

## EQUIPMENT OPERATOR I

### NATURE OF WORK

This is skilled work in the operation of light and heavy trucks, tractors and related automotive equipment.

Work involves responsibility for the skilled and safe operation of trucks, tractors and other automotive equipment and for prompt performance of assignments according to established routines or special instructions received from a technical or an administrative supervisor. Employees also may perform manual labor, and duties sometimes include responsibility for supervising employees assigned to trucks as helpers. Work is reviewed by a technical or an administrative supervisor through personal inspection and observation for compliance with established work schedules and methods. This class is distinguished from classes of a lower level by the fact that employees in this class must spend a minimum of 50% of their working time operating equipment of the variety that constitutes placement in this class.

### EXAMPLES OF WORK PERFORMED

Drives various trucks carrying gravel, rocks, clay, dirt, timbers, planking, tile, water pipe, cement and other construction materials and equipment; operates asphalt distributor and spray equipment, and other transportation and utilities equipment.

Drives a tractor and truck involved in parks maintenance; mows grass, hauls brush and logs, runs chipper and stump grinder.

Drives a water tank truck; flushes and cleans catch basins.

Performs preventative maintenance such as checking oil level and inspecting tires; reports malfunctions to immediate supervisor.

Operates equipment to perform established duties with the actual operation constituting a minimum of 50% of an employee's time.

Performs related work as required.

### DESIRABLE KNOWLEDGE, ABILITIES AND SKILLS

Considerable knowledge of the operation and maintenance characteristics of basic trucks such as dump, flatbed and stake; and tractors, loaders and other types of construction equipment.

Considerable knowledge of operating hazards and of applicable safety precautions.

Ability to make minor field repairs and adjustments to service automotive equipment.

Ability to understand and carry out oral and written instructions.

Ability to establish and maintain effective working relationships with coworkers and the general public.

Skill in the operation of moderately heavy trucks, tractors and other automotive equipment.

#### MINIMUM QUALIFICATIONS

Graduation from high school or equivalent and six months of experience in the operation of trucks and construction equipment heavier than pleasure vehicles or pickup trucks, and six months of experience in general construction activities; or any equivalent combination of training and experience that provides the desirable knowledge, abilities and skills.

#### NECESSARY SPECIAL REQUIREMENT

Possession of a valid driver's license when operating a vehicle is necessary to the satisfactory performance of assigned duties.
