 funding framework. Family Service has substantial experience providing RRH, case management, employment and educational support, behavioral health services, and housing stabilization services through InResponse and related programs. The new SSO model preserves those service functions while shifting CoC resources from rental assistance to intensive housing-focused supportive services, including housing navigation, stabilization, benefits and employment assistance, behavioral health linkages, and coordination with community resources. The CoC determined that this component change would maintain Family Service's established service capacity while better addressing participant barriers to housing stability and self-sufficiency. Family Service was notified of the preliminary FY2026 project disposition on July 20, 2026.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$388,538.00
How much funding will be made available for new Reallocation projects?	0
The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	Glide PATH 2024
Grant Number of Eliminated Project:	NE0015L7D022417
Eliminated Project Component Type:	PH-RRH
Funding Type:	CoC Renewal
Eliminated Project Annual Renewal Amount:	$340,257

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

CenterPointe's Glide PATH 2024 Rapid Re-Housing project was eliminated through reallocation to create a Transitional Housing transition project. The determination resulted from the CoC's FY2026 local review and ranking process, which evaluated renewal projects using objective HMIS performance measures and considered how existing resources could be realigned to better meet system and participant needs. The CoC and CenterPointe determined that transitioning Glide PATH from RRH to TH would better serve participants who need a longer period of structured housing combined with behavioral health services, vocational assistance, case management, and transition planning before moving to permanent housing. The transition preserves CenterPointe's established housing and behavioral health service capacity while redirecting CoC resources to a program design better aligned with identified participant needs and the FY2026 funding framework. CenterPointe was notified of its preliminary FY2026 project scores and ranking on July 20, 2026, and subsequently developed the 2026 transition application

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$340,257.00
How much funding will be made available for new Reallocation projects?	0

The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	Transitions Two 2024
Grant Number of Eliminated Project:	NE0057L7D022413
Eliminated Project Component Type:	PH-PSH
Funding Type:	CoC Renewal
Eliminated Project Annual Renewal Amount:	$147,248

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

CenterPointe's Transitions Two 2024 Rapid Re-Housing project was eliminated through reallocation to create Transitions Two 2026, a Transitional Housing transition project. The determination resulted from the CoC's FY2026 local review and ranking process, which evaluated renewal projects using objective HMIS performance measures and considered how existing resources could be realigned to better meet participant and system needs. The CoC and CenterPointe determined that transitioning the project from RRH to TH would provide a longer period of structured housing and supportive services for participants with significant behavioral health, employment, and housing-stability barriers. The transition preserves CenterPointe's established housing and behavioral health service capacity while shifting the project to a model designed to provide greater service intensity and time for participants to prepare for permanent housing. CenterPointe was notified of its preliminary FY2026 project scores and ranking on July 20, 2026, and subsequently developed the Transitions Two 2026 transition application.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$147,248.00
How much funding will be made available for new Reallocation projects?	0
The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	FY2024 YHDP Rapid Response Funds
Grant Number of Eliminated Project:	NE0168Y7D022402
Eliminated Project Component Type:	PH-RRH
Funding Type:	YHDP Renewal
Eliminated Project Annual Renewal Amount:	$93,661

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

The City of Lincoln's FY2024 YHDP Rapid Response Funds project was fully reallocated to create a new YHDP Supportive Services Only project operated by The HUB Central Access Point for Young Adults. The City, as the existing recipient, initiated and consented to the reallocation as part of the FY2026 local competition, determining that the YHDP resources could be better aligned with identified youth system needs through The HUB's specialized youth service capacity. The reallocated funds support Project HIRE, a standalone SSO project focused on employment readiness, job placement and retention, earning potential, and long-term stability for youth and young adults experiencing or at risk of homelessness. TheHUB TheHUB The City of Lincoln formally documented its decision to reallocate the project to The HUB on July 7, 2026, providing evidence of the recipient's knowledge of and consent to the elimination.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	0
How much funding will be made available for new Reallocation projects?	$93,661.00
The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X

The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	HUD New Futures Transition FY2024
Grant Number of Eliminated Project:	NE0201T7D022501
Eliminated Project Component Type:	PH-RRH
Funding Type:	CoC Renewal
Eliminated Project Annual Renewal Amount:	$128,173

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

CEDARS Youth Services elected not to renew its HUD New Futures Transition FY2024 project and voluntarily made the project's renewal funding available for reallocation. The Lincoln CoC incorporated CEDARS' decision into the FY2026 local competition and fully eliminated the renewal so the funds could be redirected to other eligible projects addressing identified CoC system needs. The elimination was therefore based on the recipient's decision not to continue the project, rather than a determination that the project should be terminated for poor performance. CEDARS was formally notified through the Lincoln CoC preliminary project ranking and selection process on July 20, 2026.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	0
How much funding will be made available for new Reallocation projects?	$128,173.00
The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	Safe at Home 2023
Grant Number of Eliminated Project:	NE0105L7D022509
Eliminated Project Component Type:	PH-RRH

Funding Type: DV Renewal

Eliminated Project Annual Renewal Amount: $368,904

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

Friendship Home's Safe at Home 2023 Rapid Re-Housing project was eliminated through reallocation as part of the agency's decision to combine its two RRH projects into a single Transitional Housing transition application. Friendship Home and the CoC determined that the transition would preserve critical DV housing resources while shifting the projects to a model better aligned with current participant needs and the FY2026 funding structure. Friendship Home cited continued high demand for DV services and the need to sustain community resources in determining its transition strategy. The applicant was notified of its preliminary FY2026 project disposition on July 20, 2026, and on July 28, 2026, Friendship Home confirmed that both RRH projects would be combined into one TH transition application.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$368,904
How much funding will be made available for new Reallocation projects?	0
The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

Reallocation - Grant(s) Eliminated Details

2A-1 Complete each of the fields below for each eligible renewal grant that is being eliminated during the reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information entered is accurate.

Eliminated Project Name:	Safe to Home 2023
Grant Number of Eliminated Project:	NE0133D7D022506
Eliminated Project Component Type:	PH-RRH
Funding Type:	DV Renewal
Eliminated Project Annual Renewal Amount:	$654,066

2A-2. Describe how the CoC determined that this project should be eliminated and include the date the project applicant was notified. (limit 2500 characters)

Friendship Home's Safe to Home 2023 Rapid Re-Housing project was eliminated through reallocation as part of the agency's decision to combine its two RRH projects into a single Transitional Housing transition application. Friendship Home and the CoC determined that the transition would preserve critical DV housing resources while shifting the projects to a model better aligned with current participant needs and the FY2026 funding structure. Friendship Home cited continued high demand for DV services and the need to sustain community resources in determining its transition strategy. The applicant was notified of its preliminary FY2026 project disposition on July 20, 2026, and on July 28, 2026, Friendship Home confirmed that both RRH projects would be combined into one TH transition application.

2A-3 Is the project being eliminated to create one or more transition grant applications?	Yes
How much funding will be made available for transition grants?	$654,066.00
How much funding will be made available for new Reallocation projects?	0

The Collaborative Applicant confirms the new transition grant(s) are for a new program component.	X
The Collaborative Applicant reviewed and affirms that no more than 50 percent of the funds in the new component project(s) will be for costs of eligible activities under the old component; and	X
The CoC consented to the transition of component and the new component project(s) meet the standards outlined in Section II.A.3.k of the NOFO	X

2B. Reallocation - Grant(s) Reduced

CoCs that are reallocating eligible CoC Renewal, DV Renewal and YHDP Renewal project funds to create new project applications may do so by reducing one or more expiring eligible renewal projects.

YHDP Renewal Grants and DV Renewal Grants may only be reallocated to create new projects that serve the same populations/subpopulations as the projects the funding was reallocated from.

Amount Available for New CoC Project(s): (Sum of All Reduced CoC Projects)
$188,097
Amount available for New YHDP Project(s): (Sum of All Reduced YHDP Projects)
$0
Amount available for New DV Project(s): (Sum of All Reduced DV Projects)
$0

Reduced Project Name	Reduced Grant Number	Funding Type	Annual Renewal Amount	Amount Retained	Amount available for YHDP Project	Amount available for DV Project	Amount available for New Project	Reallocation Type
Permanent Housing...	NE0017L7D022417	CoC Renewal	$327,785	$139,688	$0	$0	$188,097	No

Reallocation - Grant(s) Reduced Details

2B-1 Complete the fields below for each eligible renewal grant that is being reduced during the FY 2026 reallocation process.

Refer to the FY 2026 Grant Inventory Worksheet to ensure all information, including the funding type, entered is accurate.

Reduced Project Name:	Permanent Housing Project 2024
Grant Number of Reduced Project:	NE0017L7D022417
Funding Type:	CoC Renewal
Reduced Project Current Annual Renewal Amount:	$327,785
Amount Retained by Project:	$139,688
Amount available for YHDP Project(s): (This amount will auto-calculate by selecting "Save" button)	$0
Amount available for New DV Project(s): (This amount will auto-calculate by selecting "Save" button)	$0
Amount available for New Project(s): (This amount will auto-calculate by selecting "Save" button)	$188,097

2B-2. Describe how the CoC determined that this project should be reduced and include the date the project applicant was notified of the reduction. (limit 750 characters)

The CoC reduced CenterPointe's Permanent Housing Project 2024 based on its FY2026 review of project performance. The project ranked among the lower-performing PSH renewals under the CoC's objective review process based on utilization. The CoC also determined that continued PSH capacity remained necessary and therefore retained $139,688 to preserve needed housing and services while reallocating $188,097 to address additional needs . The reduction reflects both comparative project performance. CenterPointe was notified of the proposed reduction on July 10, 2026, and through the preliminary ranking notice on July 20, 2026.

2B-3 Is the project applicant reallocating the grant, in part, to create one or more transition grants?	No

Continuum of Care (CoC) New Project Listing

Instructions:

To upload all new project applications submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based on the number of new projects submitted by project applicant(s) to your CoC in the e-snaps. You may update each of the Project Listings simultaneously.

To review a project on the New Project Listing, click on the magnifying glass next to each project to view project details.

To view the actual project application, click on the orange folder.

If you identify errors in the project application(s), you can send the application back to the project applicant to make the necessary changes by clicking the amend icon. It is your sole responsibility to ensure all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC's Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is prioritizing.

Continuum of Care (CoC) Planning Project Listing

Instructions:

Prior to starting the CoC Planning Project Listing, review the CoC Priority Listing Detailed Instructions available on HUD's website.

To upload the CoC planning project application submitted to this Project Listing, click the "Update List" button. This process may take a few minutes while the project is located in the e-snaps system. You may update each of the Project Listings simultaneously. To review the CoC Planning Project Listing, click on the magnifying glass next to view the project details. To view the actual project application, click on the orange folder. If you identify errors in the project application, you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

Only one CoC planning project application can be submitted and only by the Collaborative Applicant designated by the CoC which must match the Collaborative Applicant information on the CoC Applicant Profile.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC's Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is accepting.

Continuum of Care (CoC) YHDP Replacement and YHDP Reallocation Listing

Instructions:

Prior to starting the YHDP Replacement and YHDP Reallocation Project Listing, review the CoC Priority Listing Detailed Instructions available on HUD's website.

To upload all YHDP Replacement project and YHDP Reallocation project applications, submitted to this Project Listing, click the "Update List" button. This process may take a few minutes based upon the number of YHDP renewal projects submitted by project applicant(s) to your CoC in the e-snaps system.

You may update each of the projects simultaneously. To review a project on the YHDP Replacement and YHDP Reallocation Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked (if applicable) or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

As stated in the FY 2026 CoC NOFO, YHDP Renewal and YHDP Replacement applications are competitive and must be ranked.

WARNING: If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC's Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is accepting.

4. Consolidation & Expansion

Instructions:

For guidance on completing the CoC Priority listing, please reference the CoC Priority Listing Detailed Instructions on HUD's website.

1. Is the CoC consolidating renewal projects that will expire in Calendar Year 2027?	No
2. Is the CoC expanding renewal projects that will expire in Calendar Year 2027?	No

Funding Summary

Instructions

This page provides the total budget summaries for each of the project listings after you approved and ranked or rejected new and renewal project applications. You must review this page to ensure the totals for each of the categories is accurate.

The "Total CoC Request" indicates the total funding request amount your CoC will submit to HUD for funding consideration. As stated previously, only 1 UFA Cost project application (for UFA designated Collaborative Applicants only) and only 1 CoC Planning project application can be submitted and only the Collaborative Applicant designated by the CoC is eligible to request these funds.

Title	Total Amount
CoC Renewal Amount	$2,479,190
New CoC Bonus and CoC Reallocation Amount	$3,084,481
New DV Bonus Amount	$508,525
New DV Reallocation Amount	$0
YHDP Renewal and Replacement Amount	$1,181,331
YHDP Reallocation Amount	$93,661
CoC Planning Amount	$305,043
Rejected Amount	$0
Total Funding Request	$7,652,231
