

# LET'S GET THIS "POTTY" STARTED

YOU are invited! Come enjoy a FREE community tour of the City of Lincoln Wastewater System's largest facility as we celebrate 100 years of "flush"-tastic fun!

FREE public  
tours and  
swag!

Sunday, September 17 | 1-5 p.m.

2400 Theresa Street Lincoln, NE 68521

Just south of Cornhusker Hwy on N. 27th St., turn onto Theresa St. and continue past the gates.

Plunge into the science behind treating wastewater!

Anaerobic digesters

We're #1 at taking care of #2. Find out what happens after you flush the toilet.

Learn about the micro bugs that are key to cleaning our wastewater.

Meet a City scientist who helps keep our community safe!

Get up close to see the City's heavy equipment and size up its anaerobic digesters.

Jet truck used to clean wastewater pipes underground.
