The Lincoln Police Department will comply with the Nebraska statutes and City of Lincoln procedures pertaining to workers' compensation. All work-related illnesses and injuries will be promptly reported, and the reports forwarded to the City of Lincoln Risk Management office.

 2. One set of the reports/bills shall be sent to Risk Management and a second set filed for department records.
- D. The requirement to report an injury or incident does not necessarily mean that it is compensable. The City Risk Management office will make a determination of the merits of each claim.
- E. Employees working in a light duty capacity who leave work for a follow-up medical appointment are to document their missed time from work, and will record this time as injury leave on their paysheet.
