

LEAD HAZARD CONTROL GRANT PROGRAM

FREE!

Windows, siding, gutters, paint and much more! *

The City of Lincoln Lead Hazard Control Grant Program completes improvements to homes to remove lead paint hazards. These improvements can include items such as windows, siding, gutters, paint and much more! *

Lead paint poisoning is detrimental to both children and adults; however, children are especially vulnerable. Therefore, if you meet all the requirements below, you are encouraged to take part in this exciting program!

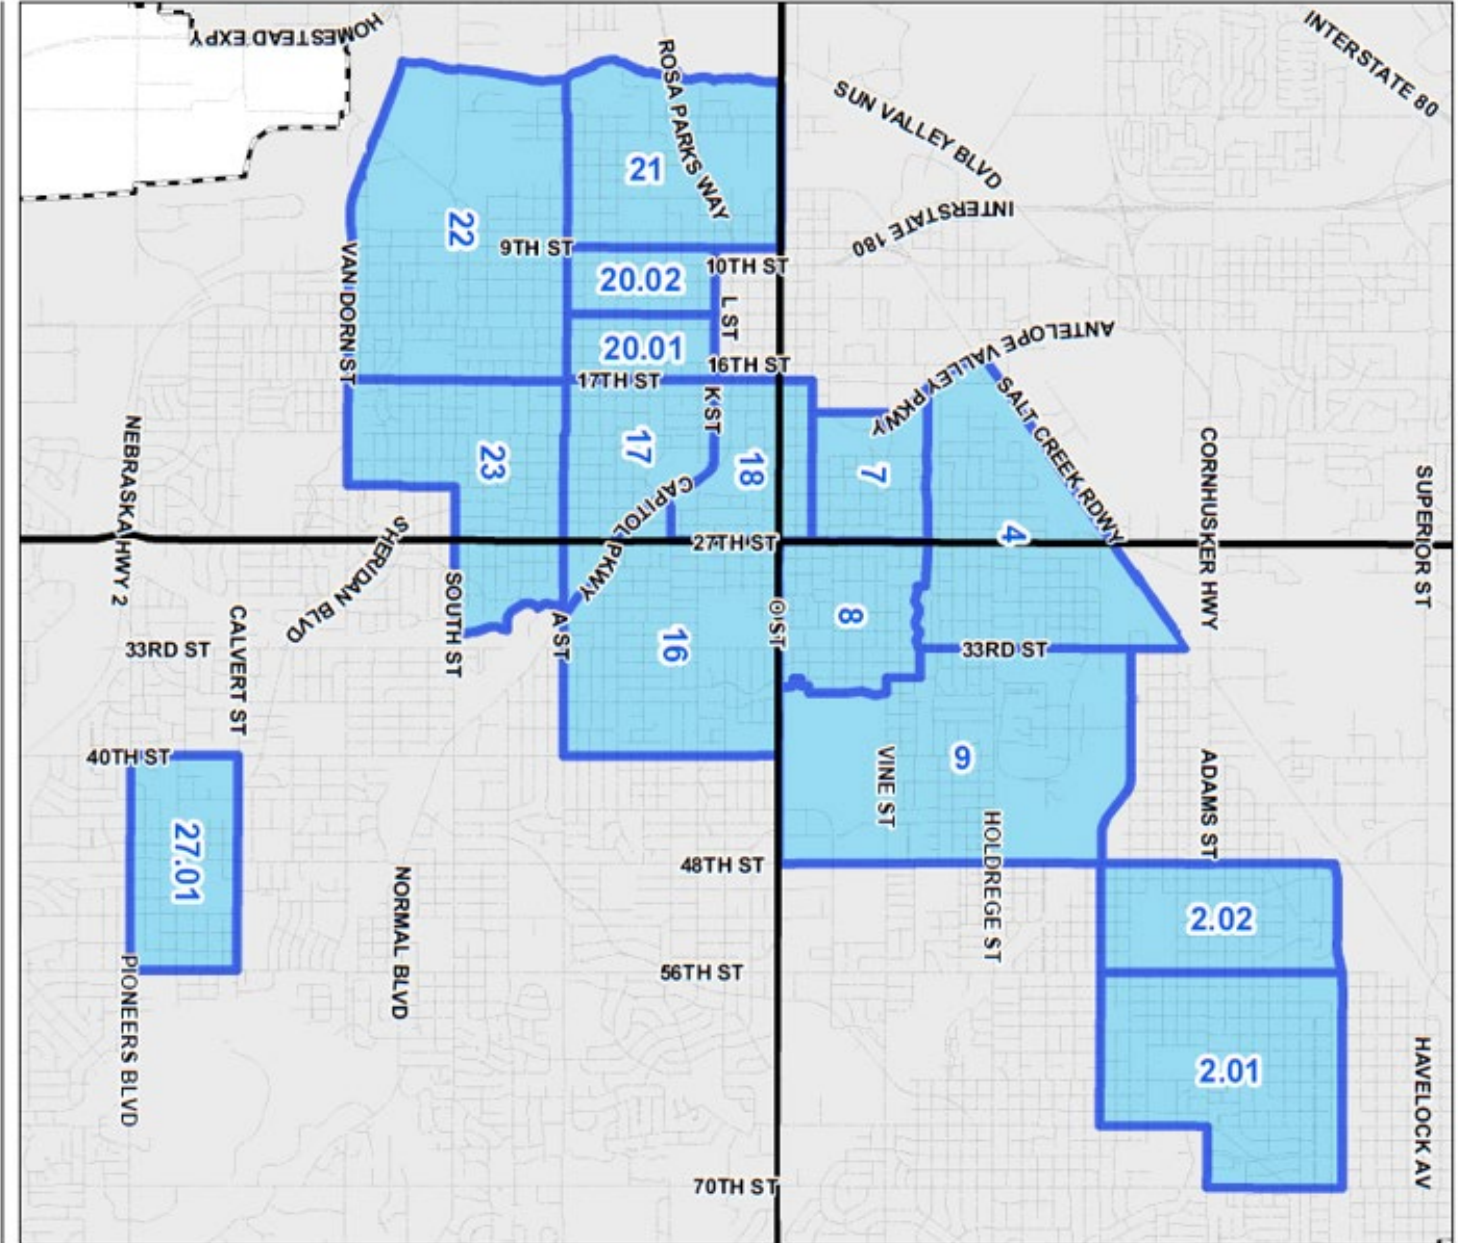

- Your house must have been built before 1978.
- You must have a child that is the age of 6 years or younger living in or visiting the home for at least 6 hours per week.
- You must income qualify. For example, a family of four must not make more than \$66,000 per year (subject to change).
- The property must be located in the target area of the Lead Hazard Control Grant Program. (See map on back)
- The property must not have deteriorated beyond economic repair as determined by the Program Manager.

Both owner-occupied and rental homes can participate. The program is 100% FREE!

Call 402-441-7808 to see if you qualify.

INCOME LIMITS AS OF JUNE 1, 2021	
Size of Household	80% of Lincoln Median Income
1	\$46,200
2	\$52,800
3	\$59,400
4	\$66,000
5	\$71,300
6	\$76,600
7	\$81,850
8	\$87,150

* This program is for lead paint stabilization only, not general home improvements. New windows, siding, gutters, and paint are not guaranteed. The improvements made will depend upon the location of lead paint hazards in each home.
