1	Transportation System Preservation This program component focuses on preservation of transportation system assets including program delivery, repair and rehabilitation of streets, intersections, traffic signals, bridges, facilities and structures in the public street right-of-way. Projects include concrete repairs, asphalt mill & overlay, surface treatments, signal structures and equipment replacement, bridge/structure work, facility improvements and other transportation preservation & rehabilitation efforts. See Appendix	All phases All phases All phases TOTAL	1,140.0		LC 1,246.1 LC	17,798.8 LN 6,830.1 LC 24,628.9	17,729.8 LN 6,746.1 LC 24,475.8	0.0	91,826			
2	Transportation System Optimization This program component focuses on optimization of transportation system assets including program delivery, intersection improvements, signal system optimization, street capacity (widening), structures within the built environment, turn lanes, complete streets concepts and technology enhancements. Federal funds will be requested where applicable and matched with City funds to maximize the number of locations where enhancements can be made. Projects include new intersection modifications (turn lanes, roundabouts) new signal system hardware, adding lanes to existing streets, access improvements, bike & ped improvements, signing, safety projects and transportation system management infrastructure. Intersection improvements not yet decided. See Appendix	All phases All phases All phases All phases TOTAL	1,290.7	2,082.0 2.5	LC 2,503.5 LC HS 0.0 HC NE	8,992.7 LN 2,663.5 LC 90.0 HC 11,746.2	8,515.8 LN 7,655.5 LC 4,104.0 HC 20,275.3	0.0	60,254.			
3	Transportation System Growth This program component focuses on growth of new transportation system assets including program delivery, additional streets, bridges/structures, intersections, traffic signals, sidewalks & technology enhancements in new growth areas. Projects include new streets and transportation right-of-way improvements, new bridges & support structures, new intersections and signal system hardware and major upgrades to the fringe area street network.	All phases TOTAL	0.0	9,388.6 9,388.6	-, -	9,455.7 LN 9,455.7	9,489.7 LN 9,489.7	0.0	37,755			
4	Transportation Livable Neighborhoods This program component for Livable Neighborhoods is a commitment to improving and maintaining strong, vibrant neighborhoods. In conjunction with Transportation and Utilities, Parks & Recreation and Urban Development, this project provides funding to further that commitment. Funding is provided for planning and design, preliminary engineering and construction of improvements in the public right- of way and other measures resulting in Livable Neighborhoods such as street enhancements, park improvements, trails and street trees. Specific locations will be identified through a multi-departmental process to identify and prioritize areas.	All phases TOTAL		0.0	0.0	121.6 LN 121.6	127.7 LN 127.7	0.0	249
