<b>Rock Island Trail Widening - A Street to Boosalis Trail</b>													
The Rock Island Trail between A Street and Nebraska Parkway is one of the busiest trail segments in Lincoln. Having been one of the first segments constructed, it is also built to a standard that is no longer adequate for the 1,000 trips per day it experiences. This project would remove the existing 8 foot wide concrete trail and replace it with an 11 foot wide, 5" thick concrete trail. This project would also include the replacement of a pedestrian/bicycle bridge over Garfield Street.	PE	206.5	CRP
